MEETING RESCHEDULED

Street Repairs Are Promised

When a city official failed to show at a Mar. 4 meeting attended by 60 members of the Hilltop Betterment League, the organization decided to take their grievances to the top.

On Mar. 10, spokesman of the group visited Mayor Westlake and Service Director Ernest Stork and got assurances that a new surface will be applied to Highland-av, north of Sullivant-av.

The residents complain that the street and sidewalks were left in hazardous condition after the new sewer branch was installed. Freezing weather also aggravated the situation, they said.

Alfred R. Gallucchi has been rescheduled to conduct an information session before the league and the public at 8 p.m. Saturday, Mar. 18, at 2313 S. Highland-av.

GIRL SCOUT NEWS

By Mrs. James W. Whalen
JOHN BURROUGHS NEIGHBORHOOD

On Feb. 16, 10 troops of Girl Scouts in the John Burroughs Neighborhood met in the auditorium of the John Burroughs School to participate in a special program honoring Juliette Low, founder of the Girl Scouting movement in America.

The purpose of the program, an annual affair, is to honor the founder and collect a small contribution from each Scout and help her to understand how this money is used to further Scouting in this and other countries.

Each troop presented a song, folk dance or skit representing a foreign country, then pinned an envelope containing their troop's contribution to a map of that country.

The variety and imagination shown by the girls made the occasion most interesting. Serving as program chairman was Mrs. J. F. Betz, Jr., who planned the World Friendship theme and served as mistress of ceremonies.

Guests present were Miss Ann Hitse, district advisor; Mrs. Campbell Warren, district chairman, and Mrs. Maxine Walters, principal of John Burroughs School.

Neighborhood chairman is Mrs. Joseph Gentry and troop organizer, Mrs. Carl Washburn.

Presenting the flag ceremony were members of Troop 1041, led by Mrs. William Rodgers. Later, Troop 972, whose leader is Mrs. Fletcher, presented a German folk dance; Troop 517, whose leader is Mrs. R. Morgan, presented a German song; Troop 742, whose leader is Mrs. R. Eddy, gave a French style show; Troop 494 with Mrs. J. Lutz, leader, gave a French song; Troop 44 with Mrs. J. Gentry, leader, presented a Swedish folk dance; Troop 336 with Mrs. M. McGlaughlin, leader, gave a Lithuanian folk dance; Troop 945 with Mrs. C. Fickeisen, leader, gave a story of Scouting in foreign lands, and Troop 372 with Mrs. W. Myer, leader, sang a Spanish song.

HILLTOP NEIGHBORHOOD

The regular monthly meeting of the Hilltop Neighborhood will be held on Thursday, Mar. 16 at 9:30 a.m. in the Hoge Memorial Church with Mrs. Louis Boehringer, 325 Derrer-rd, neighborhood chairman, presiding. All registered Girl Scout adults are urged to be present as April events will be discussed, camp registration and program fair. All 29 neighborhood troops attended the Lazarus birthday party held Saturday, Mar. 11, in the new Veterans Memorial Auditorium.

Troop 224

Serving as mistress of ceremonies for the annual Lazarus birthday party was Ruth Ann Ralph, member of this troop, under the leadership of Mrs. George Ralph. Troop members who received their 10 year pins during the birthday party were Ruth Ann Ralph, Chris Carfrey, Jean Casselman, Kay Francis, Jodee Jenkins, Carolyn Sears, Barbara Staley and Becky Wilson.

During observance of the annual Girl Scout Week, Mar. 12 to 18, many Girl Scout displays will be seen in the business windows of the Hilltop. Many neighborhood troops attended worship on Girl Scout Sunday together.

Among those attending the senior leaders training course being conducted at this time are: Mrs. Louis Boehringer, leader Troop 204; Mrs. Robert Fleming, Troop 249, and Mrs. John Sines, Troop 602.

Members of Troops 600 and 294 attended the eighth grade mixer held Thursday, Mar. 9 at the Northwest Boulevard Presbyterian Church.

The mixer featured a pot-luck dinner. The meeting was sponsored by Senior Scouts to encourage eighth grade girls to stay in Scouting and become Senior Scouts. Members of the senior planning board were responsible for the meeting.

Troop 1038

Troop members were sorry to learn that a former member, Denise Hagan, now of Gahanna, was in an automobile accident recently and is a patient at Children's Hospital. Troop members purchased an autograph doll and it was delivered to Denise by troop leader, Mrs. Daniel Rickel. Troop members also have been sending cards to Denise.

City Approves Engineering Start On Project To Reroute Dry Run

PLOW BREAKS GROUND FOR GLENWOOD METHODIST CHURCH

NEARLY 200 HELPED turn the first dirt at groundbreaking ceremonies for the new Glenwood Methodist Church, N. Hague-av, and Valleyview-dr, Sunday noon. They tugged at ropes attached to a plow guided by Dr. Joseph Shellhaas, pastor. Some of the building committee members, lined up to turn the first furrow are, at left, Noble Allen, Norman Halstead, H. C. Kohler and M. W. Sellier. David Randall, chairman of the ceremony committee, is in the rear and at the plow handles is Dr. Shellhaas. On the right, from front to rear, are O. L. Linebrink, C. H. Campbell, chairman of the building committee; Mrs. Philip Johnson and Mrs. Howard Thurston with some of the church's younger members. Other members of the building committee present but not shown in the photo, were Robert Tong and C. Carlton Hartley. About 400 people were present.

Work To Relieve Flooding, Erosion To Start In Summer

Dry Run, a curvy little creek which overnight can become a monster, is due for a straightening out.

City Council this week set aside $10,000 and authorized the start of engineering plans to tame the creek where it loops south of the railroad in the vicinity of N. Haldy, Roys and Chase-ave.

The creek's steady erosion and flooding have worried residents and city officials alike for many years. In 1958 a preliminary survey pointed out the need for extensive corrective

See Picture, Page 3

wok on the stream. No funds were available until this year's Capital Improvement allotment came along.

In Jan. 1959 Dry Run became notorious when it overflowed at one spot and flooded hundreds of homes in the West Side. This was at the lower end.

The current project, affecting a section much farther to the west, may cost $160,000 before it is finished, engineers said. Actual work will begin sometime this summer.

While complete plans are to be made by an engineering firm yet to be chosen, City Engineering Chief Carl Schoene outlined one proposal that could have desirable results.

The flow of the creek, in effect, would be split so that a controlled amount of water would follow its present course. This would maintain the rustic, scenic values of the stream which several of the homeowners don't want to give up.

The bulk of Dry Run's water however would be caught north of the tracks, a distance west of Valleyview pedestrian underpass, and by means of a 90 or 96-inch pipe would be taken under the tunnel ramp and easterly some 1500 feet. There it would rejoin the old section of the creek at the present culvert.

Schoene said a 12 to 15-inch bleeder at the western most junction of the pipe could send enough water over the old creek route to keep it in operation. The present open channel from the railroad to Haldy-av, should be closed, city officials believe.

The stream will remain open, after picking up storm sewer water from Huron and Haldy it would run open as it now does.

Schoene said a further safeguard against erosion, especially along the backyards of some of the N. Roys-av, properties could be made with the installation of concrete channels. About five feet wide and with V-bottoms, they would do much to direct the water, he said.

Underpass Problem Eyed

Dry Run improvements are not the only local control project on the schedule this year. The city hopes to find some way of stopping the consistent storm sewer flooding at the Central Avenue underpass. City engineers have been unable to recruit the manpower to tackle the project and may have to get outside help.

Schoene said that project calls for doubling the size of drains to the east of the underpass, enlarging a section under the landfill and flattening the grade.

Best Citizen Award Goes To Woman Of Firm Convictions

By TAYLOR GREGG

Visitors in the home of Mrs. Ruth A. Dehnart at 3388 Wicklow-rd would have a hard time believing even a few of the accomplishments of this bustling mother of five. The wife of Sgt. John Dehnart, Lockbourne Air Force Base, has just been named the winner of the Hilltop Record-West Side News' annual "Best Citizen Award."

Five children are easily a handful for any mother, but there is always some civic project underway in addition to taking care of the usual family situations.

The list of activities for which Mrs. Dehnart has been largely responsible or at least provided the driving force, includes such things as the school bus for St. Mary Magdalene parish, the evacuation and present survival shelter plans for the school, records and reports concerning Civil Defense on a community basis, and numerous lesser projects. With most of these things she is still involved. No project of hers ever is allowed to lie dormant after its completion, but is continually subject to modernization and redevelopment.

She is a warm and confident woman, one who talks easily and well about her ideas. And ideas she has! Her energy and enthusiasm are immediately apparent and at times threaten to overwhelm all within hearing distance.

What kind of woman is it; what kind of force is at work that enables people such as Mrs. Dehnart to do so many things. Ruth has her own answers to this question; and she doesn't hesitate about any of them.

Was War Worker

She began "doing things" when she was 18 and World War II broke out. "Going to work to relieve a man for service duty seemed the only logical thing to do, so I did it." She went to work in a factory, and there requested to be switched to the yard with the men, where she became the first woman crane operator in Milwaukee.

As soon as she became 21, she enlisted in the army, "so that we could win." She says she never doubted that we would, but that she knew there was a manpower shortage. From that time on she has been involved in some sort of project of concern for others. Why?

Tax Paying Is Made Entirely Too Simple

It has often been observed that tax withholding by the employer dulls the tax bite so that the average citizen gets the mistaken idea he is getting something for nothing when the federal government spends money for various projects.

We have long contended that tax paying is made entirely too simple. Our easy pay system caused many employes to think in terms of their "take home pay" only.

Out in a Minnesota town an employer paid his employes their full week's wages and took all the withholding and other taxes out of the last week's pay in the month. A man earning $100 per week had a check that week of but $23.60.

Needless to say the complaints against the government were loud and furious when the employees came face to face with facts. We all need some kind of similar lesson in the fiscal facts of life.

The following bit, picked up from an exchange gives us some food for thought:

"Has it ever occurred to you that in our social system the politician is enabled to reach a position of responsibility without having any training? He serves no apprenticeship. Gay, Hartford, Meek Vicinity Offered Cleanup Project First

With the majority of residents interviewed by now, the Health Committee of the West Side Neighborhood Council has revealed the area of its proposed demonstration project in the spring cleanup campaign.

The square blocks are bounded on the south by Gay-st, on the north by the Pennsylvania Railroad right of way, on the east by Hartford-av, and on the west by Meek-av.

Approximately 70 families reside in the area, which also contains six business or light industry firms.

Dan Kelch, chairman of the health committee, stated that it must be clear that the "Project Cleanup" in this area will go as far as the residents want it to go.

'CLEANER COLUMBUS' STUDIED BY H.B.A.

A first-hand view of the need of a special cleanup effort on the Hilltop was presented at the meeting of the Hilltop Business Association Tuesday noon at Berry's Restaurant. Movies taken of debris and trash on various Hilltop streets were shown to the group.

This program tied in with the address given by Harold Kayne, builder, and a member of the Cleaner Columbus Committee. He stressed the need of revitalizing various communities in the city.

The period of Apr. 17 to 22 has been designated as Cleaner Columbus Week. Local committees are being organized to carry out a campaign in this area.

Meanwhile the Division of Sanitation has requested all citizen groups interested in the drive to submit their plans to Roland Brauch, assistant superintendent.

Much of the Hilltop effort is being coordinated within the Hilltop Community Council.

The HBA this week inducted two new members. They are Mrs. Elsie Morrison, Hilltop Sales Tax Agency, 2655 W. Broad-st, and Jack Reagan of Reagan's Appliance Service, 355 S. Eureka-av.

Next meeting of the association will be Apr. 18, at which time the controversial movie, "Operation Abolition," will be shown.

New No-Park Areas Proposed

Introduced to City Council this week was 30-day legislation to prohibit parking at the following West Side locations:

Chapel-st from McDowell-st to Mill-st, south side; east side of Grubb-st between Town and Sullivant; May-av, west side from Broad to State; Mill-st, east side from Broad south to Chapel; Skidmore, west side from Town to Rich.

Spring, good weather and fresh rising streams all mean people are looking for that second car for fishing. H. R. Hodges, 1638 W. SAFETY CALLS FOR DISCIPLINE

The recent tragic death of a schoolboy in traffic brings one question to mind—how can such accidents be avoided?

In this specific case, the answer may never be known. But in a general sense, two things seem necessary to prevent such horrible recurrences — discipline and education.

Discipline is a two-fold matter. With the right amount of parental coaching, youngsters will learn to develop self-discipline. Likewise with the motorist, who is confronted daily with the traffic laws.

Every day we see examples of poorly-disciplined boys and girls taking chances in the street on the way to school. Some of them smugly seem to dare the motorist to brush them. At the same time, one of the most grossly violated traffic regulations is the 20 m.p.h. zone in front of schools.

The coming of spring aggravates these conditions. More children will be in the streets, even to play, and — like children—will forget the danger at hand.

A clamp-down on discipline, from both inside and outside forces, is the only solution.

TIPS ON SELECTING YOUR EASTER HAM

Do you become confused when trying to select your Easter ham? Most retail stores offer a wide selection, such as fully cooked, cook before eating, tender-ready, ready-to-eat, canned, skinned, skinless-boneless, etc. It does get confusing!

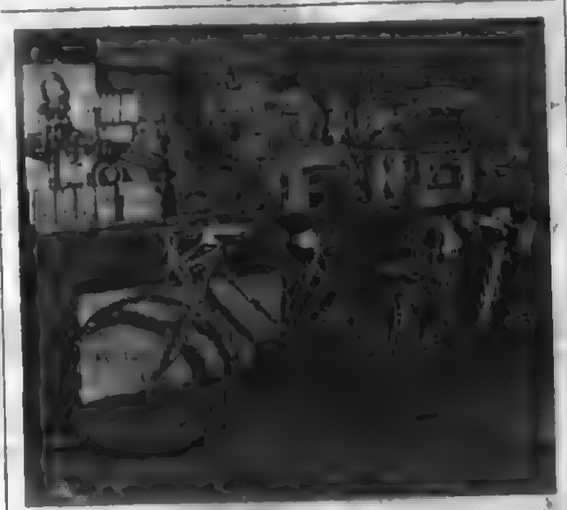
First, let's straighten out how modern hams are cured. Practically all hams now available on the market are cured by injecting a pickling solution into the ham. This method of curing is much faster than the old dry cure or "country style" process, and produces a milder and more tender product. Because of the labor and storage costs involved, ham would be very expensive if the country cure were the only method of curing used today.

Which Style?—The amount needed, the cost-per-serving, the price-per-pound, and the cooking time required should guide you as to which style to select.

Cost-Per-Serving is usually most important. Ham with the bone in and only partially skinned is usually the lowest in price per pound. But you can expect only two or three servings per pound—with fully cooked hams providing the three servings. Skinless, shankless hams are somewhat higher per pound, but will yield three to four servings.

Boneless ham is still higher in cost-per-pound. Canned boneless hams are usually fully cooked and will yield about five servings per pound.

IS IT FULLY COOKED?



A continuing problem for homemakers is to know how much, if any, additional cooking is required on the hams they buy. Efforts to standardize the terminology along this line are continuing. The recommended practice is to label hams as either:

- fully cooked, or
- cook before eating.

Fully cooked hams can be served, if desired, without further cooking. Hams labeled cook-before-eating require additional cooking for safety and palatability.

And, we are happy to report that much of the confusion in ham labels is now gone. In some stores you'll find only the two labels. However, in practice, some processors have not adopted this terminology. You may still find hams labeled as "tender-ready," "ready-to-eat," or with other terms that may be confusing. When this happens, the best plan is to find out from the meat department manager exactly which type of ham he has on display.

Great Western Plans Happy Hunting Grounds

Prizes, prizes, prizes are being offered via an Easter hunt this coming Saturday morning, Mar. 25, by Great Western merchants. It's their way of thanking local families for their patronage during the past year.

Promptly at 9 a.m. the whistle will blow and thousands of youngsters will root for prize and candy eggs hidden in the Cruising Lane of the shopping center. The eggs will be concealed under a layer of straw.

The tradition began last year and attracted huge crowds of children and their parents.

Chuck Jones, hunt chairman, said the event this year will be open to children 10 years of age and under. Only one prize egg may be redeemed by any given child.

According to Harry Wexner, president of the merchants' association, top prizes will be two English style bicycles. Other prizes include several new electric hot dog cookers; some expensive dolls, and many other attractive items.

Of interest to mom and dad will be an Easter ham give-away. Coupons from the front page of the Great Western Pre-Easter sale tabloid (included in this newspaper) may be deposited at any of the center's stores. No purchase is necessary. Winners will be notified by phone and in this newspaper next week.

Bible Comment:

Worship God In Spirit For Satisfaction

"God is a Spirit: and they that worship Him must worship Him in spirit and in truth" (John 4:24).

What does it mean to worship God in spirit and in truth? To worship in spirit means the inward sincerity of worship, the the worship of heart and life, as against the perfunctory performance of religious rites or formal routine.

How much of the worship of today is thus truly in spirit, and how much is merely formal?

One cannot say, and the outward expression may be accompanied by the inward reality. The bead or the praying wheel may be the outward symbol of a truly devout soul. It is the prayer, not the symbol, that is the reality.

But to worship in truth brings in a larger dimension. It lifts religion out of the area of form, dogma, external authority and superstition into the larger realm of life and truth.

The cynic still asks with Pilate, "What is truth?" (John 18:38), but to him who worships in spirit and in truth it is the deepest and greatest of all questions, and it is of the realm of truth that Jesus is King (verse 37).

Best Citizen—

(EDITORS NOTE: The Best Citizen Award was initiated a year ago by Hartley Newspapers to give public recognition to persons who have proved themselves solid citizens. Readers were invited to send in letters of nomination. Again this year the response was great—nominated were Scout leaders, a mailman, teachers, an engineer, clergyman housewives, businessmen, a doctor, politicians . . . and one little girl sweetly praised her mother in two hand-scrawled pages.

The judging was indeed difficult. Committees in each of the Hartley Newspapers areas were selected to make the choices. This year's winners will be asked to assist the judges next year.

Each "Best Citizen" will be presented an appropriate certificate at a public meeting in his community. Recipient include Mrs. James Whalen, Mrs. John Dehnart, Ollie Oelgaetz, Mrs. James Nagle and Ray Blackburn.

To all, our heartiest congratulations! And thanks, to the many persons who sent in letters.)

"Well, because it's the only natural thing to do."

"The thing that makes me mad is that people don't seem to be concerned about any important things," Ruth continued. "They worry about themselves in a small way rather than about survival in an atomic attack or about civil defense. Even their freedom doesn't seems to mean too much to them. They don't even want to study Communism, for instance. What they do care about is working less and less and making more. God didn't put us here just to ask for better working conditions."

"I don't pretend to understand everything about Communism, but I can see it in other countries, and if that is what it is like, we don't want it. Our freedom is going every day and we are giving it away. If there were a crisis right now, we would lose because we are unprepared. You can't think the way we do and win.

Chat with Concern

"There is a good example of what I mean by lack of concern. When that flag flies at half-mast over there at Lockbourne, people go by and ask "What is that for?" They really don't know! They don't know what families just give up their men; they don't know what children don't have fathers anymore. And why are these men willing to fly out there and risk their lives in 24-hour-a-day, seven-day-a-week duty? Why? So the rest of the public can campaign for such things as four-day weeks rather than national defense."

This is just the beginning of what motivates this Hilltop woman. There are many stories about the way she gets things done. Perhaps her ideas, too, will motivate others. This is Mrs. Ruth A. Dehnart, Best Citizen of 1961.

ed the thought that the council exists to help any neighborhood in the West Side to achieve whatever improvements it desires. Toward this end, a meeting with all of the residents of the four square block area has been set for Apr. 4, the place to be announced next week.

The interviewing of most of the residents was accomplished last week by the staff of Gladden Community House, assigned to his task at the request of the health committee. A. M. Wilder, executive director at Gladden, stated that the response to the fact-finding survey and the proposed meeting was, on the whole, quite enthusiastic.

Wilder re-emphasized the specific projects undertaken in the four-square block area will depend entirely upon the wishes of the people who reside there.

BILL WEBB, president of Decora, rings up a sale of one of his company's products — a desk nameplate — to D. E. Fighter, manufacturing manager, Major Appliance Division at Westinghouse. From left are Bill Webb, T. Lombardi, J. A. advisor, H. Ashman, J. A. chief advisor, and D. E. Fighter.

Westinghouse's Jr. Achievers Learning Business Techniques

Decora, a Junior Achievement Company sponsored by Westinghouse Electric Company's Columbus Division on Phillippi-rd, is well into its second successful project.

Members of the Decora Company are from 11 different area high schools. The company and its program were devised in order to provide better relations between business and today's youth.

The full scope of the Junior Achievement program is as follows: 1. To promote and supervise a program of economic education and industrial public relations through which youth may gain a learn-by-doing knowledge of the workings of American business.

2. To develop and strengthen teen-age boys' and girls' attitudes and convictions in favor of the American business system.

3. To make youth aware of economics and develop them as intelligent economic citizens and aggressive defenders of the the American way of life.

4. To disseminate the business story throughout the community through the experiences and attitudes of the young people.

5. To provide a coming generation of workers, investors, and managers, with a positive and practical economic education and philosophy.

6. To provide a dynamic community relations program for participating industry.

For the first half of the corporation year the company made a Christmas centerpiece. This article sold faster than the company was able to produce it. During the second half, it is producing a desk nameplate which is already oversold. Ten per cent of the company's profit was given to the Tuberculosis Society in appreciation for chest X-rays which the members received.

Advisors of the local group are H. D. Ashmann, N. R. Porciak, R. F. Schafer, and T. C. Lombardi.

All Stars, Champs, End Loop Season

The basketball season came to an end last Thursday and Friday nights with three "All-Stars vs. Champs" games.

On Thursday, the Senior girls' champs beat the All-Stars 26-12. Vera Dixon and Ann Hailey sparked the champs by scoring 17 and nine points each.

Friday, the Junior boys started things to rolling before 250 spectators. The champs rolled over the All-Stars 35-29. Leading the way for the champs were Stanley Foster, Larry Ginn, John Postle and Henry Butcher, scoring 10, eight, eight, and seven points apiece. For the All-Stars it was Hiren Tanner and Mike Robinson, getting seven apiece.

In the Intermediate game, the champs walked away from the All-Stars 40-20. Jerry Claytor was the work horse for the champs, scoring 16 points. Bob Kight was high man for the All-Stars with 10 points.

The big game of the evening featured the Senior champs and All-Stars. Play was nip and tuck throughout the ball game until, with one minute remaining, the champs' Roger Street found the range and hit on three straight jump shots from around the key, to lead the champs to a 55-48 victory over the All-Stars. Street finished the game with 24 points. Helping to aid the All-Stars were Charles Johnson and Dick Rogby with 18 and 16 points respectively.

Curtain Time Nears For Gladden Play

Curtain time draws nearer for the cast of "Time Out For Ginger." Show time is 8 p.m. Saturday, Apr. 8, and Friday, Apr. 14, at Gladden Community House.

The last weeks will be spent in putting the final drops of paint to the scenery, sewing the last stitches of the costumes, collecting the one or two missing pieces of property such as a blue vase and a raccoon coat.

This Broadway comedy is the first production of the Little Theater group, which meets at Gladden Community House. The story revolves around the 13-year-old daughter of banker Howard Carol. Ginger, with all the charm, determination and humor of any 13-year-old, manages to convince her father that she should try out for the football team!

The cast: father, Howard Carol, Lynton Beeler; mother, Agnes Carol, Mrs. Wanda Hunter; Liz, the maid, Mrs. Jean Williams; Ginger, 13-year-old daughter, Cindy Williams; Jeanie, 16-year-old daughter, Sharon Green; Joan, 18-year-old daughter, Jean Kelso; Ed Hoffman, Orville Borrer; Eddie, Joan's boyfriend, Sam Edwards; Tommy, Ginger's boyfriend, Bob Jenkins.

Tickets are 50 cents and may be purchased at Gladden and from members of the cast.

Miss Sue Drinkhouse Otterbein Honor Pupil

Sue Drinkhouse, daughter of Mr. and Mrs. Ralph Drinkhouse, of 760 S. Harris-av, Columbus, has been listed on the honor roll at Otterbein College, Westerville, for the first semester. A student must attain at least a 2.3 average to receive this honor.

The listener finally had all he could take when the braggart described how he could bend a horseshoe with his bare hands. "That's nothing" he remarked, "My wife can tie up 10 miles of telephone wire with her chin."

Red Bandits Intermediate Loop Champs

Basketball at Sunshine Recreation Center officially closed as the Red Bandits defeated the Night Riders 60 to 56 in overtime to become the intermediate champions for 1961. The aggressive Night Riders lost the game in the foul department as they committed ten fouls to the Red Bandits' four.

John Greenway, the much improved Red Bandit forward, kept his team in the running in the early part of the game as the Night Riders were able to hold the Bandits, Dick Kettel and Warren Boyd, in check. But when Greenway cooled off, and the Bandits were down by seven going into the final quarter, Kettell and Boyd came to life and scored 22 points between them to pull even with the Riders.

Kettell's basket at the buzzer sent the game into overtime. The shaken Night Riders could not recover themselves as the Bandits raced to a six point lead and then hung on for victory. Kettell, the league's leading scorer, John Greenway, Boyd, Tom McFadden, Charles Ivory and Brian Sally made up the championship squad.

Volleyball interest is very high with eight teams entered in the Intermediate league. Junior, senior and adult leagues are now being formed and anyone interested is encouraged to contact Dave Daniels.

Honor All High Athletes, College Coaches Of Year

The Columbus Dispatch held its Seventh Annual Major Sports Banquet at the Ohio Union Mar. 20, honoring members of the All-High Basketball and Football teams.

Columbus sportswriter Lou Bertiner served as toastmaster and Paul Hornung, Dispatch Sports Editor, presented the Ohio College Coaches of Year awards. Recipients this year were William Hess, Ohio University, Football Coach of the Year, and Jim Snyder, Ohio University, Basketball Coach of the Year.

Guest speaker of the evening was Buckeye cage boss Fred Taylor, who praised the boys on their athletic accomplishments and urged them to remember, that in college as in high school, academic matters must receive first consideration and sports second.

The coach of the OSU champs reminded the honor group to live clean lives on and off the field of sports, pointing out the notoriety of athletes in trouble.

Dayle Frazier, Sr., executive managing editor, presented Dispatch All High Awards to the following boys in the Hartley Newspapers circulation areas.

Schulze Team Drops Class B Tourney Opener

The 12-game winning streak of Schulze Market was stopped when Jones Garage of Chillicothe defeated the West Side marketmen in the opening game of the Class B. tournament.

The local quintet found themselves down by ten points before scoring their first points and went on to a brief lead before falling behind again, 35-23, at the half.

Veteran Julian Brophy fouled out in the third quarter and the Pickaway Countians applied full pressure with their 6'5" 225-pound center, Tiny Stillman, leading the final period attack, grabbing 15 rebounds and hitting for 18 points for a final score of 66-48.

Gary Jewell led the Schulze team in all scoring departments this year and was voted most valuable player. Bill Schulze, sponsor of the team, will present the former Central High School cageman a personal trophy. Schulze will also pick up a trophy for his team's victorious campaign in winning the Boys' Club Crown.

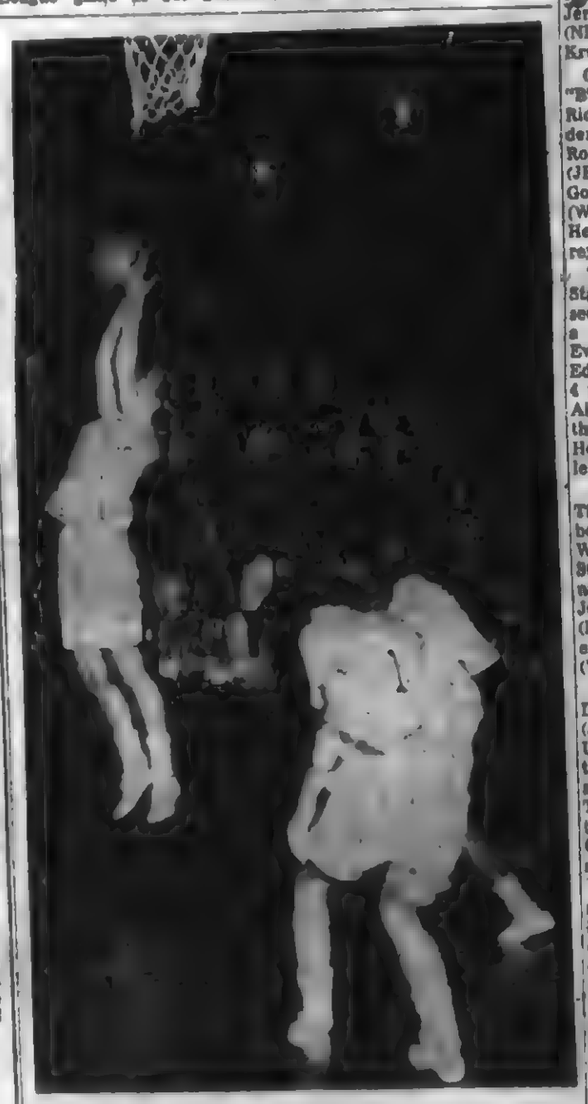
Columbus Jets' 7th Annual Book Ticket Drive Opens

The Columbus Jets' seventh annual Book Ticket Drive opens Monday, Mar. 20, and ends Friday, Apr. 14.

This advance sale of general admission tickets is very important to the Jets' operation for it provides the club with half of its pre-season income.

Robert W. Heffner, a vice-president of Nationwide Insurance, is chairman of the 1961 Book Ticket Drive.



In addition to Heffner's organization, numerous civic minded individuals and business concerns participate in the sale of these book tickets.

Each book contains 10 general admission tickets and sells for $10.00, a saving of $2.50 on each book for the fan. These tickets are good for any regularly scheduled International League game at Jet Stadium for 1961 and may be exchanged at the park for a reserve or box seat.

Book tickets may be purchased at the Jet Stadium office, which will be open from 9 a.m. until 5 p.m. daily until the opening game with Syracuse on Tuesday night, Apr. 18. Persons wishing additional information may call the stadium office, CA. 4-1175.

The six previous years of the pre-season Book Ticket Drive has grossed the Jets $461,230, an average of $76,710 per season.

The annual Book Ticket Drive is the major medium through which individuals in the Central Ohio area are able to insure the continued financial stability of the community-owned Jets and the Columbus Youth Foundation.

Former West athletic Ray Horky, was home recently for his spring vacation from Iowa State University. He had his roomie, Jim Clapper of Ottawa, Ill., home with him. Later they were joined at the Horky household for a few days by Iowa State football teammates Larry Schriber of Sioux City, Iowa, and Ken Griffith of Cuyahoga Falls, O. (the latter a fellow home towner of this reporter).

Mrs. Horky found out what its like to feed four husky college varsity footballers, the four being known on the Iowa State squad as the "four horseman" for their meal table abilities.

Incidentally the rest of the Horky clan are in Daytona where Mr. Horky was associated with the American Motorcycle Association running of their 200 mile road race.

As mentioned last week, the popular outfielder, Tom Burgess, was traded over the winter cutting the Jets' spring training camp by one and maybe two of th 1960 mainstay foursome that patrolled the outer pastures. There was Nino Escalero and Johnny Powers, definitely back, and possibly Roman Majias, depending on whether he sticks with the parent Pirates or not.

Burgess was a good power hitter and noted for some of his "key" blasts over the fence at the Mound-st ballpark, but last year his production fell off as he was benched with injuries a good deal of the year. He also served as batting coach last season and hit only .257 in 117 games with his RBI's dropping off to 39. He holds the Jet RBI record, 96 in 1956.

Hugh Pepper, also sold over the winter, was originally a football star at Mississippi Southern and the number one draft choice of the Pittsburgh Steelers of the NFL in 1954. He went to Rochester for Lynn Lovenguth in 1958, and has been with Salt Lake the past two seasons, posting 13-11 and 5-7 records.

Some items of interest are what some of the Jets do during their off-season. Catcher Chuck Brockell is sports editor of the paper at Elkton, Md. Backstop Ernest Cooper wants to raise cattle later and is currently studying at the University of Arkansas. The hobbies of dancing and bowling occupy a good deal of the time of former Iowa football star and Jet hurler, Don Dobrino.

Pitcher Jack Lamabe, who won two games in the South Atlantic League '60 playoffs, wants to coach and teach physical education later. First sacker Charles Leonard swims and water skis. Hurler Louis Montagano, who is only 18, was voted outstanding Babe Ruth player in '56 and outstanding Little League player in 1953.

Outfielder Pat Owens is attending Virginia Union University during the winter. Shortstop Roberto Pena played winter ball for Aguilas Cibeenas in the Puerto Rican League. Pitcher Jim Stoll bowls whenever possible and wants to manage later. Also playing winter ball is Diomedes Olivo, 41 last Jan. 20, has been great for Licey of the Dominican League. He compiled a 7-3 mark with a fine 1.50 ERA in 102 innings, has 108 strikeouts, one under the league record set by Amer. Leaguer, Pete Burnside in '56-'57 season. Alvin McBean has a 9-6 mark at Savannah last summer and is now 2-3 in 61 frames and has 41 strike outs and led the Puerto Rican loop with a 1.44 ERA. Backstop Roberto Herrera has been working in the Cuban loop.

Nino Escalera managed and played the outfield again for San Juan in the Puerto Rican loop. He recently became the father for the third time with the addition of a boy to the family. Catcher Don Leppert is night terminal manager for the Greyhound bus station in Indianapolis in the off season, while Gene Alley employs his hobbies of golf, fishing and basketball at home in Richmond, Va.

Some of the above names seem unfamiliar even to the most ardent Jet fan, some of them are lads moving up from lower classification leagues for a chance with the Jets, and are currently listed on the Jets roster. Next week we'll try to bring you an up-to-date Jet roster as they started their spring drills last Sunday. The full contingent won't be in camp until next weekend and the Bucs will then do some of their first cutting.

As weather permits local high school and junior high baseball and track squads are getting outdoors in their early spring drills, but when the weatherman won't cooperate, they limber up in the gyms and corridors of their respective schools. In the next few weeks we'll try to catch up on the prospects at the various local schools for the coming season.

The annual galh West girls' class team basketball tournament under the sponsorship of the GAA, went off last Wednesday evening in the Cowboy gym with its usual color, thrills and jam packed crowd. Since there is no longer a freshman class at West, "its" spot on the program was filled by an All-Star squad composed of junior and seniors.

JODY JENKINS, MISS SENIOR
TERRY BARNETT AND JOHN CRUM

The evening's festivities were opened by the usual introduction of each team, its individual members and the singing of their original song, composed by each group for the occasion. The Sophomores took the honors for best decoration. Each group is given one-fourth of the gym to decorate to carry out their theme and their "fans" in that area during the contests.

The first game then went to the sophomores over the All-Stars, 17-7. They led all the way posting quarter leads of 3-0, 11-0, 11-4. Betsy Prout with nine, Ruth Barnhill with six, and Nancy Kern with two, led the sophomore attack. Diana Baker's five and Gretchen Skeaton's two were the loser's only tallies. The sophomores were in complete command and looks like a potent team of the future, maybe even enough to upset tradition by taking the measure of next year's seniors.

After the traditional between games selection of Jody Jenkins as Miss Senior, the Seniors proceeded to wallop the Junior 26-6, a neat little 20-point margin and something rare in gal basketball warring. It took even the seniors awhile to get rolling though. Ruthanne Ralph, who found herself open most of the evening as the traditional "cherry picker," was a little too-tense on her first bunny by pounding off the backboard but she connected on her next one and they were off and rolling. The seniors compiled quarter margins of 7-3, 11-3 and 19-4. "Southpaw" Chrisa Carfrey took a nice long one hander that just missed connections but had the fans hwing to themselves anyway.

The senior attack was led by Ralph with 7, followed by Anne Halley's 5, Carfrey, Penny Hudson and Ann Reeves each with 4, and Vera Dixon with 2. This even distribution of scoring shows their teamwork and balanced attack, but with no one hitting double figures with a real "hot hand," one wonders what the score might have been if 2 or 3 of the senior aces, "and they've got em," had really opened up.

Making the honor teams this year were seniors Halley, Ralph, Carfrey, Bonnie Parker, Pat Cotter, Debbie Draper, Hudson, Dixon, co-captain, Reeves, Marita Georgiton, Carol Linebrink and Judy Rausch, co-captain.

Juniors: Karen Griffith, co-captain, Barb Pohls, Mary Pemberton, Margaret Slaybaugh, Barb Price, Carolyn Parsons, Patti Paxton, Shera Richmond, Carol Terpstra, Barb Harlor, Vickie Hixon, and co-captain Barb Hunter.

Sophomores: Prout, co-captain, Kern, Ann Layman, Lynn Fullerton, Kay Minivear, Donna Wood, Toby Henderson, Ruth Barnhill, Gail Linson, co-captain, Betty Waldeck and Trina Mitchell.

All-Stars: Baker, Karyl Bricker, Judi Thompson, Skeaton, co-captain, Diana Alpha, Kay Latham, Mary Jo Dixon, Vonne Veeley and Becky Wilson, co-captain.

Karen Griffith paced the junior attack. The seniors individually and collectively are well known for their power and roundball ability, but two relative newcomers impressed this reporter.

Little Betsy Prout, a real scooter, can really play ball and score for her size. Nancy Kern, a scorer in her own right, was tremendously impressive as she seemed to have eyes in the back of her head passing off for one score after another, and in fact "generaled" her squad to victory. She was uncanny as well as good at times as some of her pass-offs would have done honor to Jerry Lucas. And with these two leading the way the sophomore squad clicked and looked real "tough."

The Seniors are the "big" squad and especially in winning. It is hard to pull out any real individual stars as most of them have worked as a team in various instances.

Glenwood Wins In City-Wide Recreation Day

Glenwood Recreation Center played well in the City-wide tournament being held at Windsor Terrace Recreation Center.

In the first game, the Junior boys lost to Whetstone 25-21. The second game was a different story as the intermediate boys were nosed out by Linden 33-32, on a last second hook shot by John Parsons of Linden.

The Senior boys have already won two games in the tournament and hope to go all the way for the championship.

'Where's Charlie?' Is Slated At West High This Week End

DADS AND DIRECTOR work out a technical problem in preparation for the show—the fountain needs a pump and a different pedestal. From left are John Ricker and Homer Heil, fathers of West students, and John Dale, producer-director.

CAST PRACTICES—Final rehearsals are under way at West High as students polish their performances for the presentation of the musical comedy Friday and Saturday evening. Cast includes Chriss Carfrey, left, and Sue Ruffing.

EVERYONE LENDS A HAND, from mothers to alumni. Painting scenery for the production are Mrs. Charles Apel, left, and Mrs. Homer Heil, with Eric Marlow and Jim Van Order, art students who were graduated from West last year.

Show Tickets Still Available

The gay musical comedy, "Where's Charley" based on the farce, "Charlie's Aunt," will be enacted on West High School stage this Friday and Saturday evening.

Reserved seat tickets for the show are still available and may be purchased at the school in Room 2, from noon until 1:30 p.m. Wednesday, Mar. 22, and Friday, Mar. 24, or by calling BR. 4-8947.

A professional choreographer, Mrs. Gladys Thomas, and faculty members with professional drama experience—Mrs. Evelyn Hall, dramatics teacher, and producer-director John Dale, instrumental instructor—are directing the student cast.

Members of the sponsoring Band and Orchestra Parents Club, as well as other parents and school alumni, have assisted in preparations.

North's '51 Class To Hold Reunion

The 1951 class of North High School will hold its tenth-year class reunion with a cocktail party, dinner and dancing at Desert Inn, 3560 E. Broad-st, at 6:30 p.m. Saturday, May 13.

Members of the class who have not been contacted but wish to attend the reunion, may send reservations at $5 per person to Barbara Lawrence, 872 Afton-rd, Columbus 21.

Trapper Finds White Muskrat In Wood County

The 1950 trapping season will long be remembered by a Rudolph resident. Division of Wildlife field men were impressed, too.

Richard Lugubal was surprised one morning when running his traps to find he had caught a white muskrat. He reported his unusual catch to Ted Reigel, Wood County game protector.

Some time later, Lugubal announced he had taken another white muskrat, within 50 feet of the spot where the first was caught. He is having both animals mounted.

Game officials point out that since the two fur-bearers were taken within such close proximity, there is a strong possibility they may have come from the same litter.

UNDERGROUND STORAGE helps Ohio Fuel serve you better!

Huge, natural rock formations — thousands of feet underground in Ohio — are used by the Ohio Fuel Gas Company to store tremendous volumes of natural gas you need to heat your home in winter. These underground storage areas once contained supplies of "native" gas. This gas was used up several years ago. Now, gas piped to Ohio from Texas and Louisiana is pumped into the underground storage areas during summer. In winter it is withdrawn as needed to heat homes. On cold days as much as 55 per cent of the gas you use may come from storage. Nine out of every 10 Ohio Fuel customers have gas for heating their homes today because of underground storage — another step in Ohio Fuel's constant program of progress to serve you.

WLW-C will cover the Ohio High School Tournament with two games on Friday night and the finals Saturday night. Jimmy Crum and Clark Smith will describe the play-by-play and the color of Ohio's top rated high school ...

WMNI radio plans to present the Saturday night encounter in high school ball either direct or by delayed broadcast, depending on the outcome of the NCAA games involving Ohio State, but WMNI will offer the Bucks both nights either way.

The Ohio High School class A tourney on Friday and Saturday afternoons will be handled by WRFD radio and the popular voices of Bill and Dave Collins respectively. This is on the WRFD schedule for 1:15 Friday and 1:45 Saturday. This makes eight consecutive years for Dave Collins on the play-by-play. He is well known for his "Sports Final," five nights petr week at 5:45 p.m.

It seems a little confusing with so many starting times and numerous teams involved for the wrap-up of basketball in Ohio, but I'm sure most of us feel that the respective sponsors, stations and sportscasters are to be commended for the expansive "on the spot" reports to listeners and viewers, starting Friday afternoon.

Jonathan Winters, Dayton native and at one time a member of the Channel 10 staff, has accepted the honorary chairmanship of the 1961 Ohio Mental Health Association, Inc., Mental Health Week observance. It will be Apr. 30-May 6. Winters, first in five generations of his family not to enter the banking business, is now best known for his national television appearances and great comedy routines in leading supper clubs across the country. Jonathan got his first start by winning a prize in an amateur contest then on to WING Dayton, WBNS-TV in Columbus and that the start of things in New York.

A five-week series of programs on "Infant Care" is being seen on WLW-C Channel 4 every Wednesday at 10:10 a.m. as part of the continuing series, "Let's Live," produced in cooperation with the Columbus Department of Health. Mothers with their babies are guests on the "live" shows. A course on "Pre-Natal Care" was just completed on the series. Later in the season, another series on "Child Care," dealing with the older child will be seen. Betty Shepherd, public service director, Channel 4, reports that much mail has been received at the station showing appreciation for this series.

It was mentioned last week that the Collegiate Choir from the "Back To God Hour" would appear in a special concert Mar. 28 at the Overbrook Presbyterian Church and it is interesting to know that these "voices" are heard on WMNI radio Sunday mornings at 9:30. The 65-voice choir is composed of students at Calvin College in Grand Rapids, Mich.

The Gospel Wave Hour with Rev. Grayson Ferguson as radio pastor is now heard on WVKO radio along with the Harmony Crusaders Quartet Sunday evenings at 6. Dial 1580 for this inspirational half hour each week.

"Five Star Jubilee," a country music series on NBC-TV is the replacement for "One Happy Family" on Channel 4 Friday night at 8 p.m. This show will be seen the next four weeks with various hosts including Tex Ritter, Rex Allen, Jimmy Wakely and Carl Smith. "The Way Of The Cross," a special award-winning Easter-time color program retracing the route Jesus took as he walked to his crucifixion on Calvary, will be repeated next Tuesday night on Channel 4 and NBC-TV, 10 p.m.

It was first shown last year and this time will have a new lead as given by newsman Frank McGee and filmed at the Riverside Church in New York City.

The program was filmed in the Holy Land without actors. It employs new documentary techniques to show scenes of Jesus' life as He might have seen them, starting with His birthplace in Bethlehem and culminating in the route He took during His last moments on earth as He bore the cross through Jerusalem. The cameras serve as the "eyes of Jesus" in this production.

Dr Ollis M. Goodloe, city health commissioner, and Dr. Harold I. HITTING THE BULLSEYE with your plug is necessary to bring bass out from stumps and other cover.

Casting Practice Can Make Big Difference In Catches

INSIDE ON THE Outdoors By ROD COCHRAN

Imagine yourself fishing in famed Lake Ouachita, near Hot Springs, Ark. You are casting for bass and crappies in the "dead timber" areas of the lake—acres of pine snags killed by lake waters and still standing. Casting room is limited, and your targets are wash tub-sized pockets in the brush.

Your casting accuracy, under adverse conditions, will mean the difference between catching fish, or merely losing lures.

Or, say you're wading Alum Creek and using artificials for smallmouth bass. You are casting around brushpiles and snags, fallen trees and rocks. Behind or beneath each one is a likely spot for bass, or several rock bass. Here again, accurate casting will yield a heavier stringer than a hit-and-miss technique.

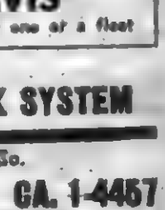
Pin-point accuracy is not necessary, of course, to catch fish. But the man who can lay a plug in a "peephole" in the weeds, or bounce a lure off a stump in the water, or plop one down beside a submerged log, is the man who is going to have his picture taken when he gets to the dock.

If you can cast and drop practice plugs consistently into a bucket from the length of your backyard, then you are ready to do some bass fishing. However if you don't know within a radius of three feet where your plug is going to land, you'd better take time out for practice.

Hitting a fish on the head with a plug is not the recommended way of catching him. Instead, cast just beyond where you think a big one is waiting. Slowly work the lure just past his hideout, bringing him out with a splash as he sees a free meal struggling by. This system is particularly effective around weed beds and growths of cattails, favorite lurking places for a lunker largemouth specimen. And it works like a charm when the plug is cast accurately.

Camping Limited Park Chief Says

"Contrary to reports being circulated around the state, camping is not being eliminated at Kiser Lake State Park, Champaign County," V. W. Flickinger, chief of the Ohio Division of Parks, reported to the Natural Resources Commission.



"Camping at the east end of the lake is being prohibited until sanitary facilities can be installed to comply with health regulations."

There are approximately 40 campsites at the west end of the lake that will remain open, Flickinger explained.

Use Of Tempered Glass Called Compromise With Safety

"Recently the automobile manufacturers issued a news release announcing "United States automobiles to get tempered glass." This announcement was intended to oppose legislation in Ohio and other states throughout the nation to improve existing state codes regarding automotive safety glass requirements," according to Thomas O'Shaughnessy, who introduced the legislation. His statement follows:

"The Ohio Automotive Glazing Standards Committee is proud of its success and that of similar groups in other states in finally forcing the automobile manufacturers to announce the present use of tempered glass in automobile side windows," O'Shaughnessy said.

He continued: "In the fall of 1960, with the introduction of the 1961 model cars, the American automobile manufacturers made a 'silent switch.' Quietly without fan-fare and without the usual publicity, they equipped the doors and side windows of every 1961 automobile, except one with tempered glass instead of life-saving laminated safety glass. Laminated safety glass had been successfully used in American automobiles for over 25 years. This 'silent switch' was instigated by the manufacturers to reduce costs. Essentially, they incurred a savings of between $7 and $15 per car, at the expense of public safety.

"The elimination of needless injury and tragedy due to inferior glazing materials in automobiles is the goal of the Ohio Automotive Glazing Standards Committee," O'Shaughnessy said. "This organization is the proponent of Ohio Senate Bill 52, intended to upgrade the minimum requirements for safety glazing material for automobiles in Ohio through revision of existing state codes. At the same time, this proposed legislation would provide a basis for determination of the relative safety of any such safety glazing material. "This is needed because existing codes do not require tests to determine the relative safety performance of one material as compared to another. At present, the adoption of Senate Bill 52 is the only way the citizens of Ohio can protect themselves against serious and disfiguring auto glass injuries," O'Shaughnessy concluded.

DAV Warns Of False Solicitation

H. O. Parke, past department commander of the DAV, said reports are coming in from all over the Columbus area that some individuals are falsely selling the subscriptions under name of the Disabled American Veterans.

Parke urged those who have been so solicited to call CA. 1-3582, (the state headquarters) or notify the police.

Each committee of the General Assembly will discuss two resolutions concerning functional matters, draw up final recommendations on the issues and submit these to the assembly when it sits in plenary sessions.

Following is a list of the area participating schools and the countries they will represent:

Bexley, Albania; Columbus Holy Rosary, Bolivia; Gahanna-Lincoln, Brazil; Dublin, Colombia; St. Charles, Congo Republic; Ashville, Cuba; Jefferson Local, El Salvadore; Canal Winchester, France; St. Marys, Greece; Bishop Hartley, Israel; Columbus School For Girls, Jordan; Eastmoor, Malaya.

At Central Point, Saturday Noon

Easter Bunny, Court Visiting Central Point

Promptly at noon Saturday, Mar. 25, a life-size Easter Bunny, and her court of five other bunnies will arrive at the Central Point Shopping Center, W. Mound St. at Central-av.

The arrival will be made with a handsome float, the central feature of which will be a huge Easter basket.

Accompanying Miss Easter Bunny and her court will be three tiny tot "live bunnies" representing the "Lily Parade for the Crippled Children."

Miss Bunny will greet her little friends on the canopied walks and distribute free candy Easter eggs until 8 p.m. Saturday. The bunny will also be at Central Point from 4 until 8 p.m. next Monday through Friday and from noon until 8 p.m. Easter Saturday.

For mom and dad Central Point merchants are repeating a feature that was so well received last spring. This is the "Easter Ham Give-Away." Central Point visitors will find entry blanks in all stores. Drawings will be made every hour, commencing Friday noon and lasting through Saturday night.

Thus 18 lucky families will receive a 10 to 12-pound Easter ham. No purchase is necessary and it is not necessary to be present to win.

Huge Bluegill Found Frozen

An 11-inch, 18-ounce bluegill recently was found frozen in the ice in a 27-acre private lake in Portage County, according to Wildlife District 3 officials of the Division of Wildlife.

Bill Greasard, the fish farm owner and operator, found the big bluegill about Mar. 1. Since bluegills seldom exceed one pound, the big panfish was brought to the fish specialists for identification.

Community Easter Egg Hunts Expanded To Four Locations

THREE GOOD EGGS, some of them hardboiled, will use no hard-shell tactics in promoting big community Easter egg hunts in the West area this Saturday. They are, from left, Chuck Moore, Hilltop Kiwanis; Robert Cassell, Hilltop Community Council, and Bob Harrison, Hilltop Lions Club. About 5,250 eggs will be ready for the 9 a.m. scrambles Apr. 1 at Glenwood Recreation Center, Westgate Park, Prairie Local and Sunshine Park.

Youngsters who have high hopes for a happy Easter won't de disappointed if they attend one of four gigantic West area Easter egg hunts next Saturday morning.

Traditionally the annual fun-for-alls are held at Sunshine, Glenwood and Westgate parks. This year a fourth site has been added—Prairie Local School.

All hunts will begin at 9 a.m. Planning and supervision is under the direction of the Hilltop Community Council, City Recreation Department, West Side Board of Trade and a number of service and youth groups.

Sunshine Park

About 1000 kiddies, 8 years of age and under, are expected at the Sunshine Park. There will be simultaneous hunts in two age groups—5 and under; and the 6, 7, 8-year-olds. Special targets will be colored eggs which can be redeemed for cash prizes in the following order; one gold egg, 99; 10 silver eggs, $1 each; 20 blue eggs, 50 cents each; 50 red eggs at 25 cents; 150 green eggs, 10 cents.

The Board of Trade is furnishing 1000 individually wrapped chocolate eggs which will be distributed after the hunt. In case of rain, a movie will be held indoors and the eggs willl be handed out.

Co-chairmen of the Sunshine hunts are Don McCann, center director; Ralph Oberleitner of Boys' Club; and Juanita Simms, Sullivant Gardens. Stanley Smith will make the awards for the WSBT.

Hilltop Parks

The Hilltop and Prairie Local School hunts, held rain or shine, will be open to all children of elementary school age. More than 4000 hardboiled eggs and 450 chocolate eggs will be concealed in the parks. At each site there will also be a prize egg for the 6-and-under age group and for those 7 through 12. They will be redeemed for deluxe hand-decorated chocolate eggs.

GLENWOOD PARK

The egg scramble at Glenwood Park, 1925 W. Broad-st, is being financed and organized by the Hilltop Kiwanis Club. Chuck Moore will be in charge. Staff members of the Glenwood Recreation Canter will conduct games in the center for the children who arrive early.

Eggs will be boiled and colored by the following Community Council groups: St. Aloysius PTA, Mrs. Eugene Evans, chairman; St. Agnes PTA, Mrs. Robert Bailey; Highland PTA, Mrs. William Curtis; West Mound PTA, Mrs. Joseph O'Malley. Coffee and doughnuts, furnished by the council, will be served to the early workers by Mrs. Evans and Mrs. Bailey.

Girl Scout Troop 548 and District 3 Chairman Mrs. Campbell Warren will assist the young children.

WESTGATE PARK

The 9 a.m. hunt at Westgate Park, near Sullivant-av, and Demorest-rd, is in the hands of the Hilltop Lions Club. Overall co-chairmen are Bob Howison of the Lions and Robert Cassell of HCC.

Preparing the eggs are Westgate PTA, Mrs. Jean Scribner, chairman; Valleyview PTA, Mrs. Robert Snyder; West Broad PTA, hars. Betty Chapman; and Binns PTA, Mrs. Owen Breneman. "Early bird" workers will be served coffee and doughnuts by Mrs. Scribner and Mrs. Buford Lane.

Helping to supervise the hunts will be Girl Scouts from Troop 669, Mrs. Robert Duncan, leader; Troop 352, Mrs. John Dannaher; Troop 294, Mrs. Louis Boehringer; Troop 537, Mrs. Harry Richter; Troop 744, Mrs. Rosemary Borchers and Troop 249, Mrs. Robert Fleming.

Prairie Local School

West Franklin Kiwanis Club has arranged for the first-time hunt at Prairie Local School, Norton-rd. Principal Paul Noblett, a member of the club, offered the facilities. Bill Elsroth and Noble Allen Jr. are co-chairmen.

The Weskiwanis, (also members of Hilltop Community Council) are preparing the eggs, under the direction of Mrs. Clarence Latham and Mrs. Robert Hadsel. Mrs. John Hoffman, Mrs. Robert Trowbridge and Mrs. Dan Caulkins will serve refreshments to the workers.

Kiwanian Erv Coder is securing the assistance of Boy Scouts and Explorers in the supervision.

INITIAL RATES 'TOO HIGH'

Mayor Boothe Says Council May Ignore New Gas Contract

Residents of Valleyview have been asking the Ohio Fuel Gas Company to help them solve a riddle.

Why is their initial gas rate $1.50 higher than that of people living directly across the street in Columbus even though both are serviced from the same pipe?

According to Mayor Norris Boothe this is the situation that prevails on Powell-av. Those who live on the east side of the street (in Valleyview) pay an initial rate of approximately $3.10 while those living on the west side (in Columbus) are only assessed about $1.60.

So far the gas company has not ventured an answer. Boothe said that he hopes one will be forthcoming when a representative of the company meets with the village-council Monday, Apr. 3, to discuss a new contract.

Boothe recalled that the last contract that Valleyview had with the gas company expired about a year ago.

About six weeks ago the company contacted the village and asked for another contract.

Boothe said that the company spokesman said at that time he expected the price to be based on an increase that was tacked on the Columbus rate recently.

This, he said, would amount to a 1.5 cent increase per 1000 cubic feet the first year and an equal amount the next year.

"We wouldn't object to paying the increase along with Columbus if we both had the same initial cost," Boothe said. "But I don't think we can go along seeing that we pay much more to start with."

Boothe hastened that, "they'll probably try to cram it down our throats but we can appeal to the Public Utilities Commission."

Another section of the contract the gas company has offered for acceptance stipulates that a customer pays the initial rate each month, up to [illegible] months, whether he uses 1000 cubic feet of gas or none at all.

"This," Boothe explained, "means that if somebody takes an extensive vacation they still pay $3.10 a month for gas they don't use."

The gas company maintains that this clause has been in any previous contracts the village has agreed to. Boothe, on the other hand, says it has not.

The contract has been up for discussion before council once before, at the last meeting, and was tabled. The mayor predicted that the same thing will happen this week.

"They (the council) will probably ignore it and let the gas company sue," he ventured.

In the meantime, he assured that, "the company couldn't endanger lives and the health of

L. T. Perkins Ends Career With City

Another Hilltop man has left the employ of the city after a long period of service. He is L. T. Perkins, assistant maintenance engineer of the City Engineering Department.

Perkins, a resident of 192 S. Powell-av, in recent years has had charge of the maintenance of streets, bridges, viaducts and the like in the west, south, east and central portions of the city.

At 65 he looks back over 43 years of work in the growing city. His first job was rodman for surveys of the Scioto River channel. In the late '20's he was attached to the O'Shaughnessy Dam project and was an inspector for five years.

With retirement beginning officially Apr. 1, Perkins and his wife, Eunice, already have mapped out trips to Florida and California. The veteran engineer is a member of West Gate Lodge of Masons, Scottish Rite and Shrine. He will be succeeded in his city post by Fred Germann, an OSU graduate.

Youth Of Hoge Church Plans Barbecue April 8

Chicken, pit-barbecued over a charcoal fire by specialists in the art, will be served at Hoge Memorial Presbyterian Church Saturday afternoon and evening, Apr. 8.

A half-chicken, cooked to perfection under the watchful eye of professionals from the Ohio Poultry Association, will be accompanied by scalloped potatoes, cole slaw, unlimited hot biscuits with butter and jelly, beverage and dessert.

Guests will enjoy the season's first barbecue regardless of weather. The barbecue pit on the parking lot will be under canvas and the meal will be served in the comfort of the church dining room.

An added feature is the moppets' special — a 50c sack lunch to be eaten picnic style. Tots will be entertained and supervised while their parents dine.

Sponsored by the Senior Youth Fellowship, the affair is the group's only money-making project of the year. Profit is used for activities and contributions the fellowship makes to the church.

Proceeds this year are also expected to pave the road for a trip the group is planning this summer.

Fellowship members are planning a two-weeks bus tour of either the Southwest or the eastern coast, visiting churches, schools and missions, and sightseeing.

THORNS OR ROSES?

Spring is the optimistic season. The cleansing rains of April will refresh the spirit as well as the air. Green shoots of buried bulbs push up toward the sun, symbolizing the promise of a renewed world.

In this season, even the confirmed pessimist is hard put to defend his drab outlook. The pessimist sees the thorns on the bush, the optimist the roses.

And, spring is the season for the supreme religious observances of Easter and Passover. In essence, both commemorate the triumph of life over death.

With Easter, it is the witness of the Risen Lord to the promise of eternal life. With Passover, it is the witness of the Lord's "passing over" of the houses of the children of Israel.

In both festivals the coincidence with spring signifies the purpose and power of God to bestow upon all men the abundance of His grace. The word Easter itself means spring.

So spring connotes a renewal of spiritual life and the hope for a better future. In the spring, Faith means optimism and gratitude to God for His victory over the long winter of despair.

Because this is so, spring is also the season of thanksgiving — and nowhere can we express our thanks to God better than by worshipping Him regularly in the House of God. As the Religion in American Life Program urges, "Find the strength for your life . . . worship together this week."

BIBLE COMMENT

Bible Tells Story Of Man And Of God

The Bible is the book of man, even as it is man's book of God.

The universality of the Bible is emphasized in a deeper and more important way in the life and teaching of Jesus.

The locality, the scene, the local manners, or customs, may give color to an incident, but they do not affect the heart of the truth. Truth applies equally to every time and place.

This is seen particularly in the Parables of Jesus. The woman searching for a lost piece of silver (Luke 15) might be any woman, anywhere; the Samaritan helping a victim of thieves on the road to Jericho might be a driver of today stopping to aid the victim of a highway accident, while others, like the priest and the Levite, hasten by.

Jesus is for all the truth, because His life and truth were for all the world.

He was not a Galilean provincial, but a Teacher and Savior, with a world mission sending forth His disciples to make disciples of all nations.

Commissioners Will Not Sell Village Property

County Commissioner Glenn L. Meyers was quoted last week as stating that the county commissioners were not going to sell any of the 85-acre site of Franklin Village.

Sale of approximately 35 acres of the land at the village had been proposed and was offered as a suggestion for meeting the financial problems of the Child Welfare Board.

Meyers stated that the commissioners had discussed the plan, but had decided that the land should be kept.

Commissioners are studying another plan to solve the board's financial problems, he said.

LETTER TO EDITOR:

Attorney General Thanks Workers In Dimes March

To The Editor:

I can thank you for the energy, time and talent you have given so freely to the March of Dimes, but I would like you to know that my thanks are only a token of appreciation for the hope your efforts have brought to those thousands crippled by arthritis, birth defects and polio to whom the success of the March of Dimes represents a productive and useful future.

Giving — your will to help others — is in you and your neighbors a mark of maturity. The impulse of a child is to take and remains the primary urge of the adult who has failed emotionally to grow up.

Volunteering is giving. But the March of Dimes volunteer carries giving beyond the sense of doling out money. He includes in his gift to fight disease his time and talent and his spirit to be had in no other way in the world. To you, again, thank you sincerely.

Yours very truly,
Mark McElroy
State Campaign Chairman

Consumer Report

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK LOOK FOR:
Meats—Ham, turkey, lamb roasts, round bone chuck roast, fryers.
Vegetables—Cabbage, celery, potatoes, salad greens
Fruits—Grapefruit, Valencia juice oranges, bananas, rhubarb, canned apricots.
Other Foods—Cheese, frozen ocean perch, fresh smelts, ice cream.

TIPS FOR YOUR EASTER FOOD SHOPPING

Your Easter food shopping should be easy and exciting this year. First of all, there is a wonderful selection of meat items with price tags more in your favor than they have been for some time.

Hams—a traditional favorite—cost a bit more than last year, but markets are offering them as leaders with very little profit. All styles—those ready to slice and serve, as well as ones for you to bake and glaze—are in good supply. Look carefully for the amount of waste as well as at the price tag before buying.

Turkey is high fashion this year. Present storage stocks are nearly a fourth larger than last year. At this week's prices you may want to tuck an extra one in the freezer. The larger sizes offer the most economy. Cranberries, another plentiful food, go well with turkey dinners at any time of the year.

Lamb—another traditional meat for this season—is plentiful enough to bring prices down five cents per pound, both at the farm and at the wholesale market. A roasted leg, shoulder or loin, garnished with dainty watercress, is hard to beat, if you enjoy the flavor of lamb.

You'll also find a fine selection of beef, pork and fryers. Recent demand for fish and non-meat protein foods has caused some drop in red meat prices, especially loin and rib sections of beef.

VEGETABLE CHOICE VARIED

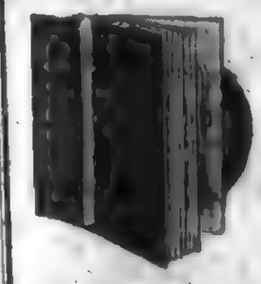
This week you'll notice quite an increase in the supply of brightly colored crisp vegetables. Spring greens, both for the kettle and for salads, are excellent. Asparagus is a feature attraction and quality is good. Look for bunches with long green spears that have the least amount of white woody section to snap off and throw away. New crop California long white potatoes are here at reasonable prices.

TAKE HOME PLENTY OF FRUIT

The eating quality of grapefruit is at its very best. You're wise to use lots of them while prices are low. Florida Valencia juice oranges are lower priced this week. Skin color is not the best, but this does not affect eating quality—they're ripe and sweet. California oranges stay high priced.

Pineapple, rhubarb, D'Anjou pears, and apples are other fresh fruits to round out your fruit basket. And you may want to splurge a bit and have fresh strawberries this week. Both Florida and California berry supplies are increasing.

EGGS ARE MORE PLENTIFUL



You'll have no trouble finding all the high quality eggs you want for Easter breakfast or the egg hunts that follow. Egg prices have declined at both the farm and retail levels, with the seasonal increase in supplies more than offsetting the Easter demand. Large sizes continue the best value on a cost-per-pound basis.

EASTMOOR, ROSEMONT TEACHERS TONE UP IN KEEPING WITH MUSKETEER TRADITION

A FENCING DUEL BETWEEN TWO TEACHERS
"For Every Action, An Opposite One."

A pair of Columbus school teachers are ready to move up into any vacancies that may be created in the ranks of the Three Musketeers.

Of course, the Musketeers are fictional, but the tutors are not and most every Monday night finds Al Foose, of Eastmoor High School, and Ron Weaver, of Rosemont High School, clanging away with sabers, foils and epees at the Central YMCA.

Actually, the purpose of the weekly sessions is to tone up their approach and fencing methods for future matches, and although both appear more relaxed than they would at a contest, their mood is of a serious nature.

Clad in white fencing togs complete with guard gloves and mask, Al, who lives at 219 S. Broadleigh-rd, and Ron, who resides along Briggs-rd, move in on each other, parrying, thrusting, and shouting "touche."

Al is the "Y" champ and Ron is a past captain of the Ohio State University fencing team as well as the instructor of the "Y" group which includes women as well as men.

Ron guides and directs the group in the methods of the saber, which is a "cutting" weapon, and the foils and the epee, which are thrusting weapons. The epee is the heaviest of the three and its target area is the entire body, while the foil is the lightest and has a smaller target area, centering around the torso.

"Weapons, not swords," Ron explained, "also have a variety of grips. Some are employed with a pistol grip, which resembles the trigger portion of a gun, and others are made with a French grip, which is the most commonly seen type."

Ron also explained the classic starting position of a fencer, the body turned slightly sideways with the un-weaponed arm bent at right angles in the air in terms of Newton's law: "For every action, there is an opposite and equal reaction."

Al mentioned that some matches are controlled under electrical scoring set-up. "An electrical cord stretches up the sleeve, down the back, onto a reel and is connected onto a computer."

The reason, he says, is that scoring is more accurate with an electrical device than with the eye. "Fencing is a fast and gracefully furious sport, and more often than not the hand is faster than the eye."

A match lasts four minutes and a point is scored each time fencers are touched. A match is over when a man has been touched five times and a woman four.

Workers At Goodwill Want Opportunity — Not Charity

WORKERS AT GOODWILL Industries, 1331 Edgehill-rd. have the opportunity to learn trades and money-making skills which enable them to overcome their handicaps and fill jobs in industry. The individuals pictured above are shown undergoing part of the intensive training they receive towards this end. Goodwill makes use of discarded articles of clothing, furniture, etc., donated to the organization by individuals and groups in the Central Ohio area.

By RON PATAKY

Goodwill Industries, well-known to many local residents because of its numerous city and suburban pick-up stations, has been serving the Central Ohio area since 1939.

Although many people know and recognize familiar Goodwill signs few are actually aware of the functions of the organization.

At Goodwill, handicapped workers are trained in skills which will make them useful citizens and give them the pride of self-support.

"For the most part, our workers are interested in learning new skills and becoming useful members of society," said George Morey Evans, executive director of the organization. He added that these workers have no desire for charity. All they ask is a chance to become self-supporting.

Served 684 in 1960

During 1960 Goodwill served 684 handicapped persons in the Central Ohio area. These were persons who otherwise might have been forced to live under public care supported by tax money.

Discarded articles are contributed to the organization by individuals or groups in the area. Some of these items are left in one of the many Goodwill pick-up stations, while others are collected by Goodwill trucks.

The collected articles are taken to the main offices at 1331 Edgehill-rd., where they are sorted according to various departments in the plant. Goodwill workers, laboring under the close supervision of experienced trainers, then attempt to put the discarded items into usable condition.

The finished products are then sent to one of the Goodwill retail stores in the area, where they are sold. The Columbus Goodwill plant maintains four stores in Columbus, and one each in Chillicothe, Marion and Newark.

Four general areas exist within the main plant. The mentally retarded workshop works in close cooperation with the Council for the Mentally Retarded to train these people for various positions in industry.

The vocational training section consists of students, rather than regular employees, who are engaged in training for some skilled work. Ideally, at the end of a training period, these students are placed in some self-supporting position in industry.

Workshop Is Main Section

The main body within the plant is the workshop. Here handicapped individuals are employed by Goodwill Industries until employment can be found for them in regular industry.

And finally, the work evaluation center is involved with the testing and counseling of persons who eventually go into training, employment in the workshop or outside jobs.

"The main point we want to get across," said Evans, "is that items ready for discard need not be useless. By donating them to Goodwill, people are actually contributing to the rehabilitation of handicapped persons who otherwise would be living at the expense of the state."

"These people want to work," he said. All they ask for is a chance."

Camp Fire Girls

The Camp Fire Girls of the Southwest district are having a skating party at Rollerland Monday, Apr. 3 from 2 to 5 p.m.

Tickets can be purchased from Mrs. Rita Sanders, 336 Guernsey-av, or Mrs. Blanche Ackerman, 276 N. Sureka-av.

Come to Church on EASTER Sunday

There is something very special about Easter Sunday that sets it off from every other day of the year. As father, mother and the children attend Easter Services, each in his or her own way feels deeply the transcendent joy of the occason. None is too young to delight in the radiant beauty of the flowers, to respond to the note of triumph that rings out in the beloved Easter hymns, to experience the shining wonder of the Easter story. None is too old to be inspired anew by the promise of spiritual rebirth, so gloriously expressed in the miracle of Easter . . . so beautifully reaffirmed each year on Easter Sunday. For one and all, old and young, this is indeed the happiest day of the year!

To know the true joy of Easter . . . to experience all the glory of its message . . . attend Easter services in the church of your choice. Bring your family . . . join your friends.

Compiled By Bob Wilcox

Before getting into the main portion of this week's column, one last comment on the West High gals' class basketball tourney of a week ago—the Juniors' co-captain, Karen Griffith referred to in the story is really Karen Griffin. She poured in five of her team's six points; teammate Barb Pride picked up the only other tally.

Incidentally the gals at West have formed a track team this spring, we'll have to take a peek at this new addition to the school's athletic structure in the near future.

• • •

Now, as promised last week, a general look-see at the Columbus Jets' personnel to date this spring as they are in spring training in preparation for embarking on their 1961 campaign.

Several Jets of last summer are missing, traded or sold were hurlers Paul Giel to the new Minneapolis Twins of the American League, Hugh Pepper to Dallas-Ft. Worth; first baseman Pidge Browne, and ptility infielder Bob Sagers to San Diego. The latter is currently out of action for several weeks with a fractured wrist when hit by a pitch from an automatic pitching machine last week.

Just last week Catcher Chuck Brockwell was sold to Jersey City. The status of third baseman Leo Rodriguez is up in the air at present. The popular "hot corner" man for the Jets in recent years has requested he be traded to some team in the Mexican League so he can be closer to home. Nothing definite has been done yet.

Catching has been one of the main weak links in the Jets' chain for the last couple campaigns, but new manager Larry Shepard and General Manager Harold Cooper must feel they have that problem solved with the sale of vet Brockell. Thus it's up to Roberto Herrera, up from Dallas late last season, newly acquired slugger Don Leppart, also from Dallas, or possibly youngster Ernest Cooper, up from a try from Johnson City.

First base was another problem and now Browne is gone. His replacement at times was outfielder Nino Escalera when the Jets had four good pasture outfielders, but Shepard has only two of that foursome back at present, Escalera and Johnny Powers. Thus first base is open and early prospects seemed to be led by Charles Leonard, a lusty .300 hitter with 19 homers, up from Savannah.

The roster with which the Jets opened spring training listed these 1960 Jets, pitchers Bob Veale, Don Williams, Don Debrino, Ron Blackburn, Diomedes Olivo; catcher Herra; infielders, Alley, a youngster who showed real promise in the final 1960 games; Dick Gray, Rodriguez and Ed Sada; outfielders, Escalera and Powers.

Newcomers listed for a try are pitchers Lon Spring, Jim Stoll, Steve Blass, Don Gross, Art Swanson and John Lamabe, John Kelly, Don Kildoo, Bill Knoch, Robert Lee, John Massey, Alvin McBean, Claude Meinhard and Louis Montagne; catcher, Leppert and Cooper; infielders, Duncan Campbell, Leonard, Roberto, Pena and Tommy [illegible] outfielders, Lawrence Elliott, Pat Owens and Emiliana Telleria.

There are really no sensational newcomers among them, most of the new pitchers actually come up with "minus" win-lose records. Most promising based on the 60 records, are hurlers Lamabe (Savannah 15-10), Lee (Savannah 3-5, with a 2.23 ERA), McBean (Savannah 9-6), Meinhard (Kingsport 6-2) and Stoll (Savannah 13-7 mark).

Among the other newcomers are possible sluggers Leppert (13 homers—Dallas), Alley (14—Grand Forks), Leonard (19—Savannah, Rinks (14—Hobbs), Sada (15—Savannah). Hitting for the better averages among the newer men were Alley .280, and .367 in the final Jet 60 games; Leonard .300, Pena .291, Rinks .224, Sada .200, and .261 with Jets in late games, Owens .280—Kingsport. Top RBI men were Leppert 63, Alley 76, Leonard 88, Pena 76, Rinks 61, Elliott 33.

Familiar Jet names missing from the 1961 scene are those traded or sold plus first sacker R. C. Stevens and favorite hurler Bennie Daniels who went to the new Washington Senator club in the American loop in an involved trade which eventually brought hurler Bobby Shantz to Pittsburgh from the Yankees. Al Jackson, Tom Cheney, Earl Francis, Jim Umbricht, plus a couple other former Jet hurlers, are currently getting a full spring trial with the parent Bucs and those that don't make it will probably be back in a Jet uniform in the next few weeks. Shortstop Dick Barone is also up for a test along with favorite outfielder Roman Mejias who came down to the Jets late in the 60 season to pace the Jet attack and was all set to rejoin the Bucs in the final stages when a foot injury ended his 60 season early. Who else the Jets may receive as the Pirates but is only speculation at this time, but it's awfully rough to break into a pretty "set" World Championship lineup.

Columbus is the only "farm" or affiliated ball club in the Pirate organization this season so it will get all the cream of the crop, of the Buc "cuts." The third outfield spot may be filled by a lad with the Pirates now, by the name of Donn Clendenon who had 28 homers and a fine .335 batting average in the Sally League last season. Incidentally, Leonard, who Buc-Jet officials are high on as a hitter, has made the all-star team each of the three years he has played organized ball, hitting .328 and .331 in his previous two years prior to Savannah last summer. Tuesday, Mar. 28, the Jets met Toronto at Daytona Beach in the first of their 14-game spring exhibition schedule.

Although the outdoor track season for local high school won't begin for another week to ten days in most cases, some area highs did participate in a big indoor meet at OSU's French Field House. The results are not back from the "printer" yet, but when they come we'll have the local lads' results for you. Next week we hope to have some info on local high school track and baseball squads and their spring schedules for the 1961 season.

FISHING SLUGGISH IN SUMMER

You may be taking your vacation at the wrong time if you want to catch fish in Ohio, according to Mark White, District 4 fish management supervisor, Division of Wildlife.

"Most Ohioans take their vacation in July or August," says White. "These are generally sluggish periods as far as catching fish are concerned, especially in southeastern Ohio where the angling situation has been studied."

Best month of the year to catch fish is May by all odds, White believes. June and April follow in importance.

White based his observations on creel census work which has been done in southeastern Ohio—the hill country of the state.

Sucker Fishing Is Like A Spring Tonic

INSIDE ON THE Outdoors By ROD COCHRAN

Sucker fishing is good for everybody but suckers, as P. T. Barnum found out many years ago.

The same principle holds true today, and spring and sucker fishing are synonymous. Best bait for suckers (the piscatorial variety now — no more bad puns today) is the common earthworm. Throughout the ages, the inventive mind of man has not been able to improve on the fishing worm to entice a sucker to hook.

This is probably all for the good. Sucker fishing has remained simple fishing, and that's what you yearn for this time of year. All you need is a pleasant stretch of stream where the current sings a lazy song accompanied by a chorus of spring peepers. You sit down and inhale the fragrance of warm sunshine on a pregnant earth. For a few moments you are a boy again catching suckers on fishin' worms.

Use Small Hook

A sucker's bugle - shaped mouth is small, so use a small hook barely covered with a piece of worm. Use a sinker just large enough to keep your bait nudging the bottom. Cast your terminal tackle at the foot of a riffle and let it slowly roll into the pool below. Give the fish time to munch the bait a little before you set the hook. A few misses will tell you when.

In the spring, suckers are sweet-meated and very good when fried. But you must use the same slow pace to eat them that was so much fun in catching them. If suckers for famous for anything more than a spring fishing tonic, it is for the un-numbered bones they contain.

Cooking Suggestion Given

There are ways of elimination of most of the troublesome sucker bones. One method is to score the fish on both sides, that is cut fine cross-hatches in the meat with a razor blade, and deep fry them. This cooks the fine hair-like bones and you do not notice them when eating.

Some anglers grind the fish and make "sucker burgers." Another way is to pressure-cook them first and then fry.

When Ohio fishing laws were liberalized a few years back, gigging and shooting suckers with bow and arrow became legal. It is necessary to find the fish in shallow water to follow these sports. Suckers swim up into riffles at night, and they are easy to shine with a light. They are not so easy to hit however, and after the water is roiled a little they are apt to leave.

Taking suckers by gig or by bow is a lot of sport, but it's also work. The most appealing way to catch suckers right now, is by the time-tested method. No, lolling on a stream bank won't cure spring fever — it will only make it worse. But then, what is spring for?

THEATRE

Independent Players Carousel Is Success

By Taylor Grant

Though it is impossible to avoid speaking in terms of an 'amateur' production, it is not at all impossible to say "very enjoyable" when describing the reaction of the audience present at the Hartman Theatre on opening night last Thursday.

The play was Carousel, an independent Players production, with cast and crew unpaid amateurs, who usually work from 9 to 5 in regular jobs all over Columbus. The feeling overall was one of endearment.

"Carousel" is, after all, an endearing fantasy, and the cast, after handling some first-night jitters in the early parts of act I, proved themselves able to make the work live.

Abilities, regretfully, seemed to lie with one character or another rather than being found fully in any single actor. Generally, the line was drawn between those who could act and those who could sing. The strongest possible exception was Ray Riley, who (as Billy Bigelow) though, rather weak in volume, was able to sing adequately, and to act with skillful and sensitive power.

Rita Pagura, as Nettie Fowler, delighted the audience with her excellent voice, and did indeed honor Messrs. Rogers and Hammerstein in a most pleasing manner. Bev Pettit (as Julie Jordan) also deserves some plaudits for her singing, and particularly for her "If I Loved You" in the first act with Billy, though he was not then doing as well as he managed later in his "Soliloquy." Miss Petitt's entire performance deserves some good notice, and it might be said that she and Riley carried the show, providing that extra element that assured success.

Notables also were; Dick Withrow as Jigger Cragin, Glen Dunno as Enoch Snow, Joanne Howard as Carrie Pepperidge, and Mildred Germanson, who did an uproariously good job in the role of Mrs. Mullen.

Most disappointing were the dancers, who usually engulfed the stage enmasse (part of the trouble) and were, as a group incongruous. Carolyn Tooill, as Louise, however, proved an able and graceful exception, dancing her way into the music charmingly. On the whole, a most enjoyable evening.

Ray Riley, 346 Circle-ct; Rita Pagura, 2600 Shrewsbury; Bev. Pettit, 2327 Edgeville-rd; Dick Withrow, 646 E. Jeffrey-pl; Carolyn Tooill, 778 Richards; Glenn Dunno, 829 Carpenter; Mildred Germanson, 3484 Flamingo-rd; Joanne Howard, 2700 W. Broad-st.

Selection Rules Announced In Ohio Scholarship Contest

Criteria for selecting semi-finalists for Ohio's newly created scholarship program has been announced by Joseph E. Cole, Chairman of the Board of Trustees of the Ohio Scholarship Funds.

To be a semi finalist the applicant must rank in the upper 16 per cent of the 4,919 students who applied for scholarship assistance to the Ohio Scholarship Funds; 789 were admitted to semi finalists ranking.

The nine member Advisory Committee on Ability established a formula allowing 50 per cent for the score received on the Ohio General Scholarship Test, 20 per cent for the high school transcript of grades and 30 per cent for class rank.

The semi finalists scores on the Ohio General Scholarship Test rank from a cut-off score of 177 to a top score of 237.

Robert D. Freeman, Executive Secretary of the Ohio Scholarship Funds in Columbus, said that the screening of semi-finalists has been completed. Semi- finalists will be requested to complete their scholarship applications which include a Parent's Confidental Statement of financial need and a seven semester transcript of high school grades.

The first year scholarships, with a maximum award of $800 will be granted to 100 high school seniors for attendance at Ohio colleges and universities in the fall.

Freeman said the 100 award winners will be announced in late April.

Wonder Drugs Possible Hazard

A variety of tranquilizers, anti-histamines and other decongestants have been developed in recent years which, while working wonders on the body, may also interfere with a motorist's driving abilities.

Russell H. Campbell of the Columbus Automobile Club reports that medical experts at the National Institute of Health have warned that the alertness of a driver may be reduced considerably by such medicines.

Easter Sunrise Service Slated At Hoover Dam

Easter sunrise service will be held at Hoover Dam for the sixth consecutive year by Central College United Presbyterian Church.

"The Whisper Which Became A Shout" will be the Easter message preached by Richard D. Ellsworth, minister of the church.

The service has attracted increasing numbers of people from the Central Ohio area. Attendances other years has been estimated at more than 3,000.

An 18-foot-high wooden cross has already been erected on top of the east tower of the dam. Illuminated at night, the cross can be seen from Sunbury-rd.

Sunrise service will begin with the rising of the sun at 6:18 and will be conducted this year from the level portion of land just below the west tower. A public address system will make it possible to hear the service from cars in both the lower and upper parking lots on the west side as well as from the surrounding area.

Entrance to the service should be made from Sunbury-rd. If parking lots on the east side are used it will be necessary to walk across to the west side of the dam.

Highway patrolmen and county sheriffs will be on hand to keep traffic moving smoothly. Local Boy Scouts will direct people to best locations and high school girls will serve as ushers.

Your Youth

By Hilltop YMCA Staff

Hilltop YMCA youth groups are now selling Jet Badges.

Any boy or girl wishing to participate in this sale may do so by coming to the "Y" to check out badges. Prizes will be awarded to the top salesmen, with everyone selling at least five badges receiving a prize. All profits realized from this sale will go toward developing the outdoor play area at the new "Y".

The Hilltop Longhouse of Indian Guides is now making plans to participate in the annual spring campout at Camp Alfred L. Wilson. The dates for this year's outings will be June 3 and 4, and June 10 and 11. All Braves planning on attending are urged to turn in their registration and fees as soon as possible. The Hilltop Longhouse is responsible for the Induction and Campfire Ceremony and for handling registration for the first weekend.

Next week members of the Gra-Y Clubs will begin their eliminations for their Annual Tall Tale Contest. Gra-Y members make up their own stories and then present them to their clubs who in turn select the best story. The winners of each club will meet Apr. 11 during the regular meeting of the Gra-Y Council to compete for the championship.

Saturday will be All-Day-at-the-"Y". The weekly scheduled gym classes will not be held Saturday because the school gym will not be available. The All-Day-at-the-"Y" program is open to any youth members of the Hilltop "Y". Boys and girls planning on attending should bring a lunch and a quarter. Movies will be shown along with crafts and game room activities.

The Esquires' auto club held its model car show, Mar. 20. A special film on car safety was shown along with a brief explanation of club activities. Winners of the contest were George Cazan, Bob Mohr, and Don Snyder.

Members of Hilltonia, Westmoor and West Junior Hi-Y clubs met last night at Westmoor school for an evening of gym activities. Each club was divided into two teams for inter-club basketball games. Following this members participate in the City Wide Junior Hi-Y Swim meet which will be held at 7 p.m. Apr. 5, at the Central "Y" pool.

The Annual Bunny Hunt sponsored by the Hilltop Y's Mens' Club was held last Saturday. One hundred and twenty-five boys and girls up to the age of nine took part in this event and successfully found all eggs hid. A list of the prize winners is not available at this time. All boys and girls found at least one egg.

The next Junior High dance will be held Apr. 14 at the "Y".

Crouch Announces New State Liquor Permits

Director Richard C. Crouch, Ohio Department of Liquor Control, recently announced the issuance of a liquor license to Floyd B. and Zeta E. Christman, 2514 Sullivant-av. Sale is permitted until 2:30 a.m. on the premises.

Prof. Richard L. Howard of Columbus, Ohio, was the first to use choloroform after the gas was discovered in Scotland.

Greenlawn-av Center Bids Above City's

Apparent low bidders to construct a city fire division communications and training center on Greenlawn-av — west of the Scioto River — were nearly $32,000 over the city's estimate of $760,000.

The apparent low bidders were:

General contract, C. C. Vogel Co., $632,743; plumbing and heating, J. A. Coy, Inc., $104,379 and electrical, American Electric Works, $74,852.

A scheduled meeting of the city service director Ernest Stork, and the finance director, C. Wayne Freeman, failed to materialize Tuesday morning.

The meeting is to be rescheduled again in the near future to discuss the next move.

Campbell Attends Local Meeting

Charles H. Campbell, 32 S. Westmoor, Columbus, spent two days recently in Columbus attending the Local Officers Conference sponsored by the Ohio State Pharmaceutical Association.

The annual conference is designed especially for the leaders of the state's thirty local pharmaceutical associations who are brought together to discuss common problems, to exchange ideas on the improvement of their profession and their organization, and to raise the standards of public health. The conference was held this year at Nationwide Inn with approximately 100 of the state's leaders in pharmacy in attendance.

Campbell is executive secretary of the Central Ohio Academy of Pharmacy, the professional association for pharmacists in five Central Ohio counties.

IS ASSISTANT

FRED PHILLIPS, 176 Northridge, recently was appointed assistant store manager of the West Broad Appliance Co., Inc., 3192 W. Broad-st, according to General Manager Warren Wood. Phillips has been connected with East and West Broad Appliance for a number of years and was with the east store for seven years. He has worked at the west store for the past two years. He resides at the Northridge address with his wife, Margo, and their three children.

Dramatics Class Activities Told

The teen age dramatics class at Sunshine Recreation Center has been growing. The class meets on Thursday from 8:30 to 9:45 p.m. in the Teen Age room. The group has been participating in paper bag dramatics and a few dramatic games.

The group is open to any teenager who is interested in dramatics.

WESTINGHOUSE ENGINEERS have eliminated the traditional compressor and refrigerant in this new water cooler, to be put onto local assembly lines in April.

Westinghouse To Produce Thermoelectric Coolers

Westinghouse Electric Corporation will begin production here in April of a thermoelectric water cooler—the nation's first home appliance using the principle of thermoelectricity to be manufactured on a production line basis.

Over the past several years Westinghouse has shown several prototype appliance applications of thermoelectric principles but the water cooler will be the first product built on a production line basis.

Designed for use in either home or offices, the cooler's refrigeration process comes directly from electricity with no moving parts.

John W. Craig, Westinghouse vice-president and general manager of the Major Appliance Division here, described the development as "an important step toward the day when thermoelectric appliances may be commonplace in the home."

The bottled water coolers are designed for use in areas where potable drinking water is in short supply. An estimated one million American homes depend on bottled water for drinking purposes.

Vandals Damage Westgate Manor Cars

Columbus police reported that vandals were responsible for damage to more than a dozen cars in the Westgate Manor area Saturday.

Rear view mirrors were broken and radio aerials were ripped off.

R. G. Dun, Ross County, Ohio, was founder of credit-rating system Dun and Bradstreet.

Expressway Turn Action Deferred

Awaiting an opinion from the City Attorney, the Traffic Commission again has deferred action on appeals to lift the left turn ban at the Broad-st. ramp of the Sandusky-st. Expressway.

West side merchants are complaining that the ban is hurting their business. The matter is expected to be taken up again Apr. 11.

Liquor Permits Asked

Seeking new state liquor permits or transfer of older ones are Margaret L. Stoke, 570 Georgesville-rd, a 3.2 beer carry out; and James M. George 2725 Sullivant-av, transfer of his high-powered beer and wine carry out to his new address, 2630 Sullivant-av. These cases are now under consideration.

Doan Named Cancer Gruop Chairman

Dr. Charles A. Doan, 4925 Olentangy-blvd, medical research director at the University Health Center, was named Saturday as Crusade chairman for the American Cancer Society's Franklin County Unit.

Dr. Doan, one of the world's leading leukemia researchers and founder of the Franklin County Unit when it was chartered in 1947, had this to say upon accepting the appointment; "The Cancer Crusade in April implies, first of all, health-education, and that, in turn, must lead inevitably to the [redacted] support of the great national cancer program."

"With what we know about cancer right now, one half of those who develop cancer today can be saved if they will only seek the advice of their physician in time."

The appointment of Dr. Doan was announced by Dr. William B. Schwartz, M.D., president of the Franklin County Unit, which has its offices at 2300 W. Mound-st.

Care Urged For Easter Animals

Thomas C. Justice, general manager of the Humane Society of the City of Columbus, passes on his annual warning to all parents planning to purchase live bunnies, chicks and ducklings for their children at Easter.

"These animals are not toys. They must have proper care and food, otherwise they will die from unsuitable conditions or harsh treatment," he said.

"Many animals will be purchased for Easter Sunday, Apr. 2. However, they are not suitable household pets, and within a week after Easter many will be suffering from cruelty," he continued.

"They need proper food, regular feedings and comfortable living conditions. Special food and fresh water must be supplied at proper times. They must be kept clean and and handled gently because their bone structure is very delicate, and they are very easily injured."

Jack's House To See Lancaster Easter Sunday Services On 10, 4

By Stan Robinson

Genial Jack Davis, host of the popular "Jack's House" on Channel 4, announced this week that a full camera crew will be heading into Lancaster for a sound-on-film visit.

The segments, showing area points of interest and Jack chatting with Lancaster residents, most likely will be seen here during the first week in April, according to producer Don Mettert.

We understand that all parts of the show that day, will be worked in between the regular movie segments, depending on how much material is edited for usage on the air. Visits to other Channel 4 coverage areas would seem desirable.

LETTERS TO THE EDITOR

Says Armed Forces Training Could Fill Unemployed Gap

To the Editor:

I know the voice of organized labor is so much louder than mine that I might as well keep still. It can bring in many votes while I control only one, but I have talked to quite a few people who think as I do, so I believe I should speak my mind.

I am definitely opposed to extending unemployment compensation. It is much too long now. I think one or two weeks would be plenty long enough since the unemployed very seldom look for work until the covered period expires.

This country will continue to have unemployment as long as folks are paid to be unemployed.

It is absolutely ridiculous to pay unemployment compensation to people who quit their jobs at the slightest provocation or go out on strike against their employer, or are fired for good reason. Pregnancy is no reason to draw unemployment compensation either.

Some folks say why worry about the huge sums paid out to the unemployed for this helps the unemployed for this try as a whole. This burden is borne by the government with tax money collected from the public, together with the employer, who in turn adds it to the cost of his product or service, and again it comes out of the pocket of the public.

So the only way you can figure it is that folks who are working and buying and paying taxes are keeping a host of people who are not working.

The only true economy can be attained by the working force being fully employed and I am anxious to see this come about before other countries out-produce us.

There is a shortage of skilled labor and the majority of the unemployed are not skilled in any trade, yet consider themselves too good to perform common labor, and prefer to draw unemployment compensation rather than become skilled in a trade.

If it could be even rumored that unemployment compensation payments would be limited to one or two weeks and at the end of that time those still unemployed would be taken into some branch of the armed services where they would be further educated and taught a useful trade of their choosing, you would see an early end of our unemployment problems.

The armed services are all set up to train young people and did a wonderful job along that line during the press of war and I cannot see why they cannot do the same thing in peace time.

If such a plan could be put into effect, our unemployment troubles would be ended for all time. I think it is worth a try.

(Mrs.) Denzel West

JUNIOR JET BADGE SALESMEN

THESE LOCAL YOUTHS will be among those selling Junior Jet badges to youth of Columbus when the badge sale opens Saturday, Apr. 1, to help finance their group's activities. In the picture on the left Bob Bowsher, 14, of 43 N. Hyron-av, a member of Scout Troop 172, instructs Diane Granstaff in the art of throwing a fast ball. Diane, age 11, of 650 S. Westgate, is a member of Scout Troop 350. The trio in the above picture are all members of the Boys' Club and are, left to right, John Johnson, 12, 500 W. Walnut, Don Weaver, 14, 628 W. State-st, and Pete Eyer, 13, 91 S. Gift-st.

Central Ohio Youth To Sell Jet Badges

Youthful baseball fans of the Columbus Jets, for the seventh consecutive season, can buy Junior Jet badges for the price of 50 cents per badge.

Badge sales begin Saturday, Apr. 1, and continue until May 1.

Badges entitle wearers to see most of the Jets' home games free, except for Opening Day, Sundays, Holidays and other special occasions.

Badges can be purchased from any member of the following youth groups: Boy Scouts, The Boys' Club, Catholic Youth Organization, The Jewish Center and the YMCA and Girl Scouts.

Money made from the sale of badges goes to these youth groups to support activities within their groups.

The Junior Jet badge campaign was started in 1955 when a group of civic minded individuals bought the Jets. That year, 9,000 badges were sold. In the five years since 1955, more than 140,000 badges have been sold to boys and girls of Columbus.

Last year, 30,000 badges were sold. Sales this year are expected to surpass that figure.

Chairman Dick Hahn again heads the badge committee.

J. Burroughs Grabs Two Gra-Y Crowns

The John Burroughs Hawks took championship honors in both "A" and "B" leagues Mar. 22. Four Gra-Y teams poured into the John Burroughs gym representing the North and South champions.

The first game was between the West Broad Colts and the John Burroughs Hawks. The Burroughs squad, led by John Price and "Chubby" Gomer with six points apiece, won the game by outscoring and outplaying the Colts by a score of 14 to 7. Tom Randall was high with three points for the losing Colts.

Other members on the John Burroughs "B" team were Frank Edelinski, Alex Hanes, Bill Weber, Roger Cordial, Jeff Rice, Gary Wiseman, Joe Hutchinson, Ben Brooks, Jack Beery, and Doug Dodson. Other West Broad players were Bob Katon, Dave Wolfe, Mike Glaros, Don Styles, Fred Martin, Neal Parrish, Phil Imler, Dick Johnson, Mark Shaffer, Bill Cash, Joe Wilson, Beamis Black, Tim McKenney, and Fred Grace.

The "A" League championship was no runaway for the Burroughs team. Both teams played an outstanding game and the victory could have gone to either team in the final seconds of the game. Dennis Hogg and Bill Tier with four points apiece, Mike Droeling and Bob Beery with two apiece accounted for the JB's 12 points. Highland's Danny Edwards with four points, Bill Prillerman's 3, Percy Abernathy and Regie Jackson's two points apiece announced for the Highland Trotters' 11 points. The final score was 12-11.

Other players for Burroughs were Frank Watkins, Gary Lewis, Detweiler and Bill Edgar. Remainder of Highland's squad were Dave Thompson, Bill Burgess, Mike Robison and Earl Jackson.

Leader Club Holds All Night Party

Last Friday night, the Sunshine Recreation Center Boys' Leaders Club held an all night party at the center. Seventeen boys had a good time playing basketball and group games during the party which lasted from 10 p.m. to 7:30 a.m. the next morning.

Refreshments were provided by money the club collected. Rev. Ernest Amorine provided the club with an extra treat when he brought in pies and sandwiches.

The staff at Sunshine will play the Boys' Leaders Club in a basketball game as part of the program for the center's open house to be held Apr. 8. Members of the staff expected to lead the action in the game, starting at 8 p.m. are Keitha Knecht, star guard, and Sandra Gerlach, forward.

GRADUATES

Sullivant Gardens Welcoming Visits To Local Center

An evening of recreation and entertainment is in store for the parents of children on tumbling teams at Sullivant Gardens Recreation Center. The Tumblers, the Red Devils and the Novice Tumbling Teams plan to host their parents and friends for a fun-filled evening, Thursday, Apr. 6 from 6:30 to 9:30.

The program includes exhibitions from each of the tumbling teams, a weight-lifting exhibition by city-champ lifters Mike Burgett, Tom Rippey and Paul Fresure (all of Sullivant Gardens Weight Lifting team); and a feature movie "A Trip to the Moon" in color.

In the Sullivant Gardens Housing Project there are two City of Columbus recreation centers; one at 590 Van Buren-dr and one at 871 Coolidge-dr. The above activities will take place at the athletic center (590 Van Buren).

At the other center (871 Coolidge), which specializes in arts, crafts and outside organized groups, open house will be observed by inviting parents and friends to visit the center during normal operation.

Football Play Set At Gladden

Fourteen-year-old girl tries out for football . . . is written up in Life Magazine. "She can kick and she can run," says Liz the maid. "She couldn't compete with men like that" says boyfriend, Tommy Green.

This is the situation that the cast of the play find themselves in. The play is the recent Broadway comedy, "Time Out For Ginger." It is being produced Apr. 8 and 14 at Gladden Community House. The time is 8 p.m. Admission is 50 cents.

The Little Theatre group at Gladden has spent the last seven weeks preparing for the production. At present a search is on for a racoon coat which is needed for the enthusiastic father of Ginger Carol, girl football player. For information or questions call CA. 1-3601.

One of the photoscenic wonders of the world is the Blue Hole at Castalia, Ohio. Millions of gallons of water pass from this bottomless outlet of a subterranean river into a stream where hundreds of big trout can be seen.

To Exhibit Camp Gadgets

Troop 250, St. Agnes Catholic Church, will put up an exhibit on camp gadgets in its booth at the Scout-O-Rama being held Apr. 22 and 23 in the Buckeye Building at the Ohio State Fairgrounds.

Sunshine Recreation Center To Hold Open House April 8

The Sunshine Recreation Center judo team has prepared a very unique demonstration to be presented Saturday, Apr. 8, as part of the open house. The demonstration will feature basic and advanced throwing techniques and several judo matches. Jim Strong and George Hinsley from the Lockbourne Air Force Base judo team will be present to demonstrate choke and armbar techniques.

SOCCER

Kolping soccer club defeated Columbus Petoffi eight goals to one in an Ohio-Indian Soccer League game at Sunshine Recreation Center Sunday. The lone tally for the Columbus club was made by Douglas Spencer.

VOLLEYBALL

Volleyball is now under way in the program at Sunshine. Tuesday night the Intermediate League got into action for the first time. The Red Bandits, who have already won the basketball championship, got off to a flying start by getting three easy victories over the Boys Leaders Club, which had only two members on hand. But with 2-1 records and right behind the Bandits came the Yankees, Untouchables and West Side Aces. Interest in this sport is quite high and Sunshine directors hope it will increase since the city championship will be held at Sunshine.

Any girls who are interested in volleyball and badminton are reminded that a new program is being started and they are invited to join. Wednesday is still girls' day in the gymnasium and they are encouraged to use the facilities available to them.

WEIGHT-LIFTING

Dino Politis placed second in his weight division in the city championship. An adult volleyball league is being formed at Sunshine and anyone wanting to join is encouraged to contact Dave Daniels.

Sunshine's Golden Glove Boys Ready

The Golden Gloves Championship was won by the boxers at Sunshine Recreation Center and anyone who missed the Gloves will have a chance to see the boys in action in a program planned for Apr. 8.

Henry Coleman, Phil McFall, Glen Pack, Tom "Tiger" Montgomery and many others will highlight the top-notch program planned by Albert George, boxing instructor at Sunshine.

The Judo Club will present a number of matches which should be of interest to everyone in attendance. These club members have won a number of matches and have been participating in many tournaments.

One of the last features of the program will be the staff against the Boys' Leaders Club. Al George, Don McCann, Phil Seitz, Bert Duval, Dave Daniels, Bob Buve, Keitha Knecht, Sandra Gerlach, O. D. King and jump-shooting Joe Roberts, constitute the staff team.

Glenwood Team Wins Columbus Recreation Title

The Glenwood Cavaliers, winners of the senior boys basketball league at Glenwood Recreation Center, won the Recreation Department Inter-Center Senior Boys Basketball Championship by downing Windsor Terrace Recreation Center, 50-42.

The game was a see-saw battle until the last two and a half minutes. Then the Cavaliers' Roger Street hit on three straight jump shots to put the game on ice for the champs with 1:18 on the clock. He was also high point man for the game with 20 points. In addition to the play of Street, Tom Hartranft and Bill Castle played vital roles in the victory.

The Cavaliers had previously defeated Beatty (66-54), Schiller (57-56), and Linden (70-56) in the tourney before meeting Windsor Terrace in the championship game.

Troop members in the eighth and ninth grade at Hilltonia Junior High School have been on a tour of city hall and its environs. Their guide was Bruce Jenkins. They also met Mayor Westlake and other members of his staff. In addition they met some cameramen, visited council chambers, and sat through a session of criminal court, visited the Fire Prevention Bureau and the Communications Section of the Fire Dept.

February was spent preparing for the Hazelwood Neighborhood Juliette Low program. Cecelia Gentry, Karen Predmore and Toni Warren, who are also members of the Council Birthday Years Chorus.

Darlene Shank, Troop 206, assisted the troop members with their program by portraying Juliette Low as a young girl.

Troop members Karen Predmore and Toni Warren received high ranking Dolly Derby ribbons.

In February troop members made Oricami (Japanese paper folding) greeting cards for inmates of Cloverleaf Cottage I at Columbus State School. In addition members of the Senior Patrol provided homemade fudge, and prepared candy favors.

Eighth Grade Mixer

During March, Barbara Thomas and Tini Warren, members of the senior patrol, served on the foods committee for the eighth grade mixer held at Boulevard Presbyterian Church on the 9. Accompanied by Mrs. David Spangler, a troop committee member, members of the eighth grade patrol participated as guests. There were many new experiences for ninth graders, computing for, ordering and selling milk to a group of people, for eighth graders, being exposed to over 200 Senior Scouts and prospective ones from a city-wide area.

During the Lazarus Birthday Party on Mar. 11, ten ninth grade senior members received from their leaders the Curved Bar Award. They were, Betty Bell, Karen Born, Rita Breckenridge, Patricia Carter, Cecilia Gentry, Leah Smith, Barbara Thomas, Toni Warren, Esther Willis, and Janet Wright. The girls passed their interview test last October given by Mrs Wood J. Myers, to receive this high award and recognition.

The following eighth grade members served as usherettes at this party; Mary Ann Flowers, Janet Hangor, Lorraine Link, Judith Maggiore, Karen Predmore, Sandra Rotola, and Gal. 2 Girl District Diary DP Beth Spangler. Assisting the girls was Mrs. Norman Predmore, troop committee member.

On Girl Scout Sunday, Mar 12, members of the troop were guests of Betty Smith and Pastor Witherspoon at the Church of the Saviour on W. Broad-t. The Girl Scout story was narrated by members of the troop.

During the worship service, troop members held a candlelight Scout's Own Ceremony, during which renewal was made of the pledge to keep the Girl Scout promise and laws. The leaders, Mrs. Campbell Warren and Mrs. Raymond Born and two parents, Mr. and Mrs. Norman Predmore, shared the service with the girls.

On Girl Scout Monday, three of the newest members of the troop, Beth Spangler, Mary Ann Flowers, and Lorraine Link (transferred from Troop 1114) worked with the leader to arrange a display in Hilltonia Library. The display included exhibits on Origami, Dolly Derby, Tin Can Crafts, Birthday Years and old Girl Scout books. This is the third year the library has shared space with troop members for telling the Girl Scout story.

Immediate plans include continuance of work on the five-point program for ninth graders and completion of first class and Curved Bar rank for some eighth grade members.

"King Of The Muskies" Takes Last Long Troll

A common sight each summer for the past 30 years or more up on the French River in Canada, was Columbusite Roy Wolfe as he guided his outboard driven open boat around mile after mile of shore line trolling for muskies.

Roy started his quest of this greatest of fresh water game fish back when he hired Indians to help him set up camp on an island in White Pine Bay many years ago. Since that time he has had a cottage on the French and had become perhaps the best known fisherman in those parts.

His fame as a muskie fisherman is attested by the fact that his scoreboard tallied over 100. No season was complete without several more added to the score. And if they were hitting at all you could well know that Roy would get his share.

Over a year ago Roy suffered a severe stroke at his French River cottage. Last fall he was brought to a Columbus Hospital, and this past week, he died.

Those who knew Roy Wolfe will hope that he is trolling along in that great beyond. It would have been his idea of heaven.

Apologies To L.A.

Melba Powell, who some 20 years ago, was my good gal Friday, dropped in this week just to remind me that she and other people of Los Angeles just didn't care at all for what I said in this column about their great metropolis some two years ago. And so publicly I offer my apology. But I still cast my vote for the more wide open spaces in Ohio!

Things Look Brighter

An upturn in business activity provides the best news we have had for many weeks. Pessimism that prevailed around the first of the year seems to be melting as warm rays of sunshine make our day to day lives a little brighter too.

More and more families have warmed up to the idea of going ahead with plans for remodeling, improvements and necessary purchases.

Which is proof again that one of our most dreaded diseases is the calamity howler.

Valleyview Gas Contract Dispute Still Not Settled

Valleyview is no closer to settling its gas rate dispute even after a representative from the Ohio Fuel Gas Company met with the mayor and council, as well as 40 irate citizens Monday night.

Mayor Norris Boothe said that he was very pleased by the turnout of taxpayers because it "gives them some idea of the pressure that the gas company is putting on us."

A question and answer session became so chaotic that it halted and the gas company spokesman was asked to return when council holds its next regular session in May.

In the meantime Boothe assures that, "we'll just keep on stalling." He adds that, "they (the gas company) will probably get their way in the end but in the meantime we'll still be able to keep on paying the rate we are now."

Most of the questions that came from the spectators gallery were phrased differently but they all queried on the same topic, "Why does Valleyview have an initial rate that it $1.40 higher than that in Columbus?"

The spokesman replied that Columbus was able to negotiate a better contract because of the amount of commercial usage.

When asked if Boothe had considered hiring outside help in the negotiations he replied that he would like to but hastened to point out, "we haven't got the money it takes to hire that kind of a man."

Boothe said that he does not expect much help from the Public Utilities Commission.

"We tried them four years ago," said Boothe. "At that time they seemed more interested in the gas company than the village."

The gas company has not set a deadline on when the contract must be signed according to Boothe but he said that the company has hinted that if Valleyview does not settle, an even higher rate may result if the case is taken to court.

The contract the company is seeking calls for a one and one-half cent increase per 1000 cubic feet the first two years and another cent and a half like the next two years.

Modernized Bible Fast Gaining Favor In Churches Here

By Taylor Gress

A quick look at local opinion reveals that Columbus Protestant clergy leaders are almost without exception in favor of the new English Revised version of the Holy Bible.

Comments were varied within certain limits, but all apparently expect to use the new Bible in their churches in one way or another. There were many who said they even found the new translation more acceptable than the Revised Standard Version published in 1952.

And, according to Mildred Smith, owner of a downtown book and gift store, the new Bible has been sold out here for a week and the publishing company is over 100,000 orders behind. She states that she has sold the new translation to members of every religious group she can think of, and that more orders are coming in.

There has been mention nationally of some opposition to the English version because it might be "undermining people's confidence in the Bible they have always known." This statement was made by an Ohio Baptist minister, but his words apparently are not supported locally.

Rev. John W. Moody, Vicar of St Edward's Episcopal Church expressed the feeling of local clergy when he said he saw the ERV as a language breakthrough in the history of the presentation of the Christian Gospel. Dr. Joseph Shellhaas of Glenwood Methodist Church echoed the Vicar in his own words. He feels that the new version "speaks to our times in our language."

These sentiments were similar to those voiced by Dr. Floyd Faust of the Broad Street Christian Church, Rev. Paul Kaefer of St. Paul's Evangelical and Reformed, Rev. Irvin Lane, president of the West Side Ministerium, Rev. Harold Dutt of Westgate Evangelical United Brethren, Dr. G. Weir Hartman, executive director of the Columbus Area Council of Churches, and others.

There was also definite expression of the feeling that the King James or 'Authorized Version,' definitely would not be replaced, but that the REV would come into equal use because of its clarity and simplicity.

The English version is not an adaption of the King James, as was the RSV, but is a new translation from the original Greek.

'Can Reach More People'

It was also felt that many new people would be reached by the simpler wording, and that it would become much more of a home Bible, to be read by children particularly. Most of the ministers interviewed had already used their new copies, and were very enthusiastic.

Critics of the church have for a long time maintained that the 'garble' of the Holy Bible was quite impossible to make sense of, and in fact, proclaimed it to be a hopeless semantic mire. The new Revised English Version may perhaps be the very "thorn in the side" of such skeptics that Christian scholars have long sought. It is at least, a provocative sharpening of the 'Sword.'

'Cleaner Columbus' Drive Is Launched

Now it's official:

Mayor W. Ralston Westlake has proclaimed the week of Apr. 17 through Apr. 22 as "Cleaner Columbus Week." In making the announcement, the mayor expressed the hope that every citizen and organization would get behind this all-out effort to make Columbus a cleaner, healthier city in which to live.

Local action in the campaign already is well under way. A community meeting was being called this week to launch a demonstration cleanup project in the West Side. Interviews have been made with 98 families in an area bounded by Gay-st, the Pennsylvania Railroad, Hartford-av and Meek-av, and most have indicated they are willing to start the campaign which local leaders hope will spread throughout the West Side.

A meeting was scheduled for Tuesday night in space provided by Howard Holt of Humes' Trucking Co., 100 Jones-av. The plan was to be outlined thoroughly and committees appointed.

Information sessions have been held before the Hilltop Community Council and the Hilltop Business Association and both groups have pledged full support to the cleanup drive.

An all-out effort will be made when the city schedules a special fleet of trucks to West Columbus, probably sometime in May or early June. Meanwhile, special pickup of heavy rubbish can be arranged now by calling CA. 1-2211, Ext. 328.

Said Mayor Westlake:

"The only way to get the job done is for each of us to take stock and make our part of the city . . . where we work as well as at home . . . cleaner and brighter. Everyone, young and old alike, can make a definite contribution."

As he signed the official proclamation the mayor said that he felt the campaign slogan, "For A Cleaner Columbus . . . Join Chris' Broom and Bucket Brigade," was especially appropriate to the problem and the need for everyone to take part.

Committee Commended

"Ben Collins and his committee are to be commended for their outstanding contribution to the welfare of Columbus," the mayor declared. "It's only through people like these, with a high sense of civic responsibility and a willingness to devote time and effort, that our city grows steadily in reputation among the great cities of this nation."

Mayor Westlake also pointed out that the "Cleaner Columbus" campaign afforded great opportunity for the city's active civic and service organizations to make a positive contribution through their leadership and personal efforts.

The "Cleaner Columbus Week" Committee, appointed by Council President William M. Hicks, consists of:

Chairman Ben Collins, district manager, White Castle systems; Fritz Bauman, contractor; Del Bodey, Linden News; Charles H. Campbell, Hilltop Businessmen's Association; Harold Carlisle, Columbus Dispatch; Joseph Davis, Jr., Davis' Department Store; Golda May Edmonston, councilwoman; Frank Fetch, South Side German Village; Stewart Gandolf, Gandolf Ford; William P. Hoermle, councilman; Rand P. Hollenback, Clintonville Booster, Mitch Kehetian, Columbus Citizen-Journal; Harold Kayne, Columbus Home Builders; Frederick H. Kelley, realtor; Tom Kohr, Columbus Realtors; Raylan Reid, attorney; Bernard Schottenstein, Steelton Furniture; Robert H. Smith, councilman; Jerry Spears, Jerry Spears Company; and Arch J. Warren, city treasurer.

Son Released By Cubans, Mother Told

Mrs. Geraldine Thompson, 2755 Eakin-rd, received the heartening news late Tuesday that her son and a friend have reached Miami after being detained in a Cuban prison since Mar. 24.

The son, Don Swenson, 26, of Fremont, Mich., and Linden S. Blue, 24, Denver, were released primarily through the efforts of the Canadian government, Mrs. Thompson said.

Swenson and Blue were downed while flying over Cuba on a business trip last Mar. 24. Swenson is a foreign sales representative for the Gerber Products Company and was on his way to a banana plantation in Nicaragua, which belongs to Blue, when their plane was forced down by Cuban fighter planes.

Pilot Dogs Land Swap Proposed

At a meeting of the City Council Monday, Mar. 27, Columbus Recreation Director N. J. Barack asked for and received exemption from the city's prohibition of dog kennels for six acres of Columbus land.

The request involves a proposed trade of six acres of land south of Stimmel-rd, and east of the Southwest Freeway which Pilot Dogs, Inc., purchased nearly two years ago in exchange for six acres of city land north of Stimmel-rd, and west of the Southwest Freeway.

Pilot Dogs originally purchased the land for a guide dog training center. Now, however, the city wants the land in order to extend Southview Park, and no longer needs the old six acres which was originally part of the park.

A trade seemed to be the logical solution, except for one thing—the city's prohibition on kennels within city limits.

Last week this special plot was exempted from the prohibition Barack will now ask council to approve the trade and, if granted, Pilot Dogs will have their new training grounds.

Boy's Condition Is Still Critical At Mt. Carmel

As the result of an accident at the Sandusky Expressway and W. Broad-st; Mar. 30, Gary Hoover, 14 N. Grant-av, is still in critical condition at Mt. Carmel Hospital.

According to police, the boy ran in front of a car driven by Willis L. Kelley, of 4096 Johnstown-rd. Kelley was not given a citation. The accident occurred at an intersection which is presently the center of a controversy in city council.

Cancer Society Needs More Help For April Crusade

Three of the Hilltop wards have leadership for the Cancer Crusade, Apr. 25, while the fourth is being sought, Dr. Charles A. Doan, Crusade chairman, has reported.

Dr. Doan's appointment as chairman was announced by Dr. William B. Schwartz, the Society's local unit president. Dr. Schwartz stated, "We are indeed fortunate to have one of the world's leading cancer researchers become the leader in this great battle to erase cancer."

Dr. Doan accepted by saying, "The Cancer Crusade is unfinished business. We have made many medical triumphs in the past generation and anything which remains unsolved is unfinished business.

"I know the people of our country do not like to leave a job unfinished and that is why I am confident that this will be a successful crusade. I have found that those who are truly interested in their fellow man regard it as a distinct privilege to aid in such causes.

"This becomes apparent when you realize the ease with which we find people ready to take active parts in a Cancer Crusade. The three we have on the Hilltop now are working hard. I am certain that we will find a leader for the 23rd ward soon, and then we will be off and running," Dr. Doan asserted.

Heading the residential phase of the Cancer Crusade in the 10th ward is Mrs. Goldie Horton, of 629 Woodbury-av; chairman for the 11th ward will be Mrs. H. E. Weirick, 262 Brighard; and heading the 21st ward will be Mrs. Roger Williams, 2377 Kreber-av.

Each of these Cancer Crusade volunteers will be needing a lot of help, according to A. M. "Mack" Pemberton, the City Chairman for the Crusade. Pemberton is principal of Hilltonia Junior High School and serves on the Franklin County Unit's board of directors.

Pemberton explained, "Mrs. Horton will need 250 volunteers to cover her ward; Mrs. Weirick will have 323 volunteers, and Mrs. Williams needs 220.

"Those on the Hilltop who are eager to help find an answer to cancer might well telephone the ward leaders and offer their services," Pemberton said.

FRANKLIN VILLAGE'S 10th BIRTHDAY OBSERVANCE STARTS THIS WEEK

'Celebration' Will Be 'Awareness Campaign'

Franklin Village county welfare home for children, will begin commemorating its 10th anniversary this week.

The actual birthday dates are Oct. 20 and 21, but program director Don Dodsworth said that the welfare board will "celebrate" for the next seven months with an extensive "inform the people" campaign.

It will be a three-point program as outlined by the 10th Anniversary Committee.

1) — A promotion that will make the people of Franklin County aware of Franklin Village and its programs.

2) — An attempt to show the people of the county that they can be proud of what has been accomplished at the Village in the past 10 years and, inform them of what they can expect in the future.

3) — Selling the idea that keeping children in their own homes is the prime objective of the Child Welfare program.

Dodsworth explained in summarizing the aims, that, "we are trying to get as many organizations as is possible to devote some of their time to an understanding of child welfare."

Dodsworth said that the Village is offering films, discussions or speeches in this endeavor. Those interested can contact him at the Village, 1951 Gantz-rd, or by calling BR. 6-3541.

The Anniversary Committee is comprised of 16 members presently and more are expected to be added.

The group, embracing leaders from business, civic organizations and the church, has held three meetings to formulate plans for the Village's birthday.

Among topics agreed upon or discussed so far are:

Preparation of a letterhead depicting "Chris Columbus" as the central figure.

The body of a form letter that will be sent to many civic, church and social organizations announcing the birthday and what the clubs can do to help in the celebration.

A banquet which will have 200 to 300 of the area's more prominent and active citizens on the invitation list.

One party of 20 old-time Hilltoppers is convening at Hoge for dinner and a get-together.

Facilities of the church will accommodate an almost unlimited number of diners. A hospitality table will serve hot coffee and biscuits to those waiting to join friends.

Half-chickens, barbecued at the huge, open-pits in the parking lot by experts in the art from the Ohio Poultry Association, will be rushed piping hot to the church kitchens.

They will be served accompanied by scalloped potatoes, coleslaw, hot biscuits with butter and jelly, and beverage.

Reservations should be made by Thursday night with any member of the church's Youth Fellowship, sponsoring group of the affair, or at the church office, BR. 4-3728. Tickets will be delivered on request.

Adult tickets are $1.50 and children's portions are priced at $1. A "moppets' special "for the tiny tots, priced at 50 cents, will include a sack lunch to be eaten picnic-style, under adult supervision in an adjoining room. They will also be entertained while they are eating.

Proceeds of the dinner will be used by the fellowship for their year's program expenses and for contributions to the church.

Profits will also be used this year to finance a two-weeks' bus tour for the fellowship to either the southwest or the Atlantic coast. Members will visit churches, schools and missions, sleeping in church dormitories and camps.

FRANKLIN VILLAGE'S 10th BIRTHDAY OBSERVANCE STARTS THIS WEEK

'Celebration' Will Be 'Awareness Campaign'

Franklin Village county welfare home for children, will begin commemorating its 10th anniversary this week.

The actual birthday dates are Oct. 20 and 21, but program director Don Dodsworth said that the welfare board will "celebrate" for the next seven months with an extensive "inform the people" campaign.

It will be a three-point program as outlined by the 10th Anniversary Committee:

1) — A promotion that will make the people of Franklin County aware of Franklin Village and its programs.

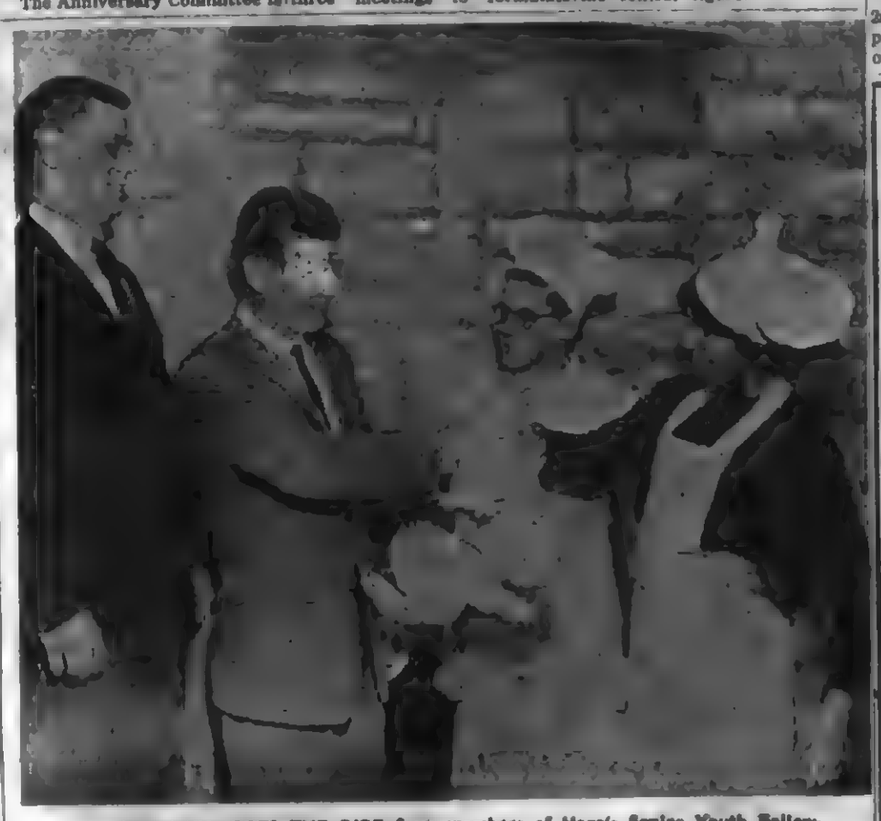
2) — An attempt to show the people of the county that they can be proud of what has been accomplished at the Village in the past 10 years and inform them of what they can expect in the future.

3) — Selling the idea that keeping children in their own homes is the prime objective of the Child Welfare program.

Dodsworth explained in summarizing the aims, that, "we are trying to get as many organizations as is possible to devote some of their time to an understanding of child welfare."

Dodsworth said that the Village is offering films, discussions or speeches in this endeavor. Those interested can contact him at the Village, 1951 Gantz-rd, or by calling HE. 6-3541.

The Anniversary Committee is comprised of 16 members presently and more are expected to be added.



The group, embracing leaders from business, civic organizations and the church, has held three meetings to formulate plans for the Village's birthday.

Among topics agreed upon or discussed so far are:

Preparation of a letterhead depicting "Chris Columbus" as the central figure.

The body of a form letter that will be sent to many civic church and social organizations announcing the birthday and what the clubs can do to help in the celebration.

A banquet which will have 200 to 300 of the area's more prominent and active citizens on the invitation list.

FREACHER GETS THE BIRD from members of Hoge's Senior Youth Fellowship, sponsors of the gigantic pit-barbecued chicken dinner planned at the church this Saturday. Nearly 500 reservations have already been received for the affair, and church facilities can accommodate many more. From left are David McKnight, youth director of Hoge; Rev. Calvin W. Didier, minister of the church, and fellowship members, Robert Nash, 626 Crescent-rd, and Kendra Dickerson, 3120 W. Broad-st. Dinner reservations should be made by Thursday evening.

Southwest Well Represented In Upcoming Scout-O-Rama

Fourteen Scouting units from the Southwest District will have displays at the mammoth Central Ohio Scout-O-Rama, which opens at 1 p.m. Saturday, Apr. 22 in the Buckeye Building, Ohio State Fairgrounds.

Among the principal features of the show will be an expanded outdoor midway, a performance by the National Greek Dancers on Saturday evening and appearances of the Hayloftors on both Saturday and Sunday afternoon.

Following is a list of local units and their leaders in Scout-O-Rama: Pack 33—Columbia Hts. Methodist, John Buchanan, cubmaster; Pack 56—Hoge Memorial Presbyterian, George Dyer; Pack 86—Westgate Methodist, Tom Patterson; Pack 436—St. Agnes School, Oscar Shelhart; Pack 186—Grove City Presbyterian, Joe Rockhold.

Troop 56—St. Paul's Evangel., Orval Longerbone, Scoutmaster; Troop 172—Hoge Memorial, John Birle; Troop 186—St. John's Lutheran, Eugene Long; Troop 223 — Bethlehem Lutheran, Jack Buckingham; Troop 250—St. Agnes School, John Condon; Troop 273—Optimist Club of W. Col., Glen Moerch; Troop 357—Hilltonia E.U.B., Sheldon Hatner; Troop 530—St. Aloysious, Jack Maurey; Troop 411—St. Timothy Lutheran, George Elvins.

Catholic Church Laymen Lecture Series Planned

A series of six lectures on the Catholic Church is being presented, beginning at 8 p.m. Tuesday, Apr. 14, at St. Patrick Church, Naghten-st, at Grant-av.

Annual theology for the laymen spring lecture series is conducted by the Dominican Fathers and sponsored by the Third Order of St. Dominic.

Theme of the lectures will be "The True Church."

Schedule of speakers is: Apr. 4, Fr. Adrian Wade, O.P.; Apr. 11, Fr. George Maley; Apr. 18, Fr. Thomas Maher, O.P.

Apr. 25, Fr. William Tancrell, O.P.; May 2, Fr. Adrian Wade, O.P., and May 9, Fr. George Maley, O.P.

Tickets will be available at the door.

The only exercise a lot of people get is jumping to conclusions, running down friends, sidestepping responsibility and pushing their luck.

Barbecue Set Saturday At Hoge Presbyterian

Chicken barbecue dinner, planned at Hoge Memorial Presbyterian Church, 2930 W. Broad-st, Saturday, Apr. 8, 5 to 8 p.m., will also be the community's social get-together of the season, judging from reservations.

Parties galore have been arranged for the dinner—a birthday celebration complete with cake, and tables reserved by clubs and groups of friends.

One party of 20 old-time Hilltoppers is convening at Hoge for dinner and a get-together.

Facilities of the church will accommodate an almost unlimited number of diners. A hospitality table will serve hot coffee and biscuits to those waiting to join friends.

Half-chickens, barbecued at the huge, open-pits in the parking lot by experts in the art from the Ohio Poultry Association, will be rushed piping hot to the church kitchens.

They will be served accompanied by scalloped potatoes, coleslaw, hot biscuits with butter and jelly, and beverage.

Reservations should be made by Thursday night with any member of the church's Youth Fellowship, sponsoring group of the affair, or at the church office, BR. 4-3728. Tickets will be delivered on request.

Adult tickets are $1.50 and children's portions are priced at $1. A "moppets' special "for the tiny tots, priced at 50 cents, will include a snack lunch to be eaten picnic-style, under adult supervision in an adjoining room. They will also be entertained while they are eating.

Proceeds of the dinner will be used by the fellowship for their year's program expenses and for contributions to the church.

Profits will also be used this year to finance a two-weeks' bus tour for the fellowship to either the southwest or the Atlantic coast. Members will visit churches, schools and missions, sleeping in church dormitories and camps.

URGENT BUSINESS AT HAND

The American Cancer Society, which this month is conducting its annual education and fund raising Crusade is made up of all kinds of people — people with a great desire to serve their fellow man and rid civilization of the profound tragedy cancer is.

It is doctors in their offices trying to detect cancer early, when it is most curable. It is scientists in their laboratories seeking new cures and possible means of prevention. It is dedicated volunteers manning detection centers, providing comfort and service to cancer patients.

It is also more than just people. It is great corporations, businesses and institutions cooperating in the effort to save lives today and in the search for the eventual conquest of cancer.

The American Cancer Society is an organization driven by a sense of urgency. It is reported that there are more than 1,000,000 Americans alive today who have been cured of cancer. This would have been thought impossible a few decades ago. But 45,000,000 Americans now alive will die of cancer if greater advances are not made. The American Cancer Society wants to see these lives saved, cancer conquered and then go out of business.

Indeed, the Society belongs to the people — to anyone who wants to join the struggle to destroy the disease that brings so much hardship and tragedy to so many families.

Make it your organization. Do it by having a health checkup to guard your own health. Do it by offering your services as a volunteer. Do it by making a contribution to the annual Crusade which will mean more research, more life-saving education and more service to stricken patients.

LETTERS TO THE EDITOR:

Two Reject Woman's Ideas On Unemployment Remedy

To the Editor:

In regard to the letter about unemployment by Mrs. Denzel, West Pataskala:

Would anyone think that the army could take all the common laborers and teach them all a skilled trade? It would be nice, but who would mix mortar for brick layers? Who would carry lumber for the carpenters? Who would bring the material for the electricians? In factories, who would keep the place clean and also bring parts for operators to work with? Who would cut your grass? A skilled grass cutter? Who would dig the ditch for your sewer?

I could go on for about two days asking you who would perform these duties if everyone was a skilled man on the job.

Also, this wouldn't be a free country if people were made to do things they don't want to do. That would be dictatorship.

Also, if you quit a job or get fired, or won't work at a job, you're ineligible for unemployment compensation.

You say two weeks of unemployment compensation is enough. I don't know about you, but I do know that I myself lost two months' work this winter, or more, but I can't draw unemployment compensation as I work for myself. I've seen times I've looked for jobs of any kind and couldn't find work.

I don't know whether Mrs. West works or not, but it's easy for a woman to say these things as long as they don't pertain to her.

I'm a block mason. I've used a lot of laborers in my time. If this would come to pass, the home you live in would cost twice as much. Prices on everything would be double.

Just expressing myself.

To the Editor:

I would like to inform Mrs. Denzel West of Pataskala of some facts about unemployment insurance also.

First, it is an insurance, paid into by all the employers—not money paid by taxpayers.

Second, you cannot collect if you quit your job or if you are fired. The reason for collecting is lack of work at your place of business.

She mentions that unskilled workers are mostly the ones on unemployment compensation. People from all walks of life, skilled and unskilled, are being laid off because of cutbacks in production.

It was sort of comical, suggesting that men should be taken into the armed forces so they will learn a trade. Check at the unemployment office and she will see how many veterans and ex-service men are applying for and receiving unemployment insurance also.

I have two nephews who were in the service. They learned a trade after they were discharged. Something to do with the G.I. bill. They went to the university to learn this trade.

The armed forces' main duty is to keep men for warfare in case of attack on our country or in case war is declared.

I just wanted to, let Mrs. West, and any others who think this way, know that the unemployed are not a lot of ignorant bums but are temporarily laid off due to a nationwide work shortage, or recession, as it is called.

These facts can be checked at the Bureau of Unemployment on Cleveland-av.

LETTER TO THE EDITOR:

Deplores Lack Of Proper Housing For Senior Citizens

To The Editor:

Remembering the "bleeding hearts" who bled all over the convention halls of both major political parties on housing and care of our senior citizens, we wonder what became of the "new horizon" for them?

Having examined new and old housing from the Gulf of Mexico to the Canadian border, we find that up to now, nothing has been done to fill the housing need of these senior citizens.

Millions of us live in houses that are killing us off, trying to keep them in decent shape, houses that we raised families in, but houses that are killers for two old persons to care for.

But when we go out to look for a small one-floor plan, that we could afford to purchase, here is what we find: Due to government laws that permit the sale of new homes, for nothing down, we can't sell the old home. Our government has made it impossible, unless you want to give it away, to sell it for nothing down and the rest when you catch them.

Then, if you are lucky and do find a buyer with money, you can't find a home suited to a senior citizen. The building trades have a set plan, that outlaws the senior citizen and they cater to only the young who believe a lifetime debt is the fashionable way to live. So, they buy a new home, with all the gingerbread that can be crowded in to it, built-in everything, inside and out, and when they default on their payments, the agent sells it to the next one who comes along. And so it goes 'till someone finally pays off the debt, after the place is so old that it is slum-property.

What does the senior citizen need? Just a good substantial small, one-floor home, no gimmicks and gadgets such as two baths, three or more bedrooms and all the built-ins. In short, just build them a home, let them equip it as they please.

Just put in a good furnace and an automatic gas hot water heater, two bedrooms, plenty of closet space, a good garage and utility room and forget the gadgets that now cost more than the house should cost.

In short, build them what they want, not what you want to build and forget about your cut from the gimmick and gadget dealers. But, above all start, honest advertisement, of actual costs, of the finished product—advertise the total cost of a finished home, not of a skeleton framework.

Food Market This Week

by ESTELLE B. FRANKS

Fruits—Grapefruit, juice oranges, pineapple, bananas, canned apricots and peaches.

Vegetables—Cabbage, potatoes, lettuce, celery, spinach.

Protein Foods—Beef chucks and round, pork loin cuts, fryers, large eggs, turkey, frozen ocean perch.

APRIL FOODS GIVE PICK UP TO MENUS

After a whiff of balmy spring air—all of us seek some really fresh sprightly food. Two vegetables we are always glad to welcome back are local greenhouse tomatoes and asparagus.

A few greenhouse tomatoes are on the market now at first-of-the-season prices and supplies will increase substantially during the the next few weeks. Warm, sunny weather and asparagus come together. California will continue to be the main source until then. If we have enough sunshine, local producers will start harvesting this month, although the peak of asparagus production comes in May.

April will also bring somewhat larger supplies of snap beans, broccoli, beets, cucumbers, sweet corn, and all of the cooking Greens. Other items to keep on your shopping list are: cabbage, lettuce, celery, endive, escarole, onions and potatoes. Prices are slightly higher on both western and Texas carrots, keeping them well above a year ago.

Fruits—Strawberry time is on the way. Berries are being shipped from several areas now, including Florida, Texas, Louisiana and California. Prices vary a great deal, but are generally quite reasonable for early season. Quality varies, too, so check carefully. Pineapple supplies from Puerto Rico and Mexico are increasing, with prices under a year ago.

Banana supplies should increase slightly during April and quality is expected to be very good. Grapefruit supplies remain large and reasonably priced. Western Valencia oranges came to market a month early this year and should help to keep the price of all juice oranges from going higher. California navels will continue to be scarce and high priced.

Meats—About five per cent more beef than a year ago is the estimate of the American Meat Institute, and much of this beef will be the roasting and broiling type.

If your family enjoys lamb you'll be pleased with the abundance of high-quality lamb coming to market. Pork and veal supplies will not change appreciably from the last month or so. Bacon, sausage and other processed meats will be in good supply.

Other bountiful for main dishes will be eggs and broiler-fryer chickens and turkeys. Egg prices are expected to continue downward as hens increase their lay rate in the next few weeks.

FOOT NOTES by Harry Graham

SPRING FEET

It is a fact that feet act up in the spring. Old-timers used to say that it was a result of the frost coming out of the ground. Whatever it is, there is some change takes place in the body that makes feet hurt more in the first few warm weeks of spring than at any other time. I imagine it's partly due to the fact that during the winter we are cooped up most of the time and we don't get much exercise. Then with a few warm days we stir around, get out and walk and become active, with the result that our muscles are over-taxed and we experience some aches and pains. To warm days make feet swell slightly and shoes fitted for winter wear are apt to become just a little snug. If you buy new shoes in the next few weeks, remember that they are going to be worn during warmer weather than we are having now, so anticipate that and get them just a bit loose. I think it is an excellent idea to buy shoes at this time of the year, for two reasons. First because stocks are complete and you get a better selection, and then because shoes bought now will be well broken in and ready for hot weather.

Mary Cramer, John Haffner Repeat Vows In Ceremony Held At Westgate EUB Church

MRS. JOHN MICHAEL HAFFNER

Westgate Evangelical United Brethren Church was the scene of the wedding of Miss Mary Jo Cramer, 570 Wiltshire-rd and Mr. John Michael Haffner of Portsmouth.

Rev. Harold P. Dutt read the double ring ceremony Mar. 17, 7:30 p.m. before a candle-lit altar decorated with greenery and all white flowers.

The new Mrs. Haffner is the daughter of Mr. and Mrs. Harold Cramer and the bridegroom's parents are Mr. and Mrs. John M. Haffner.

The bridal gown of chantilly lace and silk organza was designed with pointed basque bodice featuring a jeweled bateau neckline, and long sleeves tapering to points over the hands. Chantilly lace trimmed the two-tier ruffle back and rose-caught front of the organza bouffant skirt. The skirt ended in a chapel train.

A Swedish crown of pearls held her fingertip veil of illusion and she carried white carnations centered with a white orchid.

Miss June Johnson served as maid of honor and Miss Diane Tippet and Miss Diane Haffner, sister of the bridegroom, were bridesmaids.

Attendants wore emerald green organza gowns with fitted bodices, brief sleeves, crescent necklines and bow-trimmed skirts.

They wore matching bows with circular veils and carried cascading arrangements of white chrysanthemum daisies with green centers and white ribbons.

Mr. Jack Haffner served as best man for his brother and ushers were Mr. James Holley and Mr. William Crothers.

A reception at the church followed the ceremony. Hostesses were the bride's two sisters, Mrs. Wilbur Ehlers, Jr., and Mrs. Robert Cromwell of Cleveland; Miss Judy Gill and Mrs. Wilson Fleming.

The bride attended Ohio State University and is associated with the Ohio Fuel Gas Co. She is a member of Beta Sigma Phi.

Buckeye Lake Has Trophy Sized Bass

INSIDE ON THE **Outdoors** By ROD COCHRAN

Fishin' Phil McGinnis, 640 S. 18th-st, has started the year off right. On his third cast of the season he took a seven-pound, six-ounce bass at Buckeye Lake last week. He caught the big fish at the entrance to Maple Swamp, on an artificial lure of his own design.

"Buckeye Lake is the place to go in this part of the state if you want huge bass," McGinnis says. "I catch hundreds of bass in a year's time above the Griggs and O'Shaughnessy dams, but none have weighed more than three pounds. At Buckeye the catch is not as large, but there will be some trophy-sized fish."

Here then, is a tip from an expert fisherman—a member of the breed that is supposed to be tight-lipped and secretive about their fishing locations. It happens that McGinnis is just the opposit, and he will tell you where and when he makes all his catches. You don't have to ask the bait he used, for it's always the same home made plug.

Buckeye Lake is easy to fish, for there are plenty of boat rental docks that are always sources of information. On weekends there will be a lot of fishermen afloat from now on, and you can get advice and directions from them.

Trolling Is Popular

Good spots for large bass are Maple Swamp, Little Buckeye and Cranberry Island. One unusual fact about Buckeye fishing is that trolling for bass seems to be more popular than on other Ohio waters. Most of the bass fishermen who produce consistently, however, cast artificial lures near shoreline cover.

Fishing from a boat this time of year is not comfortable fishing, for usually the wind is chilly and the prospects for spring showers good. Also, you must fish slowly and patiently and this does not improve your circulation. Even though the sun may be out, dress warmly for a fishing excursion.

Lure "Nothing Special"

Getting back to McGinnis' special plug, it does not look like a fish-getter. The body is oblong and it wriggles in the water, is about all you can say to describe it. McGinnis says it imitates a crayfish. It looks something like a crayfish, and most of them are painted brown. He paints some a few other colors, but claims the brown ones catch as many fish as anything else.

Artificial lure companies would go out of business if everyone thought as Phil McGinnis. His main theory seems to be to fish with most any old plug, just keep it in the water.

He practices what he preaches, for many of his fishing days last 12 hours — some longer. Lunch is only a hasty sandwich eaten in the boat. It makes no difference if a chilly spring rain is falling in March or a 100-degree sun is cooking him in July, he fishes all day long. "Sometime during that period fish will feed," he explains, "and when they do I'll be there."

SOUTHWEST DISTRICT

BR. 9-1982

Camporee Planners Named

The Southwest District Spring Camporee, to be held May 5, 6, 7, at Scioto Trails State Park, is being planned by a fine committee of vocal volunteer leaders. Chairman is Roger Chrisman, district camping and activities chairman. In charge of physical layout is Evan Morgan; Bob Dings will be boss of inspections and Joe Hutt handles the program.

To Help With Science Lab

Troop 383, Westminster United Presbyterian Church, is cooperating with the South-Western City School District in setting up an outdoors science laboratory. The scouts will build trails, set up signs along a nature trail, and help with projects in general. The scene of the science lab will be the woods behind Prairie-Lincoln School in Lincoln Village.

G. L. Kingsmore, principal of Alton-Hall School, is the head of the committee that is planning the project to be used by all schools in the district.

On Friday, March 31, 24 scouts of Troop 383 visited the Columbus Police Department headquarters. In charge of this affair was Mrs. Robert Donohoe. Apr. 1, six scouts took an eight-mile hike south from Lincoln Village.

Don Zachariah, 362 Darbyhurst-rd, is the scoutmaster of this active group.

Plan Scout-O-Rama Booth

Members of Troop 154, Hilltop Christian Church, are busy with plans for their booth for the 1961 Scout-O-Rama. Their topic is science and chemistry. They will have several permanent displays along with live demonstrations by the boys.

Newly-elected patrol leaders of Troop 154 are Gene Lane, Snake patrol, Danny Arrowsmith assistant; Scott Spencer, Flaming Arrow patrol, assistant, Eugene Gordon. Senior patrol leader is Ronnie Blythe.

The troop has a campout at Camp Lazarus scheduled within the next few weeks.

Patrol Dads Selected

Each patrol of Troop 79, Burgess Avenue EUB Church, has a Patrol Dad who helps with each patrol when on campouts. He helps get transportation and supervision for campouts and also organizes work hours for such projects as the repairing or building of patrol trail kitchens.

For the Panther Patrol, Al Stephens is patrol dad; for Quail Patrol, Robert Basil is dad. Leonard Weaney is patrol dad for the Eagle Patrol and for Rattlesnake Patrol, Ray Davies.

Two Children Hurt By Autos

Two West Side children were in Children's Hospital today with injuries from clashes with two different autos.

Struck by a speeder, according to police, was Vesper Fearing, 5, son of Mr. and Mrs. William Blankenship, 416 E. Cherry-dr. He suffered possible internal injuries.

Police cited a Rich-et man for inadequate brakes after he struck Charles Walton, 8, son of Mr. and Mrs. Herman Walton, 1119 Deckebach-rd. The boy was cut and bruised about the head.

Ohio State University's College of Engineering has 5,500 graduates now working in Ohio.

Six Lettermen Lead 48-Man Track Team

Coach Rufe Glass, after hanging out a double-soaked crying towel last season and then having one of the poorest track seasons in recent West High history, is a bit more optimistic this spring.

Most of the 1960 team are returning this spring, but that includes only six lettermen. This sextet includes Jerry Ball, Dwight Newman, Terry Barnett, Dennis Thompson, Burr Miles and Bob Montgomery.

Thompson, a proven distance man, will be strong in this category and will be joined by three other cross-country letter winners, John Richards, Odell Walters and Dan Snyder. Other returning veterans are Jerry Claytor, Jim Brewer, Louis Price, Dennis Carpenter, Paris Martin, Steve Wolfe, Richards, Walters, Ted Fox, Jerry Gronbach, Richard Nelson and Jim Roberts.

Ball, a speedy sprinter, and Newman, are only juniors. As a sophomore, Glass considered Newman to have one of the most natural hurdling strides for any inexperienced hurdler he had seen for a long time.

Miles, another hurdler, has impressed and overjoyed Glass this spring with his increase of speed over last year. Montgomery is a proven weights man and should be even better this spring.

Barnett, another speedster, should better his pole vaulting marks as he is pretty constantly around the 10'6" 11' mark and probably will better these over the spring. His running and vaulting were both hindered in the late stages of the '60 campaign by an arm injury sustained during the Hilltop Relays.

Some of the "bright future" also stems from this year's crop of new sophomores up from the various junior highs. Whereas no Cowboy varsity trackman placed in the City Meet last year, some of these newcomers were winners in the City Junior High competition.

Heading this group is Lew Coles, who took the city junior 440 title. Another West Junior High letter winner up this year is Tom Laff; from Starling is Art Clemmer; and from Hilltonia are Pat Doyle, Brad Brown, Lowell Marx, and Jim Pillsbury. Another all-city junior title holder from last spring, Rich Neely from Hilltonia, is currently out for baseball.

Glass also like the looks of a mixed group of boys that are out for track at West for the first time, from sophomores to seniors and includes Coles, Larry Graves, Laff, Pillsbury, Clemmer, Brown, Doyle and Terry Robinson in the sophomore group, and among the new upperclassmen, Bill Pate, Larry Belcher, Snyder and speedster Ken Bowman.

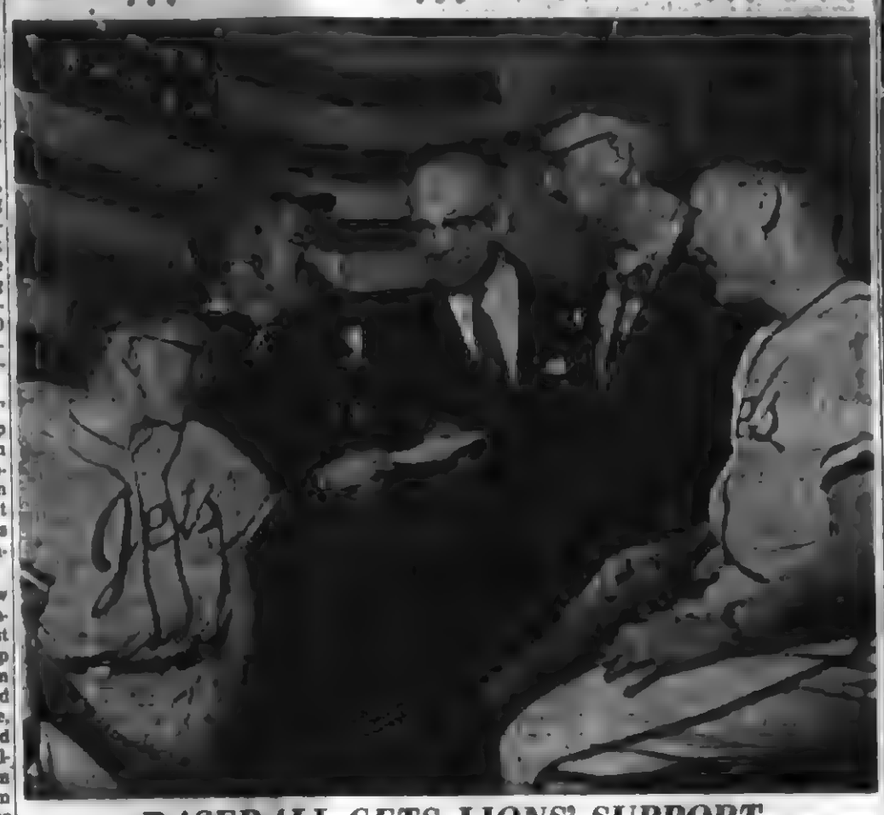
Others comprising this year's West cinder squad are Henry Hunt, Bill Ryan, Jim Pennington, Bill Bell, Dave Angles, Larry Calvert, Don Dixon, Sam Daniels, Jim Jones, Ed Shute, Doug Wilson, Reginald Cummings, Art Smith, Larry Stewart, Bob Zahller, Dave Keeler, and John Slonager for a 48-man squad in all.

Glass lists the managers as Bill Johannes, Bill Lust and George Wood.

Sports of Sorts

Compiled By Bob Wilcox

The leading contenders in the various events read something like this at present. Dashes: Barnett, Coles, Fox, Ball, Brown and Price. Hurdles: Miles, Barnett and Newman. Distance: Thompson, Richards, Walters, Snyder and Bowman. Weights: Montgomery, Carpenter, Doyle and Clemmer. Pole vault: Barnett. High jump: Newman. Broad jump: Coles, Fox. And on 440, Coles, Pate, Graves, Doyle and Laff.



In a couple of his weaker events Glass was hurt by the loss of Jim Roberts (not the one mentioned previously), who, before injuring his knee, which forced him out of athletics last spring, was turning into a top-notch high jumper, as well as posting creditable performances in the broad jump and showing good speed for relay work.

These latter two mentioned events are considered by Glass to be West's weakest events this year. He stresses that the squad possesses no stars or potential city champs at this time but that they do have more speed and depth in many events than in any season since 1957. Glass is also pleased with what he calls the best spirit and squad attitude he's encountered in several years.

The 1961 West High Track Schedule:—April: 11, South-H; 13, Eastmoor-Marion Franklin-H; 18, Central-H; 20, North-T; 22, OSU Relays, OSU Stadium; 24-25, Riverside Relays, Central; 27-28, Upper Arlington-South-H; 29, Huntington-T.

May: 2, East-T; 5, Marion Relays-T; 6, Eastmoor Relays-T; 9, Hilltop Relays-H; 12 Arlington Relays-T; 16, Linden McKinley-H; 19-20, OSU Stadium; 23-24, City meet, Central; 26-

BASEBALL GETS LIONS' SUPPORT

BASEBALL MINDED Hilltop Lions showed their enthusiasm for "America's Favorite Pastime" recently when the club presented a check to the Valley View Jets of the Little League. Ralph Marieth, coach, accepts the check from Van R. Lucas, center, of the Hilltop Lions Club, as Valley View mayor, N. S. Boothe, looks on. Present at the ceremony were Robert Marieth, left, and David Foster, representing the team.

Eight Central Lettermen Will Be Backbone Of 1961 Squad

Central High's head basketball coach, Chuck Koterba, heads into the 1961 season "in what any head baseball mentor might call, "pretty fair shape." He has eight lettermen back from a squad that compiled a 15-5 record last year.

The returning Pirates are headed by co-captains, second sacker Larry Wells, and catcher Charles Rinehart, both seniors. Others are seniors Larry Staten, pitcher and outfield; Claude Thompson, outfield; Jolin Mackie, outfield; and juniors Ron Poling, catcher and outfield; Ray Flanney, shortstop; and Tim Johnson, pitcher.

Koterba's biggest losses from last year's squad were Steve Marion, outfield, Jerry Jaynes, hurler, and Torrey Stiles, third base.

Newcomers of note are sophomores Mike Stevens, first base, and outfielder Ed Manley, and a transfer from Marietta, junior hurler Nick Turrell.

Only 22 of the original 45 that tried out this spring for the Buc baseball squad were named varsity starters.

Normally the term "bounce of the ball" is only theoretical, but to Koterba's 1960 ballclub, it was pure reality. Two games very decisive, were lost via this unfortunate event, thus Koterba and the 61 squad are hoping for a better bounce of the ball this spring.

The Pirate's 1961 baseball roster reads like this, first man named is scheduled to start as of presstime, second base, Wells, Ken Edgington, Harry Kellner; right field, Staten, Mackie; center field, Thompson, Manley; left field, Bill Parker, Jack Branham, Dwight Butcher; first base, Poling, Stevens; short stop, Ray Flanney, Roger Jewell; catchers, Rinehart, Tony Postal; third base, Bill Webb, George Gilchrist, Dan Ryan; pitchers, Johnson, Turrell, Jim Cassady.

The 1961 Central High Baseball schedule: Apr.: 4—Westerville—T; 7—St. Charles—T; 11—North—T; 14—Aquinas—H; 18—West—T; 21—South—H; 25—Marion Franklin—T; 28—Eastmoor—T. May: 2—East—H; 9—Linden McKinley—T; 12—St. Charles—H; 16—North—H; 19—Aquinas—T; 22—West—H; 26—Marion Franklin—H.

Robinson Named Jet Announcer

Hartley Newspaper television and radio columnist, Stan Robinson, whose "Idle Hour Guide" appears weekly in this newspaper, will be the public address announcer for the Columbus Jets' home games during the 1961 season.

General manager of the Jets, Harold Cooper, made the announcement of Robinson's appointment Wednesday. The local television weatherman succeeds Bob Adkins, behind the Jet Stadium microphone.

A native of Mt. Kisco, N.Y. Robinson had done various radio and television work in New York, Coshocton and Zanesville before coming to Columbus.

Robinson's first work in Columbus was on radio as a disc jockey in February, 1959. Stan became affiliated with television on a part time basis at that time and later switched to full time.

He likes all sports and builds model railroads as a hobby. Robinson and his wife, Barbara live at 417 Kroebler-dr in Hilliard and are the parents of four children, Randy, Pam, Kevin and Lisa.

The Columbus Auto Club says that when you drive too fast for conditions, you reduce your chances of avoiding an accident.

CBS Track Hums With Go Karts

Easter weekend's inclement weather had little effect on go-cart racers Sunday as the midget dragsters warmed their limbs at the smudge barrels and racing went on as usual.

H. C. Fanning of Grove City won the time trials by rounding the oval twice with a clock of 10.75 seconds both times. David Beatty of Bellefontaine tied Fanning the first lap but lost in the second try.

Racing results Easter Sunday were as follows:

Heat: Harold Downing, Mike Browning, Leonard Leninger, Dale Scherer, Ralph Humphrey and Martha Welsh.

Consolation: Harold Downing, Johnny Crow, Gerald French, Ralph Humphrey, Bill Welsh and Jean Holmes. Feature, first and second place: Harold Downing, Mike Browning, Gerald French, Garry Bankstone, Bill Welsh, H. C. Fanning and Micky Vallette.

Constantly expanding its facilities to make the CBS Raceway at Lancaster one of the top tracks going, a welding and work shop have been added, along with two additional loud speakers.

The sixth annual Hilltop YMCA Match Box Derby was held Mar. 19 at the Central YMCA gym. Fifty-five boys and their dads made cars which were raced at this event.

The cars entered in the derby ranged from everything including a match box to some of the latest designs in automotive engineering. The specifications called for cars to be longer than 10 inches and no more than four inches high, with wheel bases of 4½ inches or less, and were to weigh no more than 1½ pounds. Decoration on the racers was to be done only by the boys. All races were held on a 20 foot ramp with the first eight feet at a 30 degree incline.

Winner of this year's Class "A" division, for boys 8 to 8, was Bob Ervin, 214 Demorest-rd, of the Pawnee Tribe. Second place honors were taken by Jeff Valentine of the Mohicans while Jeff Hollowell of the Flatheads won third place. Jim Kerr, 188 Demorest-rd, of the Pawnees, was crowned champion of the Class "B" division for boys nine years old and over. Runner-up was Mark Hollowell of the Cayugas with Mike Valentine of the same tribe taking third place.

Responsible for this year's Derby was the Flathead Tribe headed by Chief Bob Walker. Assisting in preparations were Charles Weaver, Marvin Kincaid, Jim Goudy and Al Hollowell. Chief Jerry Thomas of the Algonquin Tribe, assisted by Dewey Parris, George Hughes and Paul Kauts, handled the refreshments.

Judges for this year's race were Harry Grashel, former Longhouse chief; Roger Mann, Town and Country YMCA staff, and Leighton Hine of Westerville Indian Guides.

Boys competing in the Class "A" division were Kenny Howell, Jeff Hollowell, Vic Paini, Jeff Weaver, Jeff Hughes, Richard Kauts, Jimmy Goudy, Bob Ervin, Jamie Mueller, Brad Straight, Mike Straight, Dave Armstrong, Jim Kincaid, Tim Glaros, Charlie Stephens, Jeff Valentine, Jerry Valentine, Jeff Poole, Billy Hedrick, Roger Senerius, Terry Thomas, Pat Murphey, Dave Parris, Tim Winchell, Marshall Bowles, Lee Kelly, Wayne Hittenhouse, Richard Schirtzinger, Jeff Leake, Jim Hutchison, Paul Clay, Bill Carfrey, Jim Leake, and Scott Walker.

Wrongdoers At West High Judged By Fellow Students

Students at West High, accused by their teachers of misconduct in class, learn court procedure by experience rather than by textbook.

Student Court convenes each day during the seventh period and accused students, summoned by affadivits delivered by bailiffs, appear for their hearings.

Justices preside, hearing the case and deciding the accused's guilt or innocence.

If guilty, punishments of essays to be written on the case's point of conduct, or assignment to the janitor for clean-up duty are handed out.

Students refusing to obey are in contempt of court and are referred to Principal Robert Darrow.

Any student sentenced in Student Court has the right to appeal his case to the principal.

Authority of the court is upheld by the school faculty.

BUSINESS REVIEW

A WELCOME, Hilltop U.S.A.-style, is given the management of the new Lawson's market during grand opening Friday at 2986 W. Broad-st. Seen, left to right, are George Bracken, advertising director of Hartley Newspapers; R. J. Boles, Lawson's division sales manager; storekeeper George Avic, and Jack E. Rastetter, division general manager.

Basic Foods At Basic Prices Is Specialty At New Lawson's

Lawson's, a fast-growing name in groceries, has come to West Columbus.

The firm, which sprung from an Akron dairy in 1939, opened its 278th Ohio store (the third in Columbus) last Friday at 2986 W. Broad-st.

The traditional blue-and-white milk can sign marks the location.

Although small by supermarket standards, Lawson's uses streamlined selling methods in furnishing families with their basic needs. Staples such as milk and bread, eggs and meat move across the counter in a hurry. A glance at the prices will show why, said store manager George Avic, 97 N. Haldy-av. He pointed out a one-pound loaf of bread. "Costs only 15 cents," he said. "We bake it ourselves and truck it in daily. The same way with our dairy products. They're processed in Springfield and are moved over Route 40 fresh daily."

Jack E. Rastetter, Lawson's division general manager, of Springfield, held up another favorite product: "This is 100 per cent pure Florida orange juice, which just finished a 40-hour tanker trip from the sunny South."

Rastetter said his company is convinced there is a great market for the Lawson type of store in Columbus. "Eventually, we will have between 70 and 80 stores here," he predicted. "We began with six stores in the Springfield-Dayton area in 1959. Now there are 22." He went on: "It's not mere coincidence that milk prices in Columbus have dropped since we opened our first store Jan. 30." The other stores are located at Yearling-rd and at Hudson and Joyce.

While milk and juice in half-gallon containers are a specialty, there is also an extensive line of "convenience" groceries including custom-sliced luncheon meats. Also stocked are canned and baked goods, ice cream and other frozen foods. Two shelves are devoted to health and beauty aids. Store hours are 9 a.m. to 9 p.m., seven days a week.

Storekeeper Avic spent 14 years in the milk business in Akron. It was in that city that J. J. Lawson founded his firm, which in 1959 became part of Consolidated Foods. Expansion was rapid into Cleveland and Canton.

Cuyahoga Falls is company headquarters and also the location of the main foods and bakery plant.

William Howlett is president. Officials, in addition to Rastetter, in the Springfield-Columbus district, are R. J. Boles, sales manager, and Anthony Giankopolis, district supervisor.

BUSINESSMAN HONORED

OUTSTANDING SALESMANSHIP of Jerry Dailey, (center) sales manager of Hilltop Motors, 2357 Sullivant-av, was recognized last Friday. Dailey qualified for a membership in the Studebaker Lark Century Sales Club. His sales ranked in the top four in a six-state area. This club is made up of approximately 100 of the top salesman throughout the United States. Dailey has been in the auto business for seven years. P. A. Jackson (left), president Hilltop Motors, and L. L. Pohlman, zone manager for Studebaker Packard Corp., were on hand for the presentation.

Greater City Home Show To Have Over 175 Exhibits

Finishing touches are being added to some 175 exhibits for the opening of the 1961 Greater Columbus Home Show, Saturday afternoon, Apr. 8, at 2 p.m. in the Buckeye building at the state fairgrounds.

The showing by leading dealers and distributors of building materials and equipment will comprise a large supermarket of new things for the home, to occupy 328 exhibit spaces, according to John A. Kight, manager of the show.

The event offers an opportunity to compare the styles and values of many items for the home under one roof. In an hour or two, displays can be seen that would require weeks of shopping if the stores of individual exhibitors were to be visited, according to those in charge.

Those seeing the show are invited to ask any questions concerning sizes, styles, colors, installation problems, warranties, cost and finance arrangements without incurring any obligation to buy, according to Kight.

Show hours are 2 to 10 p.m. Saturday and Sunday. On Monday the hours change to 5 to 10 p.m. and continue at that time through Friday, Apr. 14. Unlimited free parking is available in the vicinity of the Buckeye building.

Goodwill Awards 'Good Willy'

Goodwill Industries will hold its 21st annual dinner meeting Thursday, Apr. 13, at 6:30 p.m., at 1331 Edgehill-rd. The principal speaker will be S. Morton Isaac, Columbus attorney and leader in several civic organizations.

A feature of the meeting will be the presentation of the "Good Willy" statuette to the handicapped person who has been chosen by fellow-workers as the "Goodwill Worker of the Year." Winner of this honor will be eligible to compete for the national award.

Motorola Art Entries Made At Glick's

Columbus was selected as one of 17 cities in the Motorola Regional and National Amateur Art Competition. Glick's Furniture Co. downtown store will host this amateur art exhibit Apr. 24 through 29.

Amateur artists may pick up entry forms at any Glick Furniture store. Entries must be mailed to J. A. McGinty, Glick's, 65 E. Long-st., Columbus, to arrive on or before Apr. 17. Paintings are to be delivered to the downtown store on Apr. 19 or 20. Award presentations will be made to the winning artists Apr. 27 at 8:30 p.m.

Three winning artists will be selected by a jury which will include Mahonri S. Young, Tracy Atkinson of the Columbus Gallery of Fine Arts, and Marion Gatrell of Ohio State University. Artists will receive awards, and then their paintings will enter the Motorola National Exhibition in Chicago, June 27 through July 4. The top six paintings will be selected from this competition for awards. Also, the paintings will appear on the 1962 Motorola Amateur Art Calendar.

Painting Exhibitions At Hilltop Library

During April 13, traditional scenes of New England in transparent watercolor are being displayed at the Hilltop Branch Library, 2958 W. Broad-st., by Dr. John Henry Bell of Ridgefield, Conn., and Upper Arlington.

Since retiring at the age of 85, as the senior minister of the First Methodist Church, New Rochelle, N.Y., he has studied painting a part of each year with Herb Olson, a leading water colorist of the country.

Six oil paintings by his daughter, Frances Hooghkirk, complete the exhibit.

Toastmasters Elect Six New Officers

Robert Sanders, 35 W. 10th-av, has been elected president of the North American Aviation Toastmasters Club. Installation ceremonies, conducted by Henry Anderson, District 40 governor, will be held Wednesday night, Apr. 12, at the Desert Inn.

Sanders, a manufacturing engineer for North American Aviation, Inc., joined the club in 1957. He previously served as secretary.

Other officers elected to serve with Sanders are: educational vice-president, David Williams, 266 E. Park-st; administrative vice-president, William Johnston, 09 N. Remington-rd; secretary, Ralph Arthur, 312 Flintridge-dr; treasurer, James Siefert, 1473 Elmer-dr; sergeant-at-arms, Karl Van Atta, 435 Waggoner-rd.

Dentists trained at OSU now practice in 86 of Ohio's 88 counties.

Dance Classes Offered By Central YMCA

IDLE HOUR GUIDE . . .

Jets Visits On WMNI, WLW-C; Where We Stand – Channel 10

By Stan Robinson

WMNI Sports Director Eddie Lane is in Florida and for the remainder of this week and next will have the capsule reports as taped right with the Columbus Jets in their training camp, Jacksonville Beach, Fla. Listeners may tune in at 5:55 p.m. daily for complete sports coverage. WMNI will carry the home and away schedule this coming season, commencing with the syracuse series on Apr. 18.

Also, Channel 4 Sports Director Jimmy Crum will present special half-hour programs based on his recent visit to the training sites of the Columbus Jets and Pittsburgh Pirates in Florida.

These dates are announced as Apr. 9, 2:30 p.m., and Apr. 17, 5 p.m.

Baseball fans in and around Columbus are going to receive a generous measure of major league ball on television, mainly on Saturdays and Sundays. Channel 4 also will have Cincinnati Redleg baseball with several in color along the way. "Redleg Preview" will be seen on WLW-C, at 6 p.m. Monday, Apr. 10. It will be a half hour show originating in Cincinnati.

WLW-C announced this week that the popular series "Probe," will be seen in the new time periods as follows: Friday, Apr. 21, 7:30 p.m. and Thursday, May 11, 7 p.m. This past week "Probe," presented by Nationwide Insurance Companies, offered "Civic Center Columbus," which explored the differing opinions on this local issue of interest to many.

WVKO Radio again changes hours for the month of April, in keeping with the daylight operational procedure. They are signing on at 6 a.m. and off at 7:15 p.m. Joe Cox is handling the early stint from sign-on to 7:30 a.m. when Spook Beckman arrives on the kilocycles. The latter hours of the day will be hosted by Bill Ellis, 5 to 7:15 p.m.

Normally seen at 5 p.m. on Saturdays, "I Love Lucy," will be seen at 4 on this date only and at 4:30 "20th Century" presents a filmed look at the fantastic life of "New York in the 20's." Rare films of Mayor Jimmy Walker and singer Helen Morgan will all be a part of the show.

The Masters event will have Arnold Palmer seeking his third championship and if successful me will join an exclusive twosome of Demaret and Snead in a three times winner circle for this particular tournament . . . Jim McKay and Tom Harmon will describe the action for CBS-TV.

London, O., may have its own radio station in the not too far distant future. An application to operate an AM daylight radio station in the city has been filed with the FCC in Washington. The proposed frequency would be 1510 on the dial. Attorney D. H. Jackman heads up the corporation planning the station. Although no target date has been set for the opening of the station, Jackman said the group was "confident" that it would gain FCC approval.

WINNERS IN WRFD CONTEST ANNOUNCED . . . The winners in the WRFD "Great Radio" contest have been chosen. This contest was announced two weeks ago in this newspaper with a deadline of Mar. 25.

Central finished sixth with 16 points while West wound up ninth with 10¾ out of a field of 19 teams. Linden McKinley won with 37 points followed by Worthington with 31.

West Coach Rufe Glass permitted his boys to only run in one event each, thus his squad didn't always have their best men in all events

Just recapping how West and Central lads fared in this encounter, and their finishing spot: 70-yard high hurdles, Burr Miles (W) fourth; 60- yard dash, Brant (C), second; Terry Barnett (W) fifth; mile, Dennis Thompson (W), fourth; 880-yard relay, Central, third; 440-yard dash; Hairston (C), third, Lew Coles (W), fourth; 70-yard low hurdles, Miles (W), fourth; 880, none; distance medley relay, West fifth; mile relay, Central, fifth; shot put, none; pole vault, Barnett (W) fifth (tie); High jump, Hawkins (C), fourth (tie); broad jump, Harmon (C) second.

Jet's popular annual Sketch Book is just off the presses and available to the general public at all branches of the City National Bank, the book's sponsor each year. This book contains all the facts, figures, pictures, biographical sketches, etc., on Jet and Pittsburgh Pirate players, league and park information.

To date in spring exhibition games the Jets have been doing mostly winning. Undefeated at presstime, and personnelwise are just about set. Manager Larry Shepard has a few minor problems of deciding just who is to play at a couple of positions where competition is keen but his biggest problem is making his final selection of which hurlers to keep.

Some of the newest youngsters have looked very good putting real pressure on some returning veterans to stay with the Jets or be shipped down.

The Bucs have shipped down almost all that are coming with the exception of a couple more hurlers and maybe an outfielder and then Shepard can pick his 1961 crew for the April 18 opener against Syracuse at Jet Stadium.

West High baseballers lost a 6-1 practice game at Westerville last Thursday afternoon but were snowed out, (sounds strange for a reason to cancel a baseball game), of two contests at home on Friday and Saturday against Grove City and Upper Arlington. The weather was too cold Monday for a makeup of either contest and since both were more or less pre-season tuneups, both will probably be cancelled. West hosted a good Franklin Heights crew in a westside-local rivalry. For the first time this spring the two schools will meet on a home-and-home basis. The Cowboys open their 1961 League warring at Eastmoor this Friday and then entertain East next Tuesday.

Westgate Hawks Schedule Spring Training

Undefeated in three years of football competition, the Westgate Hawks, 1960 champions of the Ohio Boys Football Foundation, are getting set for spring training.

Tryouts for the squad will begin Apr. 7, with an organization meeting at the Westgate Park closed shelter house from 5 to 6 p.m.

Any boy, whose 14th birthday does not fall on or before Sept. 1, 1961, and whose weight does not exceed 110 pounds during regular season, is eligible to participate. Athletes who will not be able to participate in spring practice because of junior school sports, but will want to take part this fall, are urged to attend the meeting.

For the 1961 season the Hawks will be equipped with helmets, shoulder pads, rib pads, hip pads, and game uniforms. Those who make the squad this fall need only to purchase their football shoes, teeth protectors, and insurance.

Head Coach Dennis McDonald is assisted by Karl Fulton, Ed Richardson, Bob Eberhard, and Tex Hysell. If further information is desired, McDonald may be reached at TR. 8-5663, and Fulton at BR. 6-1029.

Mrs. John Canfield, 356 S. Chase, BR. 4-6966, president of the Westgate Hawks Booster Club, is looking forward to meeting the parents and friends of the boys who will be participating in the spring practice.

Robert Dent, 201 N. Chase, BR. 9-7255, business manager of the Westgate Hawks, would like to see 100 per cent community support. He says, "Nothing is too good for our Hilltop kids, so back the Hawks."

Delaware Area Has 21 Ponds For Fishing

Twenty-one small ponds are open for public fishing on the Delaware Wildlife Area. In a few ponds, being used for experimental purposes, fishing is not permitted. These are posted with "No Fishing" signs, according to Ray Riethmiller, district fish management supervisor, Division of Wildlife.

The following ponds are open to fishing: 2, 8, 17-B, 18, 19, 20, 24, 25, 25-B, 26, 27, 28, 30, 32, 36, 37, 38, 40, 41, 46 and 47.

"Most of the ponds," said Riethmiller, "have bass and bluegills. Some have in addition crappies, bullheads and redear sunfish."

Riethmiller also pointed out that there were small ponds open to fishing on the Oldaker Wildlife Area, Highland County; Cooper Hollow, Jackson; Tranquility, Adams; Wayne National Forest Area, Lawrence County, and Pike State Forest, Pike.

The American grape growing and wine industry was founded in Cincinnati by Nicholas Longworth in 1823. The counties bordering Lake Erie represent the commercial grape area although all counties in Ohio produce some grapes, mainly the Concord variety.

CAMERA CATCHES HAM-SOME GROUP

HARTLEY NEWSPAPERS plant took on the appearance of a packing house for a while last Friday as these ad salesmen loaded up 172 hams for delivery to business places and winners who participated in the Annual Ham Contest. The salesmen are (from left) Wilford Poly, Gift Harper, Ray Kaiser, Bill Coon, Bob Maxwell, and Romaine DeSpelder.

Finance Trouble Slows Contract For New Center

A West Side construction project is temporarily stalled for lack of funds.

City Finance Director C. Wayne Freeman was advised two weeks ago that the low bid submitted for the building of the new firehouse complex on Greenlawn-av was at least $30,000 over the amount of money appropriated. The original $760,000 was finally deemed to be about $120,000 short, after architect's fees and other charges had been added.

Freeman then suggested that construction be started anyway and that as much be done as possible. It was at this point Tuesday that Chief Counsel, Frank Reda advised Freeman that it is illegal to award a contract until all of the necessary funds have been appropriated.

Said Freeman: "I guess we will have to try again to find the money."

Turkey Vultures Have Returned To Big Darby

The turkey vultures of Big Darby Creek, Franklin County, again have returned from their winter travels.

Columbus angler Don Veth, on his first float fishing trip of the year on the creek, observed between 50 and 60 of the big, black, bald-headed birds roosting in a tree on February 15. He recalled that he saw the same tree full of the roosting vultures late last fall, on a final float trip of the season.

The tree, which must be a favorite roosting site, is located roughly half way between Gantz Bridge and Darbyville," says Veth.

Georgian Hts. Building Pacts Awarded Tues.

Contracts for the construction of an additional six classrooms and multi-purpose room at Georgian Heights School were awarded by the School Board at its Tuesday meeting.

Total cost of the project will be $117,485.

General and electric contract was awarded to Don M. Hussey Co., Inc., for $98,985; and the plumbing, heating and ventilating contract went to Campbell Plumbing and Heating Co., Inc., for $18,500.

Construction work will start immediately in order to finish the addition in time for September enrollment.

Petitions Ready To Be Signed

Petitions supporting preservation of the historic Alfred Kelley mansion on E. Broad-st, are ready for signing at the offices of the Franklin County Historical Society in old Memorial Hall at the Ohio Historical Society in the Ohio State Museum; and at the Columbus Gallery of Fine Arts. Extra copies of the petitions are now available to persons who will assist in the preservation move. Call CA. 1-7487 if you wish a petition mailed to you.

Lectures Slated On Theosophy

Theosophical Society In America has planned a series of two public lectures, followed by six weekly classes to be held at the Deshler-Hilton Hotel.

Admission to lectures and classes is free. Public is invited.

Purchase Land

Urbancrest Village Council in its meeting last Tuesday approved plans to purchase an additional acre of land to be used as an extension of the town park, located on First-st.

The park is now four acres in area, according to Mayor William H. Johnson.

TIME TO GROW

WITH SPRING comes the thoughts by area residents for planting a small garden which—if nothing else—gives you something to do during the weekends. Pictured is Gilbert Richman, 48 N. Oakley-av, as he looks over the large array of seeds available for the amateur gardeners. Richman is retired and finds gardening an interesting hobby.

Three-Act Farce Set At School

"Antics of Andrew," a farce in three acts, will be the bill of fare at the Brown Township Elementary School, Roberts-rd, Friday and Saturday night, Apr. 14 and 15, in the school auditorium. The play will be sponsored by the school's PTO group and is under the co-direction of Mrs. Kenneth Klentz and Mrs. Richard Kellogg.

Featuring a cast of 14 local residents, the highlight of the play is several men who are cast in female parts, complete with wigs and formal dresses.

To date, according to Mrs. Kellogg, unexpected events which have occurred in rehearsals hint that the audience is in for hilarious laughter during the two nights of public performance.

Featured in the play will be Betty Bradley, Harold Stout, Bill Siebert, Dan Shaw, Steve Boike, Darlene Walker, La Donna Sampson, Jean Lewis, Charles Norden, Abe Sampson, Mickey Shrum, Rick Reed, Lowell Durban and Keith Williams.

Admission to the event will be 50 cents and a sellout crowd is expected both nights. For ticket information, persons may call TR. 6-6118.

Our Friends The Bees Want Warm Weather Too

If you have been a bit perturbed at the cool weather you are not alone.

This past week I walked up into the woods and stopped for a brief visit with my old friends, our bees. Now and then a brave soul would stick his head out rather shyly and take off but the air was still a bit too cool to get his motor in perfect running order and few went aloft, but they were trying hard to encourage warmer weather.

Nothing in nature is quite so intriguing as the bee. Personally I have a great admiration for them. You have to hand it to that old queen for the tremendous job she does in maintaining such loyalty and yet being able to perpetuate the race.

And the male is no dummy . . . what with the fact that he allows the females to do all the hard labor. Society could well take some lessons from the bee.

I've long been a firm believer that no food has a greater medicinal or nutritional value than honey. Honey has been used for medical purposes as well as antiseptic since the days of the Pharaohs.

So, Lord, please send us sunshine . . . so we and our little friends, the bees, can get down to work.

Formation Of Conservancy District Is Good News

Progress toward the formation of a new five-county conservancy district with new and enlarged scope is welcome news to the area.

The fact that the old 17-county district accomplished absolutely nothing over a long period of time should serve only to inspire the new organization in the rapid development of a program aimed at the development of flood control, water supply and conservation as well as much needed recreation areas.

The five counties making up the new district have much at stake in the development of a strong organization, one that will roll up its sleeves and do something. Any time later than right now may be too late!

Surprise Is Set For Local Boy

As a highlight to Boys Club Week, a West Side boy will receive the surprise title of "Boy Of The Year" tonight at a banquet at the Deshler-Hilton.

In all, about 30 boys will receive awards for outstanding records in basketball, baseball, table tennis, pocket billiards, arts and crafts, flag and midget football, and kickball.

Dr. Jimmy Hull will be toastmaster at the 12th annual West Side branch event. Each of the 100 local boys attending will receive a Boys' Club T-shirt as a team award.

The celebration began with open house earlier this week. It will wind up with Father and Son Night Friday at the branch, 115 S. Gift-st. Movies of the 1960 World Series will be the feature attraction.

Gary Won't Be Present . . .

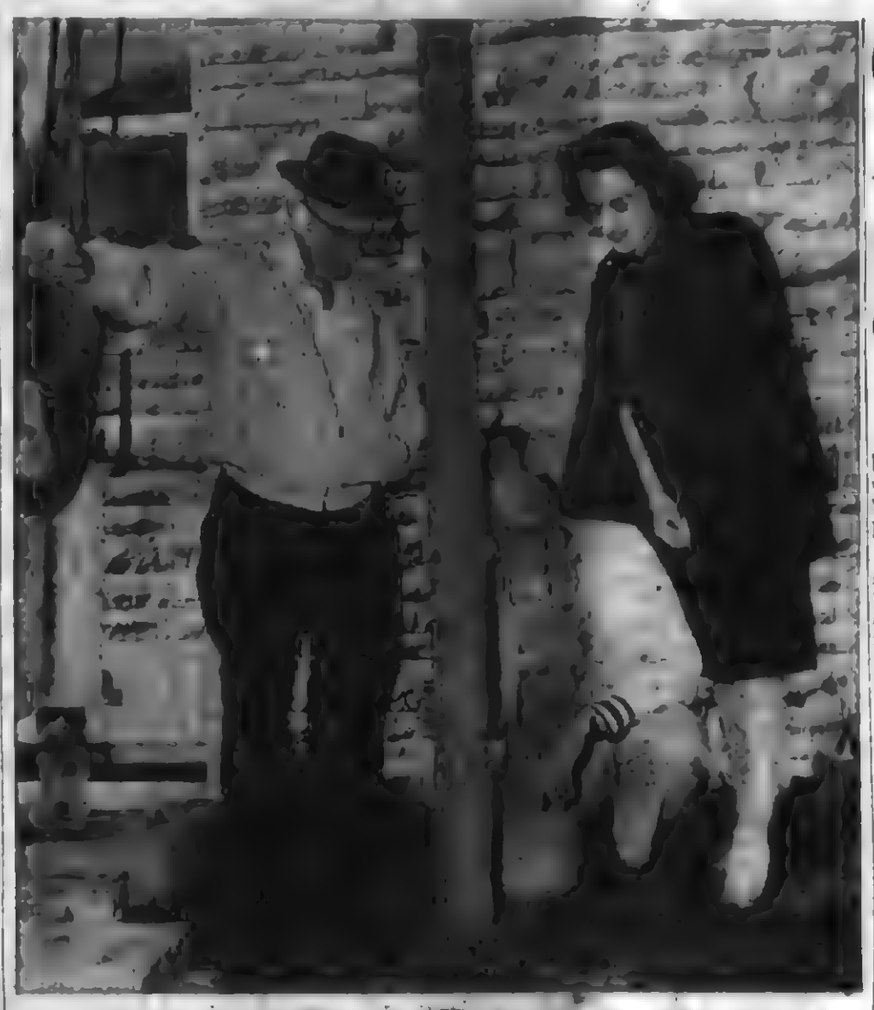
Tonight when members of the West Side Boys' Club receive their annual awards, they will do it without Gary Hoover. Gary, who was scheduled to receive three awards, died Sunday night of injuries suffered after being hit by a car Mar. 31.

The son of Mr. and Mrs. Marvin A. Hoover, 74 N. Green-st, while in the hospital talked of not wanting to miss his Boys' Club awards. He was to have received recognition in boxing, crafts and pool.

Gary will be honored by the group tonight in a tribute of silence when his name is called.

Gary was crossing the street, at Sandusky and Broad, when he was struck by the car. His little brother Thomas also died near the Innerbelt, drowning in water left by its construction in September of 1958.

Gary is survived by his parents, his brothers, Harry and Mark, and two sisters, Christine and Mrs. Patricia Mullins. Services were held Wednesday afternoon by the Heid Funeral Home, and interment was at Sunset Cemetery.



Hilltop Council Will Convene

Hilltop Community Council will meet at 8 p.m. Thursday, Apr. 13 at the Hilltop YMCA, Valleyview-dr.

President Robert Frakes will preside. The public is invited to these monthly meetings during which items of community interest are discussed.

Sponsor Dance

The Columbus Blind Bowling League will sponsor a dance and bake sale at the Gladden Community House from 7 to 11 p.m. Saturday.

DRILLING HAS STARTED for a well adjacent to St. Mary Magdalene Church to serve an emergency shelter in the basement. Just prior to leaving on vacation Saturday, Rev. James Bauschard (left) inspects the progress with Civil Defense committee workers Ray Cole, 677 Josephine-av, and Mrs. Wilbert Bergman, 809 Sinns-blvd. "Even if we never need the well for defense, we can always water the lawn with it," the pastor said.

'Communism' Meeting Topic Of Church Group Next Week

Three films, almost sure to be crowd-getters, will take up the major part of a civilian defense meeting beginning at 7:30 p.m. Friday, Apr. 21, in the basement of St. Mary Magdalene Church.

The now-famous 30-minute version of "Operation Abolition" will be followed by comments by Attorney William D. Edwards.

"Communism On The Map," presented by Dr. Charles Bergman, will be the second feature. After this, viewers will see "Thirty Seconds To Survival," an Ohio Bell production on defense communications. Rev. C. Clagett, assistant at the church, also will take part.

Program planners invite the general public to this meeting and stress that no solicitation for funds will be made.

Civil defense work has been intensified in recent weeks in the parish. The Emergency Care Committee has accumulated a treasury of almost $1,000 in its drive to establish a basement fallout shelter for the school children. This week, drilling operations are under way on a well designed to insure an emergency water supply. A gasoline-powered generator also has been secured.

An executive board has been appointed to guide the work of the Emergency Care Committee. Officers are Mrs. John L. Dehnart, 3388 Wicklow-rd, chairman; Raymond Cole, 677 Josephine-av, vice-chairman; Mrs. Norman Nuber, 950 S. Harris-av, treasurer; and Mrs. O. E. Jeffries, 612 Savannah-dr, secretary. The board will hold bi-monthly meetings to discuss each step toward completion of the program.

Materials and equipment are being prepared for permanent storage in the basement shelter. "Strange to say," said Mrs. Dehnart, "we are having a hard time getting enough worn sheets for bandages. Persons attending the Apr. 21 meeting are invited to bring unwanted sheets along and deposit them in boxes at the door."

In charge of storage of the emergency materials are Daniel Cacchio, 686 French-dr; Joseph LaMaye, 710 Georgian-dr; Jerry Marple, 1050 Wiltshire-av; Joseph Murphy, 4172 Dixie-ct; and Robert Young, 578 Demorest-rd.

AT HOGE . . .

Pastor's Brothers Have Part In Rev. Didier's Installation

Service of installation will be held for Rev. Calvin W. Didier Sunday, Apr. 16, 8 p.m. at Hoge Memorial Presbyterian Church, 2930 W. Broad-st.

Installation will be conducted by the Presbytery of Columbus, with Rev. W. Neil Hand, moderator, presiding.

Two of Rev. Didier's brothers will participate in the service—Rev. Bernard F. Didier, First Presbyterian Church, Deerfield, Ill., who will give the sermon, and Rev. Ralph H. Didier, First Presbyterian Church, Oswego, Ill., who will give the charge to the pastor.

The three Didier brothers were ordained in a single ceremony at Dearborn, Mich., in 1954.

Others taking part are Rev. Lloyd A. Lewis, Crestview Presbyterian Church; Rev. Llewellyn G. Kemmerle, First Presbyterian Church, Westerville, and Rev. John Vance, New California United Presbyterian Church.

Moderator Hand is minister of First Presbyterian Church of Washington, C.H.

Hoge Choir will present a program, with a solo by Mrs. James Cooke. Dr. H. Wayne Ramsay is minister of music at Hoge and Miss Edith Pedrick, organist.

Immediately following the service a reception will be held in the church dining room.

Mrs. A. B. Lewis, Sr. is chairman of the reception committee, assisted by Mrs. Lewis McCracken, Mrs. J. Harold Willis, Mrs. R. C. Glass, Mrs. William D. Stern, Mrs. David Tingley and Miss Judy Newkirk.

Other women assisting will be Mrs. Paul Benton, Mrs. John V. Smith, Mrs. Henry Jones, Mrs. Sheldon Pitt, Mrs. Herbert Deems, Mrs. Haydn Jones, Mrs. Jack Hostetter, Mrs. Martha Merriman and Mrs. Mrs. Richard Nash.

Wives of the elders will serve as hostesses.

The public is cordially invited.

H.B.A. Schedules Film That Has Town Talking

The much-discussed film "Operation Abolition" will be shown at the luncheon meeting of the Hilltop Business Association at 11:45 Tuesday, Apr. 18, at the Berry Restaurant.

The documentary showing the student agitation in San Francisco last spring, is recommended by House-un-American Activities Committee and by the F.B.I.

F.B.I. spokesmen said of the film: "It shows how effective the Communists have been in their efforts to infiltrate and recruit, and how it is possible for only a few Communists, using mob psychology, to turn a peaceful demonstration into a riot."

Any person not a member of the Business Association, wishing to see this film may make a reservation for the luncheon by calling the HBA office, BR. 4-2400.

Group Organizes For West Side 'Block Campaign'

The nucleus of what can become an effective renovation movement in the West Side was formed here last week.

A sizeable representation of some 100 families in a four-block area met in the garage of a trucking firm to talk community betterment and spark others into action. The meeting was arranged by the new West Side Neighborhood Council. Dan Kelch, local school principal, presided.

Kelch is chairman of the Neighborhood Council's health committee which presently is concerned with the Cleaner Columbus Campaign. The group acknowledged Kelch's statements that the unity achieved in such organized work can do far greater things than individual efforts possibly can.

The audience took an objective look at their own neighborhood (bounded by Gay-st, Pennsylvania R.R., Hartford and Meeks-ave) and drew up some goals, namely:

1. To ask that streets be cleaned and swept regularly and to have no-parking signs posted 24 hours prior to the time the work is to be done.
2. To have storm sewers cleaned out to prevent flooded streets.
3. Obtain better street lights.
4. Ask for a traffic light at Broad and Hartford or Jones, to make it easier for pedestrians to cross.
5. Establish playground facilities for children.
6. Clear the railroad track right-of-ways.
7. Achieve prompt rubbish pickup.
8. Obtain better street lights.
9. Enforce housing codes.
10. Organize wholesome leisure activities for teenagers.

To the latter, Al Wilder of Gladden Community House offered the services of himself and his staff. It was also announced that Pennsylvania RR has promised to clean up its right-of-way so near to many homes in the West Side.

Eight residents in the Gay-Hartford area desiring to represent their neighborhood were appointed to work closely with the Neighborhood Council. On the new committee are Mrs. Bonnie Durbin, 107 Jones-st; Paul Edwards, 113 Meek-av; Mrs. Harold Johnson, 35 N. Hartford-av; Mrs. Beulah Mann, 895 Scott-st; Mrs. Martha Steele 39 N. Hartford-av; C. W. Tatman, 93 N. Jones-av; Mrs. Evelyn Taylor, rear of 107 Jones-av; William Taylor, 37 N. Hartford.

The residents were told that special dates will be announced (probably in May) when extra trucks will be around to pick up large collections of refuse. The dates will be published in the West Side News and Hilltop Record.

The group will meet at 7:30 p.m., Monday, Apr. 17 at Gladden House to lay out its first work.

Lynda Huber, WSNC publicity chairman, said the council's executive council will meet Thursday night of this week at Gladden to review progress and make recommendations.

CITY COOPERATES . . .

Free Use Of Frank-rd Landfill Is Offered During Cleanup Week

Columbus citizens will be permitted to dump trash free of charge at the city's Frank Road landfill dump during Cleaner Columbus Week, Apr. 17 through 22, it was announced today by Arthur J. Bellar, superintendent of the Division of Sanitation.

Bellar said that the Frank Road dump will be open for public use from 8 a.m. to 5 p.m. each day of the week-long campaign. He also stated that all burnable trash may be taken to either the Short Street or McKinley incinerator for disposal during the week.

"Assistant Superintendent Roland Brauch is in charge of our all-out effort to make this year's clean-up campaign a real success," Bellar said, "and with every citizen's cooperation we can make Columbus one of the cleanest cities in the country."

According to Bellar, city trucks and crews will be available for hauling heavy or bulky items such as davenports, mattresses or bed springs all during the clean-up campaign. To obtain this service, call CA. 1-2211, Ext. 328, and give name and address. Pickup will be made as soon as possible, Bellar said.

The superintendent emphasized that no pickups will be made unless refuse is placed

No Answer Yet On Lift Of Turn Ban

City Traffic Commission is still waiting for an opinion from the City Attorney's office before acting on requests to eliminate the left turn ban at the W. Broad-st ramp of the Sandusky-st Expressway.

West Side merchants asked for the ban more than a month ago, complaining that the restricted traffic flow is affecting their business. It was explained that four agencies were involved in making the rules for the roadway, and that all probably would have to be consulted before any changes are made.

The matter was referred to the City Attorney last Mar. 28. The commission Tuesday turned down a request for a traffic light at Mound-st and Woodbury-av, and decided to get futher information from a petitioner who wants Wiltshire-rd made one-way from Mound to Sullivant.

The committee is evaluating data pertaining to traffic on W. Broad-st, west of Schultz-av at the request of James V. Musick state traffic engineer. Musick has said a traffic signal is needed at the spot which is near the new State Highway buildings.

James Matheny, Traffic Commission chairman, also pointed out that the 25 mph speed limit along parts of W. Broad-st is not compatible with the signals which are set for 20 to 30 mph driving. Traffic Engineer John Gallagher said his division is studying the street from Starling-st to Southhampton-av, for possible revision of the speeds.

REPRESENTING THE HUNDREDS of Cub and Boy Scouts who will be selling Scout-O-Rama in the next few days are: Terry Minister (left), 189 Deerfield-rd, of Pack 391, St. Cecilia School; and Pat Evans, 146 Haldy-av, of Troop 520, sponsored by St. Aloysius PTA.

Eight County Scout-O-Rama Ready For Week-End Pow-wow

For the tenth consecutive year, Central Ohio's greatest all boy show — the Scout-O-Rama, will be held on Saturday and Sunday, Apr. 22 and 23.

The Buckeye Building on the Ohio State Fairgrounds will house this spectacular two-day event. Local boys will be joined by Scouts from seven other counties in Central Ohio, who will display more than 200 exhibits.

By popular demand, the midway again will be set up outside the Buckeye Building and will contain more than a dozen large displays too cumbersome to house inside. Inaugurated last year, this unique attraction, with its colorful decorations and carnival atmosphere was a huge success.

Inside the Buckeye Building small displays will be shown and manned by Scouts who will explain them and answer questions.

Throughout both days, Scout entertainers will feature special acts in the arena. Music will be furnished by five junior high school bands from Central Ohio.

Apr. 15 is "T" Day

T-Day, kick-off of the Scout-O-Rama ticket sales drive will officially begin on Saturday, Apr. 15. From 9 a.m. to 3 p.m. all Scouts will sell tickets from door-to-door in all neighborhoods. Tickets sell for 50 cents and will admit one adult or two children.

Clean restrooms, ample free parking, and refreshments are being provided for the convenience of visitors.

The Scout-O-Rama is sponsored by the Central Ohio Council of Boy Scouts of America and the Columbus Chamber of Commerce.

Last year more than 30,000 attended the two-day affair. $4,000.00 in commissions was distributed to various Scout units from the sale of tickets. The money was used to replenish unit treasuries.

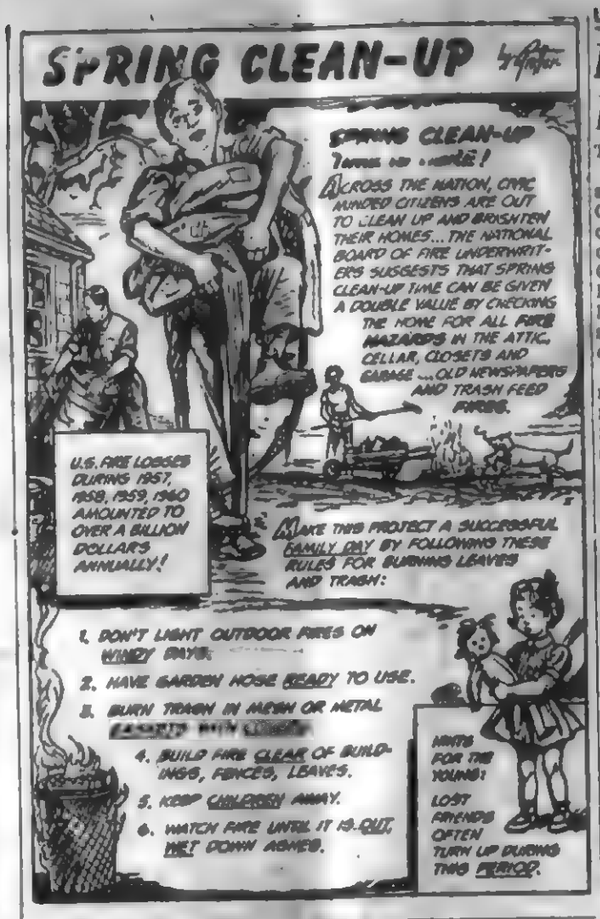
IT'S A WINNING PROPOSITION

The mop, the bucket, and the scrub brush are as symbolic of this season as the crocus and the daffodil.



While you probably see the benefit of spring cleaning and renovating in your own home, perhaps you wonder about the effectiveness of the present "Cleaner Columbus" campaign, and similar efforts in neighboring communities.

It takes only one bad apple to spoil the barrel and one run-down home to ruin a neighborhood.

Which means it is everybody's job during the campaign to appoint himself a committee of one on civic beautification and improvement. Excuses like "I don't have the time," "It costs too much," and "maybe I'll get around to it later" only postpone the job until the day when it will be much harder and the expense much greater.

Provided everyone cooperates, what will we gain? This partial list may surprise you: development of community spirit; reduction of fire losses; instruction in good housekeeping; respect for property; vacant lot improvement; promotion of safety; discouragement of crime; a good citizenship lesson for children; improvement of employe morale. The "Cleaner Columbus" idea supports business and stabilizes, restores, and increases the value of real estate.

How do we win? In every way that will contribute to our safety, health, and general well-being.

CBS Plans Program For Memorial Day

The weather proved too much for go-kart enthusiasts Sunday and the CBS tracks at Lancaster and Bremen were silent.

Plans are nearing completion for a big Memorial Day program of racing with the largest trophies in CBS history to be handed out that day.

Barring another heavy downpour, racing will begin at 2 p.m. sharp next Sunday, with the gates opening at noon.

The nation's 619 railroads represent a gross investment of 35 billion dollars.

LETTER TO THE EDITOR:

Day Nursery Operators Say Proposed Bill Unreasonable

To the [redacted]

House Bill No. 853, to amend section 5103.02 of the Revised Code relative to exempting day care centers from the provisions of Chapter 5103. of the Revised Code, is presently in the Health Committee of the Ohio Legislature and receiving full support of the Ohio Association of Day Nurseries.

Section 5103.02 delegates the responsibility of licensing and rule-making to the Division of Social Administration, Department of Public Welfare.

The Ohio Association feels it is important to have rules and regulations as a guide for a good operation, however, those promulgated by the Division of Social Administration (while somewhat feasible) are in most part arbitrary and unreasonable as applied to the privately owned day nursery.

The association feels the rules were designed primarily as a standard of operation for day care centers supported by the United Community Fund. The financial support these agencies are given by United Appeal is sufficient to meet their budgets but additional funds are received from parents of children enrolled in the center.

The private nursery program is financed from one course, parent's fees, and should the proposed rules become effective the parents of children in private nurseries would suffer an increase in cost of care to a prohibitive rate. This would virtually eliminate the parents' prerogative to place their child where they may choose.

It would appear the Division of Social Administration in the promulgation of these rules has ignored the fact that private capital is invested only in operations which have a reasonable expectation of profit. It would appear the word profit is an unsavory word insofar as the Division is concerned.

The fundamental fact is that if the state makes it impossible for private operators to conduct their business so as to cover their expenses and receive a reasonable return on their investment, time and effort, they will be unable to continue in business. If it is the purpose of the Division to push private nurseries completely out of business they have certainly taken a giant step in that direction.

The fact is that the Division has done a completely inadequate job with its present program over a period of years. The only way they could possibly take on more responsibilities in this field would be to receive a larger appropriation from the State Legislature. This of course, must come from the taxpayers.

It would appear that the interests of the tax-paying public would be better serviced if the Welfare department and its Division of Social Administration would concentrate its efforts in the charitable, benevolent, and correctional fields for which they were created and leave the regulation of private nurseries to the local authorities who are much better equipped, and familiar with local situations.

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Fruits—Grapefruit, bananas, juice oranges, canned peaches.

Vegetables—Asparagus, cabbage, celery, potatoes, spinach.

Protein Foods—Beef chucks, pork loin cuts, liver, fryers, large turkeys, large eggs.

CHANGES AT THE FRUIT COUNTER

Have you noticed the change taking place at fresh fruit counters? A number of typically spring items are making their appearance, while others are fading out of the picture. The supply situation on many year-round items is also changing considerably.

Strawberries are really making a splash of color now. During April our markets will offer them from several states. Peak shipments from the Florida winter crop have passed, although some will continue for a few more weeks. The early spring crop in Louisiana, Alabama and Texas is forecast at nearly one-fourth above last year. Shipments from these states should be large this month.

California has stepped up its berry production. It's now the top producing state, accounting for around one-third of our total production. We'll get peak volume of California berries in May.

Ohio berries normally are harvested from late May into early July, but peak volume usually occurs during the first three weeks of June.

Since quality and condition of berries varies a great deal, careful selection is important. Low prices are sometimes a reflection of poor quality or condition.

Changes in citrus will come a little later this year than normal because of the late season in Florida and Texas. Grapefruit will continue as a top fruit choice throughout April. Eating quality is especially good now. Prices have probably passed their low point, but not much change is expected this month.

Orange supplies will remain fairly large during April, including Florida and Texas Valencias and a limited supply of western navels. Prices continue above last year's, with Valencias the more reasonably priced. Don't be misled by the greenish color on some Valencias. All oranges must be ripe when picked. The greenish color is nature's work and has no effect on the eating quality. And now is the time to enjoy Valencias at their best.

Other changes include more pineapple, slightly more bananas and more rhubarb during April. This is also peak season for avocados, although this year's crop is small. Apple supplies continue to decline seasonally. Western Winesaps and limited supplies of Delicious, McIntosh and Jonathans are the main varieties still available. Prices are seasonally high and are above the price you paid last year.

Don't overlook the canned and frozen items. Those in best supply and likely to carry lowest price tags are canned peaches, apricots, fruit cocktail, applesauce, grapefruit juice, cranberries, and frozen peaches. Frozen strawberry supplies are slightly below a year ago, but the 1961 crop promises to be a big one and processing will be under way soon. So, watch for some good buys in frozen berries.

Tackle Makers Get Together To Whip Confusion In Lines

INSIDE ON THE
Outdoors
By ROD COCHRAN

It'll soon be time to start fly casting rubber spiders for bluegills.

While fly fishing seems to be a calm sport—and it is except for a few beginners lashing the water to a froth—away from the scene of fishing is a seething controversy about line sizes and weight markings.

Many anglers have never understood the designation of fly lines, and those that do have never fully agreed about the system. It's almost like the weather, everybody complains but no one ever does anything about it.

However, a ray of hope is in the distance for the Associated Tackle Manufacturers Association has had a committee working on the problem for some time. A new plan has been set up and has been approved by line manufacturers and rod makers. It should not be too difficult to select a line in the near future that will balance any particular fly rod.

Plan Gradual Change

The association warns that the transition will be made gradually to avoid confusion, so don't look for a change overnight.

Here's the new plan in a nutshell: All line manufacturers have agreed to ignore diameters and to standardize by adopting a marking system which will divide fly lines into class by weight in grains. It is the weight of a fly line that is cast, and weight is therefore a critical factor to the angler. There will be 12 line classes, numbered 1 through 12. Here are the classes, with the weight in grains of a 30-foot section (on tapers, you start measuring the 30-foot from the uptaper, ignoring the tippet):

Line No.	Weight in Grains	Minus & Plus Tolerance, in Grains
1	60	[redacted]
2	80	[redacted]
3	[redacted]	94-106
4	[redacted]	114-126
5	[redacted]	134-146
6	160	[redacted]
7	185	177-193
8	210	[redacted]
9	240	[redacted]
10	280	[redacted]
11	330	318-342
12	380	368-392

Letter designations to be included in the new line classifications are "S" for sinking, "F" for floating, "I" for intermediate. The prefix "DT" will stand for double taper. For example, a line now esignated "HCH" could become a "DT9F", that is, a double taper, class 9, floating line.

Still confused? Well, as complicated as this is, it's simpler than the old system. But I have a hunch an awful lot of fly fishermen will leave line selection up to sporting goods dealers. This can be either very good or very bad—we can only hope that salespeople in the fly line department go fly fishing.

Final Concert To Feature Johannesen

Final concert in the 1960-61 series of Columbus Symphony Orchestra will be held Wednesday, Apr. 19, 8:30 p.m. at Veterans' Memorial Auditorium.

Grant Johannesen has been engaged to replace Moura Lympany as piano soloist for the occasion.

The American-born Johannesen is known in Europe as well as the United States.

He has appeared in this country with every major symphony orchestra, and has made 13 appearances on the Bell Telephone Hour.

During his last European tour Johannesen became the first American to appear at the International Festival at Bergen, Norway.

Johannesen will play with the orchestra Chopin's "Concerto 2 in F Minor."

Other numbers include Schubert's "Symphony 8 in B Minor" and Brahm's "Academic Festival Overture."

Another highlight will be the "Ballad of William Sycamore" composed by Halsey Stevens and sung by the Columbus Symphonic Choir.

Big Brother Group Needs 75 New Men

Ernest G. Fritsche, president of the Big Brother Association of Columbus, Inc., a United Community Council — United Appeal Agency, has announced a special "Men's Night" meeting to be held Apr. 18 in the Columbus and Southern Ohio Electric Co. building.

A buffet supper will be served at 6:30 p.m. Tickets may be secured at the door, but reservations should be made in advance by calling CA. 8-5696.

Fritsche said: "We need Big Brothers to lend a manly hand to guide fatherless boys through boyhood's problems and struggles. Our goal is to add 75 new Big Brothers to our membership. Our waiting list of boys is becoming acute."

Nelson Ball, membership chairman, has asked every Big Brother to bring one new member to the meeting.

WILL CAMP AT CAVE

Troop 147, Westgate Friends Church, will hold a campout at Old Man's Cave, Apr. 22 and 23. This is their fifth winter campout, the other four having been held at Camp Lazarus.

The two patrols, Eagle and Wolf, are beginning to have weekly patrol meetings.

Scoutmaster of Troop 147 is Marion Thompson. His assistants are Burris Jones and Dick Yokum. Members of the troop committee are Bob Brown, Jim Frost, Dick Brown, Clarence Hanna and Fred Rudolf. Chairman of the committee is Elmer [illegible].

PLAN WILDLIFE SHOW

Members of Troop 18, Glenwood Methodist Church, are planning a wildlife exhibit for the 1961 Scout-O-Rama to be held in the Buckeye Building on the Ohio State Fairgrounds, Apr. 22 and 23.

The troop went on a campout near Hilliard Mar. 18 and 19. They also will have a camping trip Apr. 15 and 16. They will attend the Spring Camporee in May.

Troop 357, Hilltonia EUB Church held a Court of Honor at the church, Apr. 3. Jerry Fuller became a First Class Scout. Mike Doane, Sheldon Hatzer, Jr., and Bob Miller received the Star Scout award.

Markmanship merit badges were earned by the following: Mike Doane, Dick Groezinger, Keith Eaton, Sheldon Hatzer, Jr., Clark Price, Bob Miller, Skip Mitchell, Don Schumacher, Jim McClung and Steve Doane.

A Senior Patrol Leader's patch was presented to David Ford. Year membership pins and ten nights' camping awards were also presented to the boys.

Highlight of the night was the presentation of a plaque to John K. Snider for his excellent leadership as Scoutmaster of Troop 357.

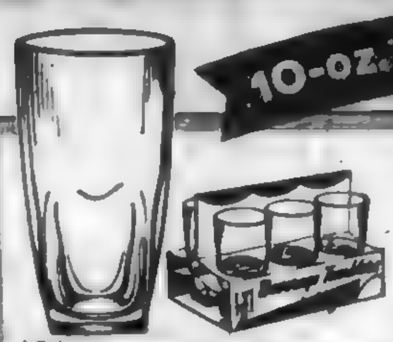
Cub Scouts of Pack 448, Hilliard, and their families will meet at 6 p.m., Monday, Apr. 17 at Blendon Woods.

Each family is requested to bring a hot casserole and a salad or dessert. Special entertainment is being arranged by Cubmaster Earl Woodringment and his assistant, Harry Hall.

A bake sale is being arranged for Saturday, Apr. 29.

TOUR POLICE STATION

Twenty Boy Scouts of Troop 388, Lincoln Village, accompanied by Mrs. Kenneth Forsell and Mrs. R. J. Donohue, enjoyed a trip through Columbus' Police station last Friday. Sergeant Larry Hoye of the Juvenile Bureau conducted the tour, and thoroughly explained this segment of civic government.



Ignorance Is Still No Excuse

Ignorance of the law is still no excuse — and that goes for a visitor as well as for a "native," reminds Russell H. Campbell of the Columbus Automobile Club.

For this reason, Campbell advises the vacation-bound traveler to become acquainted in advance with the traffic laws of places he expects to visit. AAA members can do so through their local Automobile Clubs. Others may write to motor vehicle departments of states and cities on their itinerary.

Children do not outgrow "crossed eyes," warns the National Society for the Prevention of Blindness. Unless this condition is treated early, preferably before the child is four years old, he may suffer permanent loss of sight in the crossed eye.

Rites Held For Saturday Victim Of Train Crash

Donald R. Knisely, 32-year-old father of two who was killed by a passenger train less than a block from his home at 2590 Westmoor-dr Saturday morning, was buried Tuesday in Sunset Cemetery.

Knisely worked for the State Highway Department.

According to the Sheriff's office and the engineer of the train, "Spirit Of St. Louis," Knisely apparently saw the train just before he drove on the tracks, applied his brakes and stopped directly in the path of the train.

Knisely's body was found 130 feet from the crossing.

CHEAP SHOES

A wise man once said, "There is nothing so cheaply made that someone can't take a little out of it and make it cheaper." That is true of shoes as well as other merchandise.

I just had an example of A little boy's shoe, poorly shaped and ill-fitting, lined with imitation leather which was nothing more than oil-cloth and with counters of paper. According to the parent, the shoe had cost about $5 and had been purchased almost two months before. In fact, she said that she bought the child shoes on an average of every two months.

We can prove from our record cards on which we record each fitting of our little customers, that better shoes, costing from $7 to $7.50 will average at least four months because they come in widths and we can fit them more accurately. Thus about three pairs of good shoes will out-last six pairs of cheap shoes, not to mention the protection to the child's foot health.

West High Baseball Team To Face Building Program

West High Baseball Coach Bill Schmitter started his 1961 campaign with five returning lettermen from the 1960 squad that compiled a 10-8 overall record. Returning were catcher Jack Trotter, pitchers Jim Thornton and Bill Karn, and outfielders Gary Alwood and Gary Clark. However Alwood has been switched to starting first sacker this year and Clark, after a couple of stints on the mound last spring, is being used as a regular hurler and in the outfield.

Trotter possessed the highest batting mark of this quintet with a .265 average. Thornton came out of practically nowhere during the season to become the ace of the mound staff last season, finishing 6-3 for the year with a nice strikeout collection to boot. At least two of his losses came on tight pitching duels in which a one run difference was the margin of [illegible].

Many fans are anxiously watching Thornton this spring as he showed signs of some mighty fine hurling potential last spring. Support and a continuous improvement carried over from his initial high school season of '60 could make him one of the best in the area this year. He had the knack of getting out of "holes" not always dug by himself and that's indication of a better than average hurler.

Another hurler showing promise in his rookie year last season was southpaw Karn. Last year he seemed better fitted to spot relief chores, being exceptionally strong for short stints but having trouble going the route.

However, this spring, although taking two practice game losses on the chin, he has looked much stronger. In fact he appeared strong all the way in going the route against Franklin Heights.

Schmitter thus quite justifiably lists his strongest positions and outstanding personnel in the same breath, his "I" battery of Thornton and Trotter.

Schmitter lists his biggest holes to fill as first base, second, and third. The brightest newcomers appear to be Bud Johnston at the "hot corner," and Rich Neely in centerfield.

The latter, originally a catcher at Hilltonia Junior High the past few seasons, took his speed and arm into the outfield due to the overload of talent at backstop. With an injury the only forseeable reason for Trotter to be out of the lineup, Cowboy backstops are not much in demand. However second in line is former West Junior High catcher Charlie Castle who is a better than average prospect as a young catcher and like Neely only a sophomore.

Alwood, who became a starting outfielder later in the '60 campaign, had his troubles at the plate last spring but possessed pretty good speed and a "rifle" for an arm. His switch to a new position hasn't had time to prove much but he has looked pretty good to date. Schmitter has also shown faith in his power potential at the plate by placing him in the cleanup spot. Fifty-eight came out for the squad this spring with Schmitter dressing from [illegible].

The rest of the 1961 lineup has lefthanded hitter Jim Cook moving into right field. Junior, Glenn Rohrer, at second sack, and senior Bob Ross at shortstop. Rohrer who saw some subbing action last year, is considered a tough player and a fine prospect all around by his [illegible].

Ross, who is returning after a year's layoff from the West baseball scene due to scholastic troubles, has moved into a starting berth that he would probably have held down last year also. A hustler, slick fielder and a pretty good man with the stick, he's a real driver. Playing the outfield for Camp Chase last summer he took some bumps with walls and fences in stride.

Rounding out the 1961 roster are sophomores Tim Curry (of), Rick Finke (1b-inf.), Bob Keel and Mike Porter (pitchers), Ron McDaniel (ss-inf.), Tom Randle and Jeff Reeder (inf.), Dick Smith (of.), Steve Takos (inf.), Bob Wheeler (of.) and Jack Wilson (inf.), junior Dick Robinson (of.). Thus Schmitter has a lot of youngsters on the way up.

The 1961 West baseball schedule: Mar. 30, at Westerville; Mar. 31, Grove City; Apr. 1, Upper Arlington; 4, Franklin Heights; 7, at Eastmoor; 11 East; 14, at Linden McKinley; 18, Central; 21, at North; 25, Aquinas; 27, at Franklin Heights; May 2, South; 9, at Marion-Franklin; 12, Eastmoor; 16, at East; 18, Linden McKinley; 23, at Central.

Read about the chapter's three-year struggle to capture the Ohio crown in Wilcox's column, "Sports of Sorts."

SPORTS of SORTS

Compiled By Bob Wilcox

State Champs! No. West High has not won any state championship, that is a term that applies to a group of Hilltop lads and specifically 11 thrilled basketball players. For, after three years of "continuous improvement" in the state tournament, Columbus Chapter, Order of DeMolay, is the 1961 state basketball champion in Class A.

In taking measure of the field of eight who made it into the state tourney this year, Columbus waded through three opponents with comparative ease, settling two "old scores" on the way to the crown.

The meet was hosted by Bexley Chapter at Bexley High over the past weekend. There were 13 teams entered in Class B competition at the same time this year.

Last Friday at 6:45 in the tourney's opening contest, Columbus dumped Marvin E. Kneisley Chapter of Fairborn by a good 10-point spread, 53-43. At 9:15 Saturday morning Columbus returned to down Middletown in probably their tightest game, although they really had no trouble with any foe, 66-62. And then it was back at 2 the same afternoon for the finals where in a lower scoring clash, they whipped Thomas Jones Chapter of Cleveland and the defending state champ for the title, 35-24.

The "continuous improvement" above referred to Columbus' climb to the crown over the past three seasons. In the '59 tourney held at Toledo, Columbus was beaten in the semi-finals by Middletown. They got their revenge this year in the same round incidentally. Last year at the tourney held at Middletown, Columbus made it to the finals only to be sorely thumped by Thomas Jones.

Each of these years, the team that beat Columbus went on to take the title.

This year was different! The State Championship Trophy will be presented to the chapter by the team at their regular meeting Wednesday. Eleven boys composed the squad that actually took the title. Thirteen boys actually composed the team all year as they participated in a Friday night league at Sunshine Park as well as competing in the Sunday afternoon, Fourth District DeMolay league warring.

Playing at Bexley were forwards Gary Heitt, Ed Fredendall, Gary Smith; centers Dave Hooper, Howard Hicks, Dave Wolfe; and guards Dick Curtiss, Jim Keefer, Bob Elliott, Alan and Tom Daft. Others composing the team over the season were forwards Tom Morrison and guard Gary Ekman, now in the service.

To show the quality of their last two foes, Jones had won their first round game by a 53-39 margin, while Middletown in the same round had smeared their opponent by a whopping [illegible].

Columbus Chapter, coached by Dave Ewing (Junior), used four men the entire game Saturday afternoon since it was their last game for Columbus Chapter, they will be too old next year. They are Hopper, Curtiss, Keefer and Heitt. Most of the boys on the squad have been playing together for several years including both previous tries at the title.

Hiett paced Columbus in all three wins as he garnered 16, 18 and 12, respectively, for a tourney total of 46 points. Hopper chipped in with 13 in the opening victory. Hopper came right back with 13 against Middletown as Keefer poured in another 12. Hiett was the only one in double figures in the title clash. Every man on the squad scored sometime during the tourney.

Below are Columbus' half of the box scores for the first two games and the entire box score for the finals. Incidentally, one big reason for their success in the finals was their defense; they held Jones' big gun, Brenner, to 12 points after he had scored 25 and 27 respectively in their first two outings. Only three Jones' men scored the entire game!

ROBERT RICHARDS, 3625 W. Broad-st, bagged a greater kudu along with other animals on his latest hunting expedition into East Africa. He will discuss the adventure at the Bethlehem Lutheran Brotherhood meeting Wednesday, Apr. 19, 7:30 p.m.

Bethlehem Men To Hear Of Safari

Robert R. Richards, local attorney, will give an illustrated talk on his recent safari hunting trip into Portugese East Africa at the Brotherhood meeting of Bethlehem Lutheran Church, at 7:30 p.m., Wednesday, Apr. 19.

A prized trophy shot by Richards during his East African expedition is the greater kudu, pictured above.

He also collected a lion, two cape buffaloes, two sable antelopes, a wart hog, and many other wild animals, plus many photographs for his spacious trophy room.

This is Richards' third hunting expedition for big game with rifle and camera.

He shot a large leopard on his first trip to Africa three years ago, and bagged a large Bengal tiger on a later trip to India.

Some 2,000 slides were taken during his latest trip.

Guests are invited to attend.

Casein Paintings At Paint-Town

Inspired by the beauty of the German countryside, Dale Seibert began painting as a hobby while serving 27 months there with the U.S. Army.

Originally using water colors, he recently changed to casein and has a number of his paintings now on display at Great Western Paint-Town.

He resides with his wife, Trudy, whom he met while in Germany, at 190½ Lechner-av.

On a per capita basis, U.S. farm output last year was twice that of the Soviet Union and four times that of Mainland China. It equaled the per capita volume of Canada, but was about half that of Australia and New Zealand.

LeTourneau will speak at Trautman Hall, Capital University Campus at a 6:30 p.m. dinner meeting, Saturday. Tickets at $2.50 each are available through Arthur Steppert, 22 Rose-av, Grove City.

Sunday morning he will speak at the morning worship service at Westgate Evangelical United Brethren Church. Rev. Harold Dutt is pastor.

His appearance in Columbus is sponsored by the Christian Business Men's Committee of Columbus. Jack Hughes, 3493 Kenlawn, is president of the group and Harry M. Stultz, 876 Binns-blvd, vice-president.

His firm, R. G. LeTourneau, Inc., has grown to be leader in the industry of building giant earth-moving machinery. During the last war it furnished the majority of earth-moving equipment used by Armed Forces throughout the world.

Through the LeTourneau Foundation which he and his wife endowed in 1935, he has contributed 90 per cent of his worldly goods, including more than half of his company's outstanding stock.

The foundation is one of the largest evangelical missionary organizations in the country.

A self-taught engineer, LeTourneau got to the top, as he puts it, "with a slide rule in one hand and the Bible in the other."

No Time Like Present To Check Lawn, Garden Tools

It won't be long before the skates, sleds and snow shovels go into storage and the garden equipment will be brought out. This being the case, there's no time like now to make sure your lawn and garden tools are ready for use.

First, check the lawn mower. If the blades need sharpening, you'll beat the rush by having it done ahead of time. It's especially important to have a good "cut" during the spring, when the grass is tender and growing rapidly...You'll want to clean and oil the mower, too.

Give the same attention to lawn clippers, rakes, hoes and other outdoor tools.

And how about the barbecue grill? You'll be ready for that first cookout day if you'll take a few minutes now to give the grill a thorough cleaning. Absorbent towels are especially handy for drying the grids.

While you're busy with spring-time preparations, you may as well make sure the skates, sleds and snow shovels are thoroughly cleaned and dried before they're packed away for the season. Have the skate blades sharpened, if they need it, and scour sled runners to remove any trace of rust. This way, you'll be all set for the first snowfall of next winter.

SUMMERTIME IS COMING and scenes like this one of a family "cooking out" in a screened garage-patio promise to be popular. This garage was turned into a sheltered summer house with attached screened patio simply by removing the rear wall, installing an overhead door and building an aluminum screen patio enclosure.

Garage-Patio Is Novel Idea For Family Fun This Summer

Want more room this summer for comfortable play or relaxing at home?

Just leave the car outdoors and move the family into the garage!

Hundreds of home owners have converted their garages into screened recreation areas, often with extended screened patios for full indoor-outdoor summer living.

The unique garage-patio idea is not only practical, but is just about the least costly property improvement that permanently adds living area and makes a house more useable during "outdoor living weather."

Converting a garage into a screened-house or patio is accomplished by removing the rear wall and installing an overhead door. Individual plans differ from that point on, depending upon each home owner's personal wishes, the terrain, location of the house on the property, and other factors.

Home owners who lack adequate yard space for patio extensions simply have both ends of the garage closed with fitted aluminum frame screen panels with aluminum fibrous glass insect screening.

Those with more available room can exploit the garage space to the full by having a screened patio extended from either the front or back—or both—with either a screen panel covering or a solid roof. The size and extent of such patio extensions are governed only by the home owners' individual desires and the lay of the land.

Arrangement can even be made to share a two-car or larger garage with the family car by means of by-passing screen panels at the front that can be pushed aside to permit entry of the auto!

If the screen panels are made with rolled aluminum tubular frames and either aluminum or fibrous glass insect screening, the job of taking them down in the fall, storing them for the winter, and then replacing them in the spring can usually be done quickly and easily by the home owner himself. Thanks to the thinness of the roll-formed frame sections, such panels usually be stored standing on edge against a wall in the garage itself and with no danger of warping, rusting, or other deterioration.

Here's A Check List For Clean Up Projects

Some specific contributions you can make to the Cleaner Columbus effort by improving your own home are as follows:

1. Stairways—see to it that they are uncluttered and well lighted, with sturdy hand rails and sound treads. Paint cellar steps a light color so they'll be easily visible.
2. Old newspapers—these, old magazines, unused furniture, old clothing in good condition, should be removed from basement, attic and garage and be contributed to your favorite charity.
3. Electrical wiring—check that your wiring is adequate to do the job demanded by all your appliances. Overloading the circuits can cause sudden disastrous fires. At the same time replace frayed lamp cords.
4. Screens—be sure the mesh is intact so as to keep flies and mosquitoes out. Rub away any rust and repaint.
5. Heating plant—check and clean furnace, flues and chimney.
6. Oily rags—keep these and rags used in painting in tightly covered metal containers to avoid spontaneous combustion.
7. Siding—are there cracked or broken boards? Is the paint in good and clean condition?
8. Bricks—are there any cracked bricks, does mortar have to be replaced?
9. Roofs and flashing—are shingles and other roofing material in good condition? Is flashing intact and caulked to prevent water leakage? Do shingles have to be replaced or retained?
10. Floors—are they sound, varnished, painted or waxed? Are rugs and carpets free from rips and tears? Are scatter rugs well-anchored?
11. Lawns and gardens—have bare spots on lawns been reseeded, gardens made ready for planting? Hedges trimmed?
12. Garbage Cans—are they provided with covers to keep flies out and foraging animals from scattering contents?
13. Sidewalks and driveways—are there spots where concrete is broken and should be repaired?
14. Interior rooms—is the paint in good condition? Need new draperies? Does furniture need repair? Refinishing?
15. Garages—are they free from rubbish? Is any gasoline in tightly capped containers to prevent fires?
16. Lightning Rods—are they properly installed? Are conductors intact?

Care Needed When Painting

Do-It Yourself home decorators around this time may be planning painting jobs in connection with Spring Clean-Up Week. The National Board of Fire Underwriters offers these suggestions to home painters:

1. Never smoke in a room in which paints are being mixed.
2. While you are painting, be sure and keep a window or two partly open to prevent paint fumes from accumulating.
3. Always throw away rags soaked with oil or paint after the paint job is completed, or keep them in closed metal containers. Under certain conditions oily rags can heat up from chemical action and burst into flames.

TAKE PRIDE

The usual advice to home owners with a high ceiling is to paint it darker than the walls in order to make it look lower. But if you are lucky enough to live in an old-fashioned home or apartment with the breath-taking 12 and 14-foot ceilings of long ago, why camouflage them? Emphasize the height by painting them white or a color lighter than the walls. This will make them look even higher.

Make Plans, Then Get It In Black 'n White

Some practical advice to homeowners interested in home repairs recently was given at a meeting of the North Side Neighborhood Council. The council annually conducts one of the most ambitious clean-up campaigns in the Columbus area.

Three past presidents serving as a panel met with the Better Business Bureau and the Columbus Builders Exchange and prepared the following list of safeguards for those ordering home repairs.

Make Definite Plans First

Know what improvements you want to make and decide on plan with contractor or architect as to exact work to be done for the basis of competitive bids. Ask for competitive bids on identical specifications from at least three reliable contractors. Avoid changes after the contract is let. Check their reliability with such agencies as Better Business Bureau, City Building Department, etc. In planning stages check zoning and easement restrictions with the City Building Department. City Health Department can also be helpful. To protect yourself from liability make sure workers and contractors are covered by adequate insurance.

Improvement Loan Plan

In shopping for credit be as careful of your financing as you are of your contractor. Shop for credit and financing with any bank, savings and loan, or any approved financial institution. Never sign a blank contract or note. This opens the door for fraud.

Watch For These Things

Don't be misled by the word "guarantee", a guarantee is only as good as the contractor behind it. Don't sign a contract before reading and understanding it. If you do not understand any paper consult a good lawyer. Don't sign a contract that will be filled in later. Don't sign a paper to get rid of a salesman. Be sure the contract is not binding until you get a signed copy. Don't consider verbal promises. These are not readily enforcible. Be sure the contract is specific and covers all phases of work.

Apply this type of example to all phases of work to be done.

EXAMPLE — PAINTING

To what extent is the paint to be scraped? How many coats? Is all the house to be painted, what kind, brand name?

"If the repair is worth making the agreement is worth writing."

It's Time To Have Heating Equip Check

Make a note on your calendar to set up a date with your oil, gas or coal furnace man to check your heating equipment before you place it in operation next fall.

The National Board of Fire Underwriters points out that July and August are good months in which to get this work done, for servicemen at that time are the least busy. Studies show that nearly every tenth fire is caused by defective heating units.

By making sure your furnace is in tip-top shape, you have not only taken an important step in making your home fire safe, but have taken out good insurance against a furnace breakdown.

What Would You Do In A Fire?

AT HOME:

Quickly get everybody out of the house.

Call the fire department immediately.

(Be sure everyone in your family knows how to call the fire department.)

PUBLIC PLACES:

Walk, do not run, to the nearest exit. Call the fire department immediately. Keep calm.

TRAFFIC!

If you are using quick drying latex floor paint, it's not a great tragedy if you do paint yourself into a corner. This type paint can we walked on in an hour. But why get caught? Always have a door—and not a closed door — behind you when you paint the floor.

Most spray chemicals not only destroy insects and other pests but they also have the capacity to injure the user and the innocent bystander, according to OSU extension entomologists.

What To Plant Is BigQuestion

Is landscaping the home grounds one of your projects for 1961? If it is and you need to brush up on your knowledge of what to plant, Fred C. Snyder, chairman, Correspondence Courses, the Pennsylvania State University, suggests you enroll in a home study course.

The one he believes will be of the most help right now is Course 123, "Rhododendrons, Azaleas, and Related Plants." Improved varieties of these native Pennsylvania plants are suitable for home landscaping.

The four-lesson course describes the selection, planting, management, and disease control measures for these plants. It also gives the colors of flowers and the height to which the various plants grow.

You can obtain home study course 123 by sending $1 to Correspondence Courses, 302 Agricultural Education Building, University Park, Pa. Make your check or money order payable to The Pennsylvania State University.

PLANT HOUSE CORNERS

A BARE CORNER of a home will detract greatly from the appearance of a home unless planted. According to the American Association of Nurserymen a tall shrug may contribute much to appearance if deep in the corner, with lower-growing shrubs in the foreground under windows where they will not interfere with the view.

'A Rose Is A Rose' Perhaps Even More

Home owners can be proud of their roses, which lend an aura all their own to the home property, according to the American Association of Nurserymen. Few flowers add so much as the rose in beautifying the property from spring to heavy frost.

In the "language of flowers" different types of roses symbolizes true love, freshness, beauty or virtue. In Christian symbolism, the rose is embelematic of "a person without peer."

Rose gardens or fences or specimen plants on the property add much to its attractiveness. The planting of a half-dozen rose plants each year, in time returns a lovely garden of all the newly developed varieties. Growers have gone to great pains and heavy expense to hybridize ever lovelier blooms.

A grower may gamble on growing 10,000 or more seedlings to find only one, or perhaps not even one improved variety. Once he does find a wonderful new rose, however, he has the thrill of a lifetime. His next step is to test it in all climatic areas of the country. On the basis of reports from these tests, he may gamble on producing many thousands of new plants, hoping that home owners will take to their beauty, as he did. It often takes up to 10 years or more in developing a new variety.

From this constant improvement and testing come new hybrid teas, floribunda, grandiflora, climbing or miniature roses to beautify home properties.

Grandiflora is a comparatively new classification of large growing rose plants with quality flowers used as specimen plants on the property, or in gardens. Floribundas are somewhat smaller, but covered with blooms, sometimes in clusters. Climbing roses offer cascades of flowers beside a porch, garage or over a trellis. Hundreds of blooms are produced.

Use roses for a particular purpose, nurserymen advise, whether in a garden, or a beautiful "living fence," as specimen plants, or border plants. Good nurserymen everywhere will advise the varieties to plant for each purpose. Rose mail order catalogues, too, describe what varieties to use for particular purposes.

Home On The (Fold-Up) Range

Ever hear of folding up a kitchen range? That's just what you can do with some of the new electric cooking elements, designed to give extra counter space when they're not in use. There's hardly a housewife alive who can't use more counter space, no matter how big her kitchen.

Consider Btu's In Playing It Cool

The easiest and surest way to obtain the right-sized room air conditioner for any room is to provide an appliance dealer with enough information to prescribe the "Btu" capacity needed for maximum comfort.

Btu's—British thermal units—are used today by manfacturers to describe the cooling capacity of modern air conditioners. Old "horsepower" and "ton" designation have been abandoned in favor of this more accurate method of measuring the amount of heat a cooling unit can handle.

One Btu per hour is roughly the amount of heat generated by a kitchen match if it were to burn an hour. An air conditioner labeled 12,000 Btu's, for example, would remove the heat of approximately 12,000 matches.

Here's the basic information the appliance dealer will need to help choose an air conditioner for a given room:

1. Size of room and what it's used for, such as living room, bedroom, dining room, or family room.
2. Exposure of its outside walls—south, north, east, or west,—and the number of windows facing south or west.
3. Its location in relation to other areas of the house: under roof, uninsulated attic, or occupied room.
4. Electric circuits available: 115, 230, or 208 volts.

A wide selection of room air conditioners now is available, including window units, models that install permanently through a wall, and units that provide year around comfort—cool in summer, heat in winter.

Standards of the National Electrical Manufacturers Association now provide that a room air conditioner's cooling capacity in Btu's per hour be imprinted on the data plate.

Clean Screens Are Mark Of Thorough Housekeeping

While regular soap and water will not harm them, aluminum screens can be kept clean simply by sweeping or brushing, plus an occasional going over with a moist cloth.

The Screen Manufacturers Association suggests that a regular house broom or a medium stiff brush used gently will suffice to remove dust and dirt that collects on aluminum or fibrous glass insect screening and aluminum screen frames.

Occasionally after brushing, and before over-winter storage, screens can be wiped clean with a moist cloth.

Gentleness is the order though, the S.M.A. cautions, so the screening will not be punctured, cut, or pulled from the spline that holds it to the frame.

With ordinary intelligent care, aluminum frame window screens or porch, patio and pool enclosure panels should last indefinitely. They can not rust, warp or rot and are inherently resistant to weathering. A gentle brushing cleans them. They can be stored flat or on edge leaning against a wall.

QUALITY PAINT

Here's a tip on how to be sure that you will be using a quality paint on your next painting project. Ask friends and neighbors who have had satisfactory paint jobs what brand or brands they used. If their paint has served them well over a period of years, you can be sure that they used a quality paint. Remember, that quality paints cost less in the long run because they cover better, last longer, stay brighter.

COSTS ARE LOW

Insulating May Be Do-It-Yourself Handyman's Dish

Among the reasons do-it-yourselfers continue to be do-it-yourselfers is the enjoyment they get from working with their hands, plus the feeling of accomplishment in improving their homes.

Another reason, of course, is that doing the job himself permits many a home owner to make improvements he might not otherwise be able to afford.

Installing mineral wool insulation is one do-it-yourself project that combines both rewards. Adequate insulation sharply reduces heating costs, makes a house more comfortable all year around, and adds to its resale value.

Areas where the home handyman usually can install insulation include unfloored ceilings between living quarters and an unheated attic, floors above crawl spaces, floors of living quarters above an unheated porch or attached garage, and walls between the house and unheated attached garage.

For maximum comfort and economy, do-it-yourself should ask their building materials dealers for batts or blankets of mineral wool labeled R-19 when they plan to insulate ceilings. Walls call for insulation labeled R-11, and crawl space floors need batts or blankets labeled R-13.

Areas not accessible to the home owner, such as finished walls, can be insulated by a mineral wool contractor who blows "granulated" wool into stud spaces using special pneumatic equipment.

Don't Overlook The Little Things

Dress up a window that's too small for frilly curtains or draperies by making a thin plywood cornice for the top. Then, cover it with one of the new patterns or colors in adhesive coverings. The materials can be pressed smoothly into place in minutes.

Outline the window, too, if you like, by pressing strips of the adhesive covering on the window molding, the sill and on the apron under the sill. This will give the illusion of a beautiful framed picture.

LIGHT TOUCH

In order not to leave a thick edge of paint at the end of a stroke, life the brush gradually as you finish. This will also prevent lap marks and drips or curtains from forming. When you paint the adjacent area, start on an unpainted section and paint into the previously coated area.

When At Hoge . . . Do As The Romans

Togas will be the costume, Latin the language and traditionally Roman the food and entertainment at a banquet planned at Hoge Memorial Presbyterian Church tonight.

Members of West High Latin Club will hold their favorite affair—the annual Latin banquet.

Menus, featuring the eggs-to-apples meals of the Romans, will list in Latin, courses starting with deviled eggs and ending with an apple dessert.

Guests, all dressed as Romans, will speak to "slaves" serving the food in Latin and entertainment will include gladiator fights, dancing and music, all authentically Roman.

Latin week, last Monday through Friday, was observed at West with elaborate lobby displays.

Projects, provided by Latin students in second, third and fourth year classes, included dolls dressed in authentic manner, models of Roman houses and of catapult and maniple war machines.

Posters explained the Roman calendar, Latin terms used in modern language, Latin derivatives and ways Latin is used in today's world.

Mrs. Frances Evans, instructor at West and advisor for the Latin Club, supervised the exhibit.

Latin Club officers are Anne Langdon, president; Larry Negulesco, vice-president; Cathie Stewart, secretary, and Ken Fuller, treasurer.

WARREN AVENUE CHURCH OF THE NAZARENE

650 South Warren Avenue

9:15 a.m.—"Christ for Today," Radio Broadcast Over WMNI, 920 KC.

An Important Message:

Residents of Columbus and Franklin County who care about their neighbors, as well as their families, receive the opportunity this month to join more than 2,000,000 volunteers across the country in the greatest struggle ever recorded against a single disease.

April traditionally is Cancer Month. This is the time the American Cancer Research Society underscores its year-round program of RESEARCH, EDUCATION, and SERVICE. The American Cancer Society is the ONLY organization fighting cancer on all three fronts.

The Society's program goes on every day — just as cancer, every day, kills 725 people. In many areas Cancer Research has made great gains and many cancers can be cured IF the patient will go to the physician at the first sign of trouble. Knowledge of Cancer's Seven Danger Signals must become more widespread.

The CANCER CRUSADE which is now underway in Franklin County (as well as all 3000 counties in the nation) is a combination of Education and Fund-Raising. The Society has learned its message must be carried to people in their homes on a person-to-person approach. Homes will be visited in the evening of Tuesday, April 25th, with more than 9,000 Cancer Crusaders carrying a life-saving message to each home in our community.

This is the chance for each resident to hear a message, which might save a life. This is also your opportunity to provide financial support to Cancer Research — much of which is being carried on right here in our own community by some of the world's great scientists.

Leading this tremendous Crusade is Dr. Charles A. Doan, Medical Research Director at the Ohio State University Health Center. Volunteering with him in various aspects of the Crusade are James R. Riley, president of Suburban Motor Freight Co.; Frank R. Schwartz, president of Schwartz Showell Corporation; T. B. Handshey, personnel director for Beverage Management (7-Up); Mrs. Franklyn Eyerman; Mrs. W. F. Langley; Irwin Johnson of WBNS Radio; Jerry Spears, Jr., of the Spears Funeral Home; Mrs. Bernice Berclaw; "Mack" Pemberton, principal at Hilltonia Junior High; Albert Termeer of Westinghouse Corporation; and John Loehnert, vice-president of Dollar Federal Savings & Loan.

They are just a small group of your neighbors who are taking time to help you save your life — or perhaps the life of a friend or co-worker. You may be asked to serve in the Cancer Crusade, and when that time comes those who are interested in a healthier America will find it gratifying to join in a movement with 2,000,000 to Crusade against the most dreaded disease of all time. If you wish to serve your community, telephone the American Cancer Society, BR. 6-5134, or stop in at 2300 W. Mound Street.

IDLE HOUR GUIDE . . .

Indians Baseball On WVKO, Jets Will Be In Action On '4'

By Stan Robinson

For the 12th consecutive year, WVKO radio is carrying the play-by-play action of the Cleveland Indians with Jimmy Dudley and Bob Neal teamed up on the broadcast. Dudley is again doing his pre-game show, "Dugout Interviews," interviewing players and managers from both teams. Neal is again doing the "10th inning, presenting scores and a wrap-up of the day's game. There will be 101 games on WVKO—59 in the daytime and 42 on FM.

JETS ON TELEVISION . . . WLW-C Channel 4 and the Columbus Jets Baseball Club have announced plans for 10 telecasts again this season commencing with the Toronto game of Apr. 25, Jet Stadium. Camera crews and the sports duo of Crum and Smith and Clark to be specific will work high above home plate for the play-by-play and the color on the Jet telecasts. The TV schedule includes the May 1 date with Buffalo, May 1 Rochester, May 21 Richmond, June 4 San Juan, June 8 Buffalo, June 19 Rochester, June 25 Syracuse, July 23 Richmond and Aug. 20 with Syracuse.

TB CONTEST JUDGES . . . Paula McGuire, the radio "Betty Newton," Dr. Richard M. Mall, associate professor of speech in radio-TV at Ohio State, now on leave as consultant assistant to People's Broadcasting Corp., and Duncan Thorp, public relations director of the Ohio Tuberculosis and Health Association have been named as judges by the TB Society and WBNS for Feature-TB," a radio writing competition for Franklin County 9th through 12th graders. The competition ends Apr. 15.

WBF—PAST PRESENT AND FUTURE . . . It is doubtful that any Central Ohio radio listeners have ever caught the sounds of WBFH radio, located at the Benjamin Franklin Tuberculosis Hospital, Alum Creek-dr in Columbus.

Some 15 years ago, an industrious hospital patient started the project as a form of rehabilitation with a staff composed of hospital patients. The station was silent between 1955 and 1959. The tubes and turntables came alive again in 1959 thanks to the interest and efforts of Dan Bergman, a young man in Columbus with both radio and TV background.

From the staff of one, today's basic operations staff numbers over 20 willing workers, several of whom are affiliated with commercial radio and TV in Columbus. It is a voluntary project every step of the way.

Hospital patients again work at this project as a part of their therapy and the results are gratifying. The station broadcasts with a transmitter signal that is fed into house current confined to the hospital grounds with an audience small in number but large in spirit for the work turned out.

Financial needs for equipment and other operational necessities comes strictly from interested friends and benefactors.

Remote broadcasts of major Columbus events including sports are always on the busy schedule at Ben Franklin.

Jabberin' Jack:

Teepee Tidbits And Red Hot Flashes

By Jack Allen, Sports Editor

Things are about to pop loose in the senior circuits of baseball and I want to share some of the footnotes of spring training that have come across my desk . . . you'll find only notes of the Reds and Indians . . . out of loyalty to the Buckeye State's representatives.

When Cincinnati pitcher Jerry Zimmerman reported to the Reds' camp at Tampa, Fla., he was assigned to room with John Flavin . . . 18-year-old rookie hurler . . . the latter was held up by a commercial travel strike . . . and veteran third baseman Will Jones checked in and drew Flavin's sack . . . Zimmerman woke up the next morning and spying Jones thought "My gosh, this is the oldest looking 18-year-old I've ever seen."

The Reds' outfielder Vada Pinson became a father for the first time just before spring training . . . the poor guy didn't get to do the floor walking bit enough to appreciate the sudden separation . . . so he calls the BW in Oakland, Calif., and listens to the baby cry via Alexander's invention.

The Indians are expecting great things from their newly obtained right fielder Willie Kirkland . . . the Cleveland squad handed Kirkland the assignment of home run and RBI leader . . . the 27-year-old slugger hit 43 homers at Candlestick Park during the past two seasons . . . Kirkland's baseball idol was Luke Easter . . . and imitated the early 50's thriller even to the point of dragging his bat on the way to the plate . . . Kirkland was disappointed when no Cleveland scout signed him . . . but the slugger didn't forget the game . . . he hit 40 homers in Sioux City in '55 . . . 37 in Minneapolis the following year . . . and has performed similarly every season of his career . . . National league observers have reported they predict 30 homers and 100 RBI's this season . . . Kirkland is described as an effortless performer with the mannerisms of Al Smith . . . once with the Indians and now with the Chicago White Soxs . . . looks like the break of a bright future for the Detroit reared guy.

You've heard of the mail order brides of old . . . the Reds have a mail order college graduate pumping for them . . . Ray Rippelmeyer reported a few days late for training . . . with permission . . . so he could finish his schooling . . . the diploma will follow through the mail in June . . . a Bachelor of Science in Agriculture from Southern Illinois University.

Locally speaking . . . you no doubt read of TV Weatherman Stan Robinson's appointment as a public address announcer for the Jet home games . . . can't you imagine the color of his face when he predicts a nice warm fair evening at 6:25 p.m. over the picture tube and announces the game is cancelled due to rain at 7:30 p.m. over the PA . . . maybe Stan will do an advance on the woes of the weatherman in his weekly "Idle Hour Guide" which appears in this paper.

Speaking of college boys . . . and I was before the above item . . . the Indians had 14 of them around during spring training . . . 10 players from the regular roster plus two coaches and two farm club trainees . . . outfielder Ty Cline is an ex-Clemson College luminary . . . Al Luplow was a grid star at Michigan State . . . third sacker Bubba Phillips is an ex-Mississippi Southern athlete . . . pitcher Wynn Hawkins set a basketball scoring mark at Baldwin-Wallace . . . John Antonelli attended Bowling Green . . . Barry Latman and John McLane attended USC . . . and Frank Funk did the higher education bit at American University . . . Joe Morgan at Boston College . . . and John Temple at Catawba College . . . the farm kids . . . Jack Kubiszyn and Max Alvis . . . had outstanding athletic careers at the University of Alabama and Texas respectively.

Next time I happen I'll give you the inside story on the youthfulness of the Indians and how a bazooka was employed by the Reds during spring training . . . so as the man says . . . 10-4.

Indians—

(Continued from preceding pg.)

are from 6 to 10 daily in the evening and on weekends from 9 a.m. to 10 p.m. The National Broadcasting Co recently gave permission to have portions of their popular "Monitor," weekend radio service piped into the hospital. This, too, has added to the variety-filled schedule of WBFH.

Here is truly a radio station not concerned with jingles, rating services, commercials and yet it is a faithful and captive radio audience, serving local people most deserving of a little extra attention.

NOTES OF INTEREST . . . Fred Astaire will be more active than ever before on television next season. The dancer-singer-actor has agreed to serve as host for a new weekly series on ABC-TV beginning in October . . . According to one rating survey company, viewers in the average American home spent six hours and eight minutes per day watching television in February. It would be an all time high for an average . . . Jack Benny's daughter, Joan, will soon be seen on dad's Sunday night show in an episode called "The Beverly Hills Police Station."

NBC-TV's widely acclaimed "Project 20" production, "The Story of Will Rogers" will be repeated tthis summer by popular demand . . . Comedian Jack Carter is now expected to be the star of still another talent scout type format on NBC-TV figured in for Monday nights and to replace "Acapulco" . . . "Jack's House," with Jack Davis daily on 4 at 9 a.m. has an entertaining seasonal film Thursday and Friday this week, "Take Me Out To The Ballgame."

Machines Dig At Lodge So Golfers Can By June

Earth moving equipment has been tearing up the turf next to Lincoln Lodge for the past three weeks but it won't be too long before golfers will be taking over to do the same thing.

Lincoln Lodge Links, a new par-three golf course just east of the motel, should be ready for play by early June according to a Lodge spokesman.

The nine-hole layout will be all par-three holes, ranging in distance from 95 to 120 yards.

There will be a one and one-half acre lake in the middle of the course to prevent a few headaches for those who allow balls to go astray. If this doesn't catch them a couple dozen traps should.

While the course will be built as a part of the motel's facilities, it will be open to the public.

Noah Salwers, Mt. Vernon, is in charge of construction.

Vicky Miller Will Attend Convention

Mrs. Vicky Miller, 528 Columbus-av, a representative of the Life Insurance Co. of Virginia, plans to attend the company convention at the Sheraton-Hilton Hotel in Washington, D.C. on Apr. 16, 17 and 18.

She is affiliated with the West Side branch office, located at 3341 W. Broad-st.

State Adds Endorsement Of 'Cleanup'

G. E. Strauss, chief of the Division of Real Estate and State Buildings, Department of Public Works, today promised the state's full cooperation with the Cleaner Columbus week drive set for Apr. 17 through 22.

"This annual clean-up campaign is a commendable effort on the part of the city of Columbus," Strauss said, "and is worthy of the full support of every citizen. We're glad to cooperate both as private members of the community and as representatives of the State of Ohio."

In commenting on Strauss' statement, Ben Collins, chairman of the Cleaner Columbus Week Committee said, "The cooperation that we've been getting from every official, civic, business and trade organization in Columbus has been simply tremendous. This should be the most effective drive we have ever had. I feel confident that on Apr. 22 Columbus will be truly a cleaner, healthier city in which to work and live."

Heigles' Stocks New Cooper Lifeliner Tire

A new "super-mileage" premium quality passenger car tire is now available from Heigles' Ashland Service Station, 2541 W. Broad-st.

Named the Cooper Lifeliner nylon, tests show that this new tire delivers as much as 50 per cent more mileage than standard new car tires. According to the company, a motorist who is now getting only 30,000 miles can expect to get 45,000 from the Cooper Lifeliner nylon, plus the extra safety that only a premium tire can give.

Special introductory prices are now being offered on Cooper Lifeliner nylon premiums in all popular sizes and types by Heigles.

Better Job Assured If Tips Are Followed

Planning to reroof this spring? Having a new roof of asphalt shingles applied to your home is as easy as telephoning a roofing contractor, but you may be happier with the job if you take a few preliminary steps.

Here are some suggestions:

1. Find a reliable roofing contractor who will apply your asphalt shingles skillfully. A proper application insures that they will give trouble-free service and long life for which they were designed.

2. Decide on a color. Asphalt shingles come in a wide range of colors, and the materials dealer or roofer can show you samples. Choose a dark color if your house is tall, a light color if it is low.

3. If your house is in an area subject to high winds, give some thought to a wind resistant application of asphalt shingles to insure protection from your home even in gales of hurricane force.

4. Ask the roofer if he can apply your new roof over the old one. Asphalt shingles can be applied directly over old roofing in most cases. This saves the mess and expense of ripping off the old material and provides a measure of protection in case of rain before the job is finished.

5. A new roof of asphalt shingles is less expensive than you may think because it is low in applied cost. But if you want to finance it with a loan, ask your bank for an FHA-insured home improvement loan. These are available for reroofing and other modernization at low interest and may be repaid over a period of five years.

Apr. 17-22 Is 'Clean-Up' In Franklin-twp.

Dave Caperton, newly-elected president of the Franklin Twp. Citizen's Association, has announced that the association, working in cooperation with Franklin Heights High School and the Franklin Township Fire Department, will hold an annual spring Clean-Up and Fire Prevention Week, Apr. 17-[illegible].

Students from the high school will be available after 4 p.m. through the week and all day Saturday at a minimum rate of 75 cents per hour to assist in the clean-up, according to Principal William Rogers.

Active participation on the part of the fire department will consist of a voluntary fire inspection of homes in the area, both inside and out, looking for fire hazards, according to Chief James Moffitt.

Capping the week will be a scrap paper drive conducted by the high school Saturday, Apr. [illegible].

Anyone wanting to use a student worker during the week should call the Guidance Department at BR. 6-2639.

Westway Post Offers Loyalty Day Material

Again this year Westway Post 3441, Veterans of Foreigns Wars, is offering program aids to all organizations and individuals interested in the growing emphasis on Loyalty Day, May 1.

Commander Joe Bendetti and Community Relations Chairman Sam Weller have prepared a series of four articles which groups may use in their programming. Speakers also are available. Requests for this material may be directed to Weller at BR. 9-8091.

The VFW spokesmen said, "Loyalty Day evolved several years ago when patriotic Americans, especially veterans, became alarmed at the annual May Day celebrations held by Communists in this country."

"On July 18, 1959, President Eisenhower signed into a law a Loyalty Day proclamation. The day is designated as an appropriate time for citizens to rededicate themselves to freedom and the American way of life."

Since then, the VFW has given strong promotion to Loyalty Day by means of speeches, concerts, parades, student assemblies, flag presentations, church programs and editorial campaigns.

"Communist May Day demonstrations are disappearing from the American scene," said the Westway officials, "but we are not sitting back with overconfidence. The 'Commies' are still around, and they will be quick to recapture the spotlight if we ever relax our vigilance."

Clean-Up A Must This Sping, Says Commissioner

Dr. O. M. Goodloe, Columbus Health Commissioner, has promised full cooperation of the City Health Department during the week-long clean-up campaign, Apr. 17 through [redacted]

Dr. Goodloe pointed out that the rugged winter has limited the opportunities for individuals to keep their premises and neighborhood in top shape. General sanitary conditions in Columbus are worse this spring than they have been in years, Dr. Goodloe said.

"Yard trash is not only unsightly, but a definite health hazard, he said. "Wood, lumber and tree limb piles offer ideal nesting places for rats, while loose garbage makes a natural breeding ground for insects."

Those who need help with yard or house work, may call the Ohio State Employment Service, CA. 9-8711, and ask for the Casual Labor Department. The office is open from 8 a.m. to noon, Monday through Friday, and from 8 a.m. to 10 a.m. on Saturday. There's plenty of help available by the day or by the hour, according to Joe Stoughton, Public Information Officer.

MRS. MARY CLARK, 2463 W. Broad-st, and Mrs. Albert Worten, 1945 Elmwood-av, attended the Third Ohio "Cured Cancer" Assembly, held in the Ohio Union, where they talked with Dr. William J. Flynn of Youngstown, president of the state's American Cancer Society, and Dr. James P. Cooney, vice-president for Medical Affairs, of the National Cancer Society.

Columbus Women At Meeting As Guests Of 'Cured Cancer'

Two Columbus women who have been cured of cancer were among the 65 honored guests at the Third Ohio "Cured Cancer" Assembly in the Ohio Union Sunday.

They were Mrs. Mary Clark, 2463 W. Broad-st, and Mrs. Albert Worten, 1945 Elmwood-av, representing the Franklin County Unit of the American Cancer society.

Virginia Graham, familiar to followers of the Jack Paar Show, was the guest speaker, and like Mrs. Clark, and Mrs. Worten, is a cured cancer patient.

Also speaking was Gen. James P. Cooney, MD, vice-president for medical affairs of the Society's national office; and Edward DeBartolo of Youngstown, state Crusade chairman.

Mr. DeBartolo "kicked off" the state's crusade by presenting a check for $10,000; he offered another of $5000 from a friend; and announced that Cincinnati's first contribution had been an anonymous contribution of $10,000.

The Crusade is under way now in Franklin County and will come to a climax on Tuesday, Apr. 25 when 10,000 volunteers carry an educational message into every home in the county.

Mrs. Franklin Eyerman, 1074 Lilly-av, is chairman of this residential phase of the Cancer Crusade; James R. Riley of Suburban Motor Freight is Special Gifts chairman; and T. E. Handahoy of 7-Up, is serving as chairman for Small Business.

West Trackmen Down West Jeff In Opener

Last Thursday afternoon the West track squad opened their 1961 home season by trouncing West Jefferson 76½-41½.

West was shutout in only two events, both relay races, but whitewashed West Jefferson in the mile run and outscored them 8-1 in the 180 low hurdles, discus, high jump and pole vault. Jeff returned the latter 'favor' in the 100. West's Jerry Clayton was the only double winner as some of the Cowboy's top men were not competing.

Summary: 120 HH — Clayter (W) and Hockenberry (J) tied for first, 2—Newman (W), Kruger (J), 17.9; 100—Blauser (J), 2—Hanse (J), 3—Coles (W) 10.4; mile—Walters (W), 2—Slonager (W), 3—Wolf (W), 4—Barnett (J) 5.08.9, 880 relay—W. Last Tuesday West hosted South in a dual meet and they will be home again tomorrow for a triangular meet with Eastmoor and Marion-Franklin. Then next Tuesday they entertain arch westside city rival Central in a dual meet and then travel to North for a dual a week from Thursday.

Short-shorts of the W. Jeff. meet. John Richards was only one second behind in the 880 finish as he came in second. Dave Duerler, who is quite small as athletes go, and Jerry Ball, known for his extreme speed, went into pole vaulting and came out with a first and second respectively.

Kincaid Will Lead Annual Development Fund Drive

Marvin Kincaid

Marvin D. Kincaid, 241 S. Roye-av, will chairman the 22rd Hilltop area alumni gift campaign for the Ohio State University Development Fund.

The fund campaign opens here and throughout Columbus and Franklin Conty Apr. 17. Announcement of Kincaid's appointment was made by Mrs. Ralph C. Barnett, 1617 Essex-rd, Columbus and Franklin County campaign chairman.

Two additional Hilltop residents have been appointed division chairmen in addition to Kincaid. Thomas J. Murnane, 2930 Palmetto-st, is chairman of the special gifts division. Roger S. Boyd, 3291 Eakin-rd, is chairman of the Battelle Memorial Institute campaign division.

All gifts are used for university fundamental research, student aid and academic scholarship programs. These programs are not supported by legislative appropriations.

Last year, 3,454 Hilltop, Columbus and Franklin County alumni and friends of the university contributed $139,523 to the development fund.

The campaign will close Saturday, May 6 with a report luncheon for campaign workers preceding the annual intra-squad varsity football game at the stadium.

City Frees More Cash For Center

Money was rounded up this week by Finance Director Wayne Freeman to insure the construction of the Fire and Police Communications and Training Center, to be located northwest of Greenlawn-av and Washington-blvd.

A problem arose when the original appropriation was found to be $120,000 short of the amount needed. For a while it appeared as if there might be trouble when Freeman was advised that construction could not begin until the additional funds were available, but Freeman was able to cut money from other projects to fill the gap.

The appropriation, on a mayor's ordinance, was approved Monday by council.

Council also authorized the Board of Purchase to advertise for some 93,000 feet of cable for the new building.

In additional action, council granted permission to the West Side Board of Trade to use a portion of Sunshine Park for the annual June Jubilee, June 5 to 10.

A 30-day ordinance was also introduced Monday night, to accept the third plat of Holly Hill subdivision. Discussion will be heard next week.

Countries with 4-H clubs or 4-H-type organizations may be found on every continent.

LIONS SET FOR BIG SPLASH

THIS ADVANCE POSTER, sketched by Ron Booth, 644 S. Sylvan-av, serves to announce that from Sunday, Apr. 30, through May 14 the Hilltop Lions will sponsor their second annual carnival at Central Point Shopping Center. The entire proceeds again will be given toward building a swimming pool at the new Hilltop YMCA. The much-wanted pool received a $1,000 donation as a "door-opener" by the Lions last year. A galaxy of rides and concessions for all ages is being arranged by Fred Thumberg of Queen City Attractions with the cooperation of the Big Bear store and other Central Point merchants. Discount ride tickets will be available in the stores. On the Lions carnival committee are: Roger Essig, chairman; Robert Case, Robert Bethel, Robert Dennis, Warren Cremeens, and Ron Booth.

'Operation Outdoors' To Be Implemented

"Operation Outdoors," a wildlife management phase of the overall national forest program that will be implemented in the next 10 to 15 years, has been announced by Orville L. Freeman, U.S. secretary of agriculture.

This wide-sweeping plan for 186 million acres of forest, range and watershed lands will not, however, significantly change the working agreement between the Division of Wildlife and the Wayne National Forest in southern Ohio.

LOOKING SOUTH past the scene of the Demorest Road tragedy, Little Randy Gribble and his sister were hit near the shrubs in the background. The children were bringing groceries from a nearby store at the time of the accident.

Residents Declare Road 'Dangerous Day, Night'

By BILL GRESS

An aura of dread overshadows Demorest-rd.

Dread inspired for residents by the fast-moving traffic on the thoroughfare.

And by the specter of what could happen — of what has happened.

A week ago, Apr. 12, seven-year-old Randy Gribble was killed on Demorest-rd by a car which police said was traveling at high speed. His 10-year-old sister, Connie, was badly injured in the accident.

Parents in the neighborhood fear it might happen again.

They universally agree — the traffic is bad; a serious problem.

To understand the problem, it is necessary to know something of the area.

Demorest-rd, between W. Broad-st and Clime-rd, traverses an otherwise quiet section in the western outskirts of Columbus. It is a neighborhood of middle-class homes; of young families and above all, children. A lot of children.

Among the dozen or so families living on the block in which Randy was killed, there are 24 children. All are school age or younger.

Demorest-rd itself is a suburban thoroughfare, part of —in actual fact—an unofficial "outerbelt."

It provides access to Clime-rd, a main connecting road; outlying county areas; and Reulah [illegible] track. It is a city street with aspects of a county road.

Further complicating traffic safety is jurisdiction divided between county sheriff's deputies and city patrolmen and a roadway higher than adjacent yards in many places.

The problem then is twofold, a heavily traveled road, populated by families with many children.

And the families are worried. They are, by-and-large, not indignant. Nor are they ready to impute blame. They are scared stiff.

The reaction of Mrs. Harry Hoey, 709 Demorest, a friend and neighbor of the Gribble family and the mother of five small children, was typical:

"The traffic problem is bad at all times of the day and

Yellow daffodils afraid to venture out for fear their new bonnets would get wet in the April snow. . . A big blue barron taking his very precise steps around the edge of the lake and having his caution rewarded by a not-too-alert blue gill. . . A special blue flame that can come only from a honey locust in an open fire on a cold spring day. . . Little brown wood ducks dropping in to extend their greetings as they take their tour northward where they will raise their summer family. . . A bright green lawn and evergreens after a blowing snow appearing like pastries sprinkled with powdered sugar. . . Maybe An Opportunity Corps Is In Order

There is no argument with the fact that people who are out of work and on the verge of being destitute, homeless and hungry, do need assistance.

And we do feel that self respecting citizens do not want something-for-nothing. Many worthwhile cases do not get the proper attention they need due to the pride people have in not wanting to accept charity.

On the other hand there

Larry Stokes

Broad-St Boy Wins Club's Elite Title

Larry Stokes was the man of the hour at a downtown banquet last Wednesday night when he was handed the Boy of the Year trophy of the West Side Boys' Club.

"Your leadership has been a fine example for the other boys at the clubs," said Floyd E. Gooding, president of the Boys' Clubs in Columbus, as he made the presentation.

Larry, 18, is the son of Mrs. Florence Stokes, 1492 W. Broad-st, and has attended Avondale and Holy Family schools. He is the second in his family to be accorded the honor. A brother, Dewey, 19, won the title four years ago.

A standing ovation from 100 fellow Boys' Club members and some words of praise from the club director, Ralph Oberleitner, also were given to Larry at the banquet. He was captain of the club's championship kickball team, and also was captain of his senior basketball team this year.

The young West Sider, who is working his way up from delivery boy to sales positions in in an office equipment firm, gave indications of his salesmanship several years ago. He was club champ in selling Columbus Jets badges.

That's the way the Hilltop Record marks its 44th birthday this week. With the start of Volume 46 the publisher rededicates this newspaper to "continuous community service."

It's a policy that is spelling success to six other Hartley Newspapers that have followed the Record.

Way Open To Allow Left Turn

City Traffic Commission learned Friday that it has the legal right to ask for a left turn at the end of the W. Broad-st ramp which leaves the Sandusky-st expressway.

Formal action on the local merchants plea to resume the left turn traffic is expected at the next meeting of the commission Apr. 25.

The turn was banned under an agreement of federal, state and local engineers who worked jointly on the project. City Attorney Russell Leach, after more than a month of study, came up with the latest ruling.

Republicans Plan Joint Ward Meet

Republicans of the 10th, 11th and 32nd wards are invited to meet at 7:30 p.m. Thursday, Apr. 20, at the public room of the City National Bank, 3100 W. Broad-st.

Judge Fred L. Donnally will preside, and refreshments will be served.

Program planners are Committeemen Earl A. Brownlee and Alma E. Smith of the 10th Ward; Lawrence S. Roach and Mary Sarrey, 11th Ward; and Joseph M. Enright and Bertha Sinclair, 32nd ward.

DIGNITARIES TO TAKE PART . . .

Chicago To Dedicate New Facility Sunday

Dedication day for the newly-completed educational wing of Chicago Avenue Christian Church, 33 Chicago-av, will be held Sunday, Apr. 23.

The addition, replacing the portion of the church destroyed by fire two years ago, is nearly twice as large as the original facility. The fire occurred Feb. 1, just 10 days after the 1959 flood.

The two-story construction was built at the rear of the church at a cost of $55,000.

Dr. Gaines M. Cook of Indianapolis, executive secretary of the International Convention of Christian Churches, will speak at the formal dedication program planned at 2 p.m. His topic will be "Thine Is The Glory."

Dr. Herald R. Moore of Cleveland, executive secretary of Ohio Society of Christian Churches, will preach at the 10:15 a.m. service.

Ministers of the other eight Christian Churches in the Columbus area will also part in the afternoon service.

Rev. Russell Jones, city councilman, will represent Columbus Area Council of Churches at the ceremony, and Rev. Irvin E. Lane, pastor of Burgess Avenue Evangelical United Brethren Church, president of the West Side Ministerium, will bring greetings from area churches and ministers.

Following dedication there will be an open house reception with the building open for inspection and tea served by Christian Women's Fellowship.

The new church addition will accommodate 300 in Sunday School. Fellowship Hall, seating 250 at tables, may be divided by folding partitions into Sunday School rooms.

A crib room, nursery, [illegible] rooms, offices, pastor's study paneled in mahogany and modern, completely equipped kitchen are featured.

Son Of Hilltoppers Accepts Arnett Clinic, Ind., Position

A former area resident, finding too much leisure not to his liking, will launch a new career May 1, eight months after retirement.

Dr. Wendell A. Weller, son of Mr. and Mrs. Herman C. Weller, 253 Midland-av, will join the Arnett Clinic at Layfayette, Ind., after concluding 31 years in the United States Army Medical Corps Aug. 31, 1960.

Dr. Weller was retired and honored with a retreat parade staged on the Polo Field of Fitzsimmons General Hospital. He and his wife, Mabel, have traveled extensively since then.

He will practice his specialty, otolaryngology in his new post at Arnett Clinic.

Dr. Wendell A. Weller

Born in Columbus in 1906, Dr. Weller was graduated from Pataskala High School in 1922, and received his BA in 1927 and MD in 1929 from Ohio State University. During college years he was a member of Glenwood Methodist Church.

He entered the Army in July, 1929, and interned at Walter Reed General Hospital.

Duty stations were at Ft. Benjamin Harrison, Ind.; San Juan, Puerto Rico; Letterman General Hospital, San Francisco; and William Beaumont General Hospital, El Paso, Tex.

During World War II he commanded a 750-bed evacuation hospital which served in Africa, Italy, France and Germany.

After a course of study at the University of California, Col. Weller returned to Letterman Hospital in San Francisco as chief of the Otolaryngology Department.

In 1952, he was sent to Tokyo, where he held three concurrent positions — chief of otolaryngology, director of the Auditory Screening Center at Tokyo Army Hospital, and consultant in otolaryngology for the Far East Command.

The latter assignment took him to Korea, all parts of Japan and to Okinawa.

Col. Weller returned to the United States in December, 1955, and was assigned to Fitzsimmons General Hospital where he

Driver, Gribble Girl Still In Hospital

A speeding car skidded for 200 feet, according to police, hitting a post, a rock, a stop sign, a street sign, a guy wire and then a boy and girl.

Seven-year-old Randy Gribble was killed; his 10-year-old sister, Connie, seriously injured.

Randy, son of Mr. and Mrs. Charles Gribble, 669 Demorest-rd, was pronounced dead of head injuries, at Mt. Carmel Hospital minutes after the accident Apr. 12 at Demorest-rd and Race-st.

Connie was taken to Children's Hospital with head, face and leg injuries. Her condition Tuesday was listed as "good."

The driver of the car, Thomas L. Fitzgibbon, 26, of 113 Walnut-st, Mechanicsburg, was taken to Mt. Carmel Hospital with a fractured pelvis.

The sheriff's department is investigating the accident with the co-operation of the city police, according to Lt. Elsworth Beck.

Beck said charges have not been filed, pointing out that Fitzgibbons remains in serious condition.

The 1961 car went out of control in the county and came to rest in the city.

Randy and his sister were walking home with groceries from a nearby store at the time

1961 Bean Dinner Scheduled July 24, 25, 26 at Westgate

Despite discouraging weather, Hilltop Business Association members are busy with plans to assure summertime fun for the community.

Committees are well under way with plans for the 1961 Bean Dinner, planned this year Monday, Tuesday and Wednesday, July 24, 25 and 26 at Westgate Park.

Ray Highfield of Sullivant Avenue Lumber Co. is general chairman of the affair.

Features of the Bean Feast will include many brand new events as well as annual favorites whose popularity has been proven through the years.

Beans of course, tons of them cooked with generous portions of ham, will be served free during the dinner hour Tuesday and Wednesday evenings.

A queen will be chosen and coronation ceremony will be held Monday evening. And the King of the Hilltop contest will be held among service clubs.

Little girls in the community will again have the opportunity of showing off their pretty hairdos in the pony tail contest. There will be games and contests for the younger set and games of skill for the grownups, too.

Harder Lake will be cleaned and stocked with fish so there will be plenty of opportunity for winning prizes in the fishing derby.

As always, a program of planned events and attractions of the midway will keep guests entertained throughout the three-day festival.

DEMOREST-RD DEATH IS SHOCKER

The dark day on Demorest-rd—a week ago today when a little boy was killed and his sister seriously injured by an auto-gone-wild — leaves the neighborhood numb with grief.

Randy Gribble became the third child to die in local traffic in two months. If this is to be a pattern for the future, then the future is indeed frightening.

Our observation is that Demorest-rd all too often is used as a racetrack, a drag strip—a place to 'try out" tune-up jobs or show off a new car.

Partly in the county, partly in the city, it nevertheless is posted for 35 mph driving, even slower in front of Franklin Heights school. Yet, daily there are drivers who thumb their noses at the law and endanger life and property all along the way.

This kind of death-dealing devilry must be stopped! If Chief Scholer needs more policemen or the sheriff needs more deputies to get the job done around Columbus, let's help them find the men.

If we ourselves are at fault, however—whether as drivers, pedestrians or parents who instruct our children—let us (as brought out in our editorial of Mar. 22) put discipline uppermost in our actions.

We think 30 seconds of self-discipline could have prevented that dark day on Demorest-rd.

Limited resources for education and information endanger free people. Be glad you live in a country where the press is free to print and you are free to read. "For a fuller, richer life — Read!"

LeTourneau To Speak Here Sunday

A huge rally at Central High School Sunday, 2:30 p.m. will climax the two-day visit here of R. G. LeTourneau of Texas, the man who gives millions to the work of the church.

Admission is free and the public is invited.

He will also speak at Westgate Evangelical United Brethren Church, 61 S. Powell-av, Sunday morning at 10. The pastor, Rev. Harold Dutt, invites everyone to hear him.

LeTourneau will address a dinner meeting at Trautman Hall, Capital University Campus, Saturday, 6:30 p.m. Reservations must be made with Arthur Steppert, 23 Rose-av, Grove City.

The inventor and manufacturer of earth-moving machinery and als wife endowed the LeTourneau Foundation in 1935, and contribute through the foundation, 90 per cent of their worldly goods, including more than half of his company's outstanding stock.

R. G. LeTourneau, Inc., is the leader in the industry of building giant earth-moving machinery and supplied, during the last war, the majority of earth-moving equipment used by Armed Forces throughout the world.

LeTourneau's appearance in Columbus is sponsored by the Christian Business Men's Committee of Columbus. Jack Hughes, 3403 Kenlawn, is president of the organization and Harry M. Stults, 576 Binns-blvd, vice-president.

Parking at the side of the road at night, says the Columbus Auto Club, always is a dangerous practice. If you must pull off the road in an emergency, make certain you are completely off the highway. Leave your car lights on and use flares to warn oncoming traffic of your presence.

PRICES ON FATS AND OILS ARE EDGING UPWARD

The next time you reach for a container of shortening, cooking oil, margarine or lard, you may notice its price tag is a bit higher. In fact, prices on these items have been edging upward since last October. This is a result of higher prices on such ingredients as soybean oil, cottonseed oil and lard. Why the rise?

Mostly it stems from the record demand for our supply of fats and oils—both domestic and foreign. In addition our supply is slightly smaller this year.

Larger domestic demand reflects mainly population increases, but more important is the great export demand of oils by Western Europe and Japan. These countries are unable to secure their normal supply from other sources this year, namely, the Mediterranean area, Congo and Red China, where exports of oils are down sharply from last year.

Sharpest rise has been on soybean oil —now selling at 13½ cents per pound, compared with eight cents a year ago. Cottonseed oil, corn oil and lard are also much higher than a year ago.

It may surprise you to learn how important the soybean has become as a food product in this country. Soybean oil has become a major ingredient in shortenings, margarine and cooking and salad oils. The largest use is in shortening. Last year it accounted for 51 per cent of all fats and oils used in this product.

Soybean has thus replaced cottonseed oil as the main ingredient in margarine and made up 36 per cent of total fats and oils used in margarine last year. Cooking and salad oil manufacturers use 18 per cent of the soybean oil produced in the U.S. in 1960.

Actually, the per capita use of fats and oils has changed but little in recent years. But use of individual items has changed a great deal as compared with 1935-39. We are using a great deal less butter and lard, much more margarine, and slightly more shortening per capita. On the average, food fats and oils account for about five per cent of family food spending.

HOMEGROWN PRODUCE IS LATER THAN USUAL

Supplies of Ohio greenhouse tomatoes are increasing more slowly than expected due to the lack of sunny weather the first weeks of April. Crop prospects are still good, although not quite as favorable as anticipated earlier. Prices are slightly lower on Florida and Mexican tomatoes.

Field-grown rhubarb supplies are increasing and the stalks are longer this week. You'll find good Ohio-grown kale, spinach, collards and green onions. Local asparagus will get a late start this year.

DEMOREST-RD DEATH IS SHOCKER

The dark day on Demorest-rd—a week ago today when a little boy was killed and his sister seriously injured by an auto-gone-wild — leaves the neighborhood numb with grief.

Randy Gribble became the third child to die in local traffic in two months. If this is to be a pattern for the future, then the future is indeed frightening.

Our observation is that Demorest-rd all too often is used as a racetrack, a drag strip—a place to "try out" tune-up jobs or show off a new car.

Partly in the county, partly in the city, it nevertheless is posted for 35 mph driving, even slower in front of Franklin Heights school. Yet, daily there are drivers who thumb their noses at the law and endanger life and property all along the way.

This kind of death-dealing devilry must be stopped! If Chief Scholer needs more policemen or the sheriff needs more deputies to get the job done around Columbus, let's help them find the men.

If we ourselves are at fault, however—whether as drivers, pedestrians or parents who instruct our children—let us (as brought out in our editorial of Mar. 22) put discipline uppermost in our actions.

We think 30 seconds of self-discipline could have prevented that dark day on Demorest-rd.

Limited resources for education and information endanger free people. Be glad you live in a country where the press is free to print and you are free to read. "For a fuller, richer life — Read!"

Dry Cleaners Guild To Clean 'Free' Children's Thrift Shop Donations

Don't throw away those outgrown, outstyled clothes, those drapes you are tired of, all that "stuff" you have to clean out of drawers and cupboards as you do your spring housecleaning!

The Thrift Shops need all of those things you no longer can use and, to make it easy for you, the Dry Cleaners Guild of Columbus will place boxes in their member stores for you to drop your used items into. Then they will clean the things free and deliver them to the Thrift Shops.

The Twigs of Children's Hospital now have three shops located at 174 S. Fourth-st, 1814 S. Parsons-av and 1096 N. High-st, where all kinds of used merchandise is sold at nominal prices. The money realized from the sale of this merchandise is turned over to Children's Hospital to help the sick children of our community.

So—from your drawers, cupboards, closets, garages and cities get all the "stuff" you no longer need or want and take it all to your nearest Dry Cleaners Guild member Apr. 24 through May 6th — Your neighborhood Guild members are listed below.

Remember the Thrift Shops can use anything and are always grateful for donations at any time.

LeTourneau To Speak Here Sunday

A huge rally at Central High School Sunday, 2:30 p.m. will climax the two-day visit here of R. G. LeTourneau of Texas, the man who gives millions to the work of the church.

Admission is free and the public is invited.

He will also speak at Westgate Evangelical United Brethren Church, 81 S. Powell-av, Sunday morning at 10. The pastor, Rev. Harold Dutt, invites everyone to hear him.

LeTourneau will address a dinner meeting at Trautman Hall, Capital University Campus, Saturday, 6:30 p.m. Reservations must be made with Arthur Steppert, 28 Rose-av, Grove City.

The inventor and manufacturer of earth-moving machinery and his wife endowed the LeTourneau Foundation in 1935, and contribute through the foundation, 90 per cent of their worldly goods, including more than half of his company's outstanding stock.

R. G. LeTourneau, Inc., is the leader in the industry of building giant earth-moving machinery and supplied, during the last war, the majority of earth-moving equipment used by Armed Forces throughout the world.

LeTourneau's appearance in Columbus is sponsored by the Christian Business Men's Committee of Columbus. Jack Hughes, 2463 Kenlawn, is president of the organization and Harry M. Stultz, 876 Binns-blvd, vice-president.

Parking at the side of the road at night, says the Columbus Auto Club, always is a dangerous practice. If you must pull off the road in an emergency, make certain you are completely off the highway. Leave your car lights on and use flares to warn oncoming traffic of your presence.

Consumer Report

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK LOOK FOR:

Fruits — Grapefruit, juice oranges, bananas, canned peaches and apricots.

Vegetables — Asparagus, celery, cabbage, lettuce and spinach.

Protein Foods — Beef, pork cuts, chuck roasts, fryers, large turkeys and large eggs.

PRICES ON FATS AND OILS ARE EDGING UPWARD

The next time you reach for a container of shortening, cooking oil, margarine or lard, you may notice its price tag is a bit higher. In fact, prices on these items have been edging upward since last October. This is a result of higher prices on such ingredients as soybean oil, cottonseed oil and lard. Why the rise?

Mostly it stems from the record demand for our supply of fats and oils—both domestic and foreign. In addition our supply is slightly smaller this year.

Larger domestic demand reflects mainly population increases, but more important is the great export demand of oils by Western Europe and Japan. These countries are unable to secure their normal supply from other sources this year, namely, the Mediterranean area, Congo and Red China, where exports of oils are down sharply from last year.

Sharpest rise has been on soybean oil —now selling at 13½ cents per pound, compared with eight cents a year ago. Cottonseed oil, corn oil and lard are also much higher than a year ago.

It may surprise you to learn how important the soybean has become as a food product in this country. Soybean oil has become a major ingredient in shortenings, margarine and cooking and salad oils. The largest use is in shortening. Last year it accounted for 51 per cent of all fats and oils used in this product.

Soybean has also replaced cottonseed oil as the main ingredient in margarine and made up 35 per cent of total fats and oils used in margarine last year. Cooking and salad oil manufacturers use 18 per cent of the soybean oil produced in the U.S. in 1960.

Actually, the per capita use of fats and oils has changed but little in recent years. But use of individual items has changed a great deal as compared with 1935-39. We are using a great deal less butter and lard, much more margarine, and slightly more shortening per capita. On the average, food fats and oils account for about five per cent of family food spending.

HOMEGROWN PRODUCE IS LATER THAN USUAL

Supplies of Ohio greenhouse tomatoes are increasing more slowly than expected due to the lack of sunny weather the first weeks of April. Crop prospects are still good, although not quite as favorable as anticipated earlier. Prices are slightly lower on Florida and Mexican tomatoes.

IT'S LATE at night and the one thing you need most in this world is a prescription filled for someone you love. You make a phone call and a friend answers—your druggist. Within minutes after your call, he's on the job.

It takes a time like this to make you realize how much you depend on this man, yet how much you take him for granted. Your pharmacist means medicine when you need it—skillfully prepared. He means service—regardless of time. His concern is for you, not only as a customer, but as a friend.

And what a valuable "extra" for you if your neighborhood drug store gives you S&H Green Stamps. You know, of course, today half the families in America save them.

Your S&H Green Stamps make it possible for you to choose from over 1,500 top-quality, famous brand-name items at your S&H Green Stamp Redemption Store.

State Offers $40 Million For Streets

Local governments throughout Ohio will receive a "spring tonic" this week and next from an April shower of dollars from the statehouse that is expected to be in excess of 43 million dollars, according to State Auditor James A. Rhodes.

About $40 million will go to the street and road funds of cities, villages, counties and townships, many of which are badly depleted as a result of heavy snow-removal expense and ice treatment during the winter.

The balance of more than $3 million will be the quarterly distribution of liquor license money to municipalities and townships. This goes into the general fund of the local governments.

Insect Damage Causes 'Warts'

If the leaves on your shade trees have "warts," blame it on insects.

Those "warts" probably are insect galls, says Dr. R. P. Holdsworth, Ohio State University Extension entomologist. They are caused by such insects as aphids, midges, mites, or small wasps which hatch out this time of year and feed on tender leaves and twigs.

In this case you can prevent gall formation by spraying the tree with a wettable powder form of malathion at the rate of two tablespoons of chemical to each gallon of water. Dr. Holdsworth suggests you apply this spray while the leaves are expanding.

LESS THAN THIRD HAVE CARD

Citizens Fortunate To Have Extensive Libraries At Hand

By GALVY GORDON
Public Relations Director, Columbus Public Library

For a richer, fuller life—Read!

That's the theme and the promise held out to you by the fourth annual observance of National Library Week, April 16-22, sponsored by the National Book Committee, Inc., in cooperation with the American Library Association.

One of its chief purposes is to make you pause and ask yourself, "How long has it been since I've read and enjoyed a good book?" and "How long has it been since I've availed myself of the opportunities provided me by that uniquely American institution—the free public library?"

Within Franklin County we have the giant Columbus Public Library serving the central core area with 14 buildings, five bookmobiles and a collection of some 600,000 books, 9,000 recordings, and nearly a 1000 circulating sound-movie films. Every resident of Franklin County is also entitled, under the law, to use the full facilities of five other public library systems within the county that stand ready to serve him. The resources of the State Library in downtown Columbus are available to all Ohio residents.

Why is it, then, that less than one-third of our citizens do not have and use library membership cards? Is it because of the scarcity of libraries? Obviously not. Is it because of lack of time? How can this be in an age when leisure time was never more plentiful?

Nature fixes our lifespans and, to a certain extent, our talents and aptitudes. Knowledge is man's one unlimited opportunity to grow. And his public library is his open door to wisdom and experience of all mankind—the greatest gift democracy can bestow — for each individual regardless of race, religion, wealth or social status.

Since ours is a society based on the choices of many, rather than the few, its greatest concern must be the development of every individual to his highest capacity. The public library is a vital tool for this process and for the raising of horizons.

Why not set aside a half hour or so next week to visit your nearest public library? Discover for yourself the truth of National Library Week's theme:

For a richer, fuller life — Read!

Backing into a curbside space, says the Columbus Auto Club, requires a sharp lookout through the rear window for approaching traffic. Often, in crowded areas, the driver following you doesn't know you're going to park, so be sure to signal him.

Coffman's Story of the Week

A little boy was saying his bedtime prayers in a very low voice.

"I can't hear you, dear," said his mother.

"Wasn't talking to you," said the small one firmly.

If the above is difficult to read, an eye check is indicated.

Cowboys Win One, Lose One During Last Week's Action

West's diamond crew, like everything else, has been thwarted continuously this spring by old man weather. They were to have a three-game week last week but managed to get in only two contests. They still are trying to play a postponed fray from two weeks ago. It was to be at Eastmoor but since West's diamond is in better shape and dries faster, the first clash is being switched to West, if they can ever get it in.

It was rescheduled for this past Monday but snow and rain made the diamond more accessible to water polo than baseball. The same conditions forced postponement of Tuesday's clash at home with traditional rival Central. The Cowboys are due to travel to North on Friday and play any of the City League postponed games the first good day possible. They host Aquinas next Tuesday.

Their first game last week found them hosting East. The Cowboys committed six bobbles afield and East committed 10. Cowboy Jim Thornton pitched a nifty three-hitter but was touched for two two-run innings via errors behind him as West topped the Tigers, 6-4.

On one play in the top of the fifth three errors were committed by the Broncos' shortstop, second sacker and the centerfielder.

In posting his first win of the season Thornton struck out six and walked four. Garnering West's seven hits were Jack Trotter with three and Thornton, Steve Takos, Rich Neely and Gary Alwood with one each. Bill Karn took over for Thornton in the top of the sixth and forced three high fly outs in the sixth and retired the side without incident in the seventh.

West promptly evened their City Loop record at 1-1 at Linden McKinley Friday and fell victim to a no-hitter at the hands of Dick Gray.

Linden scored the game's lone tally in the last of the third after Thornton struck out the leadoff man. His hurling opponent walked, went to second when the next batter was thrown out, catcher to first, then it happened. Panther shortstop Don Clark lofted a high lazy fly to right field. It got lost in the sun by the Bronco rightfielder and dropped in for a hit.

Only two Cowboys ever reached base. Gary Clark led off in the first with a walk, and another Bronco didn't reach base until Gary Alwood reached it on an error. The Cowboys actually played their best ball of the season to date, especially in the field. Outside of the one costly lost ball they committed only one error.

SPORTS of SORTS

Compiled By Bob Wilcox

Central's baseballers, although getting in a few practice games, have been plagued by the weather of late. However it has hurt the practice schedule more than forced game postponements. Their only City League postponement to date is with North. It was rescheduled for last Monday but had to be put off again.

The Bucs did win their league opener last Friday afternoon against Aquinas, 5-4 in a last inning thriller. Behind in the top of the last inning Central came to bat down by one.

Starting hurler Larry Staton powdered a home run with a mate aboard to give Central the win. Tim Johnson relieved Staton in the second and went on to be the winning pitcher. Sophomore first sacker Mike Stevens had a fine day at the plate with a single and a triple.

Central was to have traveled to meet westside rival West Tuesday but even if the precipitation stopped immediately, it is highly doubtful the diamond would still have been anything but a floating mudpie, so rack up another postponement. The Bucs host South Friday.

West's golf team was forced into a postponement Monday evening with Academy. The Cowboys dropped their opening round match to North, 12½-3½, a week ago Monday afternoon as number one Cowboy, Gary Alwood, was the only one to win his match.

Alwood shot an 81, Tom Schneider a 99, Herb Sharfnaker a 105 and Charlie Castle a 109. The links squad this year is composed of this foursome, positioned in the order listed. Alwood and Schneider are the only returning veterans.

Links Coach Fred Heischman also took his first one on the chin in the Monday evening section's coaches play as he dropped to North's Carroll Woodruff, 83-98.

So far it appears that the present Saturday section co-leaders, Westerville and Whitehall, will be the logical favorites to win that section. Bexley Saturday, suffered its first loss of the campaign. But the Monday loop would seem to be topped by Linden McKinley and Upper Arlington. The latter, in Heischman's opinion, won't be touched by anyone in either circuit. U-A, for the last four years, has come up with a foursome that is capable at any time of shooting 80 or under each. That's quite fantastic for youth of that age individually, but for an entire team of high schoolers . . . wow

The remainder of the Cowboy's 1961 golf schedule of seven matches in six outings, thus necessitating one triangular match and not including replays of postponements is: Apr. 24—South at Indian Run; May: 1—Hilliard at Winding Hollow, 8—Linden McKinley and Upper Arlington at Columbus Country Club, 15—Central at either Oakhurst or Raymond Memorial.

West Track Team Downs Eastmoor, Marion Franklin

The West cindermen did a little better than just splitting even last week. On Tuesday afternoon at home they dropped a duel meet to South, 67-51, but bounced back on the home track Friday in a triangular meet by taking all the "marbles" and downing Eastmoor and Marion-Franklin by respective scores of 79-5/6, 54-5/6, 13-1/3.

West is scheduled to travel to North Thursday and then participate in the annual Ohio Relays at OSU's stadium this Saturday. They were scheduled to host arch rival Central Tuesday if the "swimming" conditions were favorable or snow shoes weren't needed. Next Monday and Tuesday the Cowboy trackmen travel "downtown" to Central to compete in the annual Riverside Relays both afternoons.

Cinder shots . . . Montgomery and Carpenter are playing "1-2" in the weights. Miles, Newman and Claytor are just about splitting up all the hurdle competition to date among them, likewise Barnett, Ball and Duerler in the pole vault. Ball, a small speedster, and Duerler, even smaller, seem unlikely candidates for the pole snapping profession but desire and ability come through in fine shape. South's Ron Bell almost single handedly beat West as he scored three first places and a third against the Cowboys for 16 points. Barnett is constantly going "up" in the vaulting as he gets more work and actual practice under his belt this spring. and he's still picking up top places in the dashes too. West is also scoring well, and tops, in the mile. Lew Coles finally won his specialty, the 440, against Eastmoor and Marion-Franklin. He was the city junior high champ in the event last year.

Beulah Park Opening Day Is Apr. 29

Racing officials are expecting some 900 horses at Beulah Park in Grove City by opening day, Apr. 29, for the 25-day long spring meeting beginning Apr. 27 and ending May 27.

Highlight of the spring meeting will be the second running of the Robert J. Dienst Memorial Handicap, Saturday, May 20. The mile and a sixteenth event, worth $5,000, honors the track's president and general manager from 1937 until his death in 1959. He was succeeded in these posts by his son, Robert Y. Dienst.

One new feature of the Beulah meeting this year will be the staging of Ladies' Day on each Tuesday of the session. Women patrons will be admitted free on these occasions and there will be prizes for the guests each Ladies' Day.

Post time during the spring meeting will be 2 p.m. on Saturdays and 2:30 p.m. on weekdays, with the daily double closing 10 minutes earlier.

CARD PARTY PLANNED

Redmen and Pocahontas Booster Club of Columbus will sponsor a Progressive Euchre Party, at 7:45 p.m. Monday at the City National Bank Building, 3100 W. Broad-st. The public is invited, according to a club spokesman.

CBS Racing News

Go-cart enthusiasts weren't scared out by last Saturday's storm and turned out in force for racing Sunday. All was going well and the heat races were nearly completed when spring's unwelcome visitor dropped in and stopped the events.

The CBS track will be open this Friday and Sunday for racing and once the weather changes both tracks will be open Wednesday through Sundays at both the Lancaster and Bremen tracks.

Organized Wrestling

Any teenage boys in the Sunshine Recreation Center area interested in wrestling are offered the opportunity to join the team being organized at the center.

The program began Monday, Apr. 17, and will be in session every Monday and Thursday evening from 8 to 10. The coaches will be Fred Feisbe and Terry Nichols. Anyone interested can contact the center for information.

of the accident, police said.

An initial investigation indicated that the car was traveling "at an excessively high speed," according to Sgt. Ted Thrall, head of the police accident investigation squad.

Had Youth As Passenger

Kenneth Hay, 17, of 2035 Whitehead-rd, a passenger in the car, told police that the car was traveling about 80 miles per hour, officers said.

Fitzgibbon, traveling north, apparently lost control of his car when he tried to avoid hitting a slower moving auto ahead of his, police report.

His car weaved back and forth in the highway for several hundred feet before leaving the road, according to police.

Fitzgibbon was injured when thrown from the car after hitting the children.

Hay, who told police that he pleaded with Fitzgibbon to slow down prior to the crash, suffered only a foot injury.

He said he did not know Fitzgibbon; who offered to take him for a ride in his new car.

Fitzgibbon is a pharmacist at the Big Bear Store, Central Point Shopping Center. He left work shortly before the accident police said.

Officers report that it appeared that both children were thrown about 50 feet after being hit.

A sack of groceries the children were carrying was scattered in a nearby yard.

The father of the victims is employed as terminal manager for Motor Transport, Inc. The Gribbles have one other child, Cindy, 2.

CENTRAL HIGH CLASS of 1936 will hold its 25th year reunion Saturday, June 17, at the Gloria Restaurant. Any member of the class, or anyone knowing the present address of those graduating that year, is requested to call Mrs. Gearhart, HI. 3-3755, or Mrs. Redding, AM. 7-5225, immediately. Residents—

night. It is at its worst during rush hour . . . Since the road was repaved, traffic has gotten faster . . . Last summer we complained about speeding trucks and trucking line owners agreed to warn drivers . . . During the racing season (Beulah Track), most everybody tries to keep their kids in the house."

Mr. and Mrs. Charles Casperson, 603 Demorest-rd, the parents of three children, agreed:

"The traffic problem is real bad . . . They drag-race here day and night, all the time . . . You are sitting here watching TV and they scare you out of your wits."

Casperson explained, "when the drivers come this way they are attempting to make time, so they speed." His wife pointed out: "I won't let my daughter walk down the street to school. I make her walk through the back yards."

Mrs. Henry Martenson, 634 Demorest, the mother of five children, said:

"All the parents on the street worry constantly about their children . . . I try to keep mine in the back yard and won't let them ride their bicycles on the driveway . . . I worry most about my two youngest . . . Cars really speed down the highway . . . I don't know what the cause of the problem is."

Harold Sturgill, 649 Demorest, the father of two children:

"Everyday they seem to drive fast down the street . . . Everybody does it, not just the teenagers."

Mrs. Florence Moore, 609 Demorest, explained: "Speeding is the primary problem. The traffic just goes too fast down the street . . . If they drove within the speed limit it wouldn't be so bad."

William F. Fogers, principal of Franklin Heights High School, agreed that speeding on Demorest-rd was a serious problem. However, he pointed out that radar speed checks conducted during the last year by the sheriff's department "have worked wonders."

Spectator—

are many ills in the present system of handing out unemployment insurance, city, county and federal aids of all kinds.

Many an indolent husband may find it easier to desert his family and collect aid rather than to allow himself to be channeled into a position where he is working to assist them.

It would seem that while Kennedy's "Peace Corps" may have some possibilities there are likewise many possibilities on a local level for an "Opportunity Corps" to assist in providing opportunities for those who may have legitimate hard luck and would rather accept an opportunity than be forced to accept charity.

On Going Fishing

If the weather just won't change, maybe a word about going fishing will do the trick.

I'm reminded that a startling discovery has been made by a scientist and printed in a book entitled "Fish and Be Damned."

Quote: "X-ray pictures of 6000 average fishermen revealed the startling fact that 5999 of them had fish on their mind all the time. The lone exception was a 15-year-old boy who admitted liking girls, too."

If you are in the category of the 6000 above you surely are getting mighty fidgety about now. Even if you are just an Entered Apprentice in the Brotherhood of Peter you are beginning to get the

And there is no need to be reminded at this time of the year that "Allah does not deduct from the allotted time of man those hours spent in fishing."

Come on sun . . . let's shine . . . and we'll go fishin'.

The Gay Philosopher says: "There are several good ways to achieve failure, but never taking a chance is the most successful."

Pats On The Back

Localites (including us) were pleasantly surprised to see one of our "good guys" featured in full color in last Sunday's Dispatch graphic section. Jim Goudy, manager of the Great Western office of the Ohio National Bank, was pictured "consulting with a customer's family." We're real proud of Jim's ascent in the business world as well as his accomplishments in community service. Incidentally, he's still reigns as "King of the Hilltop," a popularity title bestowed upon him at the 1960 Bean Dinner.

And comes word that a graduate of West High in June 1940, Robert Trout, is going to Italy to read a medical paper before a college of surgeons. Life magazine re-

cently featured him in a story as a foremost heart specialist. He is the son of Mr. and Mrs. Gates Trout of Eldon-av.

Pleasure Cruise—

(Continued from page 1)

Four restaurants are kept busy serving you delicious full course meals, while the two cocktail lounges are designed for comfort and relaxation. A la carte service is available at all times.

A change of clothes is a simple matter since check room service is yours for the asking.

Surely, you and your family will not want to miss this delightful pleasure cruise. But you will have to hurry since space is limited and reservations must be accepted on a first come-first served basis.

Entire cost for this fit-for-a-king cruise is only $18.50 for adults and $12.50 for children, which includes round-trip transportation to Cleveland and the cruise itself. There is no charge for children under six (and they will have a wonderful time in the glass-enclosed playroom).

Here's a chance for the entire family to enjoy that day you've been talking about . . . but haven't gotten around to . . . and at a cost that matches the family budget.

To reserve your space now, just fill out the coupon, stating the number in your party, and mail check or money order for the correct amount to CRUISE, Hartley Newspapers, 2465 W. Broad-st, Columbus 4, Ohio.

Don't wait . . . it may be too late ! ! !

West Senior Earns $500 Study Grant

Judy Wright

A $500 scholarship is the reward for excellence in Latin earned by Judy Wright, daughter of Mr. and Mrs. Julius J. Wright, 448 Hilltonia-av.

The study grant, awarded by the National Classical League to students who wish to become Latin teachers, was based on the results of a state-wide, written examination. Only one is awarded.

Judy, a senior at West High, has studied Latin for four years and is now taking advanced placement work for advanced college credit. Mrs. Frances Evans has been her teacher the past three years.

Announcement of the award was made Mar. 31 at the Junior Classical League convention held at Ohio State University.

Events of the day included a banquet at the Ohio Union, speakers, election of officers and an afternoon forum with professional people discussing how their careers were helped by knowledge of Latin.

Judy will enter Ohio State University in the fall.

Board Awards Valleyview Pacts, Approves Insurance

Contracts totaling $122,461 for the planned addition to Valleyview Elementary School were awarded, and plans for offering a student accident insurance policy next fall were approved by the School Board Tuesday.

The $122,461 contract for general and electric work at Valleyview went to D. E. Gardner Co., and the plumbing, heating and ventilating pact for $21,464, was awarded to Ace Plumbing Co.

Four additional classrooms and a multi-purpose room will be constructed at Valleyview, and a play area and a parking area will be added.

Nationwide Mutual Insurance Company's plan for offering parents a student accident insurance policy were approved by the Board.

The policy, with portal-to-portal coverage, would include accidents to and from school as well as at school and during school activities. Certain sports are exempted.

Parents may buy the policy if they choose. Premiums will be $2 for elementary pupils and $3 a school year for those in the secondary grades.

Under the plan, teachers' work will be held to a minimum.

Their only responsibility will be to send home information and application blank.

Pupils will return the envelope, complete with application and money, and deposit it in a box in the classroom. The insurance company will collect envelopes and mail policies to parents.

The Y-Teen Club is sponsoring the affair, to be held in the school's gym from 8 to 11 p.m.

This year's theme is Hillbilly Haven. Tickets at 75 cents per couple can be bought from any Y-Teen cabinet member or in front of the cafeteria at noon.

Girls ask the fellows to the sock hop, ask them to square dance and treat them like royalty for the entire evening—"footing" the evening's bill.

SHORT SHOES

'Tis said, that, long, long ago the Devil, Old Nick, himself came into the store of Shoemaker Dunstan and wanted shoes. Dunstan sized Satan up and decided that his cloven hoofs were more horsey than human so he put on him a pair of irons shoes two sizes too small. Then did the Devil get a taste of his own medicine, for the short shoes were a torture and a torment. He promised never to come in a shoe store again if Dunstan would remove the short shoes. Thus did Dunstan become the patron Saint of shoemakers. The moral . . . If short shoes make the Devil wince, what do they do to the tender feet of humans? If you want to be sure your children's shoes are long enough, come in our store and let us use the VisuMeter to let you see the exact growing space in their shoes. It's not the banned X-ray and the service is free.

West High 'Guys And Dolls' Explore Careeer Preferences

Experts in 62 fields were on hand at West High School Friday to conduct vocational conferences, disclosing "tricks of their trades" to interested pupils.

Planners of this year's annual Career Day found student interest more pronounced than ever.

"They are vitally interested in knowing details of the professions that interest them," James Henery, head of the sponsoring Hilltop Kiwanis Club committee, said.

Co-sponsor of the project is the school's guidance department, with Edwin Kaylor heading the committee.

Friday was also Guys and Dolls Day at the school.

Students, dressed in their best spring finery for the occasion, elected Chriss Carfrey and Garry Alwood, Guy and Doll of 1961 during lunchtime festivities.

Students have an opportunity to indicate the vocations that interest them, and request a conference. Consultants in each field are invited to the school on Career Day.

Interest this year reflected the wide-spread influence in mathematics, engineering and science, and also showed an increasing attention to the humanities and clergy.

Richard J. Anderson, assistant to the vice-president, Battelle Memorial Institute, was keynote speaker at the assembly.

Individual conferences followed, held in classrooms.

Hilltopper Is Delegate To Mock UN

Marianne Beckman, 725 Wiltshire-rd, a senior at St. Mary of the Spring, participated Apr. 15 in a mock UN, sponsored by the Political Science Club of Capital University.

Miss Beckman served as a delegate from Greece to the Economic and Financial Committee. She was selected by the committee to speak in favor of a resolution which was sent to the General Assembly.

She joined others of her delegation and over 900 students from nearly 90 Ohio high schools in sessions, including all of the various organs of the United Nations, featuring the Security Council and the General Assembly.

Miss Beckman wore the native dress of her country, Greece. Meals provided for the delegates consisted of foods from foreign countries.

Congressman Earl Morrow ended the mock UN with a speech on the problems confronting the United Nations at the present.

Barney Oldfield, born in Wauseon, O., was the first auto racer to drive a mile a minute, 1910.

Subject–"Thine Is The Glory"

It is fitting that a House of God be dedicated during the season leading to Pentecost, the birthday of the Church Universal. With sincere genuine concern for our community, we dedicate these physical facilities to the Glory of God and rededicate ourselves as witnesses. Our intent is to be of the greatest possible service to people as we further the witness of our Lord and Savior.

Fred Albert Rose

Included in the new addition is the Church Parlor and all-purpose meeting room, pictured above.

The new Cribbery department provides a much-needed supervised nursery where infants and small children are cared for while the parents attend worship services.

IDLE HOUR GUIDE

'My Brother's Keeper,' Study Of Relief Problems, On Probe

By Stan Robinson

WTVN-TV will begin programming news at 11 p.m. Sunday, Apr. 30, which as it stands at our press time would take the time slot of "Lex's Theater."

PEOPLE ARE HUNGRY in Franklin County — every night in the papers, we read something about the relief situation in our area.

How serious is this problem?

How many of our citizens does it affect?

On Friday night at 7:30, "Probe", will present "My Brother's Keeper" a depth study of the problems connected with the current general relief crisis in our county.

In an effort to "Probe" the situation, channel 4 has interviewed several of the affected families and officials of the Welfare Department.

The general relief grants were reduced 50 percent on Feb. 1. Since that time the grants have been raised to 60 percent of the need . . . but what do these percentages mean? Who is eligible for relief? Can those families eligible, live on their relief checks?

"My Brother's Keeper" was written by Mrs. Betty Shepherd, produced by Jack Carroll, filmed by Bob Livingston and will be narrated by News Director, Hugh De Moss, Friday night, 7:30 p.m.

GEORGE GOBEL MEETS UNCLE ELROY . . .

For the first time in his TV career, George Gobel is going to play somebody else. For years the slow-talking Gobel has been himself, a character that millions of Americans found to their liking.

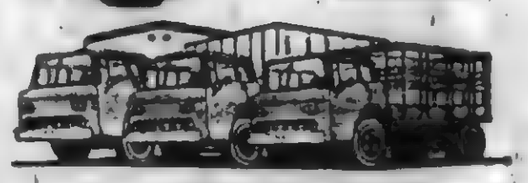
Robinson

George has a new series called "My Uncle Elroy," in which he plays "all things to all men," as the saying goes. This actually turns into a problem since George is so busy trying to be "fixer" for hapless friends, he constantly ends up in the soup.

Goble, appearing without his TV wife, Alice, for the first time in seven years, plays "Uncle Elroy" in the new show. He lives with a widowed sister and her two children and as George says, Uncle Elroy will do things that George Gobel would never do . . .

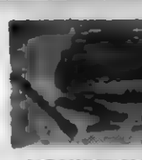
ADVENTURE THEATER PROVES POPULAR ON 10 . . .

In a positive move to provide quality programming for youthful viewers, channel 10 now is presenting the popular "Adventure Theater", program, formerly seen on Thursday evenings, in half hour form each Wednesday and Thursday at 6:30 p.m.



Past shows in this series have presented films showing pearl divers at work, visited a huge aircraft carrier, hunted tiger in Siberia and undertaken many thrilling adventures. The "Adventure Theatre" time change was prompted by the numerous viewer comments requesting an earlier time slot so that the children could view the program.

IN VIEW FOR THE FUTURE



Sportscasters Lindsey Nelson and Jim Simpson will be the commentators for the NBC-TV coverage of the final three holes of the 9th annual Tournament of Champions, Golf Classic at the Desert Inn Country (Continued on Following Page)

Plain City Craftsmen Maintain Flourishing Boat Factory

INSIDE ON THE Outdoors

By ROD COCHRAN

Boat enthusiasts in this area are fortunate in that one of the very best plywood strip boats to be had is manufactured near by. In Plain City, in a converted canning plant, is the birthplace of Henry Boats.

You are fortunate because George Morelock, Marysville, president of the company, is usually available to chat with you about boats and boating. If you pay a visit before 3:30 in the afternoon on weekdays, you can watch the interesting process of boat building.

The boats I ride in are fishing craft and usually not large. The trend in these boats I've noticed has been to glass and aluminum. George verified this, and told me that in the 14 to 15-foot class only 10 per cent of the boats sold are wood. More than 50 per cent are glass. He also showed me national statistics indicating that in the 16-foot and larger classes of boats about 50 per cent are wood.

"Regardless of the newer materials which have definite advantages for certain purposes," he said, "the future looks brighter all the time for Henry Boats Inc. People are wanting larger boats that look like a boat and handle like a boat. We couldn't have been more pleased with the reception of our line at the boat shows this year at Cleveland, Chicago and elsewhere."

The company has been located at Plain City under new management for a little over a year. A work force of 21 skilled boat builders turns out about 10 boats a week. The work is not seasonal for a steady demand for boats continues throughout the year. Some dealers sell more boats during September and October than any other month.

The wooden boat business has not been standing still in recent years I learned. Henry boats get white epoxy paint on marine plywood. This is the same paint that is used on most glass boats, Morelock told me. The mahogany is sprayed with polyurethane, a clear plastic material rather than varnish.

Handling Characteristics Good

The real beauty of a wooden boat, in addition to appearance, comes from handling ease and a comfortable ride, according to Morelock. It is generally conceded that lapstrake construction has never been improved upon, and some glass boats have "strips" molded into them for better handling. The old bugaboo of maintenance on wooden boats has been diminished by the use of new paints and plastics.

Henry boats comes in three sizes—16, 18 and 21 feet. All are outboards or can be fitted out for the new inboard-outboard combinations. The 21-footer comes with or without a cabin. The boats are roomy and make efficient use of the space available.

The people at Henry Boats are enthusiastic boaters, and are always looking for excuses to try out new outfits at Griggs Dam. They seem to be in the enviable position of talking boating and going boating nearly all the time. Whether you're in the market for a boat or not, they will enjoy chatting with you and you will get an interesting tour of the plant.

GEORGE MORELOCK, president of Henry Boats, Inc., inspects completed boat as it leaves the factory in Plain City.

Kresge Stores Extending From Ocean To Ocean

The Kresge Company recently released some significant figures about the size of the organization's operations. As an illustration, company officials said that if all the counters in Kresge stores were placed end-to-end, they would stretch over 300 miles. They state that their territory is bounded by the Atlantic, Pacific, Northern Canada, and the Gulf of Mexico.

Plans have been made for the opening of some 60 additional stores, most of which will open in shopping centers now under construction.

There are now 659 Kresge stores in the U.S., 98 in Canada, and two in Puerto Rico, making a total of 759. Total sales for 1960 were reported at $415,653,755.

Sandy's Drive-In Opens On Hilltop This Week

A new Sandy's Thrift and Swift Drive-in will open this week on the Hilltop, at the corner of Sullivant-av and Demorest-rd, it was announced today by William R. Smith, owner.

Featuring hamburgers and milkshakes, the new Sandy's has been constructed under the management of Louis W. Koogler, 836 Ross-rd, and a graduate of West High School. Koogler is widely known in club management and operation circles in the midwest.

Gregory Geldis, 94 Mayfair-blvd, has been named manager of the drive-in which will be open every day from 10 a.m. until midnight. "Miss Sandy" will present balloons to all children during the opening week. Geldis has been in the food service industry for many years and recently served as manager of the Broad-Lincoln Hotel coffee shop.

Sandy's Inc., of which the Hilltop unit is a member, reports it maintains rigid inspection of all units in its large chain of drive-ins. Only carefully selected and government inspected beef is used and all other food served must meet high standards. Headquarters of the chain are in Kewanee, Ill.

Ohio State University is the only university in Ohio conferring degrees in agriculture, veterinary medicine and optometry.

There Is a Time to Deal With Billy Goats!

Some years ago I had trouble on the farm. Dogs were getting into my sheep and killing them. Someone said, "Get a goat. He'll keep the dogs out."

This I did, but a Billy Goat is a most unpredictable guy. This one chose to stay unto himself and the only things he seemed to dislike were people.

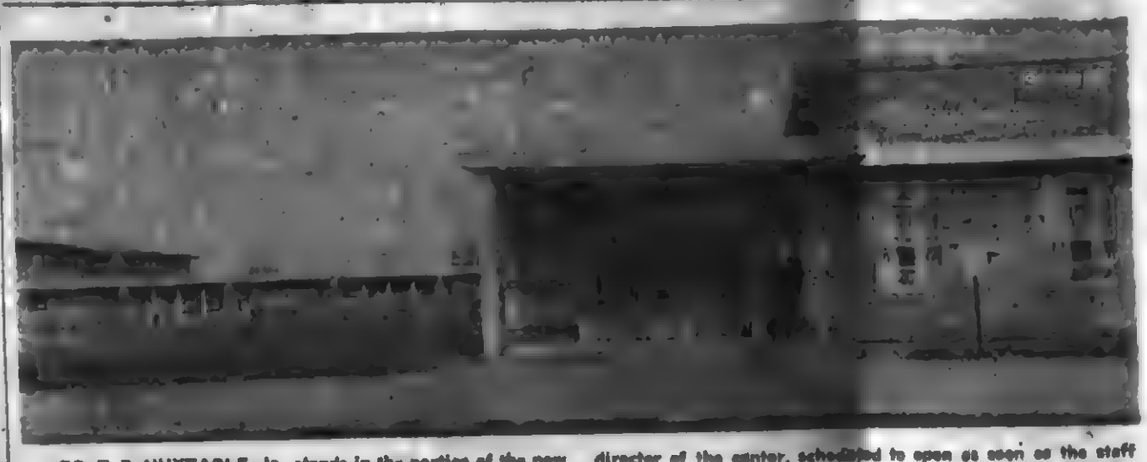
Many a time I found myself facing a pair of crooked horns, lowered for action. And an unsuspecting attack from the rear was his favorite approach.

One day we tangled in what might have been a life or death struggle except that maybe I had better sense than he and so I found my opportunity to get over the fence before he gained enough strength to fall back for another attack.

By this time it was evident that any animal so treacherous and so useless had no earthly value, and so I disposed of Mr. Billy Goat.

The whole story was brought to mind by what is happening down in Cuba.

Seems that maybe we all sat by and thought that Mr. Castro had a part to play for the benefit of a great body of depressed Cubans. But now after realizing that within 90 miles of home we have a bastion of strength for Communism, isn't it about time we get realistic and face up to facts?



Certainly we have had a weak foreign policy that has allowed this situation to go so far. Talk means nothing to the Communists. The oppressed people of the world are waiting for action on the part of the U.S.

Isn't it time to deal with this Billy Goat too?

A Fine Citizen Is Lost

This past week we lost a good friend and the community a good citizen with the death of Mrs. Jessie Mann of 244 S. Wheatland-av. Whenever a worthwhile civic project needed her assistance she was present to participate. She taught this kind of responsibility to her large family. Others of us might do

DR. T. R. HUXTABLE, Jr., stands in the portico of the new Psychiatric Center on the grounds of the Wheatland Avenue Juvenile Diagnostic Center. Dr. Huxtable, a psychiatrist, is director of the center, scheduled to open as soon as the staff is complete. Located at the same site is the new Training Institution of Central Ohio.

NEWEST UNIT at Columbus State School, Broadview Hospital, is especially designed for the treatment of the extremely handicapped mentally retarded. The school opened its doors for the first time in January of this year.

PUBLIC TOURS SET

Mental Health Week To Highlight Newest Treatment Facilities

By TAYLOR GREGG

Mental Health Week will begin this year on the first of May and local institutions will join in the state in observing it with a planned program or 'open house'.

John Q. Public rarely uses the opportunity to see for himself just what use is being made of his tax money. Every year the state's institutions spend quite a bit of time and effort preparing for these special days when the public is invited in. (See accompanying box).

Dr. Roger M. Gove, superintendent of the Columbus State School, 1601 W. Broad-st, and Lloyd P. Ferguson, a staff member, outlined some of the projects and problems they presently face at the ancient institution.

On the asset side of the ledger is their new (January 1961) Broadview Hospital unit. The hospital was set up to treat those patients who are extremely handicapped, both mentally and physically, and marks the first time that a unit has moved into an entirely new building. It is considered rather traditional among state institutions to move from one old building to another less old one—this may mark the beginning of a new era in mental health.

New Treatment Under Way

New work now being done in the new hospital, and, to a degree, all over the grounds is reflected in three of the five medical papers being presented at the coming (May 2-5) national meeting of the American Association on Mental Deficiency.

Dr. Judith H. Rettig, will present her "The Effects of Increased Mothering on the Behavior of Severely Retarded Boys."

The major theme involves an attempt to provide more than the usual in the way of a "mother figure." This involves an increase in the staff-to-patient ratio, and special programs designed to encourage patients to walk and perform normal functions by themselves.

The whole idea of this program involves, in the words of Dr. Gove, "a departure from the normal concept." In earlier periods most of these same patients were considered to be of insufficient IQ, and you "could not do anything with them." Patients who formerly had only a "prone view of life" are now up and performing basic tasks which were considered impossible for them.

Papers will also be read at the convention by Julius Hoff-

A junior in OSU's School of Journalism, he is the son of Mr. and Mrs. Fred E. Botkin.

Move That Mower

Springtime is sale time. Mrs. J. W. Gunder, 127 Wilson-rd, placed an ad in the Classified section of the Hartley Newspapers. She reports she had two buyers for four separate items, including two power mowers, the first evening after the ad appeared. Sell that used mower, pronto! Call BR. 4-1155, and ask for Classified.

Gilmore Speaks His Mind

Calls For 'Full Time Approach' By Council

(Editor's note: — Hilltop resident Donald E. Gilmore is keeping the May 2 City Council primary open. Running as an independent against three endorsed candidates from both parties, he is the "odd man" in the race for six places on the ballot. Gilmore, 32, of 3131 Mary-av, is associated with the public relations branch of the Columbus Bureau of Medical Economics; married and the father of three children. He was interviewed by a staff reporter for the Hilltop Record and West Side News.)

Q. In light of the reported $90,000 cost of the primary, is your candidacy justified?

A. The cost of the election will be about 25 cents for every person living in Columbus, a small price to pay in order to exercise your democratic privilege.

Q. Noting the strength of endorsed candidates, observers indicate you will be the "odd-man out" in the election. Do you agree?

A. No one, at any time, can accurately forecast a candidate's strength with the general public. The strength referred to here is with party-line voters.

Q. You are running as an independent Republican. Just what do you mean by that?

A. I am running as a non-partisan candidate, but I think it is only fair for the public to know how I registered in the last election.

Q. What are your qualifications for the office?

A. No one going into a new job is thoroughly qualified. My training is based on an ability to gain experience through complete investigation of each problem.

Q. What are the basic issues of the campaign?

A. There are many issues; adequate wages for police and firemen, tighter relief regulations, firm control of our local building codes.

Then too, the council itself is an issue. Currently, existing problems are not thoroughly investigated by councilmen. The council should be a full-time job.

Q. How does your position on these issues differ from other candidates?

A. I am not a believer in party-line voting. The men who sit on the council must think for themselves. They must not answer to a party leader. They must be responsible only to the people as a whole.

Q. Another candidate in the primary has said Columbus is moving too slow in areas such as freeway construction and slum clearance. Do you feel this is so?

A. More slum clearance is fine, but in preference why don't we say less, slums in the future. Everyone must look to the future, particularly anyone serving as a city councilman.

Funeral Held For Mrs. Mann

Funeral for Mrs. Jessie Mann, 244 S. Wheatland-av, was held Saturday at Hilltop Methodist Church. Rev. Frederick Clay officiated.

Mrs. Mann died Apr. 19 in University Hospital after a month's illness.

She lived at the Wheatland-av address for nearly 50 years, and her 10 children grew up in the neighborhood and attended Hilltop schools.

A member of Hilltop Methodist, she was active in the Ohio Avenue Day Nursery and belonged to many civic and charitable organizations.

Surviving are her husband, William H.; three sons, William H. Mann, Jr., of 401 Eldridge-av; Harry and Paul at home; seven daughters, Mrs. Oren Washington of Chicago, Mrs. Kenneth Williams of 385 S. Highland-av, Mrs. J. Leroy Bowen of 618 Hayden Park-dr, Mrs. Estes Perkins of 1106 Wildwood-av, Mrs. Howard Bates of 1629 Maryland-av, Miss Lillian Mann of the Crittenton Apartments, and Miss Freda Mann.

Sisters, Mrs. Henry Mathis and Mrs. Robert Simms, and a brother, Charles D. Pendleton, all of Cincinnati; 16 grandchildren and eight great-grandchildren.

Burial was at Evergreen Burial Park by Mrs. D. A. Whittaker and Sons.

Area Liquor Store Will Close Saturday

The state liquor store at 2097 W. Broad-st will open its doors for the last time Saturday, Apr. 29.

The store will be closed because of a drop in revenue from $433,000 in 1958 to $274,000 in 1960, according to the Ohio Department of Liquor Control.

The store lease expires Apr. 30.

REPRESENTING CAMP CHASE POST 98

Boys' State Delegates Selected

When all the hoopla that surrounds the annual political campaign at Buckeye Boys' State swings into high gear this summer, 10 West area youths will be right in the thick of things.

The boys, juniors from four high schools, were selected as delegates to the 10-day session at Ohio University, representing Camp Chase Post 98 of the American Legion.

Running for office, stumpin' for their favorites and caucusing in not-so-smoke-filled rooms, will be:

From West High School — Ken Fuller, 672 S. Ogden; Bill Hunter, 2687 Eakin; Dave Nachman, 3108 Ellis-pl; Larry Negulesco, 989 S. Hague-av; and Tim Watson, 201 Wilson-rd.

From Franklin Heights — Gary LeCaptain, 1171 N. Hague-av, and Allen Cox, 55 S. Florence-av.

From Pleasant View — David Armstrong, 310 Lenox-av, and Howard Dougherty, 614 Rome-Hilliard-rd.

From Holy Family — Donald Medley, 1366 Safford-av.

High Ideals Sought

Delegates were selected by a committee headed by C. W. Wagner on the basis of leadership, sportsmanship, scholarship, courage, self-reliance, personality and the ability to compete with others of like standing. An interest in public speaking and debate was also considered.

Buckeye Boys' State is sponsored annually by the American Legion as a school in practical citizenship.

Upon arrival at the campus in Athens, June 8, the delegates will be divided into two political camps. Using the methods of democracy, they will choose their candidates, campaign and fill various governmental posts by election.

In addition to the rigid political pace, the boys will participate in sports and musical activities.

Speakers at the Boys' State will include Senator John Brinker, John Noble, Don Hanning of the FBI and Dr. Scotty Young. On the final day, the Ohio Highway Patrol will present a program.

Alternates to the meeting are: From West High — Howard

GIVE IT SOME SECOND THOUGHT

Blame it on spring fever, if you will, but the fact remains that Primary elections often are of mere secondary interest to the individual. This, of course, is not for the best.

The Primaries often pave the way for important decisions to be made in November.

Next Tuesday the magnitude of the ballot will vary greatly from community to community. Hilliard, now far out of the knee-pants age, will determine if its government is to be suited to a new cut of cloth. The virtues of continuing the mayor-council system will be weighed against those of a city manager-council charter.

In Columbus one man is being upheld in his Constitutional right as a citizen to run for public office. Uncommitted to a party and unendorsed by either Donald Gilmore nevertheless will be given full opportunity to win the voters' bid for city council. There are no other issues to be decided.

In contrast, ever-growing Reynoldsburg and Whitehall boast well over 25 office-seekers on their ballots, and both have important school bond issues.

Tuesday is the day. Keep your privilege as an American citizen high in your thinking. Don't let the Primaries be secondary that day.

State Science Day Planned At Cincinnati

Six hundred forty-six high school students will display their projects Friday, Apr. 21, during the annual three-day meeting of the Ohio Academy of Science at the University of Cincinnati, Apr. 20 to 22.

Members of the Ohio Junior Academy of Science who received superior ratings on their projects in District Science Days, will have projects on display at the annual State Science Day in the Armory-Fieldhouse.

Projects will be judged between 11 a.m. and 12:30 p.m. and will be open to the public until 3 p.m.

Presentations of awards will be made at 3 p.m. in Wilson auditorium.

Scholarship tests will be given Apr. 21, 1:15 p.m. in Room 314, Biology Building.

The girls chosen are Barbara Copley, Cheryl Laughlin, Pat Arnold, Christy Koch, Sandy Stamper, Linda Austin, Cheri Garber, Emily Smith, Thelma Hamner, Virginia Hawkins, Nancy DeLong, Lily Brown, Roma Wellman, Judy Edwards, Susan Wood, Sharon DeLong, Carol Cartwright, Connie Moore, Lana Hunter, and Mary Beth McCoy.

Judges for the try-out competition were the graduating majorettes: Penny Goodwin, Linda Thompson, and Barbara Price. The faculty judges were Yvonne Johnson, James Myers, and Mr. Kimmel.

Anti-Rabies Shots Planned For Pets

Thomas C. Justice, general manager of the Columbus Humane Society, said today that the society is mailing out notices reminding dog owners that their pets must be re-immunized against rabies.

Justice asked owners to cooperate with the compulsory rabies immunization regulations. The majority of dogs in Columbus and Franklin County are to be re-immunized against rabies during the months of April and May, he said.

"It is only good judgement for dog owners to conform to the immunization regulations, for the protection of their dogs, family and community," he said.

Consumer Report

Food Market This Week

By ESTELLE S. FRANKS

THIS WEEK LOOK FOR:

Fruits—Grapefruit, bananas, canned peaches, canned grapefruit juice.

Vegetables—Broccoli, cabbage, celery, lettuce, snap beans.

Protein Foods—Beef cuts from chuck and round, pork loin roasts, ham, fryers, turkeys, large eggs.

THE IMPACT OF COLOR IN TODAY'S FOOD MARKET

When you reach for your coffee or a can of baked beans this week, notice the predominant use of the color brown. Brown is effective in the labeling and packaging of these products . . . with just the right brown shade you can almost smell the aroma of the fresh coffee bean and taste its rich flavor.

Smart food processors and retailers are making striking use of color in food markets. They are becoming increasingly aware of the emotional values of color as an inspiration to action . . . getting you, the consumer, to buy. Color in food packages, and on market walls stimulate pleasant and favorable taste, appetite and smell reactions. Color serves as a guide for recognizing a food product or brand It is one of the most valuable salesmen with the food market.

You, the food shopper, should be aware of the effect of color on the family's market basket. Color in the food market is important, and in many instances advantageous to food shoppers. It can help make your food shopping more pleasant, stimulate menu ideas or serve as a reminder to purchase certain foods.

However, there's no reason to let the use of color mislead you. For the power of color lies in its ability to increase sales and may, in some cases, be deceptive.

A pale background color on a package for example, serves not only to highlight the product but will make the package look larger. Apparent size can be altered by color. Bright, light colors make packages look bigger to us than dark, dull colors. The habit of looking for the weight on the package is smart shopping—the net weight, by law, is part of the label.

The use of gold or silver foil or imprints lends elegance to the package and creates an association of quality with the product. The color blue-green can be used on meat counters to make the meat appear redder and more desirable.

Color in the food market is exciting, stimulating and pleasant. The greatest harmony of color can be found in the natural colors of food themselves. And, color has an important role to play in skillful and honest merchandising. However, we as the food shoppers for our family must be aware of such influences on our buying habits and decisions.

YOU CAN BE ONE of these happy travelers relaxing on the club deck of the fabulous S.S. Aquarama Sunday, July 16, as the Hartley Newspapers offers a wonderful one-day Great Lakes pleasure cruise from Cleveland to Detroit and return. Make your reservations now. See story for details.

Remember – Sunday, July 16 Is Big Day!

Sunday, July 16, is the big day to circle on your summer calendar as the Hartley Newspapers offer their readers a fun-filled, full-day Great Lakes pleasure cruise aboard the fabulous S.S. Aquarama.

Hundreds of calls have been received at the Hartley offices in response to the announcement of this wonderful opportunity which appeared in last week's papers.

Many already have made reservations for the one-day cruise which will take readers from Cleveland to Detroit and back aboard the multi-million dollar, nine-deck luxury liner.

Because of the great number of responses during the first week, it has become apparent that space aboard the chartered Greyhound Highway Travelers will soon be filled. As a result, the Hartley papers have made arrangements for those people who might desire to drive their own cars to Cleveland and back, rather than traveling by chartered bus.

Adult fare for the cruise is $18.50, while full child's fare is $12.50. These prices include round trip transportation to Cleveland by charter ed bus. For those who desire to drive, there is a reduction to $12.50 and $7.50 for adults and children, respectively.

Parking space is available for your automobile at the ship's landing at a cost of $1 for the entire day.

This is a trip you won't want to miss. The S.S. Aquarama features movies and bingo, comfortable deck chairs for lounging in the warm sun, a ship's library, clean restroom facilities and a large ballroom with an evening show.

For the kiddies, there's the glass-enclosed playroom under constant supervision of trained persons. Children must be old enough to play by themselves, however, as there are no nursery facilities.

Both Protestant and Catholic Church services are available Sunday morning.

Other features of the beautiful liner include four restaurants and two cocktail lounges, checkroom service and elevator service to all nine of her decks.

Indications are that the quota will be filled quickly, so make your reservations now. Simply fill out the coupon and mail, including check or money order for the full amount, to: CRUISE, Hartley Newspapers, 2468 W. Broad-st, Columbus 4, Ohio. Reservations may also be made at the front counter of the Hartley Newspapers office.

Do it now . . .! Make certain that you're one of the lucky ones.

I would like to reserve space for .... adults and .... children on the July 16 Hartley Newspapers Great Lakes Pleasure Cruise. Enclosed you will find check or money order for .... which is the full amount for these reservations. (Note: fares are $18.50 for adults who travel on the chartered buses or $12.50 for adults who drive. Children's fare is $12.50, bus included, or $7.50 if driving). My party will include .... children under six years of age. My party will (please check one) travel by bus ....; drive our car ....

Westmoor Jr. High School Trains For 1964 Olympic Team

Students at Westmoor Junior High School are cautious as they proceed across the school grounds, constantly alert for flying eight-pound lead balls.

The flying objects cannot be attributed to the school science department, but the athletic department. The girls' athletic department.

At the starting end of the object's orbit is 14-year-old Pat Cochran, daughter of Mr. and Mrs. Morgan Cochran, 222 Letchworth-av, 1964 Olympic aspirant.

Over a year ago Pat began working with the shotputt and in that short time captured fifth place in the National Senior Women's Indoor Meet, held recently at French Field House at Ohio State.

Competing against the nation's finest women athletes, young Pat out performed several girls her senior in experiance and age.

Last year Pat placed second in the Regional Meet held at Coney Island, Cincinnati. Her immediate goal is to participate in the upcoming National Track Meet to be held in West Chester, Pa., Aug. 12, in hopes of making the team that will competes against Russian athletes in a dual-meet in Moscow.

But the guiding star in Pat's athletic career is a possible berth on the U. S. Olympic team when they journey to Japan in 1964.

In addition to her school work and athletic pursuits, Pat belongs to the Westmoor Girls' Athletic Association, plays clarinet in the school band and is a member of St. Mary Magdalene Church.

Rams Football Registration Is April 29

While baseball is just getting under way for most clubs, groups and schools, football will be the main topic of conversation and action at 1 p.m. Saturday, Apr. 29.

That is the time set for registration for participation on the West Mound Rams Football Club teams. The first meeting will be for signing up and dividing the boys according to weight.

Practice will begin with a two-hour drill at night (date to be announced later) and workouts will probably take place three evenings a week for the first month.

The club has equipment for two complete teams and the division will be for boys under 80 pounds and boys up to 110 pounds. Previously the teams took third place in the Ohio Boys' Football Foundation League.

The Rams' Booster Club furnishes the equipment, and for the fourth season Jim Snyder and Paul Johnson will be the coaches. William Chidester, club president, urges all boys interested in playing, to report Saturday for registration.

West Defeats Central, Nips North Last Week

The West track squad had a very successful week last week as they did something quite rare in recent years, downing arch westside rival Central on the West oval, 76-42.

It completed a day of "sweep" over Central as the Cowboy baseballers were at the same time beating the Bucs on the other side of the West infield. And then later in the week the West cindermen did it again . . . against another foe who has stopped them more often than not in recent years, as they nipped North, there, 86½-83½.

This week is, and already has been quite a busy one for the Bronco track and field men. On Monday and Tuesday they participated in the annual Riverside held at Central. Then Thursday and Friday they host South and Upper Arlington in their annual triangular meet. They give ribbons and the works for this yearly affair. Then on Saturday the squad travels the 150 or so odd miles to participate in the annual Huntington Relays at Huntington, W. Va.

This latter meet is the squad's big road trip of the season. They will stay over Saturday night in a Huntington hotel. West has competed in the relays yearly since 1946, but voluntarily withdrew for the past two years. They took the relays title the first year they competed there. Previously, the relays had been run on Friday and Saturday, but they have been changed to just Saturday with some of the events being run at night under the lights.

West will then travel to meet East in a dual meet next Tuesday. So all in all the Cowboys will be in action up to their necks this week—everyone of their matches is a big affair, as well as the fine overnight trip experience.

Last Saturday West competed in the three open relays for high schools at the annual Ohio relays (was more like a swimming meet in the mud and constant downpours) and proved themselves pretty good "muddars." No point totals were kept for teams but eight high schools were entered in these events.

The Cowboys took third in the two-mile relay with a team of Jerry Ball, John Richards, Odell Walters and Dennis Thompson. They then took fourth in the 880-yard relay with a squad of

West Downs Central 1-0 In Pitching Duel

With ol' man weather still giving the schedule a beating, West was able to get in only one ball game this past week. Their regularly scheduled home game with Central Tuesday was rained out and played on Wednesday. The Friday game at North had to be postponed for the same reason. The Cowboys still have their four-week overdue date at Eastmoor still hanging and was going to be tried again this past Monday evening.

This week, besides trying to get the Eastmoor fray in on Monday, the Cowboys will entertain Acquinas at home on Tuesday and Franklin Heights Thursday. The original schedule found West scheduled to travel to St. Charles this Friday but that has been cancelled. However they still have their postponed North fray to work in on the first good day so that might be today or Friday.

• • •

In their lone encounter for last week, West shoved their City League record up to 2-1 as they beat Central, 1-0, in a tight pitchers' duel that became a game decided by oddities. In fact last Wednesday became a "grand slam" day for West athletes as the Cowboys track squad was also dumping Central.

Each squad garnered only one hit and Central's, which came first, presented the first "weirdie." Buc first baseman Mike Stevens, with two out in the top of the second inning, appeared to have grounded out to pitcher for the final out of the frame. But a little boy ran onto the playing area and with the ball (which he subsequently hit for the out) on the way to the plate, the umpire called "no-pitch" . . . and thus Stevens got another

He then proceeded to single to right, but died on first as Postal struck out to end the inning. That was the last hit allowed by West hurler Bill Karn, who went all the way for the win, striking out eight and walking only one, the Buc leadoff man in the first inning. Only five reached base on Karn, three of these via the three Cowboy errors, and he left all five stranded in hanging up his whitewashing.

Meanwhile Buc hurler Larry Staton was also throwing a masterpiece striking out a total of 10 men, walking only two and also leaving five stranded until the bottom of the sixth. Then his hopes fell vis the second oddity of the afternoon.

Shortstop Bob Ross led off the sixth for West by being safe on an error by Staton himself. He fumbled Ross's bunt and then threw late and poorly to first. Ross then proceeded to try to sacrifice Ross along. This he did with better luck than he could ever have dreamed of. Ross was safely in at second as Neely was being thrown out at first, pitcher to first. However on Neely's bunt, with everyone

The Gas Philosopher says: "The best way to remember a woman's birthday is to forget it once."

* * *

Remember When:

You don't have to be very old to remember some things that are no longer with us . . . For example: When most every family had the kid's shoes half soled at least once before they bought a new pair . . . When the garage was built in the rear of the house rather than at the front entrance . . . When all "pop" was a nickel wherever you bought it . . . When a kid could go to the movies for a quarter . . . When cars had running boards . . . When kids got paddlings in school when they misbehaved . . . When your groceries were delivered to the home . . . When it was a much looked forward-to-pleasure to go with the family for a Sunday afternoon ride in the country . . . When a boy was satisfied with a bicycle rather than an automobile.

A conference is a meeting at which people talk about what they should already be doing.

Mark Tuesday On Calendar

Tuesday is a very important day for most of us. Nearly every community has an issue to be voted upon or candidates to be nominated at the May Primaries. Mark this date on the calendar now and be on hand to vote. The best men cannot be elected in November if they are not nominated in May.

Briefly Told:

Perhaps there is someone reading this column today who would like a copy of the 1954, 1955, 1956 or 1959 West High Occident (annual). We have these four copies and will be happy to give them to someone. Just call in person at our office. . . . Best wishes to Roy Hastings, former publisher of the Record, who celebrated his 80th birthday on Monday . . . Ruth and Bill Gurina will take off this week in their new Cadillac Eldorado for a month tour of the great Southwest . . . Reports have it that mosquitos are already coming to life in the ditches around the new Hilltop Civic Center area . . . Leota and Homer Ranney attended the ABC Bowling Tourney in Detroit. Homer is fourth v.p. of the Columbus Bowling Assn. . . . Mrs. Homer C. Richter of St. Petersburg, is recovering from major surgery in St. Anthony's Hospital in that city. Mrs. Jean Ruoff and Mrs. Helen Miller, daughters of Mrs. Richter and retired Columbus Police Sgt. Homer C. Ritcher returned to their homes on the Hilltop after spending two weeks with their parents.

Delegates—

Salaries a Problem

All, however, is not suddenly roses in the mental health field.

Civil service starting salaries are so low in patient care that it is hard to get good people, and harder yet to get the good ones to stay. When new raises come, they come for all without regard to merit.

Wards are still too crowded and buildings too old are still in use—though nothing is as bad as it was only a few years ago. Progress is being made, but progress is very slow, and some times it is too late.

Pre-Opening Views Offered At New Site

Dr. Paul Kirch and Dr. T. R. Huxtable, Jr. are two of the staff of Juvenile Diagnostic Center who hope to see the opening of a new psychiatric hospital here very soon. It and the neighboring Training Center of Central Ohio will be open to the public visitation Friday, May 5.

The complex of new buildings are north of the State Hospital, fronting on Wheatland-av.

Dr. Huxtable, director, is now staffing the Psychiatric Hospital. The new treatment unit is to have 100 beds. He will handle children who are under commitment to the Juvenile Division and might be helped better by psychiatric treatment than by being committed to an industrial school.

The units are relatively small, in order to facilitate treatment of mild sociopath as well as those with severe neuroses who exhibit hostile behavior. These juveniles will first come through the courts and then be diagnosed in the normal manner. It is the only facility of its type in the state and perhaps in the nation.

According to Dr. Huxtable, "We are eager to start, but just as eager that we get a good staff and a qualified one." Careful screening of applicants is necessary and the relatively low salaries complicates the process.

The physical plant of the unit is spacious, with boy and girl wings, and also a high school, which will continue the education of the patients while they are there.

Assurance has been secured that credit will be given by area high schools for work done in the hospital school. The school is fully equipped, much in the manner of a regular high school, and is connected to the rest of the unit.

Dr. Kirch, superintendent of the Juvenile Diagnostic Center, also talked about the new Training Institution of Central Ohio (TICO), located on the grounds. About to open, it is brand new and will house the more aggressive, older, delinquent boys. It will also include school facilities, a shop program, and the fullest possible use of community resources.

Ohio is fast becoming a national leader in the field of Mental Health and Correction. Community pride in these institutions is well earned.

Your Youth

By Hilltop YMCA Staff

This year's Columbus Jet Badge sale will come to a close Monday, May 1. All members of the Hilltop YMCA who have badges checked out should close their accounts before this date. Special awards for the top salesmen will be made as soon as final tabulations are made.

The Tall Tale contest, held during the April meeting of the Gra-Y Council, was won by Bill Shaw of Westgate. Competing for the top honor were Mike Miller, Lindbergh; Chuck Wilson, Binns; Craig Pontello, Valleyview; Billy Weber, John Burroughs; Felix Hoover, West Broad; Jeff Mimnick, Prairie Lincoln; Mark Richards, Georgian Heights; Mark Seames, North Franklin; and Mike Collins, Eakin. Each of the boys was awarded a small trophy while Bill Shaw received a larger trophy which was presented to his school.

Last Monday a group of junior high youngsters met at the Hilltop YMCA to discuss the dances being conducted at the "Y" and also to look into the new possible program areas. Any boy or girl having any ideas on new program should mention them to members of the YMCA staff.

The next junior high dance will be held Friday, Apr. 28, from 7:30 to 10. It is free to members of the Hilltop YMCA or YWCA. All guests must pay an admission fee of 50 cents.

On May 10, 12 members of the West Sr. Hi-Y will participate in the annual Hi-Y City Day. Hi-Y members from throughout the city will assume the duties of all administrative personnel. A list of participants will be published in this column.

A special Indian Guide promotion is being planned for Friday, Apr. 28, at 7 p.m. at the Hilltop "Y". Any father having a boy between the ages of 6 and 9 is invited to this session to become acquainted with the program. It is hoped that several new tribes might be formed.

The annual Spring Indian Guide campouts at Camp Alfred L. Willson will take place the weekends of June 2-4 and 10-11. Registrations will not be accepted at the Hilltop "Y" until May 1. Tribes must have a list of all Big and Little Braves planning on attending, plus a registration fee of $4 per Brave. Members of the Hilltop Longhouse will conduct the evening campfire and induction.

Second annual Hilltop Y's Men-Gra-Y Relays will be held May 20 at West High School. Several new events will be added to give more boys chances to compete. Each club will hold preliminaries.

Promotional folders on Camp Willson will be mailed to all youth of the Hilltop "Y" this coming week.

Members of the West, Westmoor and Hilltonia Jr. Hi-Y clubs will attend a Columbus Jet ball game today. All boys attending must have a Jet Badge and should meet at Jet Stadium at 7:30 at Gate 2. Several fathers will accompany the boys from each club.

Hilltop Man Is Named Guard Head

A Hilltop man has been elected president of the Ohio National Guard Association.

He's Col. Harry Ritcher, 306 Brinker-av. He received the appointment at the Guard's annual convention Saturday in Toledo.

Col. Ritcher is an Air National Guard officer and is the vice president of the Ohio National Bank.

GIRL SCOUT NEWS

HILLTOP NEIGHBORHOOD

Hilltop Neighborhood met the morning of Apr. 20, at the Hoge Memorial Church with Mrs. Louis Boehringer, neighborhood chairman, presiding.

Special attention was given to the forthcoming Girl Scout Program Fair, Apr. 29 at Veterans Memorial. The following local troops will be participating: Troops 943 and [illegible] dances; Troop 744, flower making and exhibits; Troop 537, ceramics, basket weaving, flower making, raffia crafts; Troop 249 camping at Ken-Jockety; Troop 294, dancing. Troop 352 and 650 will serve as hostesses.

Also discussed was the last workshop until fall, held at Camp Ken-Jockety Apr. 25 from 9:30 to 2:30 p.m.

Members present at the neighborhood meeting were representing troops: 641, 669, 943, 249, 294, 1048, 162, 1148, 595, 537, 744, 350, 40, 352, 368, and 294.

Day Camping — Now that spring is here, day camp plans are really exploding! The Girl Scouts again will hold five eight-day periods at Blendon Woods, four at Darby Creek and the most adventurous day and stay camp for older girls at Highbanks.

Directors have been trained supplies are being purchased and camps are being "spruced up." Still to come is leader training and procurement of busses. After two days of registration for Blendon Woods day camps, 631 applications have been received. Reps for Blendon is 1,000, which probably will be reached before the first camp opens on June 12.

Then the work part is over and the fun starts! Helping girls discover that bugs and worms can be interesting, to see the wonder of a tree and the peacefulness of a woods makes all the planning and work worthwhile.

WE ARE CHALLENGED: EARN SURVIVAL OR LOSE IT

The challenge is as old as time and as urgent as tomorrow's headlines. Peace or War? What can I do about it?

Beneath the shadow of super-bombs, caught in the clash of super-powers, the individual most often feels frustrated, insignificant. He is a grain of sand in history's hour-glass. The sand moves, time runs out, he is left helpless, impotent.

Or is he? Are any of us so imprisoned by our fate?

Only if we default. Only if we leave our fate to others: governments, statesmen, scientists, committees, institutions. Only if we do not care enough, or know enough, to realize that these are valuable only as instruments of the public will. Only if we fail to see that freedom is not a gift, or peace the absence of war, and that neither, is the responsibility of the few.

Freedom and peace are each a task, hard and demanding of all. They are especially demanding of a democracy because it is the exceptional society. It is ever under exceptional attack from those who would deny man's freedom by war or any means.

To survive, a democracy must prove that it deserves to survive. Individuals must prove it, as they have in the past. Individuals have changed history and altered whole societies. Individual ideas have inspired the greatest sagas in the story of man. The problems of peace and war, of disarmament and survival, may loom as large as a mushroom cloud but they are smaller than an individual idea. The right idea triggers the mightier explosion.

Support for such ideas must come from you. You as a working member of a working Democracy are not insignificant but all-powerful. What you think, what you do, how much you care — these decide. Not only between peace and war. But also the problems of this twilight world of neither peace nor war. The problems of our free society that demand exceptional attention today.

Give them your attention today. Begin by reading the new Report of the President's Commission on National Goals. It draws guidelines for the nation during the critical decade ahead. It maps the ways in which you can exert your personal power and influence: at home, at work, with your family, neighbors, friends.

Both President Eisenhower and President Kennedy urge you to think about and act upon this new Report. Make our national goals your personal goals. Get a copy of the Report, entitled "Goals for Americans" at your bookstore in either hardcover or $1 paperback. Or send for the free digest version below. Know the challenges. Know how to meet them. The knowledge gives you power to shape your own future and the nation's fate. They are one and the same.

FREEDOM IS NOT A GIFT BUT A TASK.

TO THE AMERICAN PEOPLE

MEN MUST CHOOSE

"I KNOW NOT WHAT COURSE others may take; but as for me, give me liberty or give me death." Patrick Henry said that. As men of courage chose to stand, a free nation was born.

Today the life of nations is breaking down. Riot and rebellion, hell and holocaust are in our midst. An ideology born in frustration and hatred challenges the world. A period of danger unparalleled in human history confronts us. America must stand and give the answer.

There is an answer. It lies in Americans accepting the challenge to live by absolute moral standards and the guidance of God. An extreme of evil can only be met by an extreme of good. A fanatical following of evil by a passionate pursuit of good.

William Penn put it straight: "Men must choose to be governed by God or they condemn themselves to be ruled by tyrants."

We cannot live crooked and think straight. We cannot keep our mistresses, our dishonest deals, our comforts — and still keep our liberty. Our immorality is Communism's greatest asset. Chou En-lai of Red China says: "We can slip our Communist ideology in through the weak spots in men's characters."

Lip service to the faith of our fathers cannot counter an all-out devotion to an evil ideology. Human brilliance that does not obey the guidance of God cannot answer human brilliance dedicated to destroy God.

Abraham Lincoln knew the secret of God-control. He wrote, "If it were not for my firm belief in an over-ruling Providence, it would be difficult for me in the midst of such complications of affairs to keep my reason in its seat. I am satisfied that when the Almighty wants me to do or not to do any particular thing, He finds a way of letting me know it."

This is the missing factor in the planning and the statesmanship of the world today — a God-centered ideology for democracy.

Moral Re-Armament offers America and the whole world the superior armament of an ideology without which armies are out-fought and statesmen out-thought. America's great, immediate, positive task is to live and give Moral Re-Armament to the world. Then empty hands will be filled with work, empty stomachs with food, and empty hearts with an idea that really satisfies.

Robert Schuman, as Foreign Minister of France, in his foreword to the collected speeches of Dr. Frank Buchman, *Remaking the World*, wrote: "Moral Re-Armament brings us a philosophy of life applied in action. It is the beginning of a vast transformation of human society which has already begun. It is not a question of a change of policy; it is a question of changing men. Democracy and her freedoms can be saved only by the quality of the men who speak in her name."

"A vast transformation of human society." That is Moral Re-Armament. Millions are turning to it, leaders and led in Africa, Asia, Europe and the Americas. Across the free world an army of men and women is growing, united in their commitment to live under God's direction. They present an impregnable barrier to evil men and evil ideas and give a sure hope to despairing millions on both sides of the Iron Curtain.

As men choose and change, they turn the course of history.

A STEELWORKERS' LEADER

"The roughest, toughest man in the Steelworkers — he could lick any six men," was a colleague's description of John Riffe, who rose to be the last Executive Vice-President of the CIO.

Born in the Kentucky mountains in 1906 the son of a poor farmer, Riffe became a coal miner at 14. Years of poverty and persecution convinced him that the employer was the mortal enemy of the workers. Beaten up and left for dead by goons in South Carolina, he recovered to become "one of the five giants of American labor."

But his biggest fight was the battle for the thinking of America. The Communists offered class war. They were out to foment division in industry. Riffe gave the workers a much greater challenge: "Labor led by God can lead the world."

He was a friend of Philip Murray, God-fearing President of the Steelworkers, who recognized in Moral Re-Armament "a call to action against the divisive materialism which is our unseen enemy." Philip Murray once said to Riffe, "John, we will never have a sound union in the mills unless we have union in the homes."

When John Riffe met Frank Buchman he found an answer for his own life and home, for labor and for America. He saw that hate-filled men cannot build a hate-free society, nor selfish men an unselfish society. He saw changed men change other men and bring inspired answers to unemployment, deadlock and selfish interest. John chose this ideology. He changed, and set a pattern for the age.

Of course he met opposition. They tried to smear him. But he stood firm. Speaking to the Executive of the CIO in 1953, he said, "You men know me. You have seen me sitting around all night in poker games, and then turning up next morning bleary-eyed when I should have been backing up Phil Murray. MRA has made a union man like me quit whiskey and poker and a lot of other things I shouldn't have been doing. It's made me honest and decent and given me a happy home. It's made me do my job with greater responsibility."

After this statement John Riffe was elected by acclamation to the post of Executive Vice-President which he held till the AFL-CIO merger in 1955.

"MRA is answering Communism by changing Communists," said Riffe. He was speaking from experience.

One day the leader of an anti-Communist union asked him for a talk. He found he could trust John. He got honest about drinking and trouble in the home. Then he told John, "I am publicized as an anti-Communist, but I am still secretly in the Party. What should I do?"

Riffe told him about his own change and how in quiet thought God can show a man what to do. The local leader decided to get honest with his wife, quit the drinking and tell his colleagues about his Communist affiliation.

Today this man, no longer Communist, says, "Moral Re-Armament is the way up and the way out for humanity."

Riffe knew that the revolution which had happened in his own life could take place equally in men of management. "It can begin at the bottom and go up, or it can begin at the top and go down," he said. "The important thing is that it begins."

Years later, from his deathbed John Riffe told a United States Senator, "You must tell America that when Frank Buchman changed John Riffe he saved the country 500 million dollars."

When he died the leaders of six million Japanese workers said of him, "In John Riffe we have seen the new America."

AMERICAN SURGEON IN THE CONGO

A group of Africans were talking animatedly in a train near Johannesburg. They were speaking about an American surgeon who had stayed on in the Congo with a Moral Re-Armament force after the outbreak of the crisis and won the trust of the Congolese and their leaders.

The American is Dr. William T. Close of Greenwich, Connecticut, formerly the chief resident surgeon at Roosevelt Hospital, New York. Prime Minister Ileo said to him and the force of Moral Re-Armament: "My wish is that you stay long enough in this country. If not, Communism will come in when you go out."

The MRA force has been in the Congo since May 1960 at the invitation of the Congolese, hungry for an answer to civil war and Communist takeover.

Dr. Close has no economic aid or military assistance to offer but he has a militant commitment to an ideology so powerful that he wins and changes Communist and non-Communist alike. When the trouble broke out and the Europeans fled, Dr. Close offered his services without pay in the 1800-bed East Leopoldville Hospital.

The hospital was threatened by a strike. One morning Close was operating on a Congolese soldier. His Congolese medical assistant was a ringleader of the strike, a bitter man. The atmosphere was tense. Close paused for a moment, turned to the technician and said, "I was thinking of you early this morning." The technician was on his guard. The doctor continued, "It is the arrogance and superiority in white men like me that have created the bitterness in men like you. I am really sorry." There was a long silence. "I have never heard a white man admit he was wrong," said the Congolese. Close won the technician and brought a new spirit to the hospital.

Dr. Close works 14 to 18 hours a day. He fights for the Congolese leaders to deal as drastically with the evils in their nation as a doctor does with his patients; he shows the MRA ideological films to the UN and Congolese troops or speaks over the national radio on the MRA program, "The Answer to Crisis," which is broadcast twice daily.

One day a Congolese leader was secretly offered a high position in a new government. It was a clever trick to divide the democratic forces. At dinner that night Dr. Close told this man how he had changed and put things right with his wife and his boss at the New York hospital. The Congolese leader, moved by Close's honesty, admitted his ambition was being used to split the government. He decided to refuse the offer and exposed the whole plot to the acting Prime Minister.

Dr. Close writes from the Congo, "The Congo does not want Communism. America must not choose to compromise with the Communists. She must be blind to her own danger if she follows a line that will force Communism on to another country. In the words of an African leader, 'Moral Re-Armament is doing for Africa what Abraham Lincoln did for America. It is binding up the nation's wounds and setting the people free.' Either we Americans accept to fight the moral battle in our own country and give a moral ideology to other nations, or we condemn Africa and the world to a bloody holocaust."

FRENCH RESISTANCE FIGHTER

"We forgive! We forgive!"

The wounded Congolese soldiers shouted from their beds to the woman who had just spoken to them in the Leopoldville hospital ward. She was a grey-haired French woman who had taken on her heart to apologize to these Africans for all that Europeans had done to their country and continent. She asked their forgiveness and this was the reply.

During the war Irene Laure was a leading figure of the French Resistance. She hid fugitives. She diverted trains.

When the occupying forces cut down the food in Marseilles so that children went hungry, she mobilized 4,000 women and marched them in silence like avenging angels through the streets until the rations were restored.

Her son was tortured to force her to disclose secrets of the Resistance. She refused. But her heart broke and hate took its place. "I had only one wish — to destroy all Germans," she said.

After the war the people of Marseilles elected her overwhelmingly to the National Assembly. She became Secretary-General of the three and a half million Socialist women of France.

She came to the Moral Re-Armament World Assembly at Caux, Switzerland. The first people she heard speak from the platform there were Germans. She wanted to leave but in spite of herself, she listened.

These were Germans with an ideology. They honestly faced the mistakes of the past. Humbly they declared their own nation's need for change. For days she wrestled with it in her spirit. Then she made her choice. She mounted the platform and in brief sentences she, who had been so wronged, asked forgiveness of the Germans for her hatred.

Barriers of years melted. Irene's husband Victor — 47 years a Marxist, trained by Marcel Cachin, dean of French Communists — returned to the Catholic Church of his fathers, which for nearly half a century he had attacked.

Together the Laures, grandparents now, were married in church which at the time of their civil marriage they had refused to do.

They decided to go to Germany and begin to cure the division between the two countries. They spoke to ten out of the eleven West German parliaments.

Over the radio and in hundreds of meetings and interviews they healed the hatred which they had once shared.

Chancellor Adenauer of Germany has said of Madame Laure that she has done more than any other living individual to bring reconciliation between France and Germany. "Unless the work of Moral Re-Armament is carried forward," he says, "peace in the world cannot be maintained."

JAPANESE STUDENT RIOTERS

"An audience of 3,500 rose in a sustained standing ovation last night to the challenge of a force of Japanese students in Carnegie Hall," wrote the *New York Journal-American* on February 21.

The students had taken part in the Tokyo riots last June, which prevented President Eisenhower's visit to Japan. They had just given the premiere performance of their play *The Tiger*, a drama of the Tokyo riots.

The New York Times, February 24, reported what happened after the performance of *The Tiger* at White Plains, New York:

"Four Japanese students apologized to James C. Hagerty tonight for the Tokyo riots against him last June. Mr. Hagerty was President Eisenhower's press secretary. He replied to the apologies, delivered on stage, that the drama and its message was 'all the apology I or the people of the United States could want.'"

It was a moment of history, uniting Japan and America. "This is democracy in action, demonstrated by Moral Re-Armament," said Edwin Michaelian, Chief Executive of Westchester County.

The dramatic change in these students took place at the Moral Re-Armament World Assembly at Caux, Switzerland, last summer. There they found an idea more satisfying and challenging than riots and rebellion.

They had given their passion to destroy the alliance between Japan and America. Now they decided to live to save a crumbling civilization.

Shosi Omote, former President of the students of Meiji University, says, "I fought as a leader of the riots because I felt that Communism alone could answer the corruption of Japan. But the harder we fought, the more bitterness there was in the country. Through another student leader I heard about MRA. I saw that as I am so is my nation. I put right what was wrong in my life and family and got completely honest. The choice is Moral Re-Armament or Communism."

Chancellor Adenauer invited *The Tiger* to Germany and officially sponsored the showings.

French leaders including former Prime Minister Robert Schuman, Gaston Monnerville, President of the French Senate, and Gabriel Marcel, the well-known Catholic philosopher, invited them to Paris.

Now they will take their play across America.

Through the press, radio and television these students have reached millions. Their fight is answering the Communist strategy of mobilizing for rebellion the youth of all nations.

Former Prime Minister Kishi of Japan refers to men like these when he says, "But for Moral Re-Armament, Japan would be under Communist control today."

AFRICAN REVOLUTIONARY

The Communist aim in South Africa is to produce a bloodbath by inflaming the hate between black and white. But a mighty answer is at work.

P. O. Vundla is a great African revolutionary. He led the biggest strike of the African gold mineworkers. The police called him the most dangerous man in South Africa. He could set 12,000 men marching in less than two hours.

Vundla changed. The man who helped him change was Nico Ferreira, an Afrikaner who had led the white nationalist Youth League at Pretoria University. Ferreira accepted the challenge of Moral Re-Armament. He went to Vundla and said, "I am sorry for the pride and domination in people like me and for the pain and suffering we have caused." He told Vundla of his decision to lay down his life to bring South Africa under God's control.

In men like Ferreira, Vundla saw a revolution far more dynamic than his own struggle. Here was an ideology that changed men of all races.

When Vundla committed his life to fight for this uniting answer he drew the enmity of some of his own people who were determined not to give up the race war. He was stabbed and left for dead. When he came out of the hospital he called a mass meeting of his people, told them of his decision to be a selfless, incorruptible man, and to fight without hatred, and won them. Today he has his people's support more than ever before.

They have just elected him to represent 600,000 Africans in Johannesburg for talks with the Minister of Native Affairs.

Men like Vundla and Ferreira, black and white, are building the new South Africa — hate-free, fear-free, greed-free. They have already held 27 assemblies where all races have met to plan an answer for the country. Because of their commitment unprecedented events are now taking place.

By unanimous decision the South African Film Censor Board passed the film *The Crowning Experience*, which stars the distinguished Negro artist Muriel Smith, for release to all races. When the film had its Cape Town premiere this month the run had to be extended because of exceptional crowds.

The South African Broadcasting Corporation in a historic step has requested Vundla to speak on the national commercial radio.

"Nothing less than an ideology with a world-remaking strategy could have united men like Ferreira and myself," says Vundla. "It is our only hope. My one job is to change men."

Dr. Buchman sent a message to a friend telling him of Vundla. He said, "This is a man in possession of fundamental truth. This one thing I do, forgetting those things which are behind I press toward the mark for the prize of the high calling that is in Christ Jesus.' Make this reality in the life of a man and he will carry it to the nation. Make it a reality in the life of America, and Russia and China will respond and the course of history will be changed."

THE DECISION LIES IN YOUR HANDS

Riffe, Close, Vundla, Irene Laure, the men of *The Tiger* — these are in the vanguard of the fight to save a crumbling civilization. Anyone who reads this page can immediately take his or her place in the same front line.

Frank Buchman puts it this way:

"Now make no mistake. I do not say that this message will be wholly popular. It stirs the conscience. That is uncomfortable. It will always be open to misinterpretation by those who wish to escape it. But it comes as illumination to those who are ready.

"Let me tell how it came to me. Just forty years ago I was divided. Just as nations today are divided. Materialism was winning its battle in my heart. I went to Europe to try to escape. But my battle came with me.

"One day, in England, God showed me the cost of my pride and my materialism. I admitted it. That is the first step. Get honest.

"I said, 'Sorry' — first to God, then to those I had wronged. That is the second step.

"I learned to listen to God. I accepted His commission to bring an answer to men and nations. That is the third step.

"God is calling men everywhere to be the instruments of union. It comes not by conferences, not by laws, not by resolutions and pious hopes, but by change.

"Change is the heart of the superior ideology.

"As individuals change, a new climate comes to the nation's life. As leaders change, policies become inspired and the nation's life-blood flows again. As statesmen change, the fear of war and chaos will lift. The most difficult will respond to the firm, united but humble voice of reborn democracy.

"Why should there be catastrophe again when, with God, renaissance is inevitable?

"This is the new pattern of freedom for all nations. Shall it be a new Dark Age for the world? Or shall it be world-wide Renaissance of the moral and spiritual forces everywhere, bursting into life and bringing at the last moment a miracle to mankind?

"Which shall it be? The decision lies in your hands."

The Call to the American People, "The Hour is Late", has been printed free of charge by over 200 daily and weekly newspapers across America as a public service. There has been a great national response. Thousands wrote letters from every corner of the country. They responded wholeheartedly to the straight challenge of the page and made financial contributions to further the advance. The same page was published in hundreds of papers in Europe, Asia, South America and Canada. These pages, like all the action of Moral Re-Armament, are financed by the sacrificial gifts of men and women from all walks of life, determined to bring this answer to America and the world. Mr. Bill Springfellow, of 1062 Twenty-second Avenue, says this about the great sound of Radio on WRFD...

"I have travelled from coast to coast, and am an avid car radio listener. I have tuned in to many stations. I find that WRFD's variety programming is as thorough enjoyable as any I have heard. It makes driving a lot more pleasure."

School For Blind First To 'See' League's Nature Education Series

INSIDE ON THE Outdoors By ROD COCHRAN

Ted Lee, 986 Wilson-av, who has worked diligently for some years bringing the outdoors into the schools of this area, has now embarked on a state-wide conservation education project sponsored by the League of Ohio Sportsmen. This undertaking will provide complete presentations of outdoor subjects on tape and color slides. Interestingly, the first showing of the first production took place in the State Blind School.

Another presentation will be made to the elementary grades at the blind school this week, and will consist of recorded calls of birds inhabiting central Ohio. Six wooden scale models of birds were supplied by Burt Carroll, Department of Natural Resources exhibits director, for the blind children to feel while the call of each model is played. After the tape of identified calls is played, 26 unidentified bird songs will be heard. The children will raise their hands as they recognize different birds.

When the bird presentations are given in regular schools, color slides will depict each bird as the call is heard. Printed forms will be given students to match up names of birds as the unidentified tape is played.

Clubs Will Distribute Shows

As these "packages" of tapes and slides are put together they will be made available to schools throughout the state by sponsorship of a local sportsmen's club. "There will be some expense connected to these showings," says Lee, "and we will depend on clubs to make them available free to schools in their areas. Costs have been kept to a minimum, however, for several public agencies, including the Department of Natural Resources, are giving assistance and advice to the project."

Future plans of Lee and the League of Ohio Sportsmen include a series of outdoor presentations. Already scheduled are shows on minerals, gem stones, wild flowers (two shows), mammals, fish and trees. The show on trees promises to be especially interesting, for certain trees will be shown in all four seasons of the year. A background recording will be played of bird calls likely to be heard around such trees during different seasons.

The education committee of the league, which Lee heads, is to be complimented on this project which will have wide appeal among school children of the area and the state. Valuable "outdoor lessons" will be learned by tomorrow's citizens. Whether they become hunters and fishermen is not certain, but surely they will know something of conservation.

New Books

Two fine new books have just come to my attention, one for hunters and one for amateur naturalists. "The Upland Game Hunter's Bible" by Dan Holland gives gunners instructions on everything from pheasants to mountain quail. Chapters are included on game birds not found in the continental United States, such as guinea hen, tinamou and chachalaca. The book is illustrated by artist Bob Hines, formerly of Columbus and now of Washington, D.C. Valuable information is given on hunting equipment, shotgun ballistics, shotgun shooting and care of game.

Holland is a nationally-known outdoor writer and the book is authentic. It is one of a series of sportsmen's "bibles" published by Doubleday.

"The Fern Guide" is number nine in Doubleday's nature series and is by Dr. Edgar T. Wherry, a fern specialist. The guide takes in northeastern and midland United States and adjacent Canada. Excellent pen and ink sketches occur throughout the book.

MEMBERS of Ohio State's Junior Fair Board received their appointments from Gov. Mike V. DiSalle. Receiving his is James Patterson of Chesterland.

BILL CULLEN TO REPLACE ARTHUR GODFREY . . . The new permanent host of "Candid Camera," popular CBS-TV Sunday night Chan. 10 show, will be Bill Cullen starting next fall. Godfrey announced several weeks ago that he will not continue. In addition, Cullen will appear in several vignettes "on camera." Versatile Cullen will vacation for two weeks from his "Price Is Right" daytime shows on Chan. 4, commencing May 1.

TV and stage personality Bob Kennedy will be host of the popular show for the two weeks. Kennedy made his debut as a singer in "Oklahoma," then emceed "Sense and Nonsense" on television plus serving as substitute for sessions of "Beat The Clock" and "The Big Payoff."

WIN A "SECOND HONEYMOON" by viewing Ann Reider's program. . . . Have anyone in mind who'd be likely candidates for an all-expense paid second honeymoon to New York City? Then be prepared to back up your nominees in writing, for they may receive just such a gift as Ann begins the "Second Honeymoon" sweepstakes at 12:15 p.m. Monday, May 1, on Chan. 10. Finalists will be chosen from all entries and then after appearing with Ann on TV will be voted upon by audience ballot. The trip will be arranged the last part of May.

IN VIEW FOR THE FUTURE . . . Dewey Martin may turn up as Dale Robertson's sidekick next season when NBC-TV's "Wells Fargo" series expands to a full hour session of excitement. "The Rebel" and "The Yank" are being merged into a full hour Civil War series for ABC-TV on Wednesdays next fall. "Hong Kong" would be out entirely.

A three-part serialization of the "Prince and the Pauper" is being planned for Disney's "Wonderful World of Color" on NBC-TV. "The New Breed" starring Leslie Nielson will be a new fall series on ABC-TV. It will deal with an elite group of police officers in Los Angeles. The show probably will go from 9 to 10 p.m. Andy Williams stars in an NBC-TV spectacular on May 21 with guests Jonathan Winters, singer Gogi Grant and the Williams Brothers.

Harpo Marx visits "I've Got A Secret" next Wednesday on Chan. 10 at 9 p.m. The Columbus Jets and the Buffalo Bisons will be on Chan. 4 next Monday night, May 1. Jimmy Crum and Clark Smith will be handling the telecast from Jet Stadium, starting at 8 p.m. It's the second Jet TV appearance.

The show will use popular segments of past shows including stars Rosemary Clooney, Eddie Condon and his jazz group, singer Mahalia Jackson, Robert Preston, dancers Marge and Gower Champion and many more. "Young At Heart," Friday at 10 p.m., also Chan. 4, will offer a musical salute to spring with Jane Powell, Art Carney, Gwen Verdon, Steve Lawrence plus Casey Stengel of baseball fame.

PITTSBURG NATIVE TO PRESENT "GATEWAY TO GLAMOUR." . . . Channel 10 announced a new series this week which will feature Eleanor Schano in this new program for 10:15 a.m., starting Monday, May 1. Miss Schano has given over a thousand lectures on charm and beauty and has done extensive modeling and television work in Pittsburgh.

Certificates Of Appointment Issued To State Fair Board

Governor Michael V. DiSalle presented certificates of appointment to 30 members of the 1961 Junior Division Board of this year's Ohio State Fair in recent ceremonies at Ohio's capitol.

The governor told the junior fair board members "we need people like you to recognize and work for the proper kind of programs needed" for the annual state fair which will be held here this year, Aug. 25 to Sept. 1.

"If we could take half of the $120,000 we use to subsidize horse race purses at the fair," Governor DiSalle asserted, "I'm sure we could stage a more educational and successful fair."

"And if we put only the carnival aspect of the fair on display on the midway during fair week, I'm sure it wouldn't attract near the throng of people that our annual fair does," he added.

Members of the junior division elected James Patterson of Chesterfield as president; Richard Thompson of Delphos, vice-president; Nancy Wilson of Circleville, secretary; James Buckley of Newark, treasurer, and Karen Meister of Cincinnati, reporter.

Membes of the junior fair division serve during the annual exposition as assistants to the men who actually run the fair—the Ohio State Board of Agriculture. They keep records, run errands, help with ribbons and premiums and other similar tasks.

Among local youth receiving certificates of appointment Apr. 15 were Paul Pence, 2261 Walcutt-rd, Ronald Nicholson, 463 Beaver-av, Whitehall, and Francis Yungfleish, 294 Josephine-av.

STEEL "WIZARD" helps Ohio Fuel serve you better!
An analog computer that rapidly figures complex engineering problems helps Ohio Fuel determine how best to meet the ever-increasing demands for natural gas in Ohio communities. ◊ Studies made using this steel "wizard" provide Ohio Fuel engineers with accurate information on what facilities are required to meet the needs for gas in a community. ◊ Construction of many miles of new pipelines, and other facilities built by Ohio Fuel has been based on conclusions of the "wizard". These added facilities have made it possible for the gas company to provide the greater volumes of gas now needed by Ohio homes, stores, and industries. ◊ The "wizard" is an important tool used in Ohio Fuel's constant program of progress to serve you.

PUSH 'JOBS OVER 40'

PETITIONS bearing 141,000 signatures from people in 85 counties have reached the State Legislature urging adoption of House Bill 1080. Sponsored by the Fraternal Order of Eagles, it seeks a ban on "discrimination in employment of persons between the ages of 40 and 65. Looking over the petition are Robert Masson, FOE National Chairman "Jobs Over 40"; William Milligin, chairman House Industry and Labor Committee (who wrote the bill) and Eugene Everhart, assistant county prosecutor. South Side Aerie, FOE, contributed heavily to the petitions. The bill, introduced by Jacob Shawan, R., Franklin, is said to be similar to a law already passed by 12 states. Photo by "Stu" Knepp.

Local Woman Asks Damages

A $100,000 damage suit against the Ohio Fuel Gas Co. was filed Apr. 17 in Common Pleas Court by Mrs. Susan Graham, 617 S. Ogden-av.

The suit charges that Mrs. Graham was overcome by carbon monoxide in her home after a representative of the firm repaired a refrigerator there.

It claims she suffered permanent injury to her brain and nervous system and that an existing case of encephalitis was aggravated.

Togetherness is the will of conducted sensitivity in man, without which none of the three can exist.—Yuri Gagarin.

LETTER TO THE EDITOR:

Cooperation Of Merchants Is Lauded

To The Editor:

On Good Friday, passersby may have noted posters on the closed doors of several West Side businesses.

The posters explained that these West Side businessmen were closed so that their employees might attend Community Good Friday services at the Hillcrest Baptist Church.

The admirable aspect of this plan, co-sponsored by West Side Kiwanis and the West Side Neighborhood Council, is the fact that our businessmen made the gesture on a purely voluntary basis.

With the cooperation received from West Side businessmen and West Side Kiwanis, the idea of closing for a few hours on Good Friday can be revived. The effects of this gesture are far reaching in the area of strengthening the community spirit.

Again we want to thank the merchants and the Kiwanis members of our community who play an important role in strengthening the character of our community.

Sincerely,
West Side Neighborhood Council

Liles' Laundry Began Business At Present Location In 1906

By Bob Maxwell

Liles' Laundry, founded in 1906 at its present location at 1011 W. Rich-st, by the Liles family, is one of the oldest business establishments in this area.

At that time, the population of the West Side was located principally east of Central-av. The Hilltop was so sparsely settled that the old street cars on Broad-st ran only to Central-av, and on Sullivant to Glenwood-av.

Liles deliveries were first made by horse and wagon, but with the arrival of the "horseless" carriage, trucks soon became a familiar sight.

While methods of laundering clothes have seen changes over the years, the results still have the same purpose—a convenient service that gives sparkling clean, expertly ironed clothes for the family.

Diapers Receive Care

Over the years, such services as dry cleaning have been added, and more recently a diaper service. The service is not only convenient, but gives the baby rash-free diapers, according to A. E. Liles.

The same eight dozen diapers are used for each baby. Four dozen are delivered twice each week. As they are used, they are deposited in a sanitary, odor proof container with a nylon mesh bag, and are picked up at the time clean diapers are delivered. At the laundry, the diapers are laundered in a patented solution called Detrex, developed by the Upjohn Co. especially for that purpose. It not only controls the agents which cause rash and discomfort, but softens the diapers as well.

Roger Chrisman, manager of Liles', was born on the West Side, later moved to and was educated in Hilltop schools, and was graduated from West High School. He and his wife, the former Jean Liles, with their three children, live at 3060 Wicklow-rd.

Anderson Co. Sells On Budget Terms

Ralph H. Anderson, president of Anderson Concrete Company, 560 Harmon-av, has announced that the firm is the first in central Ohio to sell ready mixed concrete on convenient budget terms.

Anderson, with 11 locations in Columbus and Franklin County, will deliver ready mixed concrete for home owners, with no down payment and terms up to 18 months.

According to Lee H. Hinder, sales manager, home owners can have a patio, driveway or new sidewalk on terms as low as $3 a week. As an example, a patio 10 feet by 16 feet on five-inch depth can be purchased for as little as $2 per week for 26 weeks. A driveway eight feet wide, forty feet long and six inches deep will be paid for in a year at $2 a week.

A friend of ours went looking for a book entitled "Man, Master of Woman." Naturally, he was directed to the fiction department.

TWENTY-ONE leadership and scholarship awards of college scholarships and war bonds totaling $8,500 will be awarded on Ohio Youth Day. Here Mayor Westlake signs a proclamation for the May 1 event. Shown left to right are Bruce Jenkins, assistant to mayor; Elden Brown, 1273 Broadview, Columbus; PDDGER, Secretary Columbus Lodge No. 37; Clovis Nogawick, 751 City Park, Columbus, Exalted Ruler, Columbus Lodge No. 37; John D. Quinn, State President Ohio Elks Association; Mayor Westlake, H. M. Scott, State Youth Day chairman, Portsmouth, Ohio; Martin Feigert, First Vice President, Ohio Elks Association; Father Connelly, State Chaplain, Washington C. H., O.; Omer Berg, 189 S. Westgate, Columbus, Loyal Knight, Columbus Lodge No. 37; Ross Reinhart 178 N. Warren, Columbus, Vice Chairman, Youth Day Committee.

Elks Will Celebrate Youth Day; Local Award Dinner Scheduled

Governor M. V. DiSalle and Mayor Raiston Westlake has proclaimed May 1 as Elks Youth Day in Ohio.

The BPO Elks across the nation will celebrate Elks National Youth Day on May 1, it was announced by John D. Quinn, president of the Ohio Elks Association.

Youth Day under the sponsorship of the Elks, however, points up the "Juvenile Decency" of the great majority in contrast to the juvenile delinquency of a few. Scholarships are made to deserving students, and bonds to those qualified in leadership. While Communist countries are rallying their youth to spread propaganda, the Elks of the nation, and of Ohio, are backing young people with guidance as well as money, on a year round basis.

Climaxing this program, in the 97 communities where a lodge is located in Ohio, the Ohio Elks Association will hold a Youth Day luncheon and program in Columbus Saturday, Apr. 29, and will be hosts to youth from all parts of Ohio.

Elks and state officials will present awards at that time.

During the past three years, this program, as held by the Ohio Elks Association, has been awarded two first-place and one third place award for the best program of all such associations in the nation. The program is being arranged by the state committee with H. M. Scott, of Portsmouth, as general chairman.

Pitching—

coming in, no one covered third. Seeing this Ross came right on around and headed for third.

Seeing too late what was happening, Stevens tried to nail Ross at third but in doing so threw wildly past third and Ross scrambled on home with the first run of the game and what proved to be the affair's only tally. But Staton still had his no-hitter and the fans were buzzing about a pitcher throwing such a game and losing. After Gary Alwood struck out, Cowboy backstop Jack Trotter took care of that little matter to make things "right". He hung the old clothesline out into center field with a whistling line drive single. [illegible] he was left stranded as Dick Robinson, batting for Jim Cook, was called out on strikes.

Terry Barnett, Ted Fox, Lew Coles and Burr Miles.

Loose Cinders—Bob Montgomery who has dominated the "weight" scene for West the past two years is taking second place to teammate Dennis Carpenter these days in the shot put. Carpenter was Junior High City Champ in the event two years ago but didn't come along as fast as expected last year. This year he has taken several first. Montgomery is still "king" so to speak in the discus throw. Burr Miles has so pleased Coach Rufe Glass that although exclusively a hurdler last spring, Miles is running the dashes quite successfully this year as well as doing hurdling chores.

Miles, Dwight Newman and Jerry Claytor have been dominating their competition pretty much in both hurdle events. Miles usually taking the highs and Newman the lows, with Claytor taking a steady second or third in both. The latter has also been taking the high jump event in the last few meets. Of late, West has done very well in both weight events, taking and sometimes three for three, places with Montgomery, Carpenter and Art Clemmer doing the honors. Big Montgomery has also been demonstrating his versatility by showing the speed he has with his big frame as he is currently running as a member of the Cowboy distance relay teams. Barnett is still dominating the pole vault scene with aid from his "smaller" teammates—Jerray Ball and Dave Duerler, who have been picking up their share of places in the event, and also running his usual dash races and as anchor man for a relay squad.

West has a very fine record to date with only their loss to South marring it. After this hectic week much more will be known about the quality of the 1961 edition of West "Cinderfellas" as one West sports writer refers to them. They'll prove their merit just by physically surviving the week's hustling activities no matter what happens to their record.

Kiwanians Highlighting U.S.-Canada Goodwill

Programs in local Kiwanis Clubs this week will emphasize Canada-United States Goodwill Week, Apr. 23-29.

Speeches and films will point out that there are now 32 Kiwanis-sponsored peace markers along the 3,000-mile Canada-U.S. border. Each marker (some are bronze, some are granite) bears the legend: "This unfortified boundary line between the Dominion of Canada and the United States of America should quicken the remembrance of the more-than-a-century-old friendship between these countries—a lesson of peace to all nations."

The peace markers have been erected by Kiwanis Clubs on opposite sides of the common border at all principal ports of entry.

Among local clubs taking part in the observance are: West Side, Hilltop, West Franklin, Eastern, Grove City, Southern, West Jefferson, Columbus Downtown, Plain City.

Railroadin' DeGraws Quit After 40 Years

By BETTY DAFT

"Working On The Railroad," is the tune that set up the tempo of living for a Hilltop couple for all the years of their married life.

Mr. and Mrs. Harold DeGraw, 328 N. Burgess-av, both employes of the Pennsylvania RR since their marriage in 1921, have retired.

The couple started work with the Pennsylvania a month afer heir marriage—she as a stenographer and DeGraw as a brakeman in the yards.

Four years later he became yard conductor and remained ni that job until his retirement the first of April.

A heart stack last year forced Mrs. DeGraw's earlier retirement in January. She had worked in the superintendent's office at Union Station until the las five years when she was assigned to the assistant trainmaster's office on St. Clair-av.

Retirement means many things to the DeGraws. The travel and interests they enjoyed during working years have become a new way of life.

"We have a 40-acre cherry farm in Michigan," DeGraw said, "and we'll spend most of our summer there. And we both enjoy travelling—we always spent our vacations that way.

"We've been all over the United States visiting relatives in Florida, California and Arizona, and have visited Canada. Three years ago we went to Europe, touring 11 countries in nine weeks.

"But you know," he continued, "it's hard to get used to just loafing after working that long. It's hard to just sit down."

The DeGraws met during the first world war. He was stationed at Camp Sherman, Chillicothe, with the 40th Infantry, and she was employed as a stenographer in the camp hospital.

They were married in Chillicothe in July 1921, and went to work with the Pennsylvania in August.

Residents of the Burgess-av address since 1926, their roots are deep in the Hilltop.

DeGraw is assistant Sunday School superintendent of Glenwood Methodist Church, a member of the official church board and of the choir.

He also belongs to West Gate Lodge F&AM, West Gate Chapter RAM, West Gate Council, Mt. Vernon Commandry Knights Templar, Shrine, and Mrs. DeGraw belongs to Robinhood Chapter, OES, has been a member of Heart Morris Chapter, OES, Brotherhood of Railroad Trainmen since 1923. Daughters of Nile and the Brotherhood of Railroad Clerks.

City Agrees— She Can Have Her Money Back

Bessie Zuravsky, 2711 Dale-av, will get her money back, or at least most of it.

In 1956, Mrs. Zuravsky invested some $300 in building permits for apartments she planned to build at 992 and 1000 Binns-blvd.

Then the City Planning Commission denied her the right to build the proposed four-family dwellings.

Now the City Council has approved an ordinance refunding her fees, all but $10 charged to have the ordinance published.

Miss Haney To Attend Eastern Science Confab

Miss Bea Haney, 633 Wiltshire-rd, is included in the delegation of students from the College of St. Mary of the Springs who will attend the 13th Annual Eastern Colleges Science Conference May 4-6 at Syracuse University.

A Surgeon's Skill Is Precious Golden Wedding Gift To Morris'

Mr. and Mrs. Guy Morris, 250 N. Wayne-av, marked the half-century milestone of their marriage Tuesday with much more than usual appreciation of the occasion.

Morris' recovery from a critical and rare operation just three weeks ago gives added meaning to the couple's golden wedding day.

And neither yesterday's rain nor the necessity of foregoing the long-planned gala celebration could dim their quiet enjoyment of the day.

A defect in the main artery, discovered during a routine physical examination in January, prompted the need for the rare surgery. A portion of the artery was replaced with a synthetic tube during a seven-hour long operation.

The aneurism, if undetected, would have burst with fatal results. There had been no warning symptoms from the ballooned artery.

Home now and on the mend, after tedious weeks of preparation and an operation which would have been an ordeal for one much younger than his 72 years, Morris is able to be up for longer periods each day.

The couple was married in Delaware Apr. 26, 1911, and have lived at their Wayne-av home since 1920.

They have three children, Mrs. Earl (Juanita) Wood of Cincinnati, Kenneth of 208 Glentangy, and Mrs. Maurice (Janice) Rhodes, Indian Lake. They also have five grandchildren.

The couple are members of Hillcrest Baptist Church. She is also a member of Robert Morris Chapter, OES and the Sunset Grandmothers Club, and he belongs to the Fort Clinton Lodge, F&AM.

Is Ours A Course Of "Intellectual Idiocy"?

We have received a four-page folder entitled "A Message To Our Legislators and Community Leaders," written by R. R. Fling, 235 Overbrook-dr. It contains some worthwhile food for thought. While space does not permit the printing of the entire message today, we are reprinting herewith the first portion and will follow it with others:

Take heed. Those of you who do not, may not even rate the dignity of a firing squad if it happens here as it has in our sister republic only a playboy's weekend to the south.

When one stops to think about it, our attitude in Ohio toward education is fantastically unreal. For example:

1. Since WW II Ohio has lost the half billion dollar yearly nucleonics industry to other states. Why? Because other states had the centers of scientific culture about which the industry developed.

2. California gets back 70 per cent of every dollar of Federal taxes of all kinds. Ohio 16 per cent. Rub your eyes over that one.

3. Cal-Tech has the laboratories and the scientists to get yearly research grants 15 times as much as Ohio State. M.I.T. gets more subsidy for research than Ohio State gets from legislative appropriation for "all" colleges. Maybe we in Ohio are too dumb.

4. One section of Ohio contains the greatest center of population on the continent that is without a major university. Page the politicians.

5. University professors' relative pay is only about 70 per cent of what it was 20 years ago. This is the era of "Sputnik."

6. Thousands come to Ohio every year too unskilled to justify even the lowest laborers' wages. We can't let them starve.

Which is better — training or a dole?

7. The shortage of good teachers is appalling. In one profession (city planning) lack of skilled workers is costing society hundreds of millions of dollars yearly. In transportation alone, savings could foot the bill for our entire educational system, grades through college, including free scholarships to capable students. Chew that one.

We want Ohio to be a leader, in all lines, equal to, not necessarily above but along with the best in the land and the world. Pedantry is no problem in Ohio. The loss in dollars alone is so great that one is inclined to feel our present course is one of "intellectual idiocy."

Those connected with our education systems are obliged to speak with restraint, dignity and reserve. We outsiders can say what our hearts dictate. We cannot much longer afford the luxury of blissful ignorance.

Give the American people a job worth doing and they will do it. Inform them of a need and they will meet it no matter what the sacrifice, and woe to the public servant who gets in their way!

Our legislature ought to resolve to stay in session or on quick recall until this problem of our educational needs is solved. It will require some new tax, some pain, some objection, some sacrifice. But the sporting spirit in Ohio is high. All classes have a will to win. Everybody wants near the top place. If we spread the cost so that all feel it, and each knows what it is for, the job will not be to get the money but how to use it wisely.

What are you going to do about it?

Short Takes:

An old timer reminds us that back on May 1, 1908 the community was visited by a six-inch snow. . . Comes a nice note from John A. Downey now at the Presbyterian Home at Sidney, stating his grateful appreciation for the message on Moral Rearmament contained in this paper last week. . . The $1,000 award by Camp Chase Post went to Harriett Brown and her husband, Ernie, received $100 for selling her the ticket. . . Dr. C. O. Miller is recovering from a recent accident in which he received broken ribs and other injuries. . . Hook Ward is in Mt. Carmel Hospital now absent one kidney stone.

COMMITTEE MEMBERS Don McCann, Bob Merten, Chuck Ater and Gary Stoll, make final plans for the 1961 edition of the West Side Jubilee. The event, sponsored by the West Side Board of Trade, is scheduled for June 5 through 10. Ater Jubilee chairman.

Fire Training Center Contracts Approved

City Council virtually cleared the way Monday night for the start of construction on a $791,974 Firefighters Training-Communications Center at 270 Greenlawn-av.

Service Director Ernest Stork said all is in readiness except for a small bond note which is to come before council next Monday.

He said contracts on the dual purpose facility have been approved as follows: C. C. Vogel, general contractors, $532,743; J. A. Guy, Inc., $184,379 for plumbing, heating; American Electrical Works, $74, 852, for electrical installations.

Stork said actual construction may be under way in one or two weeks. No official ceremony has been planned as yet.

FEATURES SPECIAL TOWER

The complex of four new buildings will occupy about 14 acres next to the present city-maintained machine shops. One of the two-floor structures will feature additional six-story tower, about 20 feet square. Fire Chief Walter Strickfaden said the tower is essential to give men experience in fighting fires in tall buildings, stairways, standpipes and elevator shafts.

The chief said Columbus has been penalized for some time by the National Board of Fire Underwriters for having inadequate training facilities. Exercises have been conducted in various places, including the airport and the State Fairgrounds.

Also to become part of the new center will be an administrative office for the Fire Department (now in city hall); the communications center (excluding the alarm control center); and complete radio repair facilities for police and fire systems.

The consolidation will solve many problems the department has faced with the growth of downtown congestion.

Director Stork predicted that the Fire Training-Communications Center will be completed by the end of the year.

June Jubilee Plans Are Announced; Queen Search Is On

Setting the stage for the 1961 West Side Jubilee, applications are now being accepted from candidates for queen of the June gala.

The Jubilee, sponsored annually by the West Side Board of Trade, will be held June 5 through 10.

Any girl of high school age living on the west side is eligible to be queen, according to Chuck Ater, chairman of the Jubilee committee. Candidates should contact Ater at Ater's Restaurant, Don McCann at Sunshine Recreation Center or Robert Morton at Phillip's Coney Island.

Applications must be submitted by May 18. Only 25 candidates will be accepted.

The queen will lead the parade officially opening the 1961 Jubilee June 5. She will be crowned at Sunshine Recreation Center by last year's queen.

Ater said he hoped this year's edition of the Jubilee would be "bigger and better than ever." He promised several innovations, including grand prize of a 10-day paid vacation to a golf resort in Savannah, a., for some lucky patron.

Other prizes will be a portable TV set, two bicycles, a picnic set, and six months supply of a soft drink.

Members of the Jubilee committee are Ater, Joe Davis, Gary Stoll, Don McCann, Charlie McNamara, Bob Miller, Sam Alford, Tom Timlin, Oran Cresap, Wes Clement, Bob Morton and Al Linman.

Gilmore Loses Bid To Council

Hilltop resident Donald Gilmore lost by a wide margin in his efforts to gain a Columbus City Council nomination in Tuesday's non-partisan primaries.

Gilmore, generally described as an Independent Republican, was the seventh man in a six-way race for Council. He had not been endorsed by a political party.

Three incumbent Democrats and three Republicans were selected by the voters, only 37,846 of whom turned out.

The total unofficial returns were as follows: Robert T Southwick, (R) 18,886; William R. Fornof, (R) 18,769; Tom Moody (R) 17,469; Russell M. Jones (D) 16,352; Robert L. Van Heyde (D) 14,373; Robert H. Smith (D) 13,782; Donald E. Gilmore (IR) 6302.

Gilmore, 32, a resident of 3131 Mary-av, is associated with the Columbus Bureau of Medical Economics.

Hilltopper 'Missing' In Laos

Sgt. Orville Roger Ballenger, son of Mrs. Lena Matthews, 371 N. Algonquin-av, has been listed as missing in the field in Laos since Apr. 22.

He was one of four in a US Military Assistance Advisory Group working with Laotian troops. One officer and three enlisted men comprised the group.

Sgt. Ballenger made his home in North Carolina.

NAMED PRINCIPAL AT WHETSTONE

Darrow To Leave West High

Robert F. Darrow, principal of West High School since September, 1954, has been named to the same post at the new Whetstone High. The School Board approved his appointment Tuesday.

He will assume his duties there Aug. 1. Now under construction, Whetstone will be ready for occupancy by September.

No successor has been named for Darrow's position at West.

A deep interest in the community, extending far beyond his duties as an educator, has been reflected in Darrow's enthusiastic participation in Hilltop betterment affairs.

He has served on the Hilltop YMCA Board of Directors for the pas six years and is a member of the "Y" membership committee.

He is also active in the Hilltop Kiwanis Club and serves on the club's Support of Churches Committee.

West, a six-year junior-senior high when Darrow was assigned to the school, accommodated its peak enrollment of 2500 during his administration. There are now approximately 1500 students at the school.

Opening of Hilltonia and Westmoor removed all junior high classes with the exception of some seventh grades from West.

Speaking with reluctance of his withdrawal from the community, Darrow said of his years at West, "I've so thoroughly enjoyed it.

"The faculty is outstanding, and the full cooperation of Hilltop business people and the spirit of the community has been a wonderful experience."

"And," he adds happily, "I'm so very proud of West and its scholastic standards."

Darrow's first teaching post was at Mesopatamia (O.) Junior-Senior High from 1937 to 1939. He taught English and journalism at Central High until 1947, and as principal of Evening High School from 1945 to 1947.

After two years he was named principal of Barrett Junior High where he served until his assignment at West.

A native of Lowellville, he was graduated from the College of Wooster in 1937 with a BA degree, and from Ohio State University in 1944 with an MA.

He is a member of the National, Ohio and Columbus Education Associations, and the National Association of Secondary School Principals.

Mr. and Mrs. Darrow are parents of three daughters—Deanna, a student at Ohio State; Mary Lou, North High, and Sandra, Crestview Junior High. The family lives at 165 W. Como-av.

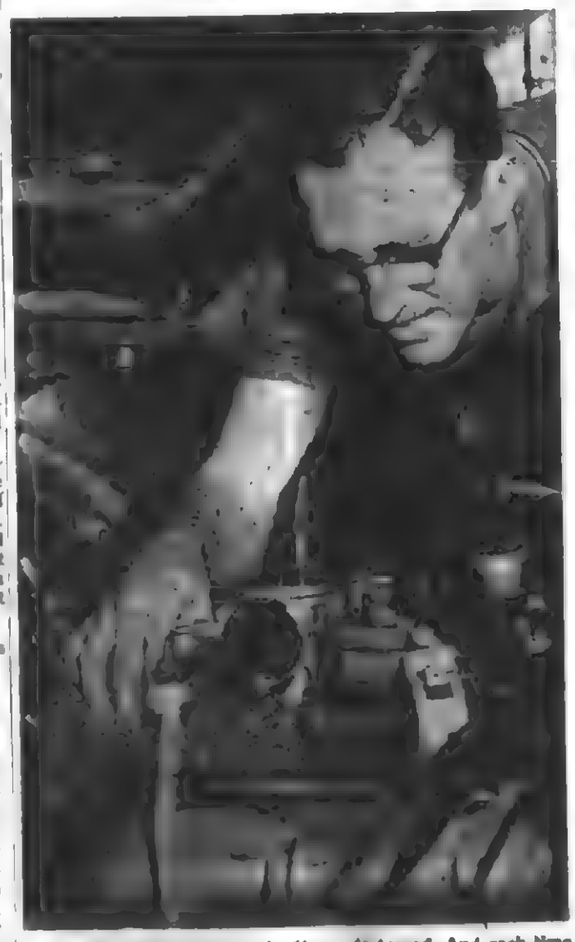
Valleyview Withholds Action On Gas Rate, Corner Zoning

Three meetings between the gas company and Valleyview's council have not brought the two any closer to an agreement over a new rate contract.

Officials of the company will come back again next month for further discussion after the contract proposal was tabled by the Valleyview solons again Monday night.

Mayor Norris Boothe pointed out hat the had mis-interpreted the base rate that the company was asking for. It is $2.50 per year instead of per month.

Over 25 people attended the session, but according to Mayor Boothe, most of them were interested in the rezoning petition for the northwest corner of Valleyview and Hague-av.



The measure was tabled too. Boothe said the main reason for the stall was to allow all of the people of the community to be notified before any action was taken.

The Sun Oil Co. has expressed a desire to build a brick colonial-style service station on the site.

In more definite action, the council agreed to contract with the county to surface all streets that are not now of blacktop composition.

MOTHER NATURE OUTSMARTS MAN . .

Birds, Buds Won't Say 'Die'

FIVE TIMES her nest has been destroyed. And each time the determined mother sparrow has rebuilt it — in the engine compartment of a car which makes a daily trip from Circleville. Car owner Bob Mills examines the nest which now contains four eggs. He said the bird began nesting in his 1961 auto five week ago.

FOUR INCHES OF BLACKTOP failed to keep these tulips from having their place in the sun! For the second straight year, several determined tulip plants have pushed through and bloomed in a hard-surfaced driveway at 886 Demorest-rd. Mrs. Edward M. O'Day said she thought she had removed all the bulbs before the blacktop was applied. The blossoms surprised the whole family, including 13-year-old Debbie, who inspects them here.

Greenlawn Village In 'Squeeze Play'

By JOHN AUBLE, JR.

The Greenlawn Village project represents a strange situation as it stands today and, evidently, the Metropolitan Housing authorities are caught right in the middle.

The project was originally built on Southview Park land bounded by Greenlawn-av on the north. It was constructed about 12 years ago when old Army barracks were rebuilt there to house veterans.

Now, here's the rub. The City Park Commission is clamoring for its land back. It feels that the project has been there too long and also feels the need for more land for Southview Park.

The kind-hearted housing authorities, however, are reluctant in moving the families from their homes. As Earl G. Fellows said, "We want to get the project demolished as soon as possible without any hardships on the families now living there."

Fellows is with the Metropolitan Housing group working with the project.

Greenlawn was originally built by the government and then turned over to the Housing authorities to operate.

The government originally installed 108 buildings at Greenlawn. Most of them contained three or four apartments.

They were built to give veterans a place to live and the project has always been used to house vets and service men.

The government dismantled old Army barracks and brought them here and rebuilt them. In the beginning, this meant

Food Market This Week

By ESTELLE B. FRANKS

THIS WEEK LOOK FOR:

Fruits—Grapefruit, juice oranges, bananas, canned grapefruit juice

Vegetables — Broccoli, celery, snap beans, cabbage, lettuce

Protein Foods — Fryers, beef chuck, steak "specials," ham, Boston butts, large eggs.

TIPS FOR YOUR MARKET BASKET IN MAY

You can look forward to an abundance of fine foods in May, including foods popular with outdoor cooks. Before you write off charcoal grilling as premature, you should know that tender young chickens—broilers or fryers—take the spotlight among foods to be plentiful this month. Supplies are likely to run around 15 per cent larger than a year ago. And present retail prices are low, even lower prices are likely in the weeks ahead.

Turkeys also will be in good supply on May markets. Hot roast turkey is as appetizing in May as November, and sliced cold roast turkey makes a delicious spring cold plate with salad.

Supplies of all beef will be plentiful—about five per cent more than a year ago, according to the American Meat Institute estimates. The supply of pork declines at this season, but you'll have no trouble finding good pork roasts and chops at reasonable prices. Supplies of ham, sausage and bacon are good. There will be a little less lamb than last month.

At fruit counters grapefruit will hold its place as the best fruit value for several more weeks. Grapefruit sections freeze easily. If you have freezer space the liberal supply of grapefruit offers the opportunity to freeze the sections now for use during hot summer months when prices are high.

Strawberry shortcake time is coming up! All indications are that this year's berry crop will be a good one. Louisiana and California are now in heavy production. You can expect lower prices when Tennessee and Kentucky start shipping later in the month.

May is the peak season for fresh pineapple. Oranges and bananas continue in good supply and you'll find limited offerings of apples, grapes and Anjou pears. Price tags on canned grapefruit juice, peaches and apricots are in your favor.

Homegrown produce is getting a late start this year. But as usual, May is the month for the best in local asparagus and rhubarb. You'll want to plan for them in your freezing schedule—we'll keep you informed through this column when peak of supplies reach the markets.

Greenhouse tomatoes are increasing but prices are not likely to break until larger supplies come later in the month. You'll find good amounts of endive, escarole, romaine, spinach, cucumbers, as well as leaf and bibb lettuce for salads.

Eggplant—a vegetable often over looked—is also fairly plentiful and priced below a year ago. This is peak season for artichokes, and the California crop is large. Although seldom a low-priced vegetable, present prices are about as low as you'll find it you want to splurge a bit.

New Law: Principals Can Suspend Pupils

Ohio's elementary and high school principals will be able beginning in September to suspend pupils from school.

Gov. Michael V. DiSalle has signed into law a bill which permits principals to exclude students from the classroom for a period not to exceed 10 days. Prior to the new legislation, only superintendents could bar pupils from attending school.

Modesty is that unspoken belief that others will come to discover what a great person you are.

Camp At Ranch

On Apr. 22 and 23, members of Troop 45, sponsored by the Hilltop Kiwanis Club, camped at the Kitsmiller Frontier Ranch, nine miles east of Reynoldsburg. There were 18 Scouts and three adults present. Troop 46 will also attend the Camporee this weekend.

Big Camporee Set

Plans are in the final stages for the Southwest District Spring Camporee to be held at Scioto Trails State Park May 5, 6 and 7.

Events planned include demonstrations on campcraft, camp safety, first aid, tan pitching, bait casting and games for natural patrol competition. These will include a flag pole race, pioneering relay and scavenger hunt.

There will also be inspections at various intervals to help determine troop placement in the winning of ribbons.

Adults will not be allowed to help the boys do their work. Scouts will do all the work, including putting up tents, cleaning campsites, cooking meals and troop first aid.

Protestant religious services will be held Sunday morning. Scouts of other faiths will be supplied with transportation to churches in or near Chillicothe.

Play Baseball Game

Saturday, Apr. 29, Troops 45 and 70 played a game of inter-troop baseball. Everyone present had a lot of fun in this great recreation at John Burroughs School field.

Leaders, if you're having trouble planning games and recreation as part of the weekly meetings, who not have a good game of baseball between patrols or another troop? You probably know the leader of another troop. Call him up and arrange a friendly game for some Saturday or evening. It would bring a bright change to the usual activities.

Mail Box Improvement Week Scheduled By Post Office

The Post Office Department has designated the week of May 15-20 as "Mail Box Improvement Week."

The department asks patrons to see that their mail boxes are large enough to handle their daily volume of mail and in good repair. Columbus Postmaster Allen Rowe suggests that boxes in serviceable condition, but needing paint, be spruced-up.

To draw public attention to "Mail Box Improvement Week" red, white and blue collection boxes will be on display at Zettler's Hardware Stores in Central Point, Great Western, Great Southern and Town and Country Shopping Centers.

AT INDIANOLA SCHOOL

The Deaf 'Hear', The Dumb 'Speak'

TEACHERS AT INDIANOLA SCHOOL Carol Messerly and Mrs. Betsy Conover, combine kindergarten classes of deaf children for group participation in one of the school's well equipped rooms.

ROGER HUFFMAN, 3811 W. Broad-st, Ariane Darst, Box 52, Black Lick, and Regina Mumford, 402½ Merrison, explain about puppets and a circus they adapted for third grade art from a program teacher Mrs. Thomas Blakemore (not pictured) saw on television.

READY TO BEGIN a lesson in using connected language, Mrs. Myrtis Smith, Indianola first grade teacher, gains the attention of her class. Pupils are (l to r) Jack Katenbach, Amlin; Steve Herriott, Delaware; Rebecca Stein, 202 Fenway; Tom Schluep, 4875 Fisher, John Williamson; 580 Rhoades, and Jerry Bockelheimer; 1123 S. Highland.

THIS IS THE WAY you make the sound; handicapped-hearing teacher Mrs. Margaret Johnson, 1902 E. Long-st, shows Thomas Ross of Sunbury how to form a word as Jeann Mattingly, 2776 S. Fifth watches intently.

Warmth, Patience Seen Foremost Teaching Aid

By Taylor Gregg

The Indianola Avenue Public School is to all appearances much like the dozen or so other elementary schools in Columbus.

The children too, seem to act and play like any others. It is only when you enter one of six special classrooms that you know some of them are deaf.

The world of a deaf child is a hard one to understand. He has never heard normal sounds. Some of them have never heard any sound, others only a distorted and unintelligible hum.

These children were called "deaf and dumb." To many people the dumb meant more than just that they could not speak. It meant "dumb — stupid."

It has taken a long time to educate "normal" people to the fact that a deaf person is as intelligent and sensitive as anyone. At the Indianola school deaf children learn too.

Serves Totally Deaf

The program there was begun in 1925 as the "Columbus Day School for the Deaf and Hard-of-Hearing." Gradually the program was changed to include only children who were completely deaf. Walter Bohl is the present director of Special Education for the Columbus School Board and Aimee Healy is his principal at the Indianola school.

Students served by the school come from every area of Columbus and Franklin County, and their transportation is provided by the Columbus School Board.

In a world without sound, it is very difficult to learn to speak. A baby listens to his parents and then imitates. For the deaf, this is impossible. Without the sensation of sound he cannot even hear his own words.

If he wants to speak he must watch other people. He must see how they form their lips and he must touch his fingers to the mouth and the throat. This process must be repeated over and over. Eventually his hoarse rasping may take the form of intelligible words.

All this requires kind and patient teachers, equipped with faith and special teaching aids. They have had special training and are certified to teach the hearing-handicapped.

The children go first to the Neil Avenue school, where they are tested and taught to lip-read. Saturday from 9 a.m. until 3 p.m.

After this nursery school period, usually from ages three to five, they begin kindergarten at the Indianola School.

The classes number from six to 12 pupils, who sit in small chairs with special earphones on their heads. With these sets the children are able to hear what are termed "gross" sounds. They still do not hear as we do, but they hear enough to make some small distinctions.

It is hard for any child to begin school. How hard it must be for one who cannot hear or speak! Their faces though, are like the faces of all children. They do not know how hard it is.

This school's PTA is sponsoring a conference on Education of the Hearing-Handicapped, to be held at Everett Junior high school Friday and Saturday, May 12 and 13, in conjunction with National Hearing Month, which began on May 1.

Conference On Deaf Is May 12, 13

Second annual conference on The Education of the Hearing-Handicapped Child will be held May 12 and 13 at the Everett Jr. High School, 1170 Dennison-av.

Sessions will begin at 8:25 p.m. Friday and will resume the following morning and early afternoon.

Chief speaker will be Dr. H. Latham Breunig, senior statistician at the Eli Lilly Co. Dr. Breunig is himself deaf, and will aptly address the group about the fact that "It Can Be Done."

Also speaking will be Mrs. Gladys Crawford, Department of Psychology, education of deaf training program, and Christine Jones, with the division of special education for the State Department of Education.

Center Asks Public's Help

Hearing aids that are no longer new can be reconditioned and used by indigent children and adults who are deaf or hard of hearing according to George D. Davis, executive director of the Hearing and Speech Center of Columbus and Central Ohio. The Center, 209 S. High-st, maintains a hearing aid loan service to enable persons who cannot afford the purchase of an instrument, to borrow used aids.

The Center has only a few aids left, and may be forced to curtail the service unless more used instruments are donated by interested persons in the community, Davis pointed out. He said the aids need not be modern instruments, nor must they be in satisfactory working order. Instruments may be sent or delivered to the Center.

The circus had a difficult time getting a replacement for the performer who was shot out of a cannon twice daily. It seems they couldn't find anyone else of his caliber.

Franklin Village Contracts Let

County Commissioners awarded contracts last Thursday for an office building extension at Franklin Village on Gantz-rd.

B. R. Lepper Construction Co., 2406 E. Main-st, was awarded the general contract on its bid of $59,044; Superior Electric Co., 1144 Goodale-st, electric contract, $10,018 and H. & G. Plumbing Co., 2822 E. 12th-av, plumbing contract, $14,825.

Our son posed a question the other day that we couldn't answer — while watching ballet on TV: "Instead of dancing on their toes, why don't they just use taller girls?"

Two years ago, 19 buildings were razed for the freeway and eight buildings west of the freeway were demolished a year ago.

Since then, seven more buildings have been torn down and 16 buildings have been deactivated and awaiting destruction.

Now, some 64 buildings remain.

"We haven't set an exact deadline for clearing out the houses," Fellows said. "We want to get the houses out in an orderly fashion, but we do not want to work any hardships on the families living there."

Fellows added that his office is doing all it can to speed up the demolition project but, as he said, "the human factor must be considered."

A verbal agreement was made between the Park Commission and the Housing Commission to have the buildings completely destroyed by 1960. This, however, didn't take place — and park men are wondering.

"We sent out notices to the families telling them that the houses were going to be destroyed, but we haven't issued any eviction notices," Fellows said.

Because of this, Fellows wouldn't be pinned down to an exact deadline for giving the land back to Southview. But, he did say:

"At the present rate that the families are moving, the grounds should be evacuated in a year — possibly sooner."

He also stated that he felt the families were moving out fast enough and said that six families moved out last month (April).

Four Gra-Y Softball Teams Unbeaten In League Play

Ten Gra-Y teams played their second week of softball Saturday. In the South League, the Lindberg Falcons beat the the West Mound Tigers 9-1 and the Binns Bombers lost a close one to the John Burroughs Hawks 10-9. The Lindbergh Falcons were sparked by Peake, Hayes, and Sparks, all with doubles, followed with a single apiece. The winning pitcher for the West Mound Tigers was Green. Miller of the Tigers scored the only run of the game.

The John Burroughs Hawks, led by Watkins, Beery, and Breeling, came from behind in the bottom of the 6th to edge the Binns Bombers by one run. The winning pitcher was Watkins, losing Bomber pitcher was Miller. The Hedges brothers were the powerhouses for the Bombers, both had 3 for 4, two of which were triples.

In the North section, the Valleyview team won a forfeit decision over the North Franklin Comets. Also in the North section, four other teams saw action. The Westgate Wildcats Trotters, and the West Broad Colts beat the Prairie Lincoln Eagles 17-12. Leading hitters for the Westgate Wildcats were Weigand and Everson, and the winning pitcher was Stephenson. The Highland Trotters were led by Abernathy and Prillerman and Garrett was the losing pitcher.

"It's a homer" was the cry of the West Broad Colts when their third baseman, Bixler, hit not one but two home runs in the game against the Prairie Lincoln Eagles. The winning pitcher was Fladt and the losing pitcher was Clark.

Three Teams Pound West For Victories Last Week

By Bob Wilcox

The West baseballers had themselves a lean week on the diamond as they dropped all three outings . . . Monday to Eastmoor 17-4, to Aquinas 5-3 on Wednesday and to Franklin Heights on Thursday, 3-2.

Next week they will still travel to North May 10 for their lone remaining makeup game and last night they hosted South in a City League fray. The week was originally scheduled to be a light one with only the South game scheduled. However the Cowboys will plunge into District Tournament play Thursday afternoon against Grove City there.

Finally getting in their much postponed game with Eastmoor on West's diamond the Cowboys wished that it might have snowed or rained as they were hit for their worst defeat in several years.

Eastmoor scored in every inning except the second and seventh, scoring nine big ones in the sixth. While the Warriors were racking up 14 hits off two Cowboy hurlers the Cowboys were helping the Eastmoor cause with a whopping 10 errors afield.

West scored a lone tally in the third and three more in the fourth for all their scoring. Jim Thornton started for the Cowboys and took the loss; Mike Porter relieved in the sixth and finished up.

Gary Clark and Glenn Bohrer paced the Cowboys' eight-hit attack with two singles apiece. Bob Ross, Rich Neely, Gary Alwood and Bud Johnston each had one. West left nine men on base while Eastmoor stranded seven.

Eastmoor	203 210 0	17	14	3

The Aquinas contest was no run-away but the result was about the same. Aquinas took a quick 1-0 lead in the top of the first inning . . . but the Cowboys roared back to tie things up in their half of the inning.

Leadoff man Neely singled and eventually scored as Ross singled and Clark sacrificed to score the run. The Terriers scored two more in the third and added another duo in the sixth to lead 5-1 going into the bottom of the seventh.

West came alive in their half of the seventh and had the fans aroused to possibly pulling things out of the fire but they could muster only two runs.

Neely had himself quite an afternoon at the plate with three hits while Ross and Karn each had two apiece. Karn hurled another fine game but per usual was hurt by poor support afield as the Broncos committed eight errors. Aquinas had only one bobble. Karn fanned seven and walked only three in the loss. Aquinas left eight stranded to West's 6. West outhit the Terriers 8-5.

In their second meeting of the year, Franklin Heights wrapped up the 1961 two-game series as Heights' John Evans earned the decision. West outhit Heights 5-4 but also outerrored them 3-2. In winning Evans struck out four and walked only one but needed relief by Falcon ace Mat Green in the seventh.

Losing hurler Thornton struck out only three and issued five bases on balls. West took a 1-0 lead in the top of the first as Neeley walked and came running home on Alwood's triple, the Cowboy's first extra base blow of the season. Heights then exploded for three tallies in the second on a double by secondsacker Lee Malone and two men safe on errors and a sacrifice.

West bounced back for another run in the third as with two men away Ross singled and Alwood came through with his second extra base knock of the afternoon, a double. West arose slightly in the last frame as with one out, Johnston was safe on an error by Malone. Gary Clark batting for Jim Cook hit a double. However in rounding the bases Johnston failed to touch second and Malone called for the ball and made the out, nullifying his baserunning and score. Thornton then fouled out to the third sacker for the final out.

Diamond-dusters . . . Coach Bill Schmitter is still experimenting with his lineup to find some methods of plugging the defensive holes and possibly finding some offensive punch. In these tries he has put Neely into the leadoff slot, shifted Ross from shortstop to left field, inserted sophomore Ron McDaniel at short. Bud Johnston returned to third after getting over his bout with bronchitis but gave way to Takos for the Aquinas fray.

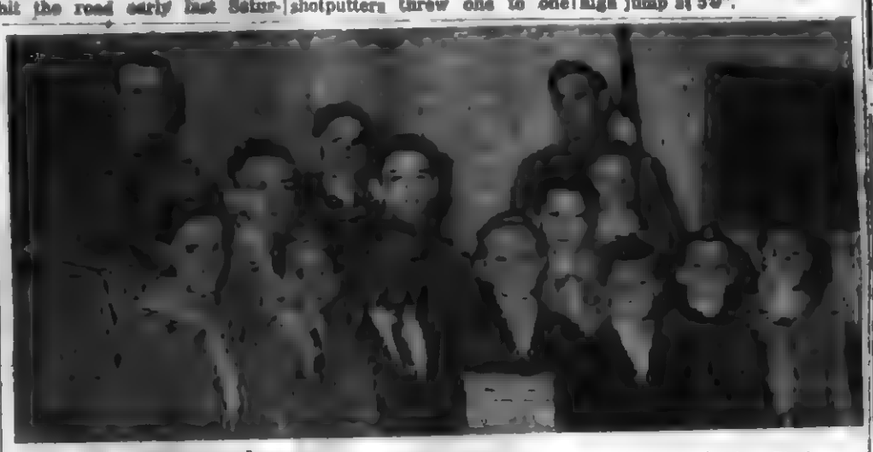
Clark even sat out the Heights game as Cook shifted to center and Neely to right. Since last week though Schmitter has again been forced to revamp his lineup since losing Cook for the remainder of the year due to scholastic difficulties.

Annual Running Of Hilltop Relays Is Tuesday, May 9

Next Tuesday night the big annual Hilltop Relays will take place at Magly Field under the lights, starting at 7 p.m. hosted by West. The same six teams will participate. Defending champ East, Linden McKinley, North, Central, South and the Cowboys. This is always quite a spectacular event on the Hill and with decent weather it'll be well worth coming out for.

The West High cindermen did not have the glorious successes they had two weeks ago, but last week was not quite as disastrous for them as for their fellow Cowboy baseballers. The tracksters spent two days at the annual Riverside Relays held at Central High. The Broncos finished fifth in the six team field, leaving Central in their wake.

Thursday afternoon at West was the traditional big triangular meet with the Cowboys hosting Upper Arlington and South. The finish found Upper Arlington the winner with West second, gaining revenge over South, the scores reading 62¼—43—42⅝. The Cowboys then hit the road early last Saturday morning in a three car caravan to return to the Huntington Relays after a lapse of two years (they had previously attended all since 1948 . . . winning it that first year.) There they finished seventh in a strong field of 23 teams with a total of 16 points. Stonewall Jackson High of Charleston, W. Va. took the top honors with 69 points. All six teams ahead of West are either former state champs or ranked in the top 10 this season.



South with only two first places but a good smattering of two five place finishes and a fine 21 points racked up in the first day's field events, held on to win the Riverside Relays with 41 points. Following in order were Linden McKinley 33½, North 33 and East 31, and Eastmoor just ahead of West. (Scores were unknown at press-time for the latter two.)

Individually the Cowboys were quite disappointed with their various performances at the event as small goofs and a dropped baton in their best event hurt. All the Cowboy shotputters threw one to one and a half foot less than their normal day in day out average, while the discus men were heaving 9-10 feet below their normal average. But that's part of what makes athletics exciting and interesting . . . anything can happen anytime . . . nothing's ever in the bag for any person or team!

At Huntington the "cinderfellas" enjoyed their big trip and overnight stay of the season as they made their reappearance at the Relays after a two year lay-off. They drove down Saturday morning early, stayed overnight in a Huntington hotel and then trekked back Sunday noon.

West relay teams (like the Riverside Relays meet events were based on the total output of an entire team in an event rather than individual efforts) that placed were: Distance Medley a fourth in 8:28.6; Mile Relay a fourth in 3:40.7; Two-Mile Relay a fourth in 8:42.

Individually . . . Barnett tied in a three-way tie for second in the pole vault with a vault of 10'6" (11'3" won it). Claytor and Newman tied for fifth in the high jump at 5'9".

Mrs. Edith Hall, with the help of student teacher, Robert Minser, is the director. Student directors are Debby Draper, Eliza Busenberg and Diane Romano.

'Parents Without Partners' Plan To Be Explained At Meeting

Parents Without Partners has come to Columbus. Designed to handle a specific type of child-parent situation, the local chapter is to be part of a national organization.

Unconventional as most organizations go, it is strictly a "self help" group. The basic stated idea behind Parents Without Partners is to provide counsel for parents who are widowed or divorced and who expect to do the utmost for their children.

Children who must grow up without the benefit of two parents need special care and a very sensitive kind of understanding. It is the hope of the group to offer the experience gained by older members to those whose children are still very young, or who have suddenly found themselves in this situation.

Guest speakers in the fields of child psychology and social behavior work to aid the project.

An associate member of the national organization, Mrs. Martha R. Croft, is working to organize the local chapter. According to her, three meetings have already been held, and a charter will be applied for soon. She states that she will welcome any questions about the group or its membership, and can be reached at her home (TU. 5-8230), or at work (AX. 4-3361).

Dr. George Borelli, psychiatrist at the Columbus State Hospital, is scheduled to speak to the group in June. The group meets twice a month, on alternate Tuesday nights at the downtown YWCA. The next meeting is scheduled to be held May 9.

Carnival Set At Gladden

A festive carnival is planned for west side residents at Gladden Community House Friday, May 19, from 4 to 9 p.m.

Of special interest to the children will be a make-up booth, where girls can become princesses and boys can become pirates, pony rides, cotton candy, a fish pond and bean bag toss.

For the older children there will be a dart game and other games of skill.

Booths for teenagers and men are the penny pitch, basketball toss and target shooting.

For women there will be a bazaar table and cake walk.

Paddling Case Is Dismissed

The case against the Starling Junior High School teacher charged with the alleged paddling of a student has been dismissed.

Judge Fred L. Donnally dismissed the charges against John Canfield, 35, of 236 S. Chase-av. He said there was no evidence of extreme violence involved. The judge said a teacher has authority over a child while in school.

Canfield allegedly hit Darrel Ross, 12, nine times with a paddle Apr. 5. The boy's father had filed the charges.

Ohio's first State Fair was planned for Cincinnati in 1849 but due to an epidemic of cholera it was postponed until 1853 when it was held at Camp Washington in that city.

Forest Grows By Additional 1000 Trees

An additional 1000 trees, planted this year in the community forest located near Westmoor Junior High School, makes the total of 3500 trees on the plot.

Miss Mary Baker, a resource teacher with the Columbus Schools, sparked the forest idea during her teaching years at West and her Science Club at the school did the original planting.

Eighth grade classes of Mrs. Joan Spratley and 60 fourth graders handled this year's planting.

Trees have been donated by the City Department of Parks and Forestry and personnel of the department have assisted with the planting.

Miss Baker credits William Walton, city arborist, for help and the department for its generosity of time and money.

Miss Baker helped with the planting of 1000 trees Monday at George Beery Junior High and at Linmoor Junior High.

Later this week she will assist with the planting at Johnson Park and at Clinton Junior High, where Bill Nichols, a former West student of Miss Baker, is now teaching.

IDLE HOUR GUIDE . . .

Will Rogers, Jr.–Pioneer On 4; Railway Museum Recorded

By Stan Robinson

Robinson

Will Rogers, Jr., is the host narrator of a new series entitled "The Pioneers" on Channel 4, Wednesdays at 7 p.m. From the very rim of history come stories of a legendary land to the West — a wondrous place where the whole tired human race might start again and do things right now depicted in "The Pioneers." In this Westward surge, thousands upon thousands of men and women developed a peculiarly American trait, the pioneer spirit and they have handed it down as the birthright of every American alive today.

CHUCK NUZUM, CH. 6, is the voice behind the sounds of the gas, electric, steam engines and trolleys and interurban cars for a new album. The recording sessions took place at the Ohio Railway Museum and the idea was conceived by Photographer Jim Frank of WTVN-TV when he realized that the many rail relics would make a great tape recording.

The results were very gratifying and the result now is a 10-inch record in stereo LP. Photographs used for the album cover were made by Channel 6's Dave Bunge. It will be made soon in monaural record and in tape. Several record departments and the Ohio Railway Museum have copies for sale.

"The Dave Garroway Today Show" on NBC and Channel 4 will have a rotation of personalities in order that a fresh, new appearance be given to the show, according to Producer Fred Freed. This week, a leading fashion model Patricia Scott is leading the guest list of young ladies to be seen. The idea is to maintain a routine that is stimulating and lively for the morning audience, said network officials.

NEWS DIRECTOR ASSISTS POLICE . . . Joe Harper, WTVN-TV news director, and Channel 6 photographers covered a recent accident on Demorest-rd in which a little boy was fatally injured and his ten-year-old sister remains in "fair" condition in Children's Hospital.

The Columbus Police Department thought the coverage so good they have requested a two-minute filmed story of the accident with Newsman Harper handling the narration. This will be used in their educational program and viewed in many Franklin County schools.

SPECIAL SPRING FORECAST from Woody Hayes on Channel 10, Friday . . . WBNS-TV will present O.S.U. Coach Woody Hayes and three leading coaches Friday night at 6:30, all with a special spring forecast. Coaches Doyt Perry of Bowling Green and Bill Hess of Ohio University and as a filmed "extra," Earl Flora will interview head football coach Frank Boyles of the University of Arkansas, Fayetteville, Ark. Next season for the Bucks looks like a tough one with such opponents as UCLA, Illinois, Oregon, Texas Christian and others.

"LET'S GO BOATING proves very popular on Channel 4 and is extended . . . A stimulating audience response to the first couple of shows, entitled "Let's Go Boating" has caused a revised schedule. The original four programs have been moved up to a 13-week series.

This panel-type show Mondays at 10:30 p.m., has hosts Clark Smith of Channel 4 and advertising man Robert Slatzer visiting with three guests who discuss various phases of this fast-growing sport. Studio displays boats, motors and other equipment along with local and national film clips are all part of the 30-minute show. This is for the beginner or the "Old Salt" himself, whichever category that you may fit.

THE KENTUCKY DERBY and all its colorful behind-the-scenes activity will be carried by Channel 10 Saturday at 4 p. m. The Derby is the first jewel in the "Triple Crown" races which will be presented exclusively on CBS-TV and Channel 10 this summer.

"Venitian Way," won last year, an event worth more than $125,000 with the nation's top jockeys astride their entries. Bryan Field and Chris Schenkel will handle the description. Other big events for the summer are the Preakness, May 20th and the Belmont Stakes, June 3rd, all set for Channel 10 viewers.

VIEWING IN THE FUTURE . . . "Are Labor Unions too Powerful?" is a debate that will take place between James Hoffa, Teamster's Union president, and Arthur Motley, president of the U. S. Chamber of Commerce, on NBC's "The Nation's Future," Saturday, 9:30 p.m., Chs. 4 . . . Add renewals for ABC-TV's 1961-62 season, "Cheyenne," "Surfside 6" "Hawaiian Eye," "The Roaring Twenties," "77 Sunset Strip" and "Lawman."

NBC-TV's "Project 20" unit is working on "Merrily We Roll Along, a one-hour special dealing with the impact of the automobile on America. It will be a DuPont Show Of the Month early in the Fall . . . Comedian Joey Bishop will emcee for the New York-originated portion of the "Emmy Awards" show Tuesday, May 16, scheduled for 10 to 11:30 p.m., Ch. 4, locally . . . "Bell and Howell Close-Up", for next Tuesday on Ch. 6 is a report on reaction to Kenya's first common role election . . .

Length Of Line, Not Its Size, May Determine Fishing Success

INSIDE ON THE
Outdoors
By ROD COCHRAN

"The average fisherman worries too much about the pound test of his lines, and not enough about their lengths," says R. W. Recob, West Jefferson. He should know, for he's sold a few lines in his time.

I agree with him, especially when carp and catfish anglers are concerned. The general theory is to get a heavy rod and some chalk line and horse in any and all fish. This works out fairly well, except that such fishing eliminates a lot of sport. But when the really big one comes along — perhaps the catch of your lifetime — something has got to give and you will lose him. You just don't horse in a 30-pound fish.

The secret is to have a fairly light line and plenty of it. You must let such a fish run. He may run 100 yards before he decides to turn. Maybe he'll run more. But you have got to let him go, reel in when he's in the mood, and then let him go again. Only by tiring him out will you land such a trophy.

Two experiences come to mind along this line, one close to home and one that occurred on Lake Erie. There are some pretty fair-sized catfish inhabiting Little Darby Creek, and every year some are taken. The largest are shovelheads or flathead catfish and when booked they usually strip the average reel and then something pops.

Used Wrong Approach

Last year a man and his wife kept coming to Recob's and each time would buy a 50-yard spool of heavier line. The last trip they bought the heaviest he had and have never been back. He told them to buy more line to land the fish they were hooking, but they didn't heed his advice. They quit fishing, convinced some sort of monster lived in Little Darby.

The other experience involves my fishing buddy Al Staffan. He was casting artificial lures around the Bass Islands and hooked a carp. This fish was not really large, but hefty enough to swim in any direction for as long as he wanted to. About 40 minutes later Staffan landed him and the fish scaled 15 pounds. The significant part is that ultra-light spinning tackle and six pound test monofilament proved too much for the carp to handle.

So you have on one hand a fish that could not be caught with the heaviest tackle, and on the other hand a gossamer thread that took a big fish.

Line Sizes Suggested

Going out specifically for catfish and carp you should have more than six pound line, however. It should be tough enough to stand contact with brush, logs and rocks. Something like 10 or 12 pound line will take a lot of punishment, and your reel should hold 100 yards. Or, you might use 50 yards of heavier line up front and a lighter line for backing. With this arrangement you might get nearly 150 yards of line on your reel.

This seems like a lot of line, and chances are you will never use it. But when you hook that dream fish, the extra line will give you the confidence you need to successfully play and land it. As far as I know that largest carp I ever hooked is still swimming in the Walhonding River; although he may be about to die of old age. I taught him the lesson of never to pick up a gob of sweet corn, and he taught me that you can't have too much line when playing a big fish. It is not a good feeling watching line melt off a reel and knowing the fight is over almost before it started. Then there's one final blow — the "pop" when your line is gone and you watch the frazzled end of it go shooting out your guides.

Plenty of line is the cheapest big fish insurance you can get.

LETTER TO EDITOR

Hats Off To Alpha Omega From Child Welfare Board

We understand that this is National "Epsilon Sigma Alpha" Sorority Week, and it seemed to us an appropriate opportunity to express publicly our appreciation for the tremendous service of this group to our agency during the past ten years.

Epsilon Sigma Alpha International Sorority, is a non-academic organization, whose primary purpose is community service.

It is in this connection that the Alpha Omega Chapter has undertaken many varied and successful projects on behalf of our children. They have provided leadership for various group activities, have made drapes for children's rooms in the cottages, have provided study aids for our tutorial program, supplied subscriptions to many specialized magazines and books, furnished a lounge for teen-agers in our Receiving Center, and one of their members has been associated with our volunteer staff for more than 10 years on a regular weekly basis.

Its latest project is to "hostess" the Children's Art Exhibit to be held here at Franklin Village on Saturday and Sunday, May 20 at 21.

The contribution which this group has made to our program is outstanding for its conscientious, thoughtful and inspired quality of service and cooperation; for its unusual consistency and continuity; and for the wholehearted enthusiasm, persistence and devotion with which the members have worked with us toward meeting the needs of our boys and girls.

All of this seems to us to add up to a wonderful example of what community groups can accomplish in their efforts to play a meaningful part in a service program aimed to help unfortunate children achieve the maximum life-fulfillment of which each is capable.

Our hats are off to the Alpha Omega Chapter of Epsilon Sigma Alpha! We send them all good wishes for the future, as they continue to focus their time and talents on their home communities — throughout the world.

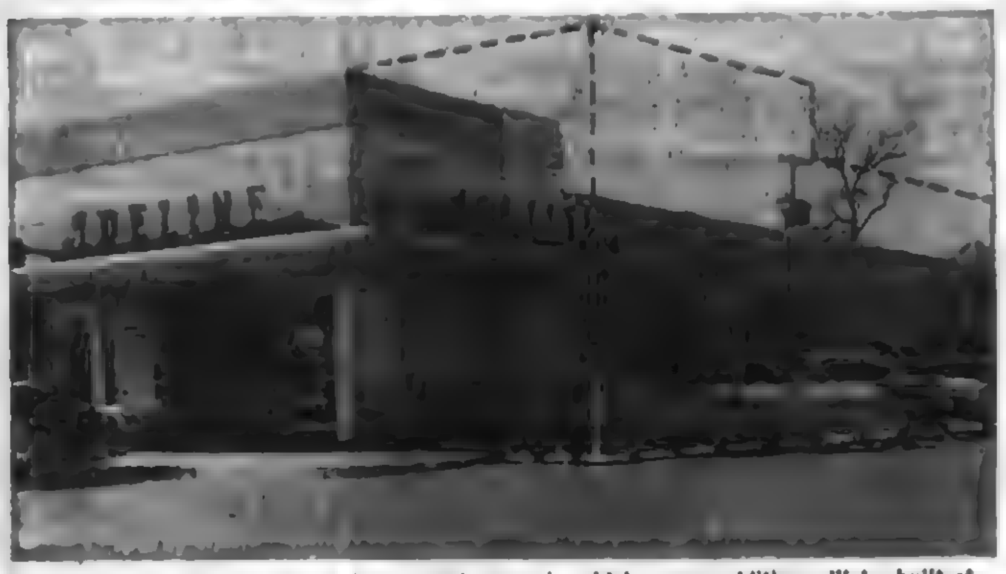
Westgate Auto Service Adds Sign, Expands Repair Facility

A NEW SIGN heralds the expansion of facilities at the Westgate Auto Service. As an added convenience to customers, the firm will conduct free inspections during the annual Safety Check Drive the last two weeks in May.

Westgate Auto Service, 3339 Sullivant-av, heralds the coming of spring with a new look. A new sign has been added to the front of the building and services have been expanded to offer more efficient care of cars.

As an added convenience, owner, Worthy Law, said that they will cooperate with the annual safety check drive to be conducted the last two weeks in May. All vehicles will be given a free inspection for proper brakes, steering, lights, horns, glass and exhaust systems. The official safety sticker will be awarded to all cars found to be safe.



The Westgate Auto Service has a staff of qualified, licensed mechanics with years of experience in Ford, GM, and Chrysler products, Law sid.

Modern, up-to-date equipment enables them to make all types of mechanical repairs, he added.

A specialty of the firm is the repair, adjustment and service of all automatic transmissions.

Friendly, individual attention to each customer problem has helped the Westgate Auto Service come to be relied upon for all types of automobile repairs and thus has enabled them to render a valuable service to this community, Law said.

Expansion Set For Two Stores At Central Point Shopping Center

THE WHITE LINE indicates the area in which a new addition will be built at Central Point Shopping Center. The building will house Salvatore's Shoe Store. An adjacent Kroger Supermarket will expand into the space occupied by Salvatore's and Adeline's.

Two stores in the Central Point Shopping Center are slated to receive a new look in the near future.

As part of a major remodeling project, the Kroger Supermarket will expand into two adjoining stores and the Salvatore Shoe Store will move into a soon-to-be-built addition, according to T. A. Killene, chief of the real estate branch with the Kroger organization here.

Killene said the expansion will provide Kroger with 50 per cent more space than it presently occupies. The supermarket will move into one unit now housing Salvatore's and another formerly occupied by Adeline's.

In addition, the store will be completely modernized "to better serve our customer's needs," according to Killene.

Salvatore Announces Plans

The new building, to be occupied by Salvatore's, will be built in conjunction with Kroger's remodeling. It will be constructed in a parking area adjacent to Adeline's.

The addition will be 125 feet deep and 20 feet wide, one-fifth larger than their present store.

A spokesman for the store said the plans call for installations of new fixtures and lighting. He said the store will offer "a bigger and better selection," including separate men's, women's and children's departments.

Killene said that a starting date for construction has not been set, but that it should be in the "immediate future."

He explained that plans are complete but that contracts have not yet been signed.

Parking area at the center will not be seriously reduced by the expansion, according to Bill Grover, director of public information at Central Point.
